With reference to the Invitation to Bid (ITB) dated 21 January 2021, UNDP Yemen now wish to issue amendment No.3 in order to provide the responses to the clarification raised by the bidder:

LOT 1 - SPARES PART FOR RPOPLER SHAFT YARD NO, 6511, 6509 – DAMEN SHIPYARD FOR STAN TUG SHABAWA AND HAJAH	
Question 1	Item no. 3 "Propeller shaft diameter 165" Bidder asked about the length of shaft and the HHR anchor and chains 16mm, U2 do you need accompanying kenter shackles etc., or just the 6 lengths of chain per anchor.
Response	The Damen shipyard has 'built those ships under serial no's 6511-6509 and Damen has already provided the part no of the shaft and the authorized /representative of (Damen) can easily get the length of the shaft via the part no which is 7432910. Regarding the HHR anchor and chains 16mm, If the bidder is talking about Damen spares, we never asked for 16mm chain specifically, building yard numbers are clearly mentioned as well as the item numbers.

All other paragraphs, sections and conditions of the ITB, except as amended herein, shall remain unchanged.

Thank you and we look forward to receiving your bid online by the deadline.

Yours sincerely,

Procurement Team
