Proposal should be submitted by email to the following email address: tenders.ly@undp.org no later than 10th June 2020.

Any request for clarification must be sent in writing, or by standard electronic communication to the email address procurement.ly@undp.org. UNDP Libya Procurement Unit will respond in writing or by standard electronic mail and will send written copies of the responses, including an explanation of the query without identifying the source of the inquiry, to all candidates who expressed their interest.

1. BACKGROUND:

UNDP is working rapidly to respond to crises in Libya by undertaking projects to help stabilize the country and instill trust and confidence amongst communities, and between communities and the government. The UNDP Libya Country Office (CO) has made strong commitments to international donors and its Libyan counterparts to help restore and improve public services; enhance the effectiveness and reach of existing public institutions; expand civic engagement and participation in political and development processes; increase economic opportunities in a more diversified economy; strengthen social cohesion, reconciliation and transitional justice initiatives; and contribute to stability throughout the country to ensure development gains.

In many areas of Libya, the level of destruction is overwhelming. Aerial bombardments of 2011, artillery bombardments from the continued fighting as well as deterioration of infrastructure from neglect left many areas barely habitable. Schools, hospitals, roads, bridges, public buildings and homes are contaminated by unexploded ordnance and IEDs.

Since December 2016, UNDP’s Stabilization Facility for Libya (SFL) has worked across the country to help the Government and communities’ progress towards peace and stability. The Facility works with the Ministry of Planning, municipal councils, civil society and other local leaders, to establish priorities for infrastructure, government capacity support and conflict mediation activities. Work is carefully sequenced to ensure that what needs to be done first is done first.

While recognizing major progress and achievements made by the SFL, the Government of Libya and international donors clearly stated the need for the Stabilization Facility to increase the volume and quality of its delivery, as well as speed up all interventions. In December 2018, the SFL Project Board approved a revised project document for the next phase of the Facility, SFL—Stronger for Libya. Approximately $93 million is needed to implement the ambitious activities mandated by the Board in the next phase. The Facility will need at least $50 million more in the next two years to serve the needs of cities like Kikla, Benghazi, Ubari, Sebha, Sirt, Tripoli, Bani Walid, Ajdabiya, Derna, Ghat, Kufra, and Tawergha.

The SFL has demonstrated its ability to deliver effective support for improved public service infrastructure across Libya despite the continuing violence and intensifying political divisions. Its reformulation should give even greater impact in stronger connection between central Government, local authorities and citizens. Its enhanced emphasis on mobilizing the agency of women for local peace offers a further avenue for more effective stabilization. If it can be adequately resourced, bringing
Together the efforts of a range of partners in a critical mass for stability, it offers a unique opportunity to improve the prospects for Libya and its citizens.

Timely reporting on SFL implemented interventions is vital for all stakeholders to reflect the progress made, challenges, and the impact generated. SFL produces quarterly progress reports, donor specific reports, fact sheets, in addition to ad hoc reports for resource mobilization. Reporting is also the key result based communication tool used to maintain donor visibility, inform and advocate for stabilization objectives.

Under the direct supervision of the Deputy Resident Representative, the Consultant will focus on the overall goal of effective and timely reporting to meet the different reporting requirements as indicated above. The consultant will assist the SFL’s donor reporting specialist to perform the assigned tasks that have been notably quantitatively growing, proportionally with the project expansion. The consultant will work with SFL team to collect and analyze data concerning the implementation of the three project outputs, and demonstrate the inter-linkages in addition to the contribution to the stabilization goals. The Consultant will support UNDP Libya in Tripoli and donors with reports that include updates and insights into the planning and implementation of UNDP’s stabilization initiatives throughout Libya. The consultancy will be home-based; however, two missions to Tunis of not more than 21 days will be required during the 8 month-period. The foundation of the work will be strong, research, data collection and analysis around issues of stabilization in Libya’s conflict/post-conflict environment.

2. KEY TASKS:

- The Consultant will be responsible for the following duties:
- Development of guidance for reporting at CO level and tracking and streamlining of donor reporting.
- Preparation of strategic briefs based on reporting information to facilitate donor and partner relations.
- Support PMs finalize donor reports as requested
- Support the DRR in programme mapping and delivery tracking
- Donor reporting for the quarterly and annual reports during the period and all interim and final reports required under SFL agreements.
- Draft responses to regular ad hoc requests from the 14 SFL Donors.

3. EXPECTED DELIVERABLES

| Deliverable 1: reporting at CO level, reporting line: Head of PMSU | 1. Map Libya CO donors substantive requirements for reporting with a view to develop guidance and a template for donor reporting, to be used strategically for partner engagement and donor relations (in cooperation with Communication and Partnership Specialists)  
2. Track reporting requirements in the CO, proactively engage PMs to streamline and coordinate reporting, e.g. by preparing briefing per donor or thematic area.  
3. Support PMs in finalizing donor reports as requested, based on CO guidelines (see 1) | 20 Work days over the period June 2020-January 2021 |
| Deliverable 2: support to DRR, reporting line: DRR | 1. Coordinate pprogram mapping  
2. Support in proposal development  
3. Support program delivery tracking | 50 work days over the period June 2020-January 2021 |
Deliverable 3: reporting for SFL. Work to be conducted in close cooperation with SFL PM, reporting line SFL PM
