

Questions/ Clarifications to Bidders #1**RFQ-UNDP-PSU-01-2020 - Provision of Air Freight Logistics Services for Covid-19 Products**

Here below are Answers to Questions raised regarding the above RFQ:

1.

| | | | | |
|---|--|--|---|---|
| Questions: | Total Volume of the cargo per year. We checked the excel file attached and confirmed the description and volume of the air cargo details. <ul style="list-style-type: none">▪ Is the excel file is indicating the volume per shipment? Or the (gross) volume per month or year?▪ If the volume is per shipment, can you also notify how many shipments will you occur per month or year? We need to clarify how is the growth gross volumes per month and year for Airlines negotiation. | | | |
| Answer: | The quantity (i.e. volume) in Annex 2- Financial Proposal excel sheet for each lot is only indicative for financial evaluation purpose. Refer to 'other conditions' of the RFQ (page 7), restated below: <table border="1"><tr><td>Financial Evaluation-Indicative Quantity in demand scenario</td><td>The product dimension and quantity in the demand scenario is indicative for financial evaluation purpose. UNDP does not guarantee bidder any minimum or maximum nos. of call off or order to be provided under the contract/LTA (if awarded).</td></tr></table> UNDP will only provide the actual volume of shipment among the lot LTA holders during secondary competition. | | Financial Evaluation-Indicative Quantity in demand scenario | The product dimension and quantity in the demand scenario is indicative for financial evaluation purpose. UNDP does not guarantee bidder any minimum or maximum nos. of call off or order to be provided under the contract/LTA (if awarded). |
| Financial Evaluation-Indicative Quantity in demand scenario | The product dimension and quantity in the demand scenario is indicative for financial evaluation purpose. UNDP does not guarantee bidder any minimum or maximum nos. of call off or order to be provided under the contract/LTA (if awarded). | | | |

2.

| | |
|------------|--|
| Questions: | Pricing Do we need to quote per shipments, or per items? |
| Answer: | Bidder's to quote the total amount per shipment to destination country, based on demand scenario provided for each lot in Annex 2-Financial Proposal. Please note that quote should be complete for the Lot the bidder is submitting. Partial quote for a Lot will not be evaluated, as per the RFQ requirement. |

3.

| | |
|------------|---|
| Questions: | Dangerous goods for Air cargo Do you have any dangerous goods? It seems to be no-dangerous goods, but we want to confirm from your side as well. |
| Answer: | Please note that the ventilators contained lithium battery as backup power supply , in the event of total power failure at hospital. Therefore, the Bidders need to provide Dangerous Goods Fees (if applicable) in each lot pricing Table. |

4.

| | |
|------------|--|
| Questions: | Vendors information at Beijing For efficient pricing, can you provide us the details of vendors at Beijing? We need the information of pick up place, SOP of export custom clearance, etc., for quotation. |
| Answer: | UNDP vendors will deliver the products directly to Beijing International Airport. |
