Bidders Questions and Answers

No	Question	Answer
1	<p>Procurement Notice; Documents to be submitted; Design team (core team members + additional team members); table at page 2: "Topographer [...] Valid registration to the respective chamber"</p> <p>Our topographers-engineers have extensive experience in surveying, having executed such activities in a number of projects, yet they are registered in the Chamber of Engineers, not existing in Italy a technical chamber of topographers. Please confirm that such registration is valid for this position?</p>	<p>A valid registration from the relevant technical chamber is requested. If the professional registration of topographer is with the Chamber of Engineers, it is considered as the relevant technical chamber.</p>
2	<p>Procurement Notice; Documents to be submitted; Design team (core team members + additional team members); table at page 2: "Topographer – team leader"</p> <p>We understand that the topographer will hold the position of team leader only with reference to the activity of surveying. Please confirm?</p>	<p>The topographer will hold the position of team leader for the whole assignment and not only for the topographic services.</p>
