### **Engaging an NGO/CSO as Responsible Party for managing small grants programme to support participatory budgeting mechanism setting up in the 8 target communities of Donetsk and Luhansk oblasts (government-controlled areas - GCAs)**

**Project name:** UN Recovery and Peacebuilding Programme, Community Security and Social Cohesion Component

**Country/place of implementation:** Ukraine / Donetsk and Luhansk (government-controlled areas - GCAs) oblasts

**Type of Contract:** Responsible Party Agreement

#### **I. BACKGROUND**

The United Nations Development Programme (UNDP) has been active and present in eastern Ukraine for the past decade, prior to the conflict, with a focus on community development, civil society development, and environmental protection. Work on addressing the specific conflict-related development challenges built on this earlier engagement, established partnerships, and started in 2015 through the United Nations Recovery and Peacebuilding Programme (UN RPP). The UN RPP is a multi-donor funded framework programme formulated and led by the UNDP in collaboration with the Government of Ukraine and in cooperation with a number of partnering UN agencies (UN Women, FAO, UNFPA). The RPP was designed to respond to, and mitigate, the causes and effects of the conflict in the east of Ukraine. It is an integral component of the UNDP Country Programme and is therefore fully aligned with the United Nations Partnership Framework (UNPF).

In October 2018, four UN agencies (UNDP, UN Women, FAO and the UNFPA) have countersigned a new joint project document, funded by the EU. The overall objective of the project is to restore effective governance, support economic recovery and promote reconciliation in the crisis-affected communities of Donetsk, Luhansk and Zaporizhzhya oblasts in Ukraine, thereby enhancing the credibility and legitimacy of local governments in the government-controlled areas of the regions. It will contribute to peacebuilding and prevent further escalation of the conflict in Ukraine through effective and accountable decentralization, gender-responsive recovery planning and equal access to services, as well as enhanced economic recovery and development.

Component III of the UN RPP “Community Security and Social Cohesion” aims to reach some of its goals through small grants fund establishment. This includes implementation support of the projects strengthening community security and social cohesion through testing innovative legal aid, access to justice, conflict resolution and peacebuilding mechanisms at the local level.

The UN RPP recognizes the importance of increasing the capacities of citizens' groups, CSOs and Community Security Working Groups (CSWG) and engaging active citizens to effectively initiate, plan and implement Human Rights-Based community development and community security strategies and projects.

In this respect participatory budgeting (PB) is a decision-making process through which citizens deliberate and negotiate over the distribution of public resources. PB involves citizens, councillors and local authorities working together for the sake of the community. Therefore, it creates opportunities for greater efficiency in the allocation of public funds and increased community cohesion.

Despite participatory budgeting as citizens' engagement mechanism becomes an often-used practice all over Ukraine, still local communities require professional support in setting it up for the successful implementation. As a result of community mobilization activities in 2019, local authorities in 8 target communities in Donetsk and Luhansk oblasts made the decision to pilot participatory budgeting mechanism (PBM) and officially requested for the support in setting it up in 2020.

The UN RPP is seeking for an NGO/CSO as responsible party that will manage the Small Grants Programme to build capacities of the selected grantees (both NGOs and initiative groups) and provide administration, support and monitor grants implementation.

The funding for this Small Grants Programme will be provided with support from the European Union (grant support) and governments of Denmark, Sweden and Switzerland (costs for administration and capacity building). The Responsible Party will administer Small Grants Programme (SGP) in the target hromadas, provide support and ensure implementation process for provision of small grants to local NGO-grantees and initiative groups selected on a competitive basis in 8 target hromadas of Donetsk and Luhansk (government-controlled areas - GCAs) oblasts, which are piloting participatory budgeting mechanisms with the UN RPP support.

- c) offering, giving, soliciting or receiving gratuities, favors, gifts or anything else of value to influence the action of any person involvement in a procurement process or contract execution;
- d) misrepresenting or omitting facts in order to influence the procurement process or the execution of a contract;
- e) engaging in a scheme or arrangement between two or more bidders, with or without the knowledge of the CSP, designed to establish bid prices at artificial, non-competitive levels; or
- f) participating in any other practice that is or could be construed as an illegal or corrupt practice under domestic law.

26.3 If the CSO has knowledge or becomes aware of any of the practices outlined in paragraph 2 of this Article 26 undertaken by anyone affiliated with the CSO, the CSO shall immediately disclose the existence of such practices to UNDP.

26.4 The CSO acknowledges and agrees that each of the provisions in Articles 21 to 26 hereof constitutes an essential term of the Agreement and that any breach of any of these provisions shall entitle UNDP to terminate the Agreement or any other contract with UNDP immediately upon notice to the CSO, without any liability for termination charges or any other liability of any kind. In addition, nothing herein shall limit the right of UNDP to refer any alleged breach of the said essential terms to the relevant national authorities for appropriate legal action.

## **27.0 Dispute Settlement**

27.1 The Parties shall use their best efforts to settle amicably any dispute, controversy or claim arising out of this Agreement, or the breach, termination or invalidity thereof. Where the Parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law ("UNCITRAL"), or according to such other procedure as may be agreed between the Parties in writing.

27.2 If such dispute, controversy or claim between the Parties is not settled amicably under the preceding paragraph within sixty (60) days after receipt by one Party of the other Party's request for such amicable settlement, it shall be referred by either Party to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 ("Interim measures") and Article 34 ("Form and effect of the award") of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate ("LIBOR") then prevailing, and any such interest shall be simple interest only. The Parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy, or claim.

## **28.0 Termination of this Agreement**

28.1 The Parties recognize that successful implementation and completion of the Activities and achievement of the Deliverables are of paramount importance, and that UNDP may find it necessary to terminate or to modify the Activities, should circumstances arise that jeopardize successful completion of the Project. The provisions of the present Article shall apply to any such situation.

28.2 UNDP shall consult with the CSO if any circumstances arise that, in the judgment of UNDP, interfere or threaten to interfere with the successful implementation or completion of the Activities, or achievement of the Deliverables. For its part, the CSO shall promptly inform UNDP of any such circumstances that might come to its attention. The Parties shall cooperate towards the rectification or elimination of the circumstances in question and shall exert all reasonable efforts to that end, including prompt corrective steps by the CSO, where such circumstances are attributable to it or within its responsibility or control. The Parties shall also cooperate in assessing the consequences of possible termination of this Agreement on the beneficiaries of the Project.

28.3 UNDP may, at any time after occurrence of the circumstances in question, and after appropriate consultations with the CSO, suspend or terminate this Agreement by written notice to the CSO, without prejudice to the initiation or continuation of any of the measures envisaged in the preceding paragraph.

28.4 Upon receipt of a notice of termination by UNDP under the present Article, the CSO shall take immediate steps to terminate the Activities under this Agreement, in a prompt and orderly manner, so as to minimize losses and further expenditures. The CSO shall undertake no forward commitments and shall return to UNDP, within thirty (30) days, all unspent funds made available to it by UNDP under Article 2.0, and the Equipment financed by UNDP or furnished to it by UNDP pursuant to Article 8.0.

28.5 In the event of termination by UNDP under this Article 28.0, UNDP shall only reimburse the CSO the costs incurred in connection with the Activities carried out in accordance with the terms and conditions of this Agreement. Such reimbursement, when added to the amounts previously made available to the CSO by UNDP in accordance with Article 2.0 above, shall not exceed the maximum amount of funds referred to in paragraph 2.1 of that Article. 28.6 Following the termination, in the event UNDP decides to transfer the responsibilities of the CSO for the Activities to another entity, the CSO shall cooperate with UNDP and the other entity to ensure the orderly transfer of such responsibilities.

28.7 Notwithstanding anything in this Agreement to the contrary, UNDP may terminate this Agreement at any time without having to provide any justification therefor upon sixty (60) days' advance written notice to the CSO.

## **29.0 Notices**

29.1 Any notice, request, document, report, or other communication submitted by either the CSO or UNDP shall be in writing and sent to the other party at the address information set forth in block 7 or block 8 of the Face Sheet, as appropriate.

## **30.0 Survival**

30.1 The provisions of Article 3.0 (Refund), Article 4.0 (The CSO Personnel), Article 7.0 (Procurement), Article 8.0 (Equipment), Article 9.0 (Copyrights, Patents, and Other Proprietary Rights), Article 10.0 (Reporting), Article 11.0 (Maintenance of Records), Article 12.0 (Confidentiality), Article 14.0 (Indemnity), Article 17.0 (Audit and Investigations), Article 20.0 (Privileges and Immunities), and Article 27.0 (Dispute Settlement) shall survive and remain in full force and effect regardless of the expiry of the Project term or the termination of this Agreement.

## **31.0 Other CSO Representations and Warranties**

31.1 The CSO represents and warrants that: (a) it is a legal entity validly existing under the laws of the jurisdiction in which it was formed and it has all the necessary powers, authority and legal capacity to: (i) own its assets, (ii) conduct Project activities, and (iii) enter into this Agreement; and (b) this Agreement has been duly executed and delivered by the CSO and is enforceable against it in accordance with its terms.

## **32. Entry into Force, Duration, Extension and Modification of this Agreement**

32.1 This Agreement shall enter into force on the date of its signature by both the CSO and UNDP, acting through their duly Authorized Representatives identified in blocks 9 and 10 of the Face Sheet, and terminate on the Implementation Period end date indicated in block 4 of the Face Sheet.

32.2 Should it become evident to the CSO during the implementation of the Activities that an extension beyond the Implementation Period end date set forth in block 4 of the Face Sheet will be necessary to achieve the Deliverables, the CSO shall, without delay, inform UNDP and give full particulars. UNDP shall take such action as, in its sole discretion, it considers appropriate or necessary under the circumstances, including the granting to the CSO of a reasonable extension of time in which to perform its obligations under this Agreement.

32.3 This Agreement, including its Annexes, may be modified or amended only by written agreement between the Parties.

32.4 Failure by either Party to exercise any rights available to it, whether under this Agreement or otherwise, shall not be deemed for any purposes to constitute a waiver by the other Party of any such right or any remedy associated therewith, and shall not relieve the Parties of any of their obligations under the Agreement.

## INSTRUCTION FOR FILLING FACE FORM

**Funding Authorization and Certificate of Expenditures (FACE)** form is designed to request Direct Cash Transfers (DCT) and reflect expenditures accumulated by quarter.

Requests for the Direct Cash Transfer (DCT) should be prepared in line with the project or annual work plan, and must be signed by the implementing partner. The Cash transferred to the project are under the total responsibility of the implementing partner and must only be used for the activities and inputs stated in the annual work plan, and following UNDP's policies and procedures as referred to in the project document. The implementing partner/project must have a good system of accounting recording and appropriate filing of financial documentation on the project (in order to maintain records of all payments made with advances and original expenditure backup documentation). All these requirements and information will be reviewed at the project site during the project audit.

In order to receive the funds transferred by UNDP, the implementing partner for the project may open a bank account to be used only for receiving UNDP cash transfers and to make payments of the project. The bank account should be opened under the name of the project. This bank account should not be used for purposes other than receiving UNDP advances and making payments with these advances. This account must not have access to any credit nor be used for investments. If the project needs advances to make payments in local currency and non-local currency, then two bank accounts should be opened, or one bank account with two separate controls of currency.

At the finalization of the project, it is the responsibility of the implementing partner to close this/these account(s) and reimburse any remaining balances to UNDP.

The implementing partner must maintain strict control of such bank accounts, making bank reconciliations at least quarterly (monthly is advisable), and must keep on file all documentation related to account transactions. Any interest earned on the project bank account from the advances must be included by the implementing partner in the Funding Authorization and Certificate of Expenditures (FACE) and credited to the project, recording it as miscellaneous income. Bank statements must be filed by the project and a copy should be submitted to the country office with the FACES.

Together with the signed FACE form, the project has to send a copy of the bank statement as up to the date of the end of the period reported, to enable the country office to compare bank balances with FACE balances (UNDP will not make reconciliation between bank statements and expenditures reported in the Financial Report or FACE. This is the responsibility of the implementing partner and correctness of this reconciliation will be determined by the audit exercise.). The following main instructions apply:

- The normal disbursement cycle for the FACE is quarterly. More frequent reporting is encouraged if agreed to by the UNDP country office and the implementing partner
- Advances shall only be made in non-local currency in those instances where all payments arising out of such will also be in the same non-local currency. If the project has received advances in more than one currency, a separate financial report or FACE must be submitted for each currency received;
- The approval of a request for cash transfer for a particular project is subject to the verification by the CO that at least 80% of the previous advance given and 100% of all earlier advances have been liquidated.
- The implementing partner must submit the corresponding FACES every time the project needs more funds **and** at the end of each quarter, within the period of up to **30 days** of the following quarter. The FACE must

include detailed information on payment instructions (bank account where advances should be deposited).

The FACE supports several important functions:

- Request for funding authorization: The section “Requests / Authorizations” will be used by the implementing partner to enter the amount of funds to be disbursed for use in the new reporting period. The country office can accept, reject or modify the amount approved;
- Reporting of expenditures: The section “Reporting” will be used by the implementing partner to report to the country office the expenditures incurred in the reporting period. The country office can accept, reject or request an amendment to the expenditures reported;
- Certification of expenditures: The section “Certification” will be used by the designated official from the implementing partner to certify the accuracy of the data and information provided.

In the process of certification, the designated official attests to one or both of the following statements:

- That the funding request shown represents estimated planned expenditures as per the Annual Work Plan (AWP)/Budget and that itemized cost estimates have been attached and/or;
- That the actual expenditures for the reported period have been disbursed in accordance with the annual work plan and previously approved itemized cost estimates. Further, the designated official attests that the supporting accounting documentation will be made available, upon request, for a period of five years.

#### **FACE: Overall Approach and Guiding Principles**

The FACE is intended to use by partners for requesting funds and reporting expenditure. Not all sections of the form will be used at all times. For instance, for an initial disbursement, only the request section of the form will be completed. For a final payment upon AWP completion, only the reporting section will be used. The following guiding principles apply:

- No FACE will be processed without the appropriate signature from the designated implementing partner official;
- The FACE is aligned with the annual work plan/budget. The activities for which funds authorization is requested, or for which expenditure is reported, will be the activities specified in the annual work plan;
- The FACE is normally certified by the designated official who signs the annual work plan. In all other circumstances, the annual work plan will specify any other official authorized to certify the FACE. For instance, the designated official signing the annual work plan may be from the central Ministry of Health while the actual expenditures may be incurred by a regional health office. In such cases, the annual work plan should specify whether the central authority will process and sign a consolidated FACE or whether individual FACE forms will be processed by other authorized officials from the subordinate offices and implementing partners. The respective reporting relationship must be specified in the annual work plan;
- A request for funding included in the FACE must be accompanied with an itemized cost estimate of the activities to be funded according to UNDP guidelines.

#### **FACE: Header Area**

The header area of the FACE allows the implementing partner to report on the reason and purpose of the funding/ reporting request. This data is usually needed for correct coding in financial and management accounting systems. The specific data elements include:

- Name of the agency (UNDP);
- Date of the request;
- Type of request (direct cash transfer, direct payment, reimbursement);
- Country where the program takes place;
- project title and code;
- Responsible officer(s);
- Implementing partner;
- Currency of the request and disbursement.

#### **FACE: Body of the Form**

**Activity Description:** activity ID and Budget Items description as it appears in the annual work plan/budget.

**Coding Column:** The second column is ATLAS chart of accounts: Account, Fund, Donor. This data is required for UNDP's financial accounting system.

#### **Reporting Area**

The FACE is a dynamic form that must balance and reconcile from one reporting period to the next. The first column, column A, on the form repeats the last one, column G, from the previously submitted and authorized FACE form. Note that columns C, D, F and G are shaded. They are blank when the FACE is submitted to the country office. They are filled out by the country office prior to the financial processing of the form. All non-shaded columns are to be completed by the implementing partner.

**Column A – Authorized Amount:** Column A will be blank for the first request from an implementing partner. It should include the date of the most recent previous authorization.

**Column B – Actual Expenditure:** Column B reports the actual expenditures by the implementing partner for the period. The expenditures reported by the implementing partner are, at this point, still subject to review and approval by the country office. The designated official of the implementing partner is certifying that these expenditures are reported in accordance with the provisions of the annual work plan, country programme action plan and/or other related agreements with UNDP.

**Column C – Expenditures Accepted by Agency:** Column C is used by the country office to review and approve, reject or amend to expenditures reported by the implementing partner. If the amounts are accepted as reported, no further adjustments to this part of the FACE or communication with the implementing partner about these expenditure is required. However, if changes are made (e.g., to query or reject a reported expenditure), then the amount recorded by the country office in column C will differ from that reported in column B. In this case, the change needs to be communicated with the implementing partner.

**Column D – Balance:** Column D records the balance of funds authorized for use in the reporting period that remained unspent as of the date of the form. The term 'unspent' can also reflect expenditures which are either known or ongoing as of the date of the FACE, but which cannot be certified by the implementing partner due to timing or internal reporting delays. The outstanding balance of funds authorized by activity can be carried forward, reprogrammed or refunded, depending on the particular circumstances of the signed agreement.

#### **Requests and Authorizations Area**

**Column E – New Request Period and Amount:** Column E determines the period of the new request, which is normally contiguous to the last reporting period. The column contains the requests for the authorization to spend

or receive funds, by activity and for that period. Each time a request for new or additional funds is submitted, it will be accompanied by an itemized list of expenditures in line with the annual work plan. This column can also reflect any balance for an activity in column D, which is requested for reprogramming. This will reduce the total amount of the new disbursement request accordingly.

**Column F – Authorized Amount:** Column F is used by the country office to establish the amount of new funds, by activity, to be disbursed for the new reporting period. This column is filled in by the country office. It can be used to accept, reject or modify the amounts requested in column E. Any credits for reprogramming will be reflected in this column for reconciliation of the amounts.

**Column G – Outstanding Authorized Amount:** Column G is the sum of columns D and F, and indicates the total outstanding authorized amount. For subsequent period reporting, the amount of this column will be carried forward to the column A of the new FACE form

### **Certification Area**

The Certification Area is used by the designated official of the implementing partner to request funds and/or to certify expenditures. This area requires a date, the signature of the official and his/her title.

**For Agency Use Only Area Approvals Box:** The “For All Agencies” box in the lower left hand corner of the FACE form should be signed by the appropriate UNDP official. This indicates the review and approval of the request for funds and authorizes the recording of the reported expenditures. The official should sign, date and provide his/her title.

### **Bank accounts**

In order to receive the funds advanced by UNDP, the IP/project may open a bank account to be used only for receiving UNDP advances and to make payments of the project. If local conditions permit, the bank account should be opened under the name of the project. Opening a separate bank account for the project will usually lower risk but may also place an additional administrative burden on the IP.

Alternatively, the IP may use an existing bank account under the IP’s name, but this option may only be used with the agreement of UNDP’s Project Manager. In making this decision, the Project Manager will consider the inherent risk involved, using the assurance mechanisms described in [HACT](#).
