² UNDP reserves the right not to award the contract to the lowest priced offer, if the second lowest price among the responsive offer is found to be significantly more superior, and the price is higher than the lowest priced compliant offer by not more than 10%, and the budget can sufficiently cover the price difference. The term “more superior” as used in this provision shall refer to offers that have exceeded the pre-determined requirements established in the specifications.

³ Where the information is available in the web, a URL for the information may simply be provided.
Goods and Services offered shall be reviewed based on completeness and compliance of the quotation with the Terms of Reference and specifications described above and any other annexes providing details of UNDP requirements.

The quotation that complies with all of the specifications, requirements and offers the lowest price, as well as all other evaluation criteria indicated, shall be selected. Any offer that does not meet the requirements shall be rejected.

Any discrepancy between the unit price and the total price (obtained by multiplying the unit price and quantity) shall be re-computed by UNDP. The unit price shall prevail and the total price shall be corrected. If the supplier does not accept the final price based on UNDP’s re-computation and correction of errors, its quotation will be rejected.

After UNDP has identified the lowest price offer, UNDP reserves the right to award the contract based only on the prices of the goods in the event that the transportation cost (freight and insurance) is found to be higher than UNDP’s own estimated cost if sourced from its own freight forwarder and insurance provider.

At any time during the validity of the quotation, no price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted by UNDP after it has received the quotation. At the time of award of Contract or Purchase Order, UNDP reserves the right to vary (increase or decrease) the quantity of services and/or goods, by up to a maximum twenty five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

Any Purchase Order that will be issued as a result of this RFQ shall be subject to the General Terms and Conditions attached hereto. The mere act of submission of a quotation implies that the vendor accepts without question the General Terms and Conditions of UNDP herein attached as Annex 3.

UNDP is not bound to accept any quotation, nor award a contract/Purchase Order, nor be responsible for any costs associated with a Supplier’s preparation and submission of a quotation, regardless of the outcome or the manner of conducting the selection process.

Please be advised that UNDP’s vendor protest procedure is intended to afford an opportunity to appeal for persons or firms not awarded a purchase order or contract in a competitive procurement process. In the event that you believe you have not been fairly treated, you can find detailed information about vendor protest procedures in the following link: http://www.undp.org/content/undp/en/home/operations/procurement/protestandsanctions/

UNDP encourages every prospective Vendor to avoid and prevent conflicts of interest, by disclosing to UNDP if you, or any of your affiliates or personnel, were involved in the preparation of the requirements, design, specifications, cost estimates, and other information used in this RFQ.

BACKGROUND

In support of persons with disabilities in Namibia, the Government of Namibia ratified the Convention on the Rights of Persons with Disabilities (CRPD) and the Optional Protocol on 4 December 2007. The CRPD places emphasis on the importance of mainstreaming disability issues as an integral part of relevant strategies of sustainable development. Namibia is signatory to Agenda 2030 and has adopted the Sustainable Development Goals (SDGs). The SDGs place particular focus on addressing the needs of persons with disabilities including education, employment, participation and increase disability data.

In support of the SDGs, Namibia has a conducive legislative and policy environment, addressing the needs of vulnerable communities and persons with disabilities. However, a gap remains between policy and implementation, primarily as a result of lack of information, public awareness and understanding. This in turn has led to stigma and discrimination, limited access to education, health, employment opportunities and resources. Through the Strengthening Integrated Systems to Promote Access to Service for Persons with Disabilities in Namibia project, under the UN Partnership on the Rights of Persons with Disabilities, UN Agencies will focus on advocating for the full and effective participation and inclusion of persons with disabilities in Namibian society.

The participating UN Agencies seek the services of an editorial, layout and printing company to assist in ensuring a disability accessible communication strategy is designed and printed in an effort to advance advocacy to improve service delivery for persons with disabilities The UN Country Team (UNCT) has a joint approach to the promotion of disability rights within the framework of the United Nations Partnership Framework (UNPAF) 2014-2018. UNPAF II (2019-2023) advocates for equity and equal opportunities for all and the UNCT will continue to advocate for mainstreaming disability across the different government ministries and agencies. This partnership support system strengthening and coordination amongst and between organizations of persons with disabilities (OPDs) to ensure access to services such as health, education, nutrition and protection of persons with disabilities in Namibia.
The Communications Strategy will be vital for the project to meet its outcomes and ultimately mainstreaming issues related to disability disabled people and their affairs in the Namibian society at all levels and sectors.
