TERM OF REFERENCE (ToR)
FOR THE RECRUITMENT OF INDIVIDUAL CONTRACTOR (IC)

GENERAL INFORMATION

Services/Work Description: Consultant to conduct a comprehensive COVID-19 Stigma and Discrimination Assessment
Consultant Level: Senior Consultant
Duty Station: Home-based
Expected Places of Travel: None
Duration: 15 working days (completion by 31st August, 2020)
Expected Start Date: 11th August, 2020

I. BACKGROUND

COVID-19 has spread rapidly to almost every corner of the world. Ghana has reported more than 10,000 cases as of 10th June 2020. COVID-19 has disrupted lives and livelihood across all communities and threatens the normal way of life for vulnerable populations and communities. It has a far reaching and negative impact on the economy and threatens to undo progress made in achieving the Sustainable Development Goals.

In Ghana, besides the many impacts of COVID on the people and institutions; fear, anxiety, uncertainty, rumors and misinformation about the pandemic is also leading to stigma and discrimination toward health workers, infected people, survivors, and their families. This is undermining social cohesion, prompting social isolation and contributing negatively to response efforts. Stigmatized and discriminated persons who have COVID-19 have had their livelihoods and home tenancy threatened and are being shunned by community members. A person who faced COVID-19-related stigma lamented that his family can no longer go to the market or the grocery store without coming home in tears or being denied the item they wished to purchase. These reported cases compelled the President to caution that “stigmatization of recovered persons must stop because if the virus did not end their lives and livelihoods, the stigma from members of their communities should not.”

To contribute to efforts in addressing this situation adequately, UNDP, working with key stakeholders intends to support the campaign against stigma, provide avenues for the reporting stigma and providing psychosocial support to victims through the creation of community safe spaces. It is therefore important to identify newly vulnerable and excluded populations who are disproportionately impacted by COVID-19-related stigma and
discrimination, and to generate data on the forms, nature and levels of stigma and discrimination being suffered to ensure critical and targeted responses are provided to those affected and are at risk.

To facilitate this process, UNDP in collaboration with the Ghana Health Service (GHS) and the Commission for Human Rights and Administrative Justice (CHRAJ) is looking for a consultant to conduct a rapid assessment into the incidence of COVID-19 related stigma and discrimination in Ghana with focus on the following hotspot areas; Madina, Nima, Old Fadama, Mamobi, and Agbogbloshie.

II. SCOPE OF THE WORK

The consultant in collaboration with UNDP, GHS and CHRAJ will carry out a rapid assessment covering the following areas;

1. Identify populations described by sex, age and location disproportionately impacted by COVID-19-related stigma and discrimination
2. Identify and generate data in the forms, nature and levels of stigma and discrimination being suffered to ensure critical responses are provided to those affected and are at risk.
3. Identify the factors driving COVID 19 related stigma in the identified communities
4. Identify within the specific communities, stakeholders who can support the anti-stigma campaign and specific role they can play.
5. Identify the best mediums of communication through which the targeted population can be reached with anti-stigma messages
6. Identify Community Based or Faith Based organizations with the necessary capacity to host community safe spaces
7. Identify the most listened to Radio and TV stations by target communities to enable effective dissemination of anti-stigma messages
8. Identify coping mechanisms currently employed by persons facing COVID 19 related stigma

III. EXPECTED OUTPUTS AND DELIVERABLES

<table>
