AMENDMENT TO THE PROJECT DOCUMENT

EXTENDING THE PROJECT *ROADS2SDGs*

"PAVING THE ROADS TO THE SDGs THROUGH GOOD LOCAL GOVERNANCE"

A PARTNERSHIP BETWEEN

THE DEPARTMENT OF THE INTERIOR AND LOCAL GOVERNMENT (DILG)

AND

UNITED NATIONS DEVELOPMENT PROGRAMME (UNDP)

Reference is made to the Project Document (the "ProDoc") dated 29 December 2017 signed between the Department of the Interior and Local Government (DILG) and the United Nations Development Programme (UNDP), formalizing the DILG-UNDP partnership called **"Paving the roads to the SDGs Through Good Local Governance (Roads2SDGs)"** to assist the DILG in the implementation of the Conditional Matching Grant to the Provinces (CMGP), and as per UNDP Rules and Regulations, any modification to the ProDoc shall require an amendment in writing between both parties and duly signed by authorized representatives of the DILG and UNDP.

WHEREAS, both Parties have mutual appreciation on the imperative for the extension of the DILG-UNDP partnership in Roads2SDGs, due to the following reasons:

a) Administrative protocols had to be abided by, resulting to the postponement of the release and transfer of funds. Subsequently, the setting up of the Project Management Office was pushed back, and the Project only effectively took off on the 2nd semester of 2018 (not in January 2018, as desired in the Project Document);

b) Some of the identified deliverables (especially those on the development of systems) have gestation period beyond what was initially programmed in the Project Document;

c) In the course of the Partnership, several other needs were mutually identified leading to several new items being put forward for inclusion as among the deliverables of the Project;

d) The DILG-CMGP PMO and the UNDP-Roads2SDGs PMO jointly agreed to move the schedules of some planned activities (especially those involving PLGU participants) to later dates in consideration of the mid-term elections and the consequent local dynamics among local functionaries.

WHEREAS, timeline for key deliverables/activities below will continue and shall be completed until June 2020:
