

RESPONSE TO BIDDER #1

Description: NIP Research Consultants

Project Title: *Review and update of the national implementation plan for the Stockholm Convention on Persistent Organic Pollutants (POPs)*

Country: Jamaica	Reference number: 65079	e-Tendering :- JAM10-06-2020
------------------	-------------------------	------------------------------

- **Question:-** Is the 60 working days allocated for the assignment for each Research Consultant or for both combined?

✓ Each consultant is expected to work for the 60 days.
- **Question:-** Is this request for proposal only directed to me for one Research Consultant position or can I have one of my Team members, if appropriately qualified, also submit a proposal for the other Research Consultant position? If so, would that be as another individual consultant?

✓ Yes, the call can share with colleagues/team members and they can submit an application as well. All submissions must be made on an individual basis, and each application must include a Technical Proposal and a Financial Proposal.
