RFP No.: UNDP/AFG/RFP/2020/ 0000005545

<b>United Nations Development Programmed (UNDP)</b>			
<b>S/no</b>	<b>RFP Reference</b>	<b>Clarifications</b>	<b>UNDP Response</b>
1	TOR	In Section III, Scope of Work & Deliverables, specifically on delivery in Dari/English with simultaneous translation services, would you please clarify that this translation request is for the verbal delivery while any written document would be in English.	Any material prepared in advance (or handouts for students) should be in Dari. This would be the responsibility of the bidder.
2	TOR	In reference to Deliverable 2, Output 2, what are your expectations for the content of the one-week leadership course for ACJC middle managers and junior leaders? Also, please can you further elaborate on the following sentence "ACJC senior leadership will be supported in devising the content".	The bidder (training provider) should support and assist ACJC senior leadership in identifying what the content should be of a leadership course for middle and junior leaders.
3	TOR	Given the Coronavirus outbreak and the resulting disruptions at all levels, would it be possible to postpone the bids submission deadline by two weeks at least?	The closing date for bids will not be extended. It is however recognized that the ongoing coronavirus situation may impact upon the actual delivery dates of the course/s.

Yours sincerely,
