

Empowered lives.
Resilient nations.

REQUEST FOR PROPOSAL (RFP)

National Open Bidding	DATE: 19-October-2020
	REFERENCE: RFP-216-IND-2020

Dear Sir / Madam:

We kindly request to submit your proposal for “**Promoting bamboo and reed based sustainable livelihoods in the IHRML project landscape**”.

Please be guided by the form attached hereto as Annex 2, in preparing your Proposal.

- Annexure 1 – Description of Requirements
- Annexure 2 – Terms of Reference
- Annexure 3 – Form for submitting service provider’s Technical proposal
- Annexure 4 – Form for submitting service provider’s Financial proposal
- Annexure 5 – General Terms and Conditions of the Contract

Proposals may be submitted on or before the deadline indicated by UNDP in the e-tendering system. Proposals must be submitted in the online e-tendering system in the following link: <https://etendering.partneragencies.org> using your username and password. If you have not registered in the system before, you can register now by logging in using:

Username: event.guest

Password: why2change

.....and follow the registration steps as specified in the system user guide.

Your Proposal must be expressed in English language, and valid for a minimum period of One Hundred and Twenty (120) days.

You are kindly requested to indicate whether your company intends to submit a Proposal by clicking on “**Accept Invitation**”.

In the course of preparing and submitting your Proposal, it shall remain your responsibility to ensure that it submitted into the system by the deadline. The system will automatically block and not accept any bid after the deadline. Kindly ensure that supporting documents required are signed and in the .pdf format, and free from any virus or corrupted files.

The Financial Proposal and the Technical Proposal files MUST BE COMPLETELY SEPARATE and uploaded separately in the system and clearly named as either “TECHNICAL PROPOSAL” or “FINANCIAL PROPOSAL”, as appropriate. Each document shall include the Proposer’s name and address. The file with the “FINANCIAL PROPOSAL” must be encrypted with a password so that it cannot be opened nor viewed until the Proposal has been found to pass the technical evaluation stage. Once a Proposal has been found to be responsive by passing the technical evaluation stage, UNDP shall request the Proposer to submit the password to open the Financial Proposal. The Proposer shall assume the responsibility for not encrypting the financial proposal.

The Proposal that complies with all of the requirements, meets all the evaluation criteria and offers the best value for money shall be selected and awarded the contract. Any offer that does not meet the requirements shall be rejected.

Any discrepancy between the unit price and the total price shall be re-computed by UNDP, and the unit price shall prevail and the total price shall be corrected. If the Service Provider does not accept the final price based on UNDP’s re-computation and correction of errors, its Proposal will be rejected.

No price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted by UNDP after it has received the Proposal. At the time of Award of Contract or Purchase Order, UNDP reserves the right to vary (increase or decrease) the quantity of services and/or goods, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

Any Contract or Purchase Order that will be issued as a result of this RFP shall be subject to the General Terms and Conditions attached hereto. The mere act of submission of a Proposal implies that the Service Provider accepts without question the General Terms and Conditions of UNDP, herein attached as Annex 3.

Please be advised that UNDP is not bound to accept any Proposal, nor award a contract or Purchase Order, nor be responsible for any costs associated with a Service Providers preparation and submission of a Proposal, regardless of the outcome or the manner of conducting the selection process.

UNDP’s vendor protest procedure is intended to afford an opportunity to appeal for persons or firms not awarded a Purchase Order or Contract in a competitive procurement process. In the event that you believe you have not been fairly treated, you can find detailed information about vendor protest procedures in the following link:

<http://www.undp.org/content/undp/en/home/operations/procurement/protestandsanctions/>

UNDP encourages every prospective Service Provider to prevent and avoid conflicts of interest, by disclosing to UNDP if you, or any of your affiliates or personnel, were involved in the preparation of the requirements, design, cost estimates, and other information used in this RFP.

UNDP implements a zero tolerance on fraud and other proscribed practices, and is committed to preventing, identifying and addressing all such acts and practices against UNDP, as well as third parties involved in UNDP activities. UNDP expects its Service Providers to adhere to the UN Supplier Code of Conduct found in this link : http://www.un.org/depts/ptd/pdf/conduct_english.pdf

Thank you and we look forward to receiving your Proposal.

Yours sincerely,

Jagdish Singh
UNDP India

Description of Requirements

Context of the Requirement	<p>Bamboo, the giant grass, with more than 111 genera and about 1575 species, occur in a wide variety of soil and climatic conditions around the globe and play a critical role in providing ecological, livelihood and food security to mankind. In India, although bamboos occur throughout the country, the largest area under bamboo is in north-eastern India followed by the Western Ghats. There are about 1500 traditional uses of bamboo broadly classified under household, industry, weapons, energy, transportation, fisheries, agriculture, medicine and construction. In Kerala, 28 species of bamboo are found to occur. The main species are Bambusa bambos, Ochlandra travancorica, Dendrocalamus strictus and Dendrocalamus stocksii. Kerala has a large number of thin walled bamboos called reed bamboos (Ochlandra genera) which are used mainly for weaving by the traditional artisans. Reed bamboo is supplied to the artisans through the State Bamboo Corporation. A unique feature of the Kerala bamboo scene is that 67.3 % of the extracted bamboo comes from home gardens rather than from the forests. It is estimated that there are about a lakh people in the state dependent on bamboo for their livelihood. Data from the panchayats indicate that from the early seventies onwards there has been a great drain in the number of artisans from the sector to semi-skilled and unskilled jobs in the tertiary sectors like construction etc. However, in the recent past, due to heavy biotic pressure, the bamboo availability is getting declined not only from the forests but also from the homesteads. There is a serious concern among various sections in the society that if urgent attention is not paid on this, bamboo will go beyond the reach of common man.</p> <p>The traditional bamboo-based industry, which was an important source of employment to Marginalised Bamboo Dependent (MBDs) is now in a declining stage. A comparison between the basic characteristics of two bamboo-based production sectors involving the trained artisans and the MBDs has demonstrated that labour intensive techniques of production and value-added products ensure profitability and employment/ livelihood security. The economic potential highlights that the MBDs do not stand a chance in the face of stiff competition and the incidence of cheap substitutes. Although a few institutions like Kerala State Bamboo Corporation and co-operative societies were established for solving industry's problems, their interventions are not sufficient to make a large improvement in the conditions. There is an urgent need for an integrated approach in developing the bamboo sector.</p>
Implementing Partner of UNDP	Ministry of Environment, Forests & Climate Change
Brief Description of the Required Services	<p>The project intended to develop the bamboo sector in the project landscape which requires long-term, focused, consistent interventions and reforming the institutional systems. Aims is to provide complete support to the local communities dependent upon bamboo and reed-based livelihoods primarily in Adimali, Mankulam, Athirappilly and Kuttampuzha with required skilling, training, capacity building, equipping them with marketing strategies, enhancing the product quality and product lines, building institutional mechanisms and facilitating strong market linkages. The target group can include tribal community members, women, members from the SC community, low income groups etc</p>

<p>List and Description of Expected Outputs to be Delivered</p>	<p>Detailed list of activities to be carried out:</p> <ul style="list-style-type: none"> ● Undertaking participatory resource mapping The distribution of bamboo and reed resources in non-forest areas in private and public (community, panchayat, revenue etc.) lands need to be mapped and quantified in detail through participatory methods involving sector stakeholders and LSGI representatives with a view to assess the quantity and quality of the resource base as well as present and future sustainable availability for multiple use. The resource mapping should also assess the various Ecosystem Services (ES) provided by bamboos in the landscape in order to evolve a sustainable selective utilization and conservation plan for the panchayat. ● Establishing District-level Bamboo Nursery To establish a bamboo nursery to generate certified saplings of different species of bamboos and reeds suitable to be promoted for multiple uses in the different agroclimatic regions in the project area. The nursery should be established as per the norms of the National Bamboo Mission and in convergence with programmes of district/state level agencies. ● Undertaking skill mapping and imparting preliminary training workshops Conducting a detailed mapping of capabilities and assets (tools, physical infrastructure, networks etc.) of bamboo handicrafts in the project landscape and to identify gaps and needs for their sustainable scaling up. Initial orientation workshops may be conducted, and sample products made by the artisans can be checked. Preliminary training need assessment helps in identifying the value chain, livelihood options, entrepreneurial capability, skill requirements etc of the local community. Mapping the interest level of the members is also highly relevant. Conducting hands-on workshop for upgrading skills in environmental and structural applications of bamboo such as in (1) landslide mitigation, (2) river-bank stabilization and (3) construction of locally replicable structures etc. with the objective of creating new products and skilled entrepreneurial groups. ● Formation of artisan collectives and building institutional mechanism Conducting awareness meetings involving cluster-level stakeholders and district-level development agencies for organising Cluster Coordinating Agencies (CCA) preferable in 4 panchayats (Adimali, Mankulam, Kuttampuzha and Athirappilly) and district-level Bamboo Development Agency (BDA) (in Idukki, Ernakulam and Thrissur districts). Forming artisan collectives and building required institutional mechanism forms one of the important components of the assignment. The institutional mechanism can be but not limited to the existing societies, or a new system can be developed. Necessary guidance needs to be given to the local community in terms of setting up of the system, operations, administration including day to day functions etc. It includes orienting the group members towards financial and enterprise management, basic accounting procedures and other components relevant for the smooth functioning. The implementation partner will facilitate the collectives and the institutional mechanism developed in obtaining relevant permissions, certifications, accreditations, license, registrations required to undertake the business operations. ● Facilitating necessary infrastructure facilities and equipments Certain allocation for facilitating necessary infrastructure facilities, tools, and equipments needs to be done by the respective implementation partner. This can be done in convergence with the allocations done by Grama Panchayat, Kudumbashree District Mission, Kerala State Bamboo Corporation, TRIFED etc.
---	---

- **Ensuring product quality and enhancing the product lines**

The premium quality of the products is a prerequisite for improving the market demand, along with enhancing the product lines. The operations may kickstart with the interventions in handicraft related products and can move forward to include making of furniture, office spaces, interior designing related etc. Kannadipaya or Mirror Mat from the IHRML landscape can be branded as a peculiar product, with possibilities to consider for geo-tagging. Design and product diversification training and pilot testing of the products in the potential market is a key activity here.

- **Facilitating strong market linkages and orientation of specific interest groups from the community towards building market channels**

Establishing strong set of market channels is a key factor to consider here. It was learned from the interactions with the community members that most of the engagements used to end with a one-time training workshop with no further handholding support. It is important to have exclusive support in terms of reaching out to potential customers, especially the high-end ones to get established in the market. The prospective customers can include various hotels, resorts, corporates, kudumbashree bazar outlets, TRIFED outlets etc. It is highly essential to orient a set of community members to establish and sustain their market channels and strategies required for that. Market development includes complete handholding of the local community in terms of branding of the products as well as the geographical features, extensive promotional activities etc. It is essential to have dedicated and exclusives teams for marketing, institutional building & operations, and enhancing local community participation.

- **Conducting panchayat-level awareness trainings/ exposure visits etc and mapping the convergence possibilities**

Creating tools and programmes for awareness building among LSGI office-bearers, elected representatives, farmers, artisans and other stakeholders on bamboo-based development opportunities. The various convergence possibilities need to be mapped by the implementation partner to identify other Government departments, Non-government organizations, start-ups, UNDP-IHRML project activities, other projects etc involved in the similar line of activities. Exposure visit (for example to Gadichiroli district in Maharashtra) for LSGI members and tribal community representatives for understanding minor forest produce conservation and utilization model in Community Forest Rights (CFR) areas.

- **Expected Output**

- Direct: Reaching out to a minimum of 40 artisans involved in bamboo and reed-based livelihoods who are economically and socially excluded
- Indirect: Reaching out to a minimum of 100 community members in terms of training, capacity building, institutional mechanisms, market linkages etc
- Minimum number of potential institutional (Government, Non-Government and Private) customers to be reached out and engaged on a long term: 10
- Women participation and active involvement is to be ensured at 50% of the total participants each in the areas of training workshops, marketing & institutional building, artisan collectives etc.
- A minimum of 10% increase in the average income of the target

	group/s of local community members		
Person to Supervise the Work/Performance of the Service Provider	State Project Officers and National Project officer, IHRML team		
Frequency of Reporting	As per deliverables		
Progress Reporting Requirements	Electronic Reports		
Location of work	Adimali, Mankulam, Athirappilly and Kuttampuzha		
Expected duration of work	12 months		
Target start date	December 5, 2020		
Latest completion date	December 4, 2021		
Travels Expected	Travel as per the requirement of ToR.		
Special Security Requirements	<input checked="" type="checkbox"/> Others [Not Applicable]		
Facilities to be Provided by UNDP (i.e., must be excluded from Price Proposal)	<input checked="" type="checkbox"/> Others [Not Applicable]		
Implementation Schedule indicating breakdown and timing of activities/sub-activities	<input checked="" type="checkbox"/> Required		
Names and curriculum vitae of individuals who will be involved in completing the services	<input checked="" type="checkbox"/> Required		
Currency of Proposal	<input checked="" type="checkbox"/> Indian Rupees (INR)		
GST on Price Proposal	<input checked="" type="checkbox"/> must be exclusive of GST, which will be paid extra as applicable		
Validity Period of Proposals (Counting for the last day of submission of quotes)	<input checked="" type="checkbox"/> 12 Months In exceptional circumstances, UNDP may request the Proposer to extend the validity of the Proposal beyond what has been initially indicated in this RFP. The Proposal shall then confirm the extension in writing, without any modification whatsoever on the Proposal.		
Partial Quotes	<input checked="" type="checkbox"/> Not permitted		
Payment Terms	Outputs	Percentage	Condition for Payment Release

	As per Annexure-II	Within thirty (30) days from the date of meeting the following conditions: a) UNDP's written acceptance (i.e., not mere receipt) of the quality of the outputs; and b) Receipt of invoice from the Service Provider.
Person(s) to review/inspect/ approve outputs/completed services and authorize the disbursement of payment	State Project Officers and National Project officer, IHRML team.	
Type of Contract to be Signed	<input checked="" type="checkbox"/> Contract for Services	
Criteria for Contract Award	<input checked="" type="checkbox"/> Compliance on Preliminary Examination of Proposals <input checked="" type="checkbox"/> Compliance on Essential Eligibility/Qualification requirements <input checked="" type="checkbox"/> Highest Combined Score (based on the 70% technical offer and 30% price weight distribution). The minimum technical score required to pass is 70%. <input checked="" type="checkbox"/> Full acceptance of the UNDP Contract General Terms and Conditions (GTC). This is a mandatory criterion and cannot be deleted regardless of the nature of services required. Non-acceptance of the GTC may be grounds for the rejection of the Proposal.	
Criteria for Preliminary Examination of Proposals	1. Technical proposal is submitted separately from Financial Proposal 2. Financial proposal must be password protected. If not, proposal will get rejected. 3. Latest Certificate of Registration of Business submitted 4. Is the Offeror, or any of its joint venture member, included in UN Security Council 1267 List and List of Suspended and Removed Vendors	
Criteria for Essential Eligibility/Qualification	Criteria	Supporting Document/s
	<ul style="list-style-type: none"> The organization needs to have in-depth demonstrated experience of At least 7 years in training, capacity building, developing institutional mechanisms and market channels in the areas of bamboo and reed-based handicrafts and other related products, in 	Agency profile and copy of relevant contracts/ work order/completion certificate as proof of experience in the required areas.
	<ul style="list-style-type: none"> The organisation should have 5 years of experience in setting 	Copy of relevant contracts/ work order/completion

	<p>up Bamboo nursery and have experience in various areas of bamboo like handicraft, furniture etc..</p> <ul style="list-style-type: none"> The Team Leader should have 5 Years of experience in working with local self-government bodies (Grama Panchayat) and other relevant departments at the community level. 	certificate as proof of experience in the required areas
Criteria for the Assessment of Proposal	<p><u>Technical Proposal (70%)</u></p> <p><input checked="" type="checkbox"/> Expertise/experience (Similar Work) of the firm (15 marks)</p> <p><input checked="" type="checkbox"/> Proposed work plan/methodology (25 marks)</p> <p><input checked="" type="checkbox"/> Qualification and experience of Key Personnel (30 Marks)</p> <p>1. Team Leader</p> <p>2. Field Co-ordinator</p> <p>3. Expert for training and capacity building</p> <p>Proposers are required to submit CV and credentials in the proposal.</p> <p><u>Financial Proposal (30%)</u></p> <p>To be computed as a ratio of the Proposal's offer to the lowest price among the proposals received by UNDP.</p> <p>Financial proposal must be submitted separately, and password protected.</p>	
UNDP will award the contract to:	<input checked="" type="checkbox"/> One and only one Service Provider	
Deadline of Bid Submission	<p>Date and Time: As specified in the system (note that time zone indicated in the system is New York Time zone).</p> <p><u>PLEASE NOTE: -</u></p> <p>1. Date and time visible on the main screen of event (on e-tendering portal) will be final and prevail over any other closing time indicated elsewhere in case they are different. Please also note that the bid closing time shown in the PDF file generated by the system is not accurate due to a technical glitch that we will resolve soon. The correct bid closing time is as indicated in the e-tendering portal and system will not accept any bid after that time. It is the responsibility of the bidder to make sure bids are submitted within this deadline. UNDP will not accept any bid that is not submitted directly in the system.</p> <p>2. Try to submit your bid a day prior or well before the closing time. Do not wait until last minute. If you face any issue submitting your bid at the last minute, UNDP may not be able to assist.</p>	
Conditions and Procedures	<input checked="" type="checkbox"/> One file, containing Technical proposal (including CVs,	

for electronic submission and opening, if allowed	<p>registration certificate and all supporting documents).</p> <p><input checked="" type="checkbox"/> One file, containing Financial Proposal (password encrypted). Password <u>must</u> not be provided to UNDP until it is formally requested by UNDP focal point.</p> <p>Note: We prefer uploading of pdf version of files on the eTendering portal. If one file is too bulky, may split into 4-5 files.</p>
Contact Person for Inquiries (Written inquiries only)	<p>Jagdish Singh</p> <p>Email: jagdish.singh@undp.org</p> <p>Any delay in UNDP's response shall be not used as a reason for extending the deadline for submission, unless UNDP determines that such an extension is necessary and communicates a new deadline to the Proposers.</p>
Who can apply	<p>Proposals are invited from the institutions/organizations only.</p> <p>Proposal submitted by Individuals will not be accepted.</p>

Terms of Reference**“Promoting bamboo and reed based sustainable livelihoods in the IHRML project landscape”**

Location: Adimali, Mankulam, Athirappilly and Kuttampuzha

Duration of the assignment: 12 months from the date of award of contract

• Background

The Anchunad and adjoining landscape of Southern Western Ghats is highly significant in terms of its ecological and cultural diversity, socio economic profile and development trajectory. The escalating development pressures on the ecosystems primarily resulted in the formation of isolated habitats in a mosaic of land uses, degradation of the natural resources and high vulnerability to climate change. In this context of people’s dependence on natural resources for their life sustenance and confrontation in resource management and economic production, the mainstreaming of biodiversity conservation by identifying the gaps in existing policy framework and institutional arrangements are important.

The Ministry of Environment, Forest & Climate Change (MOEFCC) and the United Nations Development Programme (UNDP) through funding from Global Environment Facility (GEF) supports the implementation of the project “SUSTAINABLE LIVELIHOOD AND BIODIVERSITY CONSERVATION THROUGH MULTIUSE MANAGEMENT OF ANCHUNAD AND ADJOINING LANDSCAPE” with the objective to protect biodiversity of the High Range Mountain Landscape of the southern Western Ghats in peninsular India from existing and emergent threats through building an effective collaborative governance framework for multiple use management and also building adequate capacity with the people, and functionaries working in the landscape for observations, appreciation planning for resilience towards climatic change, and disaster risk reduction and management. At the landscape level, Haritha Keralam Mission is the special purpose vehicle for implementation of the project. The Kerala State Forests and Wildlife Department has been entrusted the responsibility for carrying out activities in the forested areas. The project area consists of 11 Grama Panchayats, covering an area of 2198.78 sq. km, spread across 4 Block Panchayaths of 3 districts – Idukki, Ernakulam and Thrissur. The Grama Panchayaths have been segregated into 4 clusters:

Munnar Cluster – Chinnakanal, Munnar and Devikulam

Anchunad Cluster – Vattavada, Kanthalloor and Marayoor

Edamalakkudy Cluster – Edamalakkudy

Kuttampuzha Cluster – Mankulam, Adimali, Kuttampuzha and Athirappilly

The project brings in a landscape and cross sectoral approach to sustainable development and biodiversity conservation in planning, capacity building, piloting models and conducting one-time activities.

The key outcomes expected out of the project are:

1. Strengthened capacities for community based sustainable use and management of natural resources
2. Multiple use management is applied to secure the ecological integrity of the high range landscape
3. Appropriate and effective governance framework for multiple-use high range landscape management evolved

• Rationale of the assignment:

As part of the previous study on mapping the bamboo sector in the project landscape, visits were conducted to four panchayats in the HRML project area – Adimali and Mankulam panchayats in Idukki district and Kuttampuzha panchayat in Ernakulam district and Athirappilly panchayat in Thrissur district. In these panchayats, brief discussions were held with the reed mat weavers belonging to Muthuvan and Mannan communities; migrant Tamil artisan families; members of cooperative societies involved in bamboo craft; artisanal households/groups; elected representatives and officials of panchayats; social workers associated with the bamboo sector etc.

The brief discussions with people indicated the multitude of hardships faced by the main stakeholders – primarily the middle-aged and aged women members of the economically and socially downtrodden scheduled caste and scheduled tribe communities who toil for long hours weaving mats and baskets to

earn a paltry additional sustenance income for the family. Despite many of them possessing high levels of skills in weaving reeds into fine and exquisite mats called “kannadi paya” (Mirror Mat), a unique product of the IHRML landscape with potential to earn a geo-tag and fetch sizeable incomes.

Some of the important observations made by the previous baseline study on the bamboo sector resources and value chains in the project area commissioned as part of the IHRML project as well as other studies include the following:

1. While the recognition of bamboo (including reeds) as a resource for ecologically, socially and economically sustainable development has grown internationally, the potential of bamboo remains unrecognized and underutilized in India and Kerala and, more specifically, in the IHRML project area.
2. Present value perceptions regarding bamboo are constrained by non-availability of credible quantitative and qualitative data on the resource base, the user groups and the multiple uses of these resources. Bamboo resource assessments carried out presently through the Dept. of Forest do not capture the true values of bamboo, available in forest and non-forest ecosystems, in both quantitative and qualitative terms. There is a need to adopt participatory methods for mapping of resource distribution, inventorying resource quantity and quality, and conducting social surveys of resource use. These should be the starting points for evolving a local self-government-level, stakeholder driven and sustainable governance system for bamboo resources.
3. The ecological and cultural values of bamboo need to be promoted for multiple-use management of landscapes. Specific programmes to use bamboo for restoration of degraded lands, soil and slope stabilization, risk reduction and mitigation of landslides and floods, climate change adaptation etc. need to be taken up.
4. Bamboo cultivation and bamboo-based agroforestry models need to be promoted.
5. There are mismatches between perceptions, priorities and programmes of different agencies in the bamboo sector, necessitating a concerted effort to coordinate the institutional processes and organizational structures. Dedicated cluster-level and district-level agencies need to be set up for better coordination of activities in the sector.
6. Handicrafts, predominantly making woven products using reed bamboo, remains a major livelihood activity in the project landscape, with several artisans possessing high levels of weaving skills. Nevertheless, the bamboo handicraft sector in the landscape is severely inhibited by supply side (production) and marketing constraints and inadequate policy support. The constraints can be summed up as fragmented, unstructured and often individualized production systems, low level equipment application, low production levels, lack of specialization, inconsistent product standardization, low design and quality, inadequate design skills, absence of vocational and business development training, insufficient market information and dissemination, lack of appreciation of market preferences and requirements, inadequate support for marketing and promotion, and poor or no packaging etc. In order to be sustainable, the sector requires long-term, focused, consistent interventions and reforming the institutional systems.

Institutional networks:

The roles played by a large number of institutions in the bamboo sector as well as the mismatch between their perceptions, priorities and programmes have been studied by several authors. The institutional forms that govern the bamboo sector include the local organizational forms of the artisan groups (the tribal ‘*oorukoottam*’, the grama sabha, the self-help-group networks in the villages etc.); the “dormant” and the active cooperative societies; various arms of the district administration; the department of industry and commerce; the forest department and its apparently participatory forest management systems; sector-specific institutions such as the Handicraft Development Corporation and the Artisans Development Corporation; the Kerala State Bamboo Corporation and the Kerala State Bamboo Mission etc. The roles of financial institutions and marketing institutions in promoting the livelihood of the bamboo sector people too have to be put in perspective. Within this abundance of institutions, what role the Grama

panchayats can play in ensuring ecologically sustainable economic development of the bamboo sector in the project area has not been paid much attention so far.

- **Objective:**

Overall objective is to develop the bamboo sector in the landscape which requires long-term, focused, consistent interventions and reforming the institutional systems. Aims is to provide complete support to the local communities dependent upon bamboo and reed-based livelihoods primarily in Adimali, Mankulam, Athirappilly and Kuttampuzha with required skilling, training, capacity building, equipping them with marketing strategies, enhancing the product quality and product lines, building institutional mechanisms and facilitating strong market linkages. The target group can include tribal community members, women, members from the SC community, low income groups etc.

- **Summary of tasks:**

- Undertaking participatory resource mapping
- Establishing District-level Bamboo Nursery
- Undertaking skill mapping and conducting skill trainings for broad-basing livelihood opportunities
- Formation of artisan clusters and building institutional mechanism
- Facilitating necessary infrastructure facilities and equipment's and ensuring product quality and enhancing the product lines
- Facilitating strong market linkages and orientation of specific interest groups from the community towards building market channels
- Mapping the convergence possibilities and conducting panchayat-level awareness trainings/exposure visits

- **Detailed list of activities to be carried out (Scope of Work):**

- **Undertaking participatory resource mapping**

The distribution of bamboo and reed resources in non-forest areas in private and public (community, panchayat, revenue etc.) lands need to be mapped and quantified in detail through participatory methods involving sector stakeholders and LSGI representatives with a view to assess the quantity and quality of the resource base as well as present and future sustainable availability for multiple use. The resource mapping should also assess the various Ecosystem Services (ES) provided by bamboos in the landscape in order to evolve a sustainable selective utilization and conservation plan for the panchayat.

- **Establishing District-level Bamboo Nursery**

To establish a bamboo nursery to generate certified saplings of different species of bamboos and reeds suitable to be promoted for multiple uses in the different agroclimatic regions in the project area. The nursery should be established as per the norms of the National Bamboo Mission and in convergence with programmes of district/state level agencies.

- **Undertaking skill mapping and imparting preliminary training workshops**

Conducting a detailed mapping of capabilities and assets (tools, physical infrastructure, networks etc.) of bamboo handicrafts in the project landscape and to identify gaps and needs for their sustainable scaling up. Initial orientation workshops may be conducted, and sample products made by the artisans can be checked. Preliminary training need assessment helps in identifying the value chain, livelihood options, entrepreneurial capability, skill requirements etc of the local community. Mapping the interest level of the members is also highly relevant. Conducting hands-on workshop for upgrading skills in environmental and structural applications of bamboo such as in (1) landslide mitigation, (2) river-bank stabilization and (3) construction of locally replicable structures etc. with the objective of creating new products and skilled entrepreneurial groups.

- **Formation of artisan collectives and building institutional mechanism**

Conducting awareness meetings involving cluster-level stakeholders and district-level development agencies for organising Cluster Coordinating Agencies (CCA) preferable in 4 panchayats (Adimali, Mankulam, Kuttampuzha and Athirappilly) and district-level Bamboo Development Agency (BDA) (in

Idukki, Ernakulam and Thrissur districts). Forming artisan collectives and building required institutional mechanism forms one of the important components of the assignment. The institutional mechanism can be but not limited to the existing societies, or a new system can be developed. Necessary guidance needs to be given to the local community in terms of setting up of the system, operations, administration including day to day functions etc. It includes orienting the group members towards financial and enterprise management, basic accounting procedures and other components relevant for the smooth functioning.

The implementation partner will facilitate the collectives and the institutional mechanism developed in obtaining relevant permissions, certifications, accreditations, license, registrations required to undertake the business operations.

- **Facilitating necessary infrastructure facilities and equipments**

Certain allocation for facilitating necessary infrastructure facilities, tools, and equipments needs to be done by the respective implementation partner. This can be done in convergence with the allocations done by Grama Panchayat, Kudumbashree District Mission, Kerala State Bamboo Corporation, TRIFED etc.

- **Ensuring product quality and enhancing the product lines**

The premium quality of the products is a prerequisite for improving the market demand, along with enhancing the product lines. The operations may kickstart with the interventions in handicraft related products and can move forward to include making of furniture, office spaces, interior designing related etc. Kannadipaya or Mirror Mat from the IHRML landscape can be branded as a peculiar product, with possibilities to consider for geo-tagging. Design and product diversification training and pilot testing of the products in the potential market is a key activity here.

- **Facilitating strong market linkages and orientation of specific interest groups from the community towards building market channels**

Establishing strong set of market channels is a key factor to consider here. It was learned from the interactions with the community members that most of the engagements used to end with a one-time training workshop with no further handholding support. It is important to have exclusive support in terms of reaching out to potential customers, especially the high-end ones to get established in the market. The prospective customers can include various hotels, resorts, corporates, kudumbashree bazar outlets, TRIFED outlets etc. It is highly essential to orient a set of community members to establish and sustain their market channels and strategies required for that. Market development includes complete handholding of the local community in terms of branding of the products as well as the geographical features, extensive promotional activities etc. It is essential to have dedicated and exclusives teams for marketing, institutional building & operations, and enhancing local community participation.

- **Conducting panchayat-level awareness trainings/ exposure visits etc and mapping the convergence possibilities**

Creating tools and programmes for awareness building among LSGI office-bearers, elected representatives, farmers, artisans and other stakeholders on bamboo-based development opportunities. The various convergence possibilities need to be mapped by the implementation partner to identify other Government departments, Non-government organizations, start-ups, UNDP-IHRML project activities, other projects etc involved in the similar line of activities. Exposure visit (for example to Gadchiroli district in Maharashtra) for LSGI members and tribal community representatives for understanding minor forest produce conservation and utilization model in Community Forest Rights (CFR) areas.

- **Expected Output**

- Direct: Reaching out to a minimum of 40 artisans involved in bamboo and reed-based livelihoods who are economically and socially excluded
- Indirect: Reaching out to a minimum of 100 community members in terms of training, capacity building, institutional mechanisms, market linkages etc
- Minimum number of potential institutional (Government, Non-Government and Private) customers to be reached out and engaged on a long term: 10
- Women participation and active involvement is to be ensured at 50% of the total participants each in the areas of training workshops, marketing & institutional building, artisan collectives etc.

- A minimum of 10% increase in the average income of the target group/s of local community members
- **Deliverables**
- Inception report indicating the work plan and strategy to adopt
- First progress report after the participatory resource mapping, preliminary skill mapping and assessment of the community members in the making of products using bamboo and reed along with an orientation workshop
- Second progress report after forming artisan collectives and skill training workshops, along with orientation towards building market channels
- Third progress report after facilitating necessary infrastructure and institutional mechanisms in place
- Final report indicating the developing strong market linkages, impact created and further steps to undertake

- **Deliverables & Payment Schedule:**

	Deliverables	Duration from signing of Contract	Percentage of Total Contract Amount
1	Inception report detailing the work plan and strategy	Within 10 days	25%
2	First Progress Report	Within 2 months	25%
3	Second Progress Report	Within 4 months	25%
4	Third Progress Report	Within 8 months	15%
5	Final Progress Report	Within 12 months	10%

**FORM FOR SUBMITTING SERVICE PROVIDER'S
TECHNICAL PROPOSAL**
**(This Form must be submitted only using the Service Provider's Official
Letterhead/Stationery¹)**

[insert: Location].

[insert: Date]

To: [insert: Name and Address of UNDP focal point]

Dear Sir/Madam:

We, the undersigned, hereby offer to render the following services to UNDP in conformity with the requirements defined in the RFP dated [specify date] , and all of its attachments, as well as the provisions of the UNDP General Contract Terms and Conditions :

A. Qualifications of the Service Provider

The Service Provider must describe and explain how and why they are the best entity that can deliver the requirements of UNDP by indicating the following:

- a) Profile – describing the nature of business, field of expertise, licenses, certifications, accreditations;
- b) Business Licenses – Registration Papers, Tax Payment Certification, etc.
- c) Track Record – list of clients for similar services as those required by UNDP, indicating description of contract scope, contract duration, contract value, contact references;
- d) Certificates and Accreditation – including Quality Certificates, Patent Registrations, Environmental Sustainability Certificates, etc.
- e) Written Self-Declaration that the company is not in the UN Security Council 1267/1989 List, UN Procurement Division List or Other UN Ineligibility List.

B. Proposed Work plan and creative approach for the Completion of Services

¹ Official Letterhead/Stationery must indicate contact details – addresses, email, phone and fax numbers – for verification purposes

The Service Provider must describe how it will address/deliver the demands of the RFP; providing a detailed description of the essential performance characteristics, reporting conditions and quality assurance mechanisms that will be put in place, while demonstrating that the proposed methodology will be appropriate to the local conditions and context of the work.

C. Qualifications of Key Personnel

The Service Provider must provide:

- a) Names and qualifications of the key personnel that will perform the services indicating who is team leader, key personnel, who are supporting, etc.;
- b) CVs demonstrating qualifications must be submitted if required by the RFP; and
- c) Written confirmation from each personnel that they are available for the entire duration of the contract.

**GENERAL TERMS AND CONDITIONS
FOR CONTRACTS**

This Contract is between the United Nations Development Programme, a subsidiary organ of the United Nations established by the General Assembly of the United Nations (hereinafter “UNDP”), on the one hand, and a company or organization indicated in the Face Sheet of this Contract (hereinafter the “Contractor”), on the other hand.

1. LEGAL STATUS OF THE PARTIES: UNDP and the Contractor shall be referred to as a “Party” or, collectively, “Parties” hereunder, and:

1.1 Pursuant, *inter alia*, to the Charter of the United Nations and the Convention on the Privileges and Immunities of the United Nations, the United Nations, including its subsidiary organs, has full juridical personality and enjoys such privileges and immunities as are necessary for the independent fulfilment of its purposes.

1.2 The Contractor shall have the legal status of an independent contractor *vis-à-vis* UNDP, and nothing contained in or relating to the Contract shall be construed as establishing or creating between the Parties the relationship of employer and employee or of principal and agent. The officials, representatives, employees, or subcontractors of each of the Parties shall not be considered in any respect as being the employees or agents of the other Party, and each Party shall be solely responsible for all claims arising out of or relating to its engagement of such persons or entities.

2. OBLIGATIONS OF THE CONTRACTOR:

2.1 The Contractor shall deliver the goods described in the Technical Specifications for Goods (hereinafter the “Goods”) and/or perform and complete the services described in the Terms of Reference and Schedule of Payments (hereinafter the “Services”), with due diligence and efficiency, and in accordance with this Contract. The Contractor shall also provide all technical and administrative support needed in order to ensure the timely and satisfactory delivery of the Goods and/or performance of the Services.

2.2 To the extent that the Contract involves any purchase of the Goods, the Contractor shall provide UNDP with written evidence of the delivery of the Goods. Such evidence of delivery shall, at the minimum, consist of an invoice, a certification of conformity, and other supporting shipment documentation as may otherwise be specified in the Technical Specifications for Goods.

2.3 The Contractor represents and warrants the accuracy of any information or data provided to UNDP for the purpose of entering into this Contract, as well as the quality of the deliverables and reports foreseen under this Contract, in accordance with the highest industry and professional standards.

2.4 All time limits contained in this Contract shall be deemed to be of the essence in respect of the performance of the delivery of the Goods and/or the provision of the Services.

3. LONG TERM AGREEMENT: If the Contractor is engaged by UNDP on the basis of a long-term agreement (“LTA”) as indicated in the Face Sheet of this Contract, the following conditions shall apply:

3.1 UNDP does not warrant that any quantity of Goods and/or Services shall be ordered during the term of the LTA.

3.2 Any UNDP business unit, including, but not limited to, a Headquarters unit, a Country Office or a Regional Centre, as well as any United Nations entity, may benefit from the retainer and order Goods and/or Services from the Contractor hereunder.

3.3 The Contractor shall provide the Services and/or deliver the Goods, as and when requested by UNDP and reflected in a Purchase Order, which shall be subject to the terms and conditions stipulated in this Contract. For the avoidance of doubt, UNDP shall acquire no legal obligations towards the Contractor unless and until a Purchase Order is issued.

3.4 The Goods and/or Services shall be at the Discount Prices annexed hereto. The prices shall remain in effect for a period of three years from the Starting Date stated in the Face

Sheet of this Contract.

3.5 In the event of any advantageous technical changes and/or downward pricing of the Goods and/or Services during the term of the retainer, the Contractor shall notify UNDP immediately. UNDP shall consider the impact of any such event and may request an amendment to the retainer.

3.6 The Contractor shall report semi-annually to UNDP on the Goods delivered and/or Services provided, unless otherwise specified in the Contract. Each report should be submitted to the UNDP Contact Person indicated in as indicated in the Face Sheet hereto, as well as to a UNDP business unit that has placed a Purchase Order for the Goods and/or Services during the reporting period.

3.7 The LTA shall remain in force for the maximum period of two years and may be extended by UNDP for one additional year by mutual agreement of the Parties.

4. PRICE AND PAYMENT:

4.1 **FIXED PRICE:** If Fixed Price is chosen as a payment method pursuant to the Face Sheet of this Contract, in full consideration for the complete and satisfactory delivery of the Goods and/or provision of the Services, UNDP shall pay the Contractor a fixed amount indicated in the Face Sheet of this Contract.

4.1.1 The amount stated in the Face Sheet of this Contract is not subject to any adjustment or revision because of price or currency fluctuations, or the actual costs incurred by the Contractor in the performance of the Contract.

4.1.2 UNDP shall effect payments to the Contractor in the amounts and pursuant to the schedule of payments set forth in the Terms of Reference and Schedule of Payments, upon completion by the Contractor of the corresponding deliverable(s) and upon acceptance by UNDP of the original invoices submitted by the Contractor to the UNDP Contact Person indicated in the Face Sheet of this Contract, together with whatever supporting documentation that may be required by UNDP:

4.1.3 Invoices shall indicate a deliverable completed and the corresponding amount payable.

4.1.4 Payments effected by UNDP to the Contractor shall be deemed neither to relieve the Contractor of its obligations under this Contract nor as acceptance by UNDP of the Contractor's delivery of the Goods and/or provision of the Services.

4.2 **COST REIMBURSEMENT:** If Cost Reimbursement is chosen as a payment method pursuant to the Face Sheet of this Contract, in full consideration for the complete and satisfactory delivery of the Goods and/or provision of the Services under this Contract, UNDP shall pay the Contractor an amount not exceeding the total amount stated in the Face Sheet of this Contract.

4.2.1 The said amount is the maximum total amount of reimbursable costs under this Contract. The breakdown of costs contained in the Financial Proposal, referred to in the Face Sheet to this Contract shall specify the maximum amount per each cost category that is reimbursable under this Contract. The Contractor shall specify in its invoices or financial reports (as required by UNDP) the amount of the actual reimbursable costs incurred in the delivery of the Goods and/or the provision of the Services.

4.2.2 The Contractor shall not provide the Services and/or deliver the Goods or equipment, materials and supplies that may result in any costs in excess of the amount stated in the Face Sheet of this Contract, or of the maximum amount per each cost category specified in the breakdown of costs contained in the Financial Proposal, without the prior written agreement of the UNDP Contact Person.

4.2.3 The Contractor shall submit original invoices or financial reports (as required by UNDP) for the Goods delivered in accordance with the Technical Specifications for Goods and/or the Services provided in accordance with the schedule set forth in the Terms of Reference and Schedule of Payments. Such invoices or financial reports shall indicate a deliverable or deliverables completed and the corresponding amount payable. They shall be submitted to the UNDP Contact Person, together with whatever supporting documentation of the actual costs incurred that is required in the Financial Proposal or may be required by UNDP.

4.2.4 UNDP shall affect payments to the Contractor upon completion by the Contractor of the deliverable(s) indicated in the original invoices or financial reports (as required by UNDP) and upon acceptance of these invoices or financial reports by UNDP. Such payments shall be subject to any specific conditions for reimbursement specified in the breakdown of costs contained in the Financial Proposal.

4.2.5 Payments effected by UNDP to the Contractor shall be deemed neither to relieve the Contractor of its obligations under this Contract nor as acceptance by UNDP of the Contractor's delivery of

the Goods and/or performance of the Services.

5. ADVANCE PAYMENT:

5.1 If an advance payment is due to the Contractor pursuant to the Face Sheet of this Contract, the Contractor shall submit an original invoice for the amount of that advance payment upon signature of this Contract by the Parties.

5.2 If an advance payment representing 20% or more of the total contract value, or amounting to US\$30,000 or more, is to be made by UNDP upon signature of the Contract by the Parties, such payment shall be contingent upon receipt and acceptance by UNDP of a bank guarantee or a certified cheque for the full amount of the advance payment, valid for the duration of the Contract, and in a form acceptable to UNDP.

6. SUBMISSION OF INVOICES AND REPORTS:

6.1 All original invoices, financial reports and any other reports and supporting documentation required under this Contract shall be submitted by mail by the Contractor to UNDP Contact Person. Upon request of the Contractor, and subject to approval by UNDP, invoices and financial reports may be submitted to UNDP by fax or email.

6.2 All reports and invoices shall be submitted by the Contractor to the UNDP Contact Person specified in the Face Sheet of this Contract.

7. TIME AND MANNER OF PAYMENT:

7.1 Invoices shall be paid within thirty (30) days of the date of their acceptance by UNDP. UNDP shall make every effort to accept an original invoice or advise the Contractor of its non-acceptance within a reasonable time from receipt.

7.2 Where the Services are to be provided, in addition to an invoice, the Contractor shall submit to UNDP a report, describing in detail the Services provided under the Contract during the period of time covered in each report.

8. RESPONSIBILITY FOR EMPLOYEES: To the extent that the Contract involves the provision of the Services to UNDP by the Contractor's officials, employees, agents, servants, subcontractors and other representatives (collectively, the Contractor's "personnel"), the following provisions shall apply:

8.1 The Contractor is responsible for and shall assume all risk and liabilities relating to its personnel and property.

8.2 The Contractor shall be responsible for the professional and technical competence of the personnel it assigns to perform work under the Contract and will select reliable and competent individuals who will be able to effectively perform the obligations under the Contract and who, while doing so, will respect the local laws and customs and conform to a high standard of moral and ethical conduct.

8.3 Such Contractor personnel shall be professionally qualified and, if required to work with officials or staff of UNDP, shall be able to do so effectively. The qualifications of any personnel whom the Contractor may assign or may propose to assign to perform any obligations under the Contract shall be substantially the same, or better, as the qualifications of any personnel originally proposed by the Contractor.

8.4 At the option of and in the sole discretion of UNDP:

8.4.1 the qualifications of personnel proposed by the Contractor (*e.g.*, a curriculum vitae) may be reviewed by UNDP prior to such personnel's performing any obligations under the Contract;

8.4.2 any personnel proposed by the Contractor to perform obligations under the Contract may be interviewed by qualified staff or officials of UNDP prior to such personnel's performing any obligations under the Contract; and,

8.4.3 in cases in which, pursuant to Article 8.4.1 or 8.4.2, above, UNDP has reviewed the qualifications of such Contractor's personnel, UNDP may reasonably refuse to accept any such personnel.

17.2 Requirements specified in the Contract regarding the number or qualifications of the Contractor's personnel may change during the course of performance of the Contract. Any such change shall be made only following written notice of such proposed change and upon written agreement between the Parties regarding such change, subject to the following:

17.2.1 UNDP may, at any time, request, in writing, the withdrawal or replacement of any of the Contractor's personnel, and such request shall not be unreasonably refused by the Contractor.

17.2.2 Any of the Contractor's personnel assigned to perform obligations under the

Contract shall not be withdrawn or replaced without the prior written consent of UNDP, which shall not be unreasonably withheld.

17.2.3 The withdrawal or replacement of the Contractor's personnel shall be carried out as quickly as possible and in a manner that will not adversely affect the performance of obligations under the Contract.

17.2.4 All expenses related to the withdrawal or replacement of the Contractor's personnel shall, in all cases, be borne exclusively by the Contractor.

17.2.5 Any request by UNDP for the withdrawal or replacement of the Contractor's personnel shall not be considered to be a termination, in whole or in part, of the Contract, and UNDP shall not bear any liability in respect of such withdrawn or replaced personnel.

17.2.6 If a request for the withdrawal or replacement of the Contractor's personnel is *not* based upon a default by or failure on the part of the Contractor to perform its obligations in accordance with the Contract, the misconduct of the personnel, or the inability of such personnel to reasonably work together with UNDP officials and staff, then the Contractor shall not be liable by reason of any such request for the withdrawal or replacement of the Contractor's personnel for any delay in the performance by the Contractor of its obligations under the Contract that is substantially the result of such personnel's being withdrawn or replaced.

8.6 Nothing in Articles 8.3, 8.4 and 8.5, above, shall be construed to create any obligations on the part of UNDP with respect to the Contractor's personnel assigned to perform work under the Contract, and such personnel shall remain the sole responsibility of the Contractor.

8.7 The Contractor shall be responsible for requiring that all personnel assigned by it to perform any obligations under the Contract and who may have access to any premises or other property of UNDP shall:

8.7.1 undergo or comply with security screening requirements made known to the Contractor by UNDP, including but not limited to, a review of any criminal history;

8.7.2 when within UNDP premises or on UNDP property, display such identification as may be approved and furnished by UNDP security officials, and that upon the withdrawal or replacement of any such personnel or upon termination or completion of the Contract, such personnel shall immediately return any such identification to UNDP for cancellation.

8.8 Within one working day after learning that any of Contractor's personnel who have access to any UNDP premises have been charged by law enforcement authorities with an offense other than a minor traffic offense, the Contractor shall provide written notice to inform UNDP about the particulars of the charges then known and shall continue to inform UNDP concerning all substantial developments regarding the disposition of such charges.

8.9 All operations of the Contractor, including without limitation, storage of equipment, materials, supplies and parts, within UNDP premises or on UNDP property shall be confined to areas authorized or approved by UNDP. The Contractor's personnel shall not enter or pass through and shall not store or dispose of any of its equipment or materials in any areas within UNDP premises or on UNDP property without appropriate authorization from UNDP.

8.10 The Contractor shall (i) put in place an appropriate security plan and maintain the security plan, taking into account the security situation in the country where the Services are being provided; and (ii) assume all risks and liabilities related to the Contractor's security, and the full implementation of the security plan.

8.11 UNDP reserves the right to verify whether such a plan is in place, and to suggest modifications to the plan when necessary. Failure to maintain and implement an appropriate security plan as required hereunder shall be deemed a breach of this contract. Notwithstanding the foregoing, the Contractor shall remain solely responsible for the security of its personnel and for UNDP's property in its custody as set forth in paragraph 8.10 above.

9. ASSIGNMENT:

9.1 Except as provided in Article 9.2, below, the Contractor may not assign, transfer, pledge or make any other disposition of the Contract, of any part of the Contract, or of any of the rights, claims or obligations under the Contract except with the prior written authorization of UNDP. Any such unauthorized assignment, transfer, pledge or other disposition, or any attempt to do so, shall not be

binding on UNDP. Except as permitted with respect to any approved subcontractors, the Contractor shall not delegate any of its obligations under this Contract, except with the prior written consent of UNDP. Any such unauthorized delegation, or attempt to do so, shall not be binding on UNDP.

9.2 The Contractor may assign or otherwise transfer the Contract to the surviving entity resulting from a reorganization of the Contractor's operations, *provided that*:

9.2.1 such reorganization is not the result of any bankruptcy, receivership or other similar proceedings; *and*,

9.2.2 such reorganization arises from a sale, merger, or acquisition of all or substantially all of the Contractor's assets or ownership interests; *and*,

9.2.3 the Contractor promptly notifies UNDP about such assignment or transfer at the earliest opportunity; *and*,

9.2.4 the assignee or transferee agrees in writing to be bound by all of the terms and conditions of the Contract, and such writing is promptly provided to UNDP following the assignment or transfer.

10. SUBCONTRACTING: In the event that the Contractor requires the services of subcontractors to perform any obligations under the Contract, the Contractor shall obtain the prior written approval of UNDP. UNDP shall be entitled, in its sole discretion, to review the qualifications of any subcontractors and to reject any proposed subcontractor that UNDP reasonably considers is not qualified to perform obligations under the Contract. UNDP shall have the right to require any subcontractor's removal from UNDP premises without having to give any justification therefor. Any such rejection or request for removal shall not, in and of itself, entitle the Contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of its obligations under the Contract, and the Contractor shall be solely responsible for all services and obligations performed by its subcontractors. The terms of any subcontract shall be subject to and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.

11. PURCHASE OF GOODS: To the extent that the Contract involves any purchase of the Goods, whether in whole or in part, and unless specifically stated otherwise in the Contract, the following conditions shall apply to such purchases under the Contract:

11.1 DELIVERY OF GOODS: The Contractor shall hand over or make available the Goods, and UNDP shall receive the Goods, at the place for the delivery of the Goods and within the time for delivery of the Goods specified in the Contract. The Contractor shall provide to UNDP such shipment documentation (including, without limitation, bills of lading, airway bills, and commercial invoices) as are specified in the Contract or, otherwise, as are customarily utilized in the trade. All manuals, instructions, displays and any other information relevant to the Goods shall be in the English language unless otherwise specified in the Contract. Unless otherwise stated in the Contract (including, but not limited to, in any "INCOTERM" or similar trade term), the entire risk of loss, damage to, or destruction of the Goods shall be borne exclusively by the Contractor until physical delivery of the Goods to UNDP in accordance with the terms of the Contract. Delivery of the Goods shall not be deemed in itself as constituting acceptance of the Goods by UNDP.

11.2 INSPECTION OF THE GOODS: If the Contract provides that the Goods may be inspected prior to delivery, the Contractor shall notify UNDP when the Goods are ready for pre-delivery inspection. Notwithstanding any pre-delivery inspection, UNDP or its designated inspection agents may also inspect the Goods upon delivery in order to confirm that the Goods conform to applicable specifications or other requirements of the Contract. All reasonable facilities and assistance, including, but not limited to, access to drawings and production data, shall be furnished to UNDP or its designated inspection agents at no charge therefor. Neither the carrying out of any inspections of the Goods nor any failure to undertake any such inspections shall relieve the Contractor of any of its warranties or the performance of any obligations under the Contract.

11.3 PACKAGING OF THE GOODS: The Contractor shall package the Goods for delivery in accordance with the highest standards of export packaging for the type and quantities and modes of transport of the Goods. The Goods shall be packed and marked in a proper manner in accordance with the instructions stipulated in the Contract or, otherwise, as customarily done in the trade, and in accordance with any requirements imposed by applicable law or by the transporters and manufacturers of the Goods. The packing, in particular, shall mark the Contract or Purchase Order

number and any other identification information provided by UNDP as well as such other information as is necessary for the correct handling and safe delivery of the Goods. Unless otherwise specified in the Contract, the Contractor shall have no right to any return of the packing materials.

11.4 TRANSPORTATION & FREIGHT: Unless otherwise specified in the Contract (including, but not limited to, in any “INCOTERM” or similar trade term), the Contractor shall be solely liable for making all transport arrangements and for payment of freight and insurance costs for the shipment and delivery of the Goods in accordance with the requirements of the Contract. The Contractor shall ensure that UNDP receives all necessary transport documents in a timely manner so as to enable UNDP to take delivery of the Goods in accordance with the requirements of the Contract.

11.5 WARRANTIES: Unless otherwise specified in the Contract, in addition to and without limiting any other warranties, remedies or rights of UNDP stated in or arising under the Contract, the Contractor warrants and represents that:

11.5.1 The Goods, including all packaging and packing thereof, conform to the technical specifications, are fit for the purposes for which such Goods are ordinarily used and for any purposes expressly made known in writing in the Contract, and shall be of even quality, free from faults and defects in design, material, manufacturer and workmanship;

11.5.2 If the Contractor is not the original manufacturer of the Goods, the Contractor shall provide UNDP with the benefit of all manufacturers’ warranties in addition to any other warranties required to be provided under the Contract;

11.5.3 The Goods are of the quality, quantity and description required by the Contract, including when subjected to conditions prevailing in the place of final destination;

11.5.4 The Goods are free from any right of claim by any third-party, including claims of infringement of any intellectual property rights, including, but not limited to, patents, copyright and trade secrets;

11.5.5 The Goods are new and unused;

11.5.6 All warranties will remain fully valid following any delivery of the Goods and for a period of not less than one (1) year following acceptance of the Goods by UNDP in accordance with the Contract;

11.5.7 During any period in which the Contractor’s warranties are effective, upon notice by UNDP that the Goods do not conform to the requirements of the Contract, the Contractor shall promptly and at its own expense correct such non-conformities or, in case of its inability to do so, replace the defective Goods with Goods of the same or better quality or, at its own cost, remove the defective Goods and fully reimburse UNDP for the purchase price paid for the defective Goods; and,

11.5.8 The Contractor shall remain responsive to the needs of UNDP for any services that may be required in connection with any of the Contractor’s warranties under the Contract.

11.6 ACCEPTANCE OF GOODS: Under no circumstances shall UNDP be required to accept any Goods that do not conform to the specifications or requirements of the Contract. UNDP may condition its acceptance of the Goods upon the successful completion of acceptance tests as may be specified in the Contract or otherwise agreed in writing by the Parties. In no case shall UNDP be obligated to accept any Goods unless and until UNDP has had a reasonable opportunity to inspect the Goods following delivery. If the Contract specifies that UNDP shall provide a written acceptance of the Goods, the Goods shall not be deemed accepted unless and until UNDP in fact provides such written acceptance. In no case shall payment by UNDP in and of itself constitute acceptance of the Goods.

11.7 REJECTION OF GOODS: Notwithstanding any other rights of, or remedies available to UNDP under the Contract, in case any of the Goods are defective or otherwise do not conform to the specifications or other requirements of the Contract, UNDP, at its sole option, may reject or refuse to accept the Goods, and within thirty (30) days following receipt of notice from UNDP of such rejection or refusal to accept the Goods, the Contractor shall, in sole option of UNDP:

11.7.1 provide a full refund upon return of the Goods, or a partial refund upon a return of a portion of the Goods, by UNDP; *or*,

11.7.2 repair the Goods in a manner that would enable the Goods to conform to the specifications or other requirements of the Contract; *or*,

11.7.3 replace the Goods with Goods of equal or better quality; *and*,

11.7.4 pay all costs relating to the repair or return of the defective Goods as well as the costs relating to the storage of any such defective Goods and for the delivery of any replacement Goods to UNDP.

11.8 In the event that UNDP elects to return any of the Goods for the reasons specified in Article 11.7, above, UNDP may procure the Goods from another source. In addition to any other rights or remedies available to UNDP under the Contract, including, but not limited to, the right to terminate the Contract, the Contractor shall be liable for any additional cost beyond the balance of the Contract price resulting from any such procurement, including, *inter alia*, the costs of engaging in such procurement, and UNDP shall be entitled to compensation from the Contractor for any reasonable expenses incurred for preserving and storing the Goods for the Contractor's account.

11.9 TITLE: The Contractor warrants and represents that the Goods delivered under the Contract are unencumbered by any third party's title or other property rights, including, but not limited to, any liens or security interests. Unless otherwise expressly provided in the Contract, title in and to the Goods shall pass from the Contractor to UNDP upon delivery of the Goods and their acceptance by UNDP in accordance with the requirements of the Contract.

11.10 EXPORT LICENSING: The Contractor shall be responsible for obtaining any export license required with respect to the Goods, products, or technologies, including software, sold, delivered, licensed or otherwise provided to UNDP under the Contract. The Contractor shall procure any such export license in an expeditious manner. Subject to and without any waiver of the privileges and immunities of UNDP, UNDP shall lend the Contractor all reasonable assistance required for obtaining any such export license. Should any Governmental entity refuse, delay or hinder the Contractor's ability to obtain any such export license, the Contractor shall promptly consult with UNDP to enable UNDP to take appropriate measures to resolve the matter.

12. INDEMNIFICATION:

12.1 The Contractor shall indemnify, defend, and hold and save harmless, UNDP, and its officials, agents and employees, from and against all suits, proceedings, claims, demands, losses and liability of any kind or nature brought by any third party against UNDP, including, but not limited to, all litigation costs and expenses, attorney's fees, settlement payments and damages, based on, arising from, or relating to:

12.1.1 allegations or claims that the possession of or use by UNDP of any patented device, any copyrighted material, or any other goods, property or services provided or licensed to UNDP under the terms of the Contract, in whole or in part, separately or in a combination contemplated by the Contractor's published specifications therefor, or otherwise specifically approved by the Contractor, constitutes an infringement of any patent, copyright, trademark, or other intellectual property right of any third party; *or*,

12.1.2 any acts or omissions of the Contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers' compensation.

12.2 The indemnity set forth in Article 12.1.1, above, shall not apply to:

12.2.1 A claim of infringement resulting from the Contractor's compliance with specific written instructions by UNDP directing a change in the specifications for the goods, property, materials, equipment or supplies to be or used, or directing a manner of performance of the Contract or requiring the use of specifications not normally used by the Contractor; *or*

12.2.2 A claim of infringement resulting from additions to or changes in any goods, property, materials equipment, supplies or any components thereof furnished under the Contract if UNDP or another party acting under the direction of UNDP made such changes.

12.3 In addition to the indemnity obligations set forth in this Article 12, the Contractor shall be obligated, at its sole expense, to defend UNDP and its officials, agents and employees,

pursuant to this Article 12, regardless of whether the suits, proceedings, claims and demands in question actually give rise to or otherwise result in any loss or liability.

12.4 UNDP shall advise the Contractor about any such suits, proceedings, claims, demands, losses or liability within a reasonable period of time after having received actual notice thereof. The Contractor shall have sole control of the defense of any such suit, proceeding, claim or demand and of all negotiations in connection with the settlement or compromise thereof, except with respect to the assertion or defense of the privileges and immunities of UNDP or any matter relating thereto, for which only UNDP itself is authorized to assert and maintain. UNDP shall have the right, at its own expense, to be represented in any such suit, proceeding, claim or demand by independent counsel of its own choosing.

12.5 In the event the use by UNDP of any Goods, property or Services provided or licensed to UNDP by the Contractor, in whole or in part, in any suit or proceeding, is for any reason enjoined, temporarily or permanently, or is found to infringe any patent, copyright, trademark or other intellectual property right, or in the event of a settlement, is enjoined, limited or otherwise interfered with, then the Contractor, at its sole cost and expense, shall, promptly, either:

12.5.1 procure for UNDP the unrestricted right to continue using such Goods or Services provided to UNDP;

12.5.2 replace or modify the Goods and/or or Services provided to UNDP, or part thereof, with the equivalent or better Goods and/or Services, or part thereof, that is non-infringing;
or,

12.5.3 refund to UNDP the full price paid by UNDP for the right to have or use such Goods, property or Services, or part thereof.

13. INSURANCE AND LIABILITY:

13.1 The Contractor shall pay UNDP promptly for all loss, destruction, or damage to the property of UNDP caused by the Contractor's personnel or by any of its subcontractors or anyone else directly or indirectly employed by the Contractor or any of its subcontractors in the performance of the Contract.

13.2 Unless otherwise provided in the Contract, prior to commencement of performance of any other obligations under the Contract, and subject to any limits set forth in the Contract, the Contractor shall take out and shall maintain for the entire term of the Contract, for any extension thereof, and for a period following any termination of the Contract reasonably adequate to deal with losses:

13.2.1 insurance against all risks in respect of its property and any equipment used for the performance of the Contract;

13.2.2 workers' compensation insurance, or its equivalent, or employer's liability insurance, or its equivalent, with respect to the Contractor's personnel sufficient to cover all claims for injury, death and disability, or any other benefits required to be paid by law, in connection with the performance of the Contract;

13.2.3 liability insurance in an adequate amount to cover all claims, including, but not limited to, claims for death and bodily injury, products and completed operations liability, loss of or damage to property, and personal and advertising injury, arising from or in connection with the Contractor's performance under the Contract, including, but not limited to, liability arising out of or in connection with the acts or omissions of the Contractor, its personnel, agents, or invitees, or the use, during the performance of the Contract, of any vehicles, boats, airplanes or other transportation vehicles and equipment, whether or not owned by the Contractor; *and,*

13.2.4 such other insurance as may be agreed upon in writing between UNDP and the Contractor.

13.3 The Contractor's liability policies shall also cover subcontractors and all defense costs and shall contain a standard "cross liability" clause.

13.4 The Contractor acknowledges and agrees that UNDP accepts no responsibility for providing life, health, accident, travel or any other insurance coverage which may be necessary or desirable in respect of any personnel performing services for the Contractor in connection with the Contract.

13.5 Except for the workers' compensation insurance or any self-insurance program

maintained by the Contractor and approved by UNDP, in its sole discretion, for purposes of fulfilling the Contractor's requirements for providing insurance under the Contract, the insurance policies required under the Contract shall:

13.5.1 name UNDP as an additional insured under the liability policies, including, if required, as a separate endorsement under the policy;

13.5.2 include a waiver of subrogation of the Contractor's insurance carrier's rights against UNDP;

13.5.3 provide that UNDP shall receive written notice from the Contractor's insurance carrier not less than thirty (30) days prior to any cancellation or material change of coverage; *and*,

13.5.4 include a provision for response on a primary and non-contributing basis with respect to any other insurance that may be available to UNDP.

13.6 The Contractor shall be responsible to fund all amounts within any policy deductible or retention.

13.7 Except for any self-insurance program maintained by the Contractor and approved by UNDP for purposes of fulfilling the Contractor's requirements for maintaining insurance under the Contract, the Contractor shall maintain the insurance taken out under the Contract with reputable insurers that are in good financial standing and that are acceptable to UNDP. Prior to the commencement of any obligations under the Contract, the Contractor shall provide UNDP with evidence, in the form of certificate of insurance or such other form as UNDP may reasonably require, that demonstrates that the Contractor has taken out insurance in accordance with the requirements of the Contract. UNDP reserves the right, upon written notice to the Contractor, to obtain copies of any insurance policies or insurance program descriptions required to be maintained by the Contractor under the Contract. Notwithstanding the provisions of Article 13.5.3, above, the Contractor shall promptly notify UNDP concerning any cancellation or material change of insurance coverage required under the Contract.

13.8 The Contractor acknowledges and agrees that neither the requirement for taking out and maintaining insurance as set forth in the Contract nor the amount of any such insurance, including, but not limited to, any deductible or retention relating thereto, shall in any way be construed as limiting the Contractor's liability arising under or relating to the Contract.

14. ENCUMBRANCES AND LIENS: The Contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with UNDP against any monies due to the Contractor or that may become due for any work done or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Contractor or UNDP.

15. EQUIPMENT FURNISHED BY UNDP TO THE CONTRACTOR: Title to any equipment and supplies that may be furnished by UNDP to the Contractor for the performance of any obligations under the Contract shall rest with UNDP, and any such equipment shall be returned to UNDP at the conclusion of the Contract or when no longer needed by the Contractor. Such equipment, when returned to UNDP, shall be in the same condition as when delivered to the Contractor, subject to normal wear and tear, and the Contractor shall be liable to compensate UNDP for the actual costs of any loss of, damage to, or degradation of the equipment that is beyond normal wear and tear.

16. COPYRIGHT, PATENTS AND OTHER PROPRIETARY RIGHTS:

16.1 Except as is otherwise expressly provided in writing in the Contract, UNDP shall be entitled to all intellectual property and other proprietary rights including, but not limited to, patents, copyrights, and trademarks, with regard to products, processes, inventions, ideas, know-how, or documents and other materials which the Contractor has developed for UNDP under the Contract and which bear a direct relation to or are produced or prepared or collected in consequence of, or during the course of, the performance of the Contract. The Contractor acknowledges and agrees that such products, documents and other materials constitute works made for hire for UNDP.

16.2 To the extent that any such intellectual property or other proprietary rights consist of any intellectual property or other proprietary rights of the Contractor: (i) that pre-existed the performance

by the Contractor of its obligations under the Contract, or (ii) that the Contractor may develop or acquire, or may have developed or acquired, independently of the performance of its obligations under the Contract, UNDP does not and shall not claim any ownership interest thereto, and the Contractor grants to UNDP a perpetual license to use such intellectual property or other proprietary right solely for the purposes of and in accordance with the requirements of the Contract.

16.3 At the request of UNDP, the Contractor shall take all necessary steps, execute all necessary documents and generally assist in securing such proprietary rights and transferring or licensing them to UNDP in compliance with the requirements of the applicable law and of the Contract.

16.4 Subject to the foregoing provisions, all maps, drawings, photographs, mosaics, plans, reports, estimates, recommendations, documents, and all other data compiled by or received by the Contractor under the Contract shall be the property of UNDP, shall be made available for use or inspection by UNDP at reasonable times and in reasonable places, shall be treated as confidential, and shall be delivered only to UNDP authorized officials on completion of work under the Contract.

17. PUBLICITY, AND USE OF THE NAME, EMBLEM OR OFFICIAL SEAL OF UNDP OR THE UNITED NATIONS: The Contractor shall not advertise or otherwise make public for purposes of commercial advantage or goodwill that it has a contractual relationship with UNDP, nor shall the Contractor, in any manner whatsoever use the name, emblem or official seal of UNDP or the United Nations, or any abbreviation of the name of UNDP or the United Nations in connection with its business or otherwise without the written permission of UNDP.

18. CONFIDENTIAL NATURE OF DOCUMENTS AND INFORMATION: Information and data that is considered proprietary by either Party or that is delivered or disclosed by one Party (“Discloser”) to the other Party (“Recipient”) during the course of performance of the Contract, and that is designated as confidential (“Information”), shall be held in confidence by that Party and shall be handled as follows:

18.1 The Recipient shall:

18.1.1 use the same care and discretion to avoid disclosure, publication or dissemination of the Discloser’s Information as it uses with its own similar Information that it does not wish to disclose, publish or disseminate; *and*,

18.1.2 use the Discloser’s Information solely for the purpose for which it was disclosed.

18.2 Provided that the Recipient has a written agreement with the following persons or entities requiring them to treat the Information confidential in accordance with the Contract and this Article 18, the Recipient may disclose Information to:

18.2.1 any other party with the Discloser’s prior written consent; *and*,

18.2.2 the Recipient’s employees, officials, representatives and agents who have a need to know such Information for purposes of performing obligations under the Contract, and employees officials, representatives and agents of any legal entity that it controls, controls it, or with which it is under common control, who have a need to know such Information for purposes of performing obligations under the Contract, *provided that*, for these purposes a controlled legal entity means:

18.2.2.1 a corporate entity in which the Party owns or otherwise controls, whether directly or indirectly, over fifty percent (50%) of voting shares thereof; *or*,

18.2.2.2 any entity over which the Party exercises effective managerial control; *or*,

18.2.2.3 for the United Nations, a principal or subsidiary organ of the United Nations established in accordance with the Charter of the United Nations.

18.3 The Contractor may disclose Information *to the extent* required by law, *provided that*, subject to and without any waiver of the privileges and immunities of the United Nations, the Contractor will give UNDP sufficient prior notice of a request for the disclosure of Information in order to allow UNDP to have a reasonable opportunity to take protective measures or such other action as may be appropriate before any such disclosure is made.

18.4 UNDP may disclose Information to the extent as required pursuant to the Charter of the United Nations, or pursuant to resolutions or regulations of the General Assembly or rules promulgated thereunder.

18.5 The Recipient shall not be precluded from disclosing Information that is obtained by the Recipient from a third party without restriction, is disclosed by the Discloser to a third

party without any obligation of confidentiality, is previously known by the Recipient, or at any time is developed by the Recipient completely independently of any disclosures hereunder.

18.6 These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract.

19. FORCE MAJEURE; OTHER CHANGES IN CONDITIONS:

19.1 In the event of and as soon as possible after the occurrence of any cause constituting *force majeure*, the affected Party shall give notice and full particulars in writing to the other Party, of such occurrence or cause if the affected Party is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The affected Party shall also notify the other Party of any other changes in condition or the occurrence of any event which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of *force majeure* or other changes in condition or occurrence, the affected Party shall also submit a statement to the other Party of estimated expenditures that will likely be incurred for the duration of the change in condition or the event of *force majeure*. On receipt of the notice or notices required hereunder, the Party not affected by the occurrence of a cause constituting *force majeure* shall take such action as it reasonably considers to be appropriate or necessary in the circumstances, including the granting to the affected Party of a reasonable extension of time in which to perform any obligations under the Contract.

19.2 If the Contractor is rendered unable, wholly or in part, by reason of *force majeure* to perform its obligations and meet its responsibilities under the Contract, UNDP shall have the right to suspend or terminate the Contract on the same terms and conditions as are provided for in Article 20, "Termination," except that the period of notice shall be seven (7) days instead of thirty (30) days. In any case, UNDP shall be entitled to consider the Contractor permanently unable to perform its obligations under the Contract in case the Contractor is unable to perform its obligations, wholly or in part, by reason of *force majeure* for any period in excess of ninety (90) days.

19.3 *Force majeure* as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, terrorism, or any other acts of a similar nature or force, *provided that* such acts arise from causes beyond the control and without the fault or negligence of the Contractor. The Contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Contractor must perform in areas in which UNDP is engaged in, preparing to engage in, or disengaging from any peacekeeping, humanitarian or similar operations, any delays or failure to perform such obligations arising from or relating to harsh conditions within such areas, or to any incidents of civil unrest occurring in such areas, shall not, in and of itself, constitute *force majeure* under the Contract.

20. TERMINATION:

20.1 Either Party may terminate the Contract for cause, in whole or in part, upon thirty (30) days' notice, in writing, to the other Party. The initiation of conciliation or arbitral proceedings in accordance with Article 23 "Settlement of Disputes," below, shall not be deemed to be a "cause" for or otherwise to be in itself a termination of the Contract.

20.2 UNDP may terminate the Contract at any time by providing written notice to the Contractor in any case in which the mandate of UNDP applicable to the performance of the Contract or the funding of UNDP applicable to the Contract is curtailed or terminated, whether in whole or in part. In addition, unless otherwise provided by the Contract, upon sixty (60) day's advance written notice to the Contractor, UNDP may terminate the Contract without having to provide any justification therefor.

20.3 In the event of any termination of the Contract, upon receipt of notice of termination that has been issued by UNDP, the Contractor shall, except as may be directed by UNDP in the notice of termination or otherwise in writing:

20.3.1 take immediate steps to bring the performance of any obligations under the Contract to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum;

20.3.2 refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice;

20.3.3 place no further subcontracts or orders for materials, services, or facilities, except as

UNDP and the Contractor agree in writing are necessary to complete any portion of the Contract that is not terminated;

20.3.4 terminate all subcontracts or orders to the extent they relate to the portion of the Contract terminated;

20.3.5 transfer title and deliver to UNDP the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the portion of the Contract terminated;

20.3.6 deliver all completed or partially completed plans, drawings, information, and other property that, if the Contract had been completed, would be required to be furnished to UNDP thereunder;

20.3.7 complete performance of the work not terminated; *and*,

20.3.8 take any other action that may be necessary, or that UNDP may direct in writing, for the minimization of losses and for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Contractor and in which UNDP has or may be reasonably expected to acquire an interest.

20.4 In the event of any termination of the Contract, UNDP shall be entitled to obtain reasonable written accountings from the Contractor concerning all obligations performed or pending in accordance with the Contract. In addition, UNDP shall not be liable to pay the Contractor except for those Goods satisfactorily delivered and/or Services satisfactorily provided to UNDP in accordance with the requirements of the Contract, but only if such Goods or Services were ordered, requested or otherwise provided prior to the Contractor's receipt of notice of termination from UNDP or prior to the Contractor's tendering of notice of termination to UNDP.

20.5 UNDP may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that:

20.5.1 the Contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, or applies for a moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent;

20.5.2 the Contractor is granted a moratorium or a stay, or is declared insolvent;

20.5.3 the Contractor makes an assignment for the benefit of one or more of its creditors;

20.5.4 a Receiver is appointed on account of the insolvency of the Contractor;

20.5.5 the Contractor offers a settlement in lieu of bankruptcy or receivership; *or*,

20.5.6 UNDP reasonably determines that the Contractor has become subject to a materially adverse change in its financial condition that threatens to substantially affect the ability of the Contractor to perform any of its obligations under the Contract.

20.6 Except as prohibited by law, the Contractor shall be bound to compensate UNDP for all damages and costs, including, but not limited to, all costs incurred by UNDP in any legal or non-legal proceedings, as a result of any of the events specified in Article 20.5, above, and resulting from or relating to a termination of the Contract, even if the Contractor is adjudged bankrupt, or is granted a moratorium or stay or is declared insolvent. The Contractor shall immediately inform UNDP of the occurrence of any of the events specified in Article 20.5, above, and shall provide UNDP with any information pertinent thereto.

20.7 The provisions of this Article 20 are without prejudice to any other rights or remedies of UNDP under the Contract or otherwise.

21. NON-WAIVER OF RIGHTS: The failure by either Party to exercise any rights available to it, whether under the Contract or otherwise, shall not be deemed for any purposes to constitute a waiver by the other Party of any such right or any remedy associated therewith, and shall not relieve the Parties of any of their obligations under the Contract.

22. NON-EXCLUSIVITY: Unless otherwise specified in the Contract, UNDP shall have no obligation to purchase any minimum quantities of goods or services from the Contractor, and UNDP shall have no limitation on its right to obtain goods or services of the same kind, quality and quantity described in the Contract, from any other source at any time.

23. SETTLEMENT OF DISPUTES:

23.1 AMICABLE SETTLEMENT: The Parties shall use their best efforts to amicably

settle any dispute, controversy, or claim arising out of the Contract or the breach, termination, or invalidity thereof. Where the Parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law (“UNCITRAL”), or according to such other procedure as may be agreed between the Parties in writing.

23.2 ARBITRATION: Any dispute, controversy, or claim between the Parties arising out of the Contract or the breach, termination, or invalidity thereof, unless settled amicably under Article 23.1, above, within sixty (60) days after receipt by one Party of the other Party’s written request for such amicable settlement, shall be referred by either Party to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 (“Interim measures”) and Article 34 (“Form and effect of the award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The Parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy, or claim.

24. PRIVILEGES AND IMMUNITIES: Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.

25. TAX EXEMPTION:

25.1 Article II, Section 7, of the Convention on the Privileges and Immunities of the United Nations provides, *inter alia*, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties, and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of UNDP from such taxes, restrictions, duties, or charges, the Contractor shall immediately consult with UNDP to determine a mutually acceptable procedure.

25.2 The Contractor authorizes UNDP to deduct from the Contractor’s invoices any amount representing such taxes, duties or charges, unless the Contractor has consulted with UNDP before the payment thereof and UNDP has, in each instance, specifically authorized the Contractor to pay such taxes, duties, or charges under written protest. In that event, the Contractor shall provide UNDP with written evidence that payment of such taxes, duties or charges has been made and appropriately authorized, and UNDP shall reimburse the Contractor for any such taxes, duties, or charges so authorized by UNDP and paid by the Contractor under written protest.

26. MODIFICATIONS:

26.1 No modification or change in this Contract shall be valid and enforceable against UNDP unless executed in writing by the duly authorized representatives of the Parties.

26.2 If the Contract shall be extended for additional periods in accordance with the terms and conditions of the Contract, the terms and conditions applicable to any such extended term of the Contract shall be the same terms and conditions as set forth in the Contract, unless the Parties shall have agreed otherwise pursuant to a valid amendment concluded in accordance with Article 26.1, above.

26.3 The terms or conditions of any supplemental undertakings, licenses, or other forms of agreement concerning any Goods or Services provided under the Contract shall not be valid and enforceable against UNDP nor in any way shall constitute an agreement by UNDP thereto unless any such undertakings, licenses or other forms are the subject of a valid amendment concluded in accordance with Article 26.1, above.

27. AUDITS AND INVESTIGATIONS:

27.1 Each invoice paid by UNDP shall be subject to a post-payment audit by auditors,

whether internal or external, of UNDP or by other authorized and qualified agents of UNDP at any time during the term of the Contract and for a period of three (3) years following the expiration or prior termination of the Contract.

27.2 UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, the obligations performed under the Contract, and the operations of the Contractor generally relating to performance of the Contract at any time during the term of the Contract and for a period of three (3) years following the expiration or prior termination of the Contract.

27.3 The Contractor shall provide its full and timely cooperation with any such inspections, post-payment audits or investigations. Such cooperation shall include, but shall not be limited to, the Contractor's obligation to make available its personnel and any relevant documentation for such purposes at reasonable times and on reasonable conditions and to grant to UNDP access to the Contractor's premises at reasonable times and on reasonable conditions in connection with such access to the Contractor's personnel and relevant documentation. The Contractor shall require its agents, including, but not limited to, the Contractor's attorneys, accountants or other advisers, to reasonably cooperate with any inspections, post-payment audits or investigations carried out by UNDP hereunder.

27.4 UNDP shall be entitled to a refund from the Contractor for any amounts shown by such audits or investigations to have been paid by UNDP other than in accordance with the terms and conditions of the Contract. The Contractor also agrees that, where applicable, donors to UNDP whose funding is the source of, in whole or in part, the funding for the procurement of Goods and/or Services which are the subject of this Contract, shall have direct recourse to the Contractor for the recovery of any funds determined by UNDP to have been used in violation of or inconsistent with this Contract.

28. LIMITATION ON ACTIONS:

28.1 Except with respect to any indemnification obligations in Article 12, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 23.2, above, arising out of the Contract must be commenced within three years after the cause of action has accrued.

28.2 The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins.

29. ESSENTIAL TERMS: The Contractor acknowledges and agrees that each of the provisions in Articles 30 to 36 hereof constitutes an essential term of the Contract and that any breach of any of these provisions shall entitle UNDP to terminate the Contract or any other contract with UNDP immediately upon notice to the Contractor, without any liability for termination charges or any other liability of any kind. In addition, nothing herein shall limit the right of UNDP to refer any alleged breach of the said essential terms to the relevant national authorities for appropriate legal action.

30. SOURCE OF INSTRUCTIONS: The Contractor shall neither seek nor accept instructions from any authority external to UNDP in connection with the performance of its obligations under the Contract. Should any authority external to UNDP seek to impose any instructions concerning or restrictions on the Contractor's performance under the Contract, the Contractor shall promptly notify UNDP and provide all reasonable assistance required by UNDP. The Contractor shall not take any action in respect of the performance of its obligations under the Contract that may adversely affect the interests of UNDP or the United Nations, and the Contractor shall perform its obligations under the Contract with the fullest regard to the interests of UNDP.

31. STANDARDS OF CONDUCT: The Contractor warrants that it has not and shall not offer any direct or indirect benefit arising from or related to the performance of the Contract, or the award thereof, to any representative, official, employee or other agent of UNDP. The Contractor shall comply with all laws, ordinances, rules and regulations bearing upon the performance of its obligations under the Contract. In addition, in the performance of the Contract, the Contractor shall comply with the Standards of Conduct set forth in the Secretary General's Bulletin ST/SGB/2002/9 of 18 June 2002, entitled "Regulations Governing the Status, Basic Rights and Duties of Officials other than Secretariat Officials, and Expert on Mission" and ST/SGB/2006/15 of 26 December 2006 on "Post-employment restrictions",

and shall also comply with and be subject to the requirements of the following documents then in force at the time of signature of the Contract:

- 31.1 The UN Supplier Code of Conduct;
- 31.2 UNDP Policy on Fraud and other Corrupt Practices (“UNDP Anti-fraud Policy”);
- 31.3 UNDP Office of Audit and Investigations (OAI) Investigation Guidelines;
- 31.4 UNDP Social and Environmental Standards (SES), including the related Accountability Mechanism;
- 31.5 UNDP Vendor Sanctions Policy; and
- 31.6 All security directives issued by UNDP.

The Contractor acknowledges and agrees that it has read and is familiar with the requirements of the foregoing documents which are available online at www.undp.org or at <http://www.undp.org/content/undp/en/home/operations/procurement/business/>. In making such acknowledgement, the Contractor represents and warrants that it is in compliance with the requirements of the foregoing, and will remain in compliance throughout the term of this Contract.

32. OBSERVANCE OF THE LAW: The Contractor shall comply with all laws, ordinances, rules, and regulations bearing upon the performance of its obligations under the Contract. In addition, the Contractor shall maintain compliance with all obligations relating to its registration as a qualified vendor of goods or services to UNDP, as such obligations are set forth in UNDP vendor registration procedures.

33. CHILD LABOR: The Contractor represents and warrants that neither it, its parent entities (if any), nor any of the Contractor’s subsidiary or affiliated entities (if any) is engaged in any practice inconsistent with the rights set forth in the Convention on the Rights of the Child, including Article 32 thereof, which, *inter alia*, requires that a child shall be protected from performing any work that is likely to be hazardous or to interfere with the child’s education, or to be harmful to the child’s health or physical, mental, spiritual, moral, or social development.

34. MINES: The Contractor represents and warrants that neither it, its parent entities (if any), nor any of the Contractor’s subsidiaries or affiliated entities (if any) is engaged in the sale or manufacture of anti-personnel mines or components utilized in the manufacture of anti-personnel mines.

35. SEXUAL EXPLOITATION:

35.1 In the performance of the Contract, the Contractor shall comply with the Standards of Conduct set forth in the Secretary-General’s bulletin ST/SGB/2003/13 of 9 October 2003, concerning “Special measures for protection from sexual exploitation and sexual abuse.” In particular, the Contractor shall not engage in any conduct that would constitute sexual exploitation or sexual abuse, as defined in that bulletin.

35.2 The Contractor shall take all appropriate measures to prevent sexual exploitation or abuse of anyone by its employees or any other persons engaged and controlled by the Contractor to perform any services under the Contract. For these purposes, sexual activity with any person less than eighteen years of age, regardless of any laws relating to consent, shall constitute the sexual exploitation and abuse of such person. In addition, the Contractor shall refrain from, and shall take all reasonable and appropriate measures to prohibit its employees or other persons engaged and controlled by it from exchanging any money, goods, services, or other things of value, for sexual favors or activities, or from engaging any sexual activities that are exploitive or degrading to any person.

35.3 UNDP shall not apply the foregoing standard relating to age in any case in which the Contractor’s personnel or any other person who may be engaged by the Contractor to perform any services under the Contract is married to the person less than the age of eighteen years with whom sexual activity has occurred and in which such marriage is recognized as valid under the laws of the country of citizenship of such Contractor’s personnel or such other person who may be engaged by the Contractor to perform any services under the Contract.

36. ANTI-TERRORISM: The Contractor agrees to undertake all reasonable efforts to ensure that none of the UNDP funds received under the Contract is used to provide support to individuals or entities associated with terrorism and that recipients of any amounts provided by UNDP hereunder do not appear on the list maintained by the Security Council Committee established pursuant to Resolution 1267 (1999). The list can be accessed via https://www.un.org/sc/suborg/en/sanctions/1267/aq_sanctions_list. This provision must be included in all sub-contracts or sub-agreements entered into under the Contract.
