International Consultancy Firm or Company to Strengthen the Capacity of the Government of Liberia and women’s Organizations on Gender Responsive Planning and Budgeting

Duty Station/Location: Home based with missions to Monrovia, Liberia
Application Deadline: March 10, 2020
Language required: English
Starting Date: March 31, 2020

Expected duration of the assignment: March 31, 2020 – May 30, 2021

I. Background

The UN Women, grounded in the vision of equality enshrined in the Charter of the United Nations, works for the elimination of discrimination against women and girls, the empowerment of women, and the achievement of equality between women and men as partners and beneficiaries of development, human rights, humanitarian action, peace and security.

UN Women’s goal in Liberia is to promote women’s human rights and gender equality which are key in sustaining and furthering achievements in stability and development. In this regard, its programming in the Country is connected to five corporate priority areas: women’s leadership and political participation; enhancing women’s economic empowerment (WEE); engaging women in all aspects of women, peace and security (WPS) processes; advancing women’s rights to live free from violence and gender responsive budgeting and governance. UN Women also coordinates and promotes the UN system’s joint work in advancing gender equality.
UN Women in collaboration with the OHCHR is implementing a joint project to advance the implementation of United Nations Security Council Resolution (UNSCR) on Women, Peace and Security. This joint project is generously funded by the Peace Building Fund and is implemented in partnership with the Government of Liberia. This intervention has thus been designed to accelerate the implementation of the second Liberia National Action Plan on Women, Peace and Security-2019-2023 (NAP WPS) which is a peacebuilding policy document that is aligned with global, regional and national commitments such as the SDGs, the Convention on the Elimination of all Forms of Discrimination Against Women (CEDAW), and the UNSCR on WPS. This project aims to enhance allocation of financial resources for the implementation of the second NAP WPS through innovative financing and Gender Responsive Budgeting (GRB). To this end, this project will equally strengthen the capacity of women’s organizations and targeted government agencies on GRB and innovative financing.

The UNSCR 2242 (2015) and the 2017 report on WPS agenda of the Secretary General (SG) to the General Assembly calls for increased funding for Gender Equality and WPS programming. A lack of financial resources has been identified as one of the major challenges that impeded the implementation of the Liberian first NAP WPS. Despite significant attempts by the government to advance the implementation of the UNSCR on 1325 and the subsequent NAP WPS, failure to allocate sufficient resources and funds has been the most serious and persistent obstacle to the implementation of the WPS agenda over the past 10 years.

The Gender Responsive Planning and Budgeting (GRPB) component of the above mentioned joint programme aims at generating resources for delivery of the peacebuilding activities of the Second NAP WPS (2019-2023). The Government through the Public Finance Management Reform Strategy and Action plan (2017-2020) and the National GRB policy approved in 2018, committed to using gender-responsive planning and budgeting as a tool to mainstream gender issues into the public financial management system with the main purpose of ensuring that the benefits of plans and budgets reach the vulnerable groups characterized by their different gender needs and priorities.

In this context, UN Women Liberia seeks to hire a consultancy firm or company which will strengthen the capacity of Government actors, Civil Society Organizations (CSOs) and Women Rights Organizations on GRPB to ensure increased allocation of financial resources for the implementation of the NAP WPS.

2 Globally, innovative financing was designed to generate additional resources for development, and not only to be used as a substitute for traditional resources, as stated in declarations adopted by the United Nations and in various conclusions of Leading Expert Group meetings on innovative financing for development.
3 Ministry of Justice, Ministry of Finance and Development Planning, Ministry of Gender Children and Social Protection, Ministry of Internal Affairs, Ministry of Justice and LNP.
