Starting Date:	September 2020 pending travel restrictions.
Duration of Initial Contract:	Up to 66 working day over a period of three months.

Background

Violent conflict has been ever-present in the Highlands region of Papua New Guinea (PNG). It has been on an increasing trajectory over the last 30 years seeing thousands of deaths, large numbers of displaced persons and widespread damage to property. This is placing substantial pressure on social stability and human development. Protracted conflicts have resulted in weak social systems, rudimentary service delivery and civil unrest. The political economy is deeply polarized and has undermined the legitimacy of Government and confidence in public institutions. Ultimately, these challenges have reinforced a culture of violence and threatened sustainable livelihoods. Exacerbated by poor governance, these highly fragile conditions pose complex challenges to achieving broad-based development in a country with systemically low development indicators overall.

The United Nations in PNG has designed a three-year Highlands Joint Programme (HJP) for Peace and Development. This programme will pursue three objectives. These are to:

- 1. Support the creation of peaceful conditions to enable achieving the Sustainable Development Goals in the Highlands.
- 2. Catalyse greater investments in equitable human development activities by the PNG Government, development partners and the private sector.
- 3. Support local aspirations for inclusive peace and development.

The HJP will initially target locations in Hela and Southern Highlands Provinces. Activities will be implemented in Enga subsequent to available resources. In Hela, communities in five priority LLGs identified in the Road Map will be targeted. These are:

- Komo Rural LLG (Komo-Magarima District)
- Hulia Rural LLG (Komo-Magarima District)
- Tagali Rural LLG (Tari-Pori District)
- Hayapuga Rural LLG (Tari-Pori District)
- South Koroba Rural LLG (Koroba-Kopiago District)

In Southern Highlands Province, Kagua-Erave, Nipa-Kutubu, and Mendi-Munihu districts have also been prioritized.

The HJP will be coordinated by UNDP. It will be delivered in close partnership with other UN agencies under the leadership of the United Nations Country Team and the UN's Resident Coordinator. The Highlands Joint Programme is convened and implemented under overall strategic guidance from the UN Resident Coordinator through the Steering Committee and other relevant mechanisms. UNDP will be accountable for the coordination of programme activities, delivering a range of technical inputs, and reporting and administrative functions where necessary. The National Coordination Consultant (Interim) will support a Programme Steering Committee which will be convened to provide strategic oversight of the HJP. To support these functions, UNDP is seeking a National Coordination Consultant (Interim). This consultancy will provide limited specific inputs for a short period to allow the HJP to proceed following a range of operational and administrative disruptions caused by COVID-19.

Working directly with the HJP's participating UN organizations (PUNO) and in close coordination with the Provincial Governments of Hela and Southern Highlands, the National Coordination Consultant (Interim) will support Programme coordinator to lead the field-based Programme Coordination and Management Team (PCMT). This team will facilitate the joint planning of activities, their delivery and the governance and monitoring of the overall HJP.

This consultancy will be based at the UN's Highlands Joint Field Office in Mendi (Southern Highlands) with significant time spent in Hela province as well.

Objectives:

The HJP was conceived as a means to sustain the incidental development gains made from the UN's humanitarian interventions following the February 2018 earthquake. The HJP will support the PNG Government and communities in addressing long overdue development needs in both Hela and Southern Highlands Provinces in the spirit of leaving no one behind while working across the humanitarian-development-peace nexus. The Programme Coordinator (Interim) will play a critical role in facilitating this.
