The price proposals will be opened only for submissions that passed the **minimum technical score of 70% (or 490 points)** of the obtainable score of **700 points** in the evaluation of the technical proposals.

In the First Stage, the technical proposal is evaluated on the basis of its responsiveness to the Terms of Reference (TOR) and as per below Evaluation Criteria.

In the Second Stage, the price proposals of all offerors, who have attained minimum 70% score in the technical evaluation, will be reviewed.

Overall evaluation will be completed in accordance with cumulative analysis scheme, under which the technical and financial aspects will have pre-assigned weights on 70% and 30% of the overall score respectively. The lowest cost financial proposal (out of technically compliant) will be selected as a baseline and allocated the **maximum number of points obtainable for financial part (i.e. 300)**. All other financial proposals will receive a number of points inversely proportional to their quoted price; e.g. 300 points x lowest price / quoted price.

The winning proposal will be the one with the highest number of points after the points obtained in both technical and financial evaluations, respectively, are added up. The contract will be awarded to the bidder that submitted the winning proposal.

Section 5. Terms of Reference

Provision of services to the development of six online training courses (“Policy analysis”, “Promoting the internal communication in VRU Secretariat”, “Developing the strategic planning in VRU Secretariat”, “Ethics and Ethical Standards in the Democratic Governance System”, “Promoting the gender equality standards in VRU Secretariat”, “Welcome in Verkhovna Rada (online training course for newly appointed civil servants of VRU Secretariat)”)

Project name: EU-UNDP Parliamentary Reform Project

Timeframe: The entire assignment has to be accomplished during September 2020 – January 2021

1. Background Information on the Project:

The EU-UNDP Parliamentary Reform Project (PRP) is aimed at strengthening the functioning of the Ukrainian Parliament, the Verkhovna Rada of Ukraine, its working bodies, MPs and Secretariat (VRU), to become a progressively more effective, accountable and transparent institution in carrying out its constitutional responsibilities of legislation, oversight, and representation with positive influence on the overall process of EU-Ukraine Association Agreement implementation. The project strategy is aligned with the priorities of the EU’s Single Support Framework for Ukraine 2018 – 2020, the Government of Ukraine – UN Partnership Framework 2018–2022, and the UNDP Country Programme Document 2018 – 2022. It is built on achievements and lessons learnt of the EU-UNDP Rada for Europe project (2016-2018) and will continue to support parliamentary reform, including through promoting the implementation of the recommendations of the 2016 Needs Assessment Mission (NAM). For the continuation of parliamentary reform, top level leadership and political ownership is key, which will be assured through continuous high-level consultations with relevant stakeholders and full transparency of project implementation.

The project is an EU-funded initiative strongly connected to UNDP’s Democratic Governance Programme and comprises of three components. Component One, #Rada4Reforms, will focus on fostering the parliament’s role in the overall reform process with a particular emphasis on improvement of the legislative process and parliamentary oversight, by providing comprehensive expert support to the implementation of the VRU Roadmap for Internal Reform and Capacity Building, improving the quality draft law expertise and impact assessment, and enhancing parliamentary monitoring.

Component Two, #RadaPro, will support the professional modernization of the parliamentary Secretariat, through the finalisation and implementation of its strategic development plan and comprehensive human resource development, including in the Committee Secretariats, along the lines of broader public administration reform (PAR) and the law "On Civil Service".

Component Three, #Transparent&Service-OrientedRada, by making use of new technologies for communications, civic education and participation in coherence will build stronger transparency and accountability links between parliament and citizens with special focus of increasing public trust to the Ukrainian Parliament.

The Needs Assessment Mission chaired by former European Parliament President Mr Pat Cox underlined in its Report on Internal Reform and Strengthening Institutional Capacity of the Verkhovna Rada of Ukraine the necessity of establishing a dedicated training space and developing a more diversified list of training courses that would be recommended to civil servants on a regular basis, including the issues of improvement of the level of foreign languages proficiency, information technologies and management practices. This prerequisite is also confirmed in the Verkhovna Rada of Ukraine Resolution of 17 March, 2016 No 1035-VIII “On Measures to Implement Recommendations on Internal Reform and Strengthening Institutional Capacity of the Verkhovna Rada of Ukraine” (p. 39).

To respond to these priorities and request from VRU, UNDP together with VRU Secretariat conducted comprehensive training needs assessment of the key parliamentary stakeholders that showed the necessity to

develop new courses (especially in the sphere of promoting key soft-skills of the VRU Secretariat staff members). In January 2020, the Project organized a strategic session in order to discuss with the participation of the key stakeholders and other partners the issues related to the implementation of a large-scale training strategy and creation of the new parliamentary training centre. In this regard, the Project plans to support the development of six online training courses, i.e. “Policy analysis”, “Promoting the internal communication in VRU Secretariat”, “Developing the strategic planning in VRU Secretariat”, “Ethics and Ethical Standards in the Democratic Governance System”, “Promoting the gender equality standards in VRU Secretariat”, “Welcome in Verkhovna Rada (online training course for newly appointed civil servants of VRU Secretariat)”.

2. DESCRIPTION OF RESPONSIBILITIES / SCOPE OF WORK

Further implementation of the parliamentary reform will require developing the new professional competences and skills of the VRU Secretariat staff members. In this regard, six online training courses will be developed in order to organize the new training activities for the VRU Secretariat staff members.

In order to achieve the stated objectives, the selected contractor will have the following responsibilities:

1.
