Bid Bulletin No. 1
Subject: RFP/052/PHL-2020 UN75 Campaign

Dear All,

We are pleased to share the responses to queries received via email.

Inquiries/Clarifications	Reponse
1. Can you share with us a copy of the intended survey or is that something that still needs to be drafted?	The survey is available at: un75.online
2. What are the mechanics for the painting competition and will then agency serve as the secretariat as well for submissions?	The agency/contractor will help draft the mechanics and administer the contest, including serving as secretariat
3. What is the actual execution schedule as based on timeline it just indicates Aug. which starts by next week already. Would it be safe to assume the last week considering the planning and refining to be done?	We will adjust the dates accordingly.
4. May we also request for an extension of the submission as well in order for us to provide you a more comprehensive and well thought out proposal. We normally take time to come up with our pitches especially for campaigns like yours and it would be ideal if you can give us till the week of 10th Aug	We regret to inform you that we could not extend the deadline of submission of bids. Hence, submission via bid.ph@undp.org is still on 05 August 2020, close of business, Manila Time.

Please be guided accordingly.

Thank you.
