

Response to requests for clarification under the UN Women Call for Proposals for civil society organizations - CFP/UNW/BIH/01/2020

Q: Are requests for clarification related to inquiries about the documentation or proposals can be sent for review and seek advice?

A: Requests for clarification are meant to address any unclarities regarding the text of the call or the ToR. They are not meant to provide comments or feedback on proposals by CSOs.

Q: Re: Suggested actions/deliverables (page 3.) Is it expected to define project actions and following result/deliverables as listed in this section – meaning implementing project in both BH entities or is possible to focus on single suggested action and prepare project proposal accordingly?

A: Project proposals should aim to focus on the suggested actions/deliverables in the ToR, among other interventions. Kindly refer to the chapter 11 of the Call for Proposals for evaluation criteria.

Q: In list of minimum documents needed for your call for civil society organizations, it is listed "Audited Statements of last 3 years". Is it meaning internal or external audit?

A: Please submit external audit reports where possible.

Q: Is an organization which does not have current projects with UNWOMEN eligible to apply?

A: Please refer to chapter 3 of the Call for Proposals, Eligibility, as well as the paragraph on Competences in the ToR.
