1. Background/Project Description

The ongoing conflict in eastern Ukraine has had a direct and highly negative impact on economy, social cohesion, resilience, livelihoods, community security, and the rule of law. Recognizing the need to urgently address reconstruction, economic recovery and peacebuilding needs in areas affected both directly and indirectly by the conflict, in late 2014 the Government of Ukraine requested technical assistance and financial support from the international community to assess priority recovery needs. In late 2014, the United Nations (UN), the World Bank (WB) and the European Union (EU) conducted a Recovery and Peacebuilding Assessment, which was endorsed by the Cabinet of Ministers in mid-2015.

The United Nations Development Programme (UNDP) has been active and present in eastern Ukraine for the past decade, prior to the conflict, with a focus on community development, civil society development, and environmental protection. Work on addressing the specific conflict-related development challenges discussed above built on this earlier engagement, established partnerships, and started in 2015 through the United Nations Recovery and Peacebuilding Programme (UN RPP). The UN RPP is a multi-donor funded framework programme formulated and led by the UNDP in collaboration with the Government of Ukraine and in cooperation with a number of partnering UN agencies (UN Women, FAO, UNFPA).

The RPP was designed to respond to, and mitigate, the causes and effects of the conflict. It is based on findings of the Recovery and Peacebuilding Assessment (RPA) and is aligned to the State Target Programme for Recovery as well as to the two oblast development strategies up to 2020. It takes into account the opportunities that have arisen from the Minsk Protocol of September 2014 and the renewal of its cease-fire provisions (the latest cease-fire having been agreed in March 2018) and is also fully adjusted to the

humanitarian-development nexus. It is an integral component of the UNDP Country Programme and is therefore fully aligned with the United Nations Partnership Framework (UNPF). It is closely interlinked with the Democratic Governance and Reform Programme, operating nationally and in all of Ukraine's regions, and is consistent with the SDGs.

The Programme's interventions are grouped under the following key Programme components, which reflect the region's priority needs:

Component 1: Economic Recovery and Restoration of Critical Infrastructure

Component 2: Local Governance and Decentralization Reform

Component 3: Community Security and Social Cohesion.

The Programme, which operates on the basis of a pooled funding arrangement, follows a multi-sectoral programme-based approach and is implemented using an area-based methodology. It is a unifying interventions framework for 12 projects funded by 12 international partners and is worth over 80 million USD.

In October 2018, four UN agencies (UNDP, UN Women, FAO and the UNFPA) have countersigned a new joint project document, funded by twelve international partners. The overall objective of the project is to restore effective governance, support economic recovery and promote reconciliation in the crisis-affected communities of Donetsk, Luhansk and Zaporizhzhia oblasts in Ukraine, thereby enhancing the credibility and legitimacy of local governments in the government-controlled areas of the regions. It will contribute to peacebuilding and prevent further escalation of the conflict in Ukraine through effective and accountable decentralization, gender-responsive recovery planning and equal access to services, as well as enhanced economic recovery and development.

Component III of RPP "Community Security and Social Cohesion" aims to reach its goals by enhancing community security; supporting civic mobilization and empowerment of communities; reconciliation and restoration of social cohesion. This includes implementation support of the projects strengthening community security and social cohesion through testing innovative legal aid, access to justice, conflict resolution and peacebuilding mechanisms at local level.

Refurbishment and repair of the 13 community police offices, in particular, the reception areas, is a part of the support to improve the quality and accessibility of the police services, with ultimate goal of building trust and community security in target communities.

In this regard, UN RPP is to select a qualified contractors to overhaul the 13 community police offices in Zaporizhzhia Oblast.
