Note: if the email letters or archive files are not marked as per the instructions in this clause, the procuring UNDP entity will not assume responsibility for the Proposal’s misplacement or premature opening.

Services proposed shall be reviewed and evaluated based on completeness and compliance of the Proposal and responsiveness with the requirements of the RFP and all other annexes providing details of UNDP requirements.

The Proposal that meets all the evaluation criteria and offers the best value for money shall be selected and awarded the contract. Any offer that does not meet the requirements shall be rejected.

Any discrepancy between the unit price and the total price shall be re-computed by UNDP, and the unit price shall prevail and the total price shall be corrected. If the Service Provider does not accept the final price based on UNDP’s re-computation and correction of errors, its Proposal will be rejected.

No price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted by UNDP after it has received the Proposal. At the time of Award of Contract or Purchase Order, UNDP reserves the right to vary (increase or decrease) the quantity of services and/or goods, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

Any Contract or Purchase Order that will be issued as a result of this RFP shall be subject to the General Terms and Conditions attached hereto. The mere act of submission of a Proposal implies that the Service Provider accepts without question the General Terms and Conditions of UNDP, herein attached as Annex 3.

Please be advised that UNDP is not bound to accept any Proposal, nor award a contract or Purchase Order, nor be responsible for any costs associated with a Service Providers preparation and submission of a Proposal, regardless of the outcome or the manner of conducting the selection process.

UNDP’s vendor protest procedure is intended to afford an opportunity to appeal for persons or firms not awarded a Purchase Order or Contract in a competitive procurement process. In the event that you believe you have not been fairly treated, you can find detailed information about vendor protest procedures in the following link:

<https://www.undp.org/content/undp/en/home/procurement/business/protest-and-sanctions.html>

UNDP encourages every prospective Service Provider to prevent and avoid conflicts of interest, by disclosing to UNDP if you, or any of your affiliates or personnel, were involved in the preparation of the requirements, design, cost estimates, and other information used in this RFP.

UNDP implements a zero tolerance on fraud and other proscribed practices, and is committed to preventing, identifying and addressing all such acts and practices against UNDP, as well as third parties involved in UNDP activities. UNDP expects its Service Providers to adhere to the UN Supplier Code of Conduct found in this link:

I. BACKGROUND

The ongoing conflict in eastern Ukraine has had a direct and highly negative impact on social cohesion, resilience, livelihoods, community security, and the rule of law.

The United Nations Development Programme (UNDP) has been active and present in eastern Ukraine for the past decade, prior to the conflict, with a focus on community development, civil society development, and environmental protection. Work on addressing the specific conflict-related development challenges built on this earlier engagement, established partnerships, and started in 2015 through the United Nations Recovery and Peacebuilding Programme (UN RPP). The UN RPP is a multi-donor funded framework programme formulated and led by the UNDP in collaboration with the Government of Ukraine and in cooperation with a number of partnering UN agencies (UN Women, FAO, UNFPA). The RPP was designed to respond to, and mitigate, the causes and effects of the conflict in the east of Ukraine. It is an integral component of the UNDP Country Programme and is therefore fully aligned with the United Nations Partnership Framework (UNPF). The Programme's interventions are grouped under the following key Programme components, which reflect the region's priority needs:

Component 1: Economic Recovery and Restoration of Critical Infrastructure

Component 2: Local Governance and Decentralization Reform

Component 3: Community Security and Social Cohesion.

The Programme, which operates based on a pooled funding arrangement, follows a multi-sectoral programme-based approach and is implemented using an area-based methodology. With the current project, it is a unifying programmatic framework for 12 projects funded by 12 international partners in the conflict-affected areas in the east of Ukraine, with an overall budget of over USD 80 million.

One of the priority areas of work is to promote a cleaner environment in the conflict-affected areas through successful decentralized and participatory environmental protection under component 2.

For this purpose, UN RPP seeks a qualified company (Contractor) which will develop an environmental strategy and conducting a strategic environmental assessment of the future Toretsk Amalgamated Territorial Community (ATC).

This contract falls under the project “Good governance and citizens engagement for justice, security, environmental protection and social cohesion in eastern Ukraine” funded by the Swedish International Development Agency, Government of Denmark and the Swiss Development Cooperation.

II. MAIN GOALS AND OBJECTIVES

The main objective of the task is to implement a set of measures aimed at improving the level of environmental protection by developing an environmental strategy and conducting a strategic environmental assessment for the future Toretsk ATH.

Implementation of the planned activities will lead to the redistribution of local budget resources (environmental fund) to better reflect the priorities of the future community development, its environmental problems, as well as provide an opportunity to implement measures aimed at improving the environmental situation.

The Contractor should present the developed environmental strategy and conduct strategic environmental assessment of the Future Toretsk Amalgamated Territorial Community (Future Toretsk ATC). The areas of activity proposed by the Contractor should be adapted to the needs of the pilot hromada involved.

The key intentions of this task are as follows:

- Form a working group from active members of civil society and local authorities;
- Conduct a comprehensive **strategic environmental assessment (SEA)** of the future Toretsk ATH;
- Conduct public hearing on the results of the study to develop a common understanding and evaluation of the work carried out;
- Develop an environmental development strategy for the future Toretsk ATH;
- Conduct public hearing on the strategy to develop a common understanding and evaluation of the work carried out;
- Develop an environmental development program for 2021 for the future Toretsk ATH;
- Increase public influence in decision-making on the allocation of resources for activities related to environmental security and social cohesion in the hromada;
- Enhance cooperation between Civil society organization (CSOs) and local authorities and help them to establish links to work effectively on environmental security and social cohesion issues.

This Contractor's Technical Proposal should be designed for active members of civil society to effectively track local government spending, impacts and development projects in the area of environmental security and social cohesion. It should be achieved by developing a methodology for how civil society can have an impact on environmental security, and by effectively using the environmental fund in local government budgets.

It also aims to enhance synergies between CSOs at the local level to provide a stronger collective voice on the allocation and use of resources for environmental security and social cohesion.

In this regard, it is expected that the Contractor will provide:

- Building the environmental potential of the prospective hromada and raising awareness of CSOs. Specific objectives are: developing a methodology and subsequent strategic environmental assessment of the prospective hromada; developing an environmental strategy for the prospective hromada; conducting public hearings with local active members of civil society, local authorities and developing a common approach and vision for the environmental development program of the future Toretsk ATH; developing simple, user-friendly tools for using environmental tax revenues in the target hromada.

III. SCOPE OF WORK

Under the direct supervision of an Environmental Specialist, the company (contractor) will be responsible for the following key tasks:

1. Develop and agree with responsible UN RPP representatives a methodology for all planned studies and activities.
2. Form a working group of competent representatives of local authorities and local active members of civil society (at least 7 persons).
3. Develop and agree at the meeting of the working group a complete methodology for the task fulfillment, which includes the following: determination of the SEA scope, preparation of the SEA report, public hearing and consultations, recording of the results of public hearing and consultations.
4. Consult with the Department of Ecology and Natural Resources of the Donetsk Regional State Administration, the Main Department of the State Consumer Service in the Donetsk Region and other interested bodies, who will provide comments on the draft strategy and the SEA report.
5. Prepare and submit an application to the authorized bodies to determine the scope of SEA" - Law of Ukraine On Strategic Environmental Assessment (preparatory works)
6. Conduct a strategic environmental assessment (SEA) of the future Toretsk ATH. (The strategic environmental assessment should be carried out by the requirements of the Law of Ukraine "On Strategic Environmental Assessment" (hereinafter - the Law) and taking into account the provisions of the Methodological Recommendations for the implementation of strategic environmental assessment of state planning documents, approved by the Order of the Ministry of Ecology and Natural Resources of Ukraine № 296 of 10.08.2018, as well as the Directive 2001/42 / EU on environmental impact assessment of individual projects and programs).
7. Identify possible factors of anthropogenic and natural changes in the implementation of the Strategy for Environmental Development of the territorial community on the environment components, on safety and security, health and welfare of the population, assessment of the impact and risks of planned activities on the environment components, assessment of the danger and risks to public health, socio-economic impacts, waste management, transport, infrastructure development, aesthetic characteristics of the territory, use of landscapes for recreational purposes.
8. Adjust the SEA report, which includes:
 - characterization of the current state of the environment, current and future risks and its forecast changes, if the Environmental Development Strategy of hromada is not approved;
 - list of environmental problems and risks of the territory;
 - description of the consequences for the environment in the implementation of the Strategy's objectives, as well as other information provided by the Law on SEA.
9. Conduct public hearing (public discussion, Article 12,13,14 of the Law of Ukraine "On Strategic Environmental Assessment".) of SEA draft documentation, which will result in the collection of public proposals for SEA from local active members of civil society and local authorities.
10. Develop a final draft of SEA documentation, which will consider proposals and recommendations of the interested authorities and local citizens. After that the SEA Report will be submitted to the authorities for consideration and adoption;
11. Develop and coordinate at the working group meeting the methodology for writing an Environmental Development Strategy for the future Toretsk ATH, including:
 - strategic vision, missions and value systems;
 - system of strategic and operational goals;
 - possible development scenarios, selection of priority scenarios;
 - risks and threats
 - formalization of the Strategy implementation mechanism;
 - action plan for implementation of the Strategy;
 - the system of monitoring of the Strategy implementation;
 - the dates of publication of announcements and public hearings on strategy alignment have been agreed upon.

12. Submit a draft strategy to the working group for consideration, including:
 - analytical part - description of the current state of the environment, main trends in the environmental development of the future Toretsk ATH and monitoring results;
 - SWOT-analysis and characterization of comparative advantages, challenges, and risks of future development;
 - possible development scenarios;
 - risks and threats
 - strategic vision for the planned period;
 - strategic goals, development priorities of the future community for the respective period;
 - operational objectives, which should ensure that the strategic objectives are achieved;
 - main tasks, stages, and mechanisms of their implementation: institutional, organizational, financial support for the strategy implementation;
 - monitoring and evaluation system of the Environmental Development Strategy implementation of the hromada, including performance indicators of its goals and objectives;
 - conduct public hearings on the strategy with the hromada representatives (local active members of civil society and local authorities).
13. Develop an environmental development program for 2024 for hromada of Toretsk that meets the community needs, addresses identified risks and threats, recommendations of the Environmental Development Strategy and conclusions of the Strategic Environmental Assessment;
14. Conduct a round-table meeting with local authorities and other stakeholders to discuss and prioritize implementation of planned activities that implement the recommendations of the Strategy and the SEA report, assess the technical and financial capacity of the hromada of Toretsk to implement the set objectives.

The Contractor will be responsible for:

STEP 1: CONDUCT A STRATEGIC ENVIRONMENTAL ASSESSMENT OF THE FUTURE TORETSK ATH.

- Develop an action plan as well as a methodology for the task and agree with UNDP.
- Form a working group of competent local authorities and local active members of civil society (at least 7 persons). The list of participants of working group has to be approved by UNDP.
- Agree at the working group meeting on the full methodology of the task fulfillment, which will include the following: determination of the SEA scope, preparation of the SEA report including security and safety risks and threats identified to be addressed, conducting public discussions and consultations, considering the results of public discussions and consultations.
- Carry out a strategic environmental assessment of the future Toretsk ATH.
- Consult with the Department of Ecology and Natural Resources of Donetsk Regional State Administration, the Main Department of the State Consumer Service in Donetsk region and other interested bodies, which should be allowed to comment on the draft strategy and the SEA report.
- Prepare and submit to the authorized bodies an application on SEA volume determination.
- Conduct public hearing (public discussion, Article 12,13,14 of the Law of Ukraine "On Strategic Environmental Assessment") of SEA documentation, based on the results of which proposals of local authorities and the public for SEA will be collected (1 (one) day in Toretsk for at least 20 people).
- Develop the final draft of SEA documentation, which will include safety and security risks and threats identified to be addressed and consider the proposals and recommendations of the interested authorities and the public. VIII. EVALUATION CRITERIA / EVALUATION METHOD

Evaluation and comparison of proposals

A two-stage procedure is utilized in evaluating the proposals, with the evaluation of the technical proposal being completed prior to any price proposal being opened and compared. The price proposals will be opened only for submissions that passed the minimum technical score of 70% (or 490 points) of the obtainable score of 700 points in the evaluation of technical proposals.

In the First Stage, the technical proposal is evaluated on the basis of its responsiveness to the Terms of Reference (TOR) and as per Evaluation Criteria given below.

In the Second Stage, the price proposals of all offerors, who have attained a minimum 70% score in the technical evaluation, will be reviewed.

The overall evaluation will be completed in accordance with the cumulative analysis scheme, under which the technical and financial aspects will have pre-assigned weights on 70% and 30% of the overall score respectively. The lowest cost financial proposal (out of those technically compliant) will be selected as a baseline and allocated the maximum number of points obtainable for the financial part (i.e. 300). All other financial proposals will receive a number of points inversely proportional to their quoted price; e.g. 300 points x lowest price / quoted price.

The winning proposal will be the one with the highest number of points after the points obtained in both technical and financial evaluations, respectively, are added up. The contract will be devoted to the bidder that submitted the winning proposal.

IX. ESTIMATED COST OF ASSIGNMENT

Bidders should submit their proposals in the following format that indicates the all-inclusive fixed total contract price (lump sum) for all breakdown according to stage, types of services and schedule of their provision. All costs associated with the implementation of services should be included in the financial proposal.

Taking into account that purchase of services will be carried out as part of an international technical assistance project, price offers/invoices for payment must be presented without VAT.

A. Cost breakdown per deliverables

#	Activity	Percentage of Price (Weight for payment)	Price, without VAT (indicate currency)
1	Deliverable 1	10%	
2	Deliverable 2 and Deliverable 3	35%	
4	Deliverable 4	35%	
5	Deliverable 5 and Deliverable 6	20%	
TOTAL without VAT, (indicate currency)			

B. Cost Breakdown by Cost Component:

The Proposers are requested to provide the cost breakdown for the above given prices for each deliverable based on the following format. UNDP shall use the cost breakdown for price reasonability assessment purposes as well as for calculating the price in the event that both parties have agreed to add new deliverables to the scope of Services.

#	Activity/Costs	Unit	Quantity	Price per unit without VAT, (indicate currency)	Amount without VAT, (indicate currency)
