Question 1:

a. As part of the evaluation criteria, when it states that eligible international companies are must have an “official representative in Syria,” can we understand this to mean that a company with a partner organization registered in Syria is permitted to bid?
   i. If our partner is registered in Syria, does this bid require that we enter as a joint venture with said partner, or can we provide their company documentation as subcontractors?
   ii. If our partner is a subcontractor, do they need to fill out the Qualification Form?

Answer
Answer: It is up to you either to bid as a joint venture with your Syrian partner in which case both the companies should submit the required documents and a signed joint venture agreement specifying the roles of each member of the joint venture and naming the leading agency in the joint venture. In case you selected the subcontractor, then yes you should mention the percentage of subcontracting, provide the profile of the subcontractor and mention what exactly the subcontractor will do in the contract. However, the subcontractor should be your official representative in Syria. You should provide an official letter from your company nominating your subcontractor as your official representative.

Question 2:

a. Is there an exact wording that UNDP requires a company/ies charter(s) or registration documents to contain in order to be eligible to bid for this project in Syria?

Answer

The company should be legally registered in Syria or has a representative registered in Syria. The company should be eligible to do similar nature of services.

All required documents available in the RFP

Question 3:

a. The Bid Data Sheet outlines two payment options, USD and SYP. Will it be the case for an international firm that payments will be made in USD from an account located outside the Syrian Arab Republic? If not, where will payments originate from and in what currency?

Answer

Payment for International companies will be made in USD only to their accounts outside Syria. Payment in Syrian Pounds at the equivalent UN Exchange rate at the date of the invoice is only applicable to local companies.

The payment for international company will be made from out of Syria through bank of America

Question 4:

b. Does UNDP have an estimated number or range of call off orders for the initial six-month period so the TPM provider can plan to allocate resources accordingly?

   i. Can the bidder assume that the number of call off orders will be set every three months for activity one and two, and as per need for activity three?
The approximate number of call off orders is 15 per quarter.

Question 5:

a. The TOR states that “The number of person-days required for each stage of the workflow will be discussed and agreed upon by UNDP and the Contractor prior to commencement of each call-off and, will vary according to the needs of the particular assignment. At the end of each task order, the Contractor will submit to UNDP an implementation report, detailing the work completed during the period, general synthesis of lessons learned, risk analysis and other details as per task order and TOR.” Should we understand this to mean that bidders receive a (mini)TOR for each call off order, and then need to respond with proposed methodology and number of activities, which then is agreed and forms the basis of billing?

Answer

No, it means that there will be a quarterly plan for the services to be rendered.

Question 6:

b. When this bid is awarded, will there be only one fixed price contract, or does UNDP envision that more than one fixed price contract can be offered to different organizations, who are subsequently provided with task orders?

c. Answer

Only one fixed price contract will be signed with only one organization.

Question 7:

a. How are KPIs used in the administration of the contract? Are KPIs connected to financial remuneration, or are they used solely to evaluate the TPM provider’s performance, particularly during the probation period and extension of the LTA?

Answer

There’s no probation period. KPI’s is for TPM’s provider as detailed in the bid documents.
