Project Description

The Government of Pakistan attaches highest priority to governance reform and innovation, which allows federal ministries, departments and agencies to deliver better services and improve performance to meet the expectations of its citizens. Public sector reforms feature as a key area on the current government's reform agenda as well. The Ministry of Planning, Development and Special Initiatives (MoPDSI) is collaborating with UNDP on a project titled: "Reforms and Innovation in Government for High Performance". Under this initiative, the government has undertaken various governance reforms and innovative measures for improving performance and service delivery and enhancing citizens' satisfaction.

A. Governance Research Series

The year 2020 marks multiple milestones in the governance trajectory of the country. This year Pakistan completes 10 years of a strategic and overarching constitutional development, i.e. 18th Amendment. The 7th National Finance Commission (NFC) Award, considered a paradigm shift in fiscal federalism in Pakistan has also completed 10 years of its implementation. Similarly, with 2002 Freedom of Information (FOI) Ordinance Pakistan also became first country in South Asia to have FOI legislation. Subsequently, FOI laws were promulgated in all four provinces.

To inform next generation reform agenda, UNDP-Pakistan intends to undertake a strategically focused research series to provide a comprehensive analysis to important governance initiatives, trace achievements and identify gaps. In this regard the constitutional and legal reforms occupy a central place in improving governance and service delivery.

B. Constitutional Reforms and Governance in Pakistan

Pakistan has a troubled history of constitutional development since its inception. The Government of India Act, 1935 was the first instrument to recognize the federal principle. It provided for three lists of legislative subjects, i.e. federal, provincial and concurrent. As provided in the Indian Independence Act, 1947, the Government of India Act, 1935 became the working Constitution of Pakistan. The first constitution adopted in 1956, 9 years after independence, continued with three lists of subjects, whereas 1962 and 1973 constitutions provided for one (federal) and two (federal and concurrent) lists respectively with the residual powers lying with the provinces. The federal tier under both the constitutions (1962 and 1973) had greater powers because of the extensive concurrent lists. The concurrent list was abolished in 2010 under the 18th Amendment.

Likewise, the powers and type of legislature also figured prominently in the debates on constitution formation. Since the Government of India Act, 1919 a bicameral legislature existed. However, Pakistan settled for a unicameral legislature, which continued till 1973 Constitution. Accommodating the demands of the provinces, the 1973 constitution provided for a bicameral legislature, i.e. comprising a popular chamber (the National Assembly) and a territorial chamber (the Senate).

Since the framing of the Constitution of 1973 five decades ago, a number of amendments have been made. Of these, the 18th Constitutional Amendment passed in April 2010 is considered to be the most significant attempt to revive the fundamental principles of 1973 Constitution. The 18th Constitutional Amendment redefined power structure both in terms of devolution to the sub-national level as well as a shift of powers from the executive to legislature and is considered to be a significant step toward restructuring the governance system in Pakistan.

Moreover, the 18th Amendment also mandated an elected local government system with devolved political, administrative and financial authority.

The most prominent feature envisaged by the 18th Amendment is the abolishment of concurrent list and devolution of the important subjects exclusively to the provinces, comprehensively empowering the provincial governments. The resultant expansion in the legislative and oversight mandate of provincial assemblies has made them far more relevant in the governance scheme than prior to the amendment. However the unfinished reform agenda asserted by absence of local governments, as primary agents of public service delivery, has reincarnated centralization at the provincial level and discontinued the devolution process. This has forestalled the emergence of an effective governance and created significant inefficiencies in public service delivery. The opportunities and challenges presented to governance and service delivery by the constitutional reforms in the past one decade warrant an insight into the existing policy framework and implementation mechanisms.

A cursory look at Pakistan's constitutional history reveals that 1973 constitution has proved to be more resilient. It has survived for five decades and two military-led governments, whereas the previous Constitutions of 1956 and 1962 was abrogated after relatively short periods of two and seven years respectively. Hence, an analysis of 1973 constitution comparing it with the previous constitutional arrangements as well as the amendments made post-1973 will enrich understanding of the underlying political dynamics and governance implications.

It will also help situate the recent constitutional amendments particularly the 18th Amendment in its political and institutional context. There is also a strong case to thoroughly assess the impact of the 18th Amendment on governance and service delivery and identify the implementation gaps and challenges faced by the federal and provincial governments. This assessment will help facilitate the next generation reform agenda, which is critically required to inform the current debates on shape and direction of the future legal and constitutional framework.

Scope of Work

This particular assignment seeks to engage the services of a highly accomplished expert on constitutional reforms and governance issues in Pakistan to conduct the first study in the series titled, "Constitutional Reforms and Governance in Pakistan: The Way Forward".

The main objective of the study is an analysis of the post-1973 constitutional reforms particularly the 18th Amendment keeping in view the impact on governance and service delivery. The findings and recommendations of the study will inform the future constitutional-legal reforms and policy framework covering the federal and provincial tiers.

Three key constitutional reform streams will be covered in the study:

1. Federalism and devolution to the provinces: It will be analyzed as to how devolution to the provinces has improved the performance of the governments and line ministries in terms of service delivery in critical devolved areas. Post-18th Amendment subordinate legislation and implementation mechanisms aimed at strengthening devolution will also be explored.

2. Elected local governance system. Under this stream, the research consultant will explore the status of the implementation of article 140.A as provided through the 18th Amendment. Since this provision mandates the establishment of an elected local government system and devolution of political, administrative and financial

responsibility to the local governments, the implementation status and resultant impact on service delivery will be explored.

3. Empowerment of Parliament and Provincial Assemblies. The amendments during the last two decades particularly the 18th amendment has empowered the legislative branch both at federal and provincial levels. The key question for analysis would be as to whether this empowerment has led to strengthening of the legislation and oversight functions of the Parliament and provincial assemblies. How these two key functions have served to improve service delivery function of executive through legislative oversight of policy implementation.

Given the overarching nature of changes that the constitutional amendments have brought in the basic law and their impact on governance institutions and processes, the research consultant will be expected to carry out the following activities:

1. Undertake a comprehensive analysis of the constitutional reforms post-1973 specifically taking into account the reform efforts in the past one decade with special emphasis on the 18th amendment;
2. Highlight 'lessons learned' emerging from the implementation of reforms as well as the reasons for under-implementation;
3. Regional and global experiences with constitutional reform efforts and specific country case studies to illustrate potential best practices and lessons and compare with the governance system envisaged by the recent constitutional reforms.

Once the Consultant is on board, an Inception Phase would be undertaken, entailing a consultative meeting with the stakeholder to help crystallize the thematic scope of the study. The final scope and detailed ToR will become part of the Inception Report.

The findings and recommendations of the study will inform the future constitutional-legal reforms and policy framework covering the federal and provincial tiers.

Three key constitutional reform streams will be covered in the study:

1. SUBCONTRACTORS: In the event that the Individual contractor requires the services of subcontractors to perform any obligations under the Contract, the Individual contractor shall obtain the prior written approval of UNDP for any such subcontractors. UNDP may, in its sole discretion, reject any proposed subcontractor or require such subcontractor's removal without having to give any justification therefore, and such rejection shall not entitle the Individual contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of its obligations under the Contract. The Individual contractor shall be solely responsible for all services and obligations performed by its subcontractors. The terms of any subcontract shall be subject to, and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.

8. USE OF NAME, EMBLEM OR OFFICIAL SEAL OF THE UNITED NATIONS: The Individual contractor shall not advertise or otherwise make public for purposes of commercial advantage or goodwill that it has a contractual relationship with UNDP, nor shall the Individual contractor, in any manner whatsoever, use the name, emblem or official seal of UNDP, or any abbreviation of the name of UNDP, in connection with its business or otherwise without the written permission of UNDP.

9. INDEMNIFICATION: The Individual contractor shall indemnify, defend, and hold and save harmless UNDP, and its officials, agents and employees, from and against all suits, proceedings, claims, demands, losses and liability of any kind or nature, including, but not limited to, all litigation costs and expenses, attorney's fees, settlement payments and damages, based on, arising from, or relating to: (a) allegations or claims that the use by UNDP of any patented device, any copyrighted material or any other goods or services provided to UNDP for its use under the terms of the Contract, in whole or in part, separately or in combination, constitutes an infringement of any patent, copyright, trademark or other intellectual property right of any third party; or (b) any acts or omissions of the Individual contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers' compensation.

10. INSURANCE: The Individual contractor shall pay UNDP promptly for all loss, destruction or damage to the property of UNDP caused by the Individual contractor, or of any subcontractor, or anyone directly or indirectly employed by them in the performance of the Contract. The Individual contractor shall be solely responsible for taking out and for maintaining adequate insurance required to meet any of its obligations under the Contract, as well as for arranging, at the Individual contractor's sole expense,

such life, health and other forms of insurance as the Individual contractor may consider to be appropriate to cover the period during which the Individual contractor provides services under the Contract. The Individual contractor acknowledges and agrees that none of the insurance arrangements the Individual contractor may make shall, in any way, be construed to limit the Individual contractor's liability arising under or relating to the Contract.

11. ENCUMBRANCES AND LIENS: The Individual contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with UNDP against any monies due to the Individual contractor or to become due for any work donor or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Individual contractor.

12. FORCE MAJEURE; OTHER CHANGES IN CONDITIONS: In the event of and as soon as possible after the occurrence of any cause constituting *force majeure*, the Individual contractor shall give notice and full particulars in writing to UNDP of such occurrence or cause if the Individual contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of *force majeure* or other changes in conditions or occurrence, the Individual contractor shall also submit a statement to UNDP of estimated expenditures that will likely be incurred for the duration of the change in conditions or the event. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract.

In the event of and as soon as possible after the occurrence of any cause constituting *force majeure*, the Individual contractor shall give notice and full particulars in writing to UNDP of such occurrence or cause if the Individual contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with its performance of the Contract. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract.

Force majeure as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, or any other acts of a similar nature or force, *provided that* such acts arise from causes beyond the control and without the fault or negligence of the Individual contractor. The Individual contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Individual contractor must perform in or for any areas in which UNDP is engaged in, preparing to engage in, or disengaging from any peacekeeping, humanitarian or similar operations, any delay or failure to perform such obligations arising from or relating to harsh conditions within such areas or to any incidents of civil unrest occurring in such areas shall not, in and of itself, constitute *force majeure* under the Contract

13. TERMINATION: Either party may terminate the Contract, in whole or in part, upon giving written notice to the other party. The period of notice shall be five (5) days in the case of Contracts for a total period of less than two (2) months and fourteen (14) days in the case of contracts for a longer period. The initiation of conciliation or arbitral proceedings, as provided below, shall not be deemed to be a "cause" for or otherwise to be in itself a termination of the Contract. UNDP may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that: (a) the Individual contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, applies for moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent; (b) the Individual contractor is granted a moratorium or a stay or is declared insolvent; the Individual

contractor makes an assignment for the benefit of one or more of its creditors; (c) a Receiver is appointed on account of the insolvency of the Individual contractor ; (d) the Individual contractor offers a settlement in lieu of bankruptcy or receivership; or (e) UNDP reasonably determines that the Individual contractor has become subject to a materially adverse change in its financial condition that threatens to endanger or otherwise substantially affect the ability of the Individual contractor to perform any of its obligations under the Contract.

In the event of any termination of the Contract, upon receipt of notice of termination by UNDP, the Individual contractor shall, except as may be directed by UNDP in the notice of termination or otherwise in writing: (a) take immediate steps to bring the performance of any obligations under the Contract to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum; (b) refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice; (c) deliver all completed or partially completed plans, drawings, information and other property that, if the Contract had been completed, would be required to be furnished to UNDP thereunder; (d) complete performance of the work not terminated; and (e) take any other action that may be necessary, or that UNDP may direct in writing, for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Individual contractor and in which UNDP has or may be reasonably expected to acquire an interest.

In the event of any termination of the Contract, UNDP shall only be liable to pay the Individual contractor compensation on a pro rata basis for no more than the actual amount of work performed to the satisfaction of UNDP in accordance with the requirements of the Contract. Additional costs incurred by UNDP resulting from the termination of the Contract by the Individual contractor may be withheld from any amount otherwise due to the Individual contractor from UNDP..

14. NON-EXCLUSIVITY: UNDP shall have no obligation respecting, and no limitations on, its right to obtain goods of the same kind, quality and quantity, or to obtain any services of the kind described in the Contract, from any other source at any time.

15. TAXATION: Article II, section 7, of the Convention on the Privileges and Immunities of the United Nations provides, *inter alia*, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of the United Nations from such taxes, restrictions, duties or charges, the Individual contractor shall immediately consult with UNDP to determine a mutually acceptable procedure. UNDP shall have no liability for taxes, duties or other similar charges payable by the Individual contractor in respect of any amounts paid to the Individual contractor under this Contract, and the Individual contractor acknowledges that UNDP will not issue any statements of earnings to the Individual contractor in respect of any such payments.

16. AUDITS AND INVESTIGATIONS: Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or by other authorized and qualified agents of UNDP at any time during the term of the Contract and for a period of two (2) years following the expiration or prior termination of the Contract. UNDP shall be entitled to a refund from the Individual contractor for any amounts shown by such audits to have been paid by UNDP other than in accordance with the terms and conditions of the Contract.

The Individual contractor acknowledges and agrees that, from time to time, UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, the obligations performed under the Contract, and the operations of the Individual contractor generally relating to performance of the Contract. The right of UNDP to conduct an investigation and the Individual contractor's obligation to comply with such an investigation shall not lapse upon expiration or prior termination of the Contract. The Individual contractor shall provide its full and timely cooperation with any such inspections, post-payment audits or investigations. Such cooperation shall include, but shall not be limited to, the Individual contractor's obligation to make available its personnel and any relevant documentation for such purposes at reasonable times and on reasonable conditions and to grant to UNDP access to the Individual contractor's premises at reasonable times and on reasonable conditions in connection with such access to the Individual contractor's personnel and relevant documentation.

The Individual contractor shall require its agents, including, but not limited to, the Individual contractor's attorneys, accountants or other advisers, to reasonably cooperate with any inspections, post-payment audits or investigations carried out by UNDP hereunder.

17. SETTLEMENT OF DISPUTES:

AMICABLE SETTLEMENT: UNDP and the Individual contractor shall use their best efforts to amicably settle any dispute, controversy or claim arising out of the Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law ("UNCITRAL"), or according to such other procedure as may be agreed between the parties in writing.

ARBITRATION: Any dispute, controversy or claim between the parties arising out of the Contract, or the breach, termination, or invalidity thereof, unless settled amicably, as provided above, shall be referred by either of the parties to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. For all evidentiary questions, the arbitral tribunal shall be guided by the Supplementary Rules Governing the Presentation and Reception of Evidence in International Commercial Arbitration of the International Bar Association, 28 May 1983 edition. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 ("Interim Measures of Protection") and Article 32 ("Form and Effect of the Award") of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate ("LIBOR") then prevailing, and any such interest shall be simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.

18. LIMITATION ON ACTIONS: Except with respect to any indemnification obligations in Article 9, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 17, above, arising out of the Contract must be commenced within three (3) years after the cause of action has accrued.

The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins,

19. PRIVILEGES AND IMMUNITIES: Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.
