BACKGROUND
The UN Resident Coordinator (RC) provides leadership to the Pacific Joint UN Country Team and the UN’s programming work, as outlined in the UN Pacific Strategy, in support of national priorities. The RC has a team composed of national and international staff, forming the RC Office (RCO), and is based in Suva (Fiji). The RC oversees 10 Pacific Small Island Developing States (Pacific SIDS or PSIDS), namely Federated States of Micronesia, Fiji, Kiribati, Marshall Islands, Nauru, Palau, Kiribati, Tonga, Tuvalu, and Vanuatu. Twenty-six resident and non-resident UN entities are signatories to the UNPS and members of The Pacific Joint UN Country Team. The current UN Development Assistance Framework (Pacific Strategy) covers 14 countries and territories and outlines UN’s engagement in support of these countries’ national strategic priorities.

The RCO fulfils ten core coordination functions, namely strategic analysis and planning; oversight of the UN country programming cycle; representation of and support of UN Secretariat and UN agencies (incl. non-resident agencies); support to national coordination systems and processes; development and management of shared operational support services; crisis management preparedness and response; external communication and advocacy; human rights and development; joint resource mobilisation and fund management; and general UNCT oversight and coordination.

The Spotlight Initiative is a global, multi-year partnership between the United Nations (UN) and the European Union (EU), focusing on eliminating all forms of violence against women and girls (VAWG). The initiative places SDG 5 at the center of efforts (as well as SDG 16) with the aim to provide an enabling environment for the implementation of all goals. Spotlight provides a model for partnership with donors, civil society, and all UN partners, to deliver on the Sustainable Development Goals (SDGs) in a comprehensive manner leveraging comparative expertise.

The Spotlight initiative in the Pacific and the Vanuatu Country Programme focuses on Domestic Violence (DV) and Intimate Partner Violence (IPV) to address the continuum of gender-based violence in the Pacific region. The Initiative aims at improving access to services, particularly for those most left behind and will build upon existing programmes, both at the country and regional level. Spotlight prioritizes three pillars of work, namely: Policies and Legislation; Institutions; Prevention; Services; Data; and Civil Society and Movement Building. The Recipient UN Organizations (RUNOs) involved in the action: IOM, UNICEF, UNDP, UNFPA and UN Women.
