To enhance the capacity and processes of Sindh Police in general and particularly Counter Terrorism Department (CTD) the UNODC requires the services of national consultant for development of Virtual Reality (VR) Simulator for training of the first responders and Investigation Officers (IO’s) based on the Standard Operating Procedures (SOP’s) for the Sindh Police for managing the scene of crime and terrorist incident. The simulator should provide an interactive and immersive teaching method that employs technology to provide virtual scenarios to simulate situations that occur in actual settings. The VR based training should put the trainee in a virtual 3D environment relevant to the developed SOP’s via a specially designed equipment to give the trainee most possible near to reality feeling and pressures which is otherwise difficult to create in conventional training methods.

The national consultant will be responsible to develop the VR Simulator for training of the police officials with below set of features.

1. **Multiple environments** with visuals close to photorealism and related environmental sound effects. The virtual environments must be created with resemblance to various real-life locations in Pakistan where certain terrorist activity has taken place in the past. The environments must contain animated characters and objects including crowded.
2. **Narrative Training** for trainees who uses the simulator for the first time. A simple hand on tutorials that trains on controls and operation of the simulator.
3. **Task Performance** while interacting with virtual objects in the VR environment and following the SOPs.
4. **Task Evaluation** by associating score to each task performed to assess user performance
5. **Report Generation** at end of every session.

3. SCOPE OF WORK, RESPONSIBILITIES AND DESCRIPTION OF THE PROPOSED ANALYTICAL WORK

1. Development of a training simulator for crime scene management based on Virtual Reality (VR) Technology to improve and enhance the crime scene management skills of Sindh police.
2. The simulator must include the basics and some advanced techniques from real life crime scene management with major focus on practical learning through performing each tasks practically in simulator.
3. A document that includes all the shortlisted functionalities included in the VR simulator must be according to the SOPs followed in crime scene management and should be approved by the relevant professionals/departments such as Punjab Forensic Science Agency (PFSA) or any other approved legal agency.
4. A detailed document specifying the different training modules and tasks included in simulator should be developed. The document must also cover the sequence of each task performance to make the whole training connected and continuous.
5. The simulator must follow some if not all SOPs from each role of crime scene management such as First Responding Officer (FRO), Bomb Disposal Unit (DBU) and Investigation Officer (IO). Training elements for all these roles shall be included in VR training simulator.
6. The simulator must be developed in any of world's renowned game engines like Unity 3D or Unreal Engine with close to photorealistic visuals.
7. The simulator must offer at least 2-3 different 3D virtual environment with photorealistic visuals and sounds for realistic lifelike feedback. Each environment must propose a different story/challenge for investigation. The environment must reflect localities of Pakistan.
8. Each environment must further provide multiple weather and timings of the day. The weather may include overcast, raining and clear sky. The timing in the virtual environment could be morning, evening and nighttime for each scenario.
9. Crowded behavior based on basic Artificial Intelligence (AI) should be incorporated in virtual environments to make the trainings more realistic and progressive/challenging.
10. The simulator must have a basic hands-on training/tutorial mode to help first time users get used to the VR controllers and operations inside the VR environment.
11. Generating an Assessment Report or Scoring associated to the fundamental skills performed by the character/trainee, approach to perform a task, time taken while performing a task etc.

UNDP shall be entitled to a refund from the Individual contractor for any amounts shown by such audits to have been paid by UNDP other than in accordance with the terms and conditions of the Contract.

The Individual contractor acknowledges and agrees that, from time to time, UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, the obligations performed under the Contract, and the operations of the Individual contractor generally relating to performance of the Contract. The right of UNDP to conduct an investigation and the Individual contractor's obligation to comply with such an investigation shall not lapse upon expiration or prior termination of the Contract. The Individual contractor shall provide its full and timely cooperation with any such inspections, post-payment audits or investigations. Such cooperation shall include, but shall not be limited to, the Individual contractor's obligation to make available its personnel and any relevant documentation for such purposes at reasonable times and on reasonable conditions and to grant to UNDP access to the Individual contractor's premises at reasonable times and on reasonable conditions in connection with such access to the Individual contractor's personnel and relevant documentation. The Individual contractor shall require its agents, including, but not limited to, the Individual contractor's attorneys, accountants or other advisers, to reasonably cooperate with any inspections, post-payment audits or investigations carried out by UNDP hereunder.

17. **SETTLEMENT OF DISPUTES:**

AMICABLE SETTLEMENT: UNDP and the Individual contractor shall use their best efforts to amicably settle any dispute, controversy or claim arising out of the Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law ("UNCITRAL"), or according to such other procedure as may be agreed between the parties in writing.

ARBITRATION: Any dispute, controversy or claim between the parties arising out of the Contract, or the breach, termination, or invalidity thereof, unless settled amicably, as provided above, shall be referred by either of the

parties to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. For all evidentiary questions, the arbitral tribunal shall be guided by the Supplementary Rules Governing the Presentation and Reception of Evidence in International Commercial Arbitration of the International Bar Association, 28 May 1983 edition. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 ("Interim Measures of Protection") and Article 32 ("Form and Effect of the Award") of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate ("LIBOR") then prevailing, and any such interest shall be simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.

18. **PRIVILEGES AND IMMUNITIES:** Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.
