## ANNEX 1: SCHEDULE OF REQUIREMENTS

### SPECIFICATIONS

**for sports rehabilitation equipment for physical and psychological rehabilitation sanatorium of ATO and JFO ex-combatants and their families in Zhytomyr oblast, Berdychiv raion.**

#### 1. PROJECT DESCRIPTION

**Project Name:** The United Nations Recovery and Peacebuilding Programme, Community Security and Social Cohesion Component

**Task description:** to purchase and deliver sports equipment that will be used for a day to day work in sports rehabilitation in the physical and psychological rehabilitation sanatorium of ATO and JFO ex-combatants and their families in Zhytomyr oblast, Berdychiv raion.

**Country / Place of work:** Ukraine

#### 2. PROJECT BACKGROUND

The ongoing conflict in eastern Ukraine has had a direct and highly negative impact on social cohesion, resilience, livelihoods, community security, and the rule of law. Recognizing the need to urgently address reconstruction, economic recovery and peacebuilding needs in areas affected both directly and indirectly by the conflict, in late 2014 the Government of Ukraine requested technical assistance and financial support from the international community to assess priority recovery needs. In late 2014, the United Nations, the World Bank and the European Union conducted a Recovery and Peacebuilding Assessment, which the Cabinet of Ministers in mid-2015 endorsed.

UNDP has been active and present in eastern Ukraine for the past decade, before the conflict, focusing on community development, civil society development, and environmental protection. Work on addressing the specific conflict-related development challenges discussed above built on this earlier engagement and established partnerships and started in 2015 through **the United Nations Recovery and Peacebuilding Programme (UN RPP)**, a multi-donor funded framework programme jointly implemented by four UN partnering agencies (UNDP, UN Women, FAO, UNFPA) in cooperation with the Government of Ukraine.

Four United Nations agencies are implementing the UN RPP: the United Nations Development Programme (UNDP), the UN Entity for Gender Equality and the Empowerment of Women (UN Women), the United Nations Population Fund (UNFPA) and the Food and Agriculture Organisation of the United Nations (FAO).

Twelve international partners support the Programme: the European Union (EU), the European Investment Bank (EIB), Canada, Denmark, Germany, Japan, the Netherlands, Norway, Poland, Sweden, Switzerland & the UK.

As an area-based programme specifically developed for the conflict-affected areas of eastern Ukraine, the UN RPP addresses the critical stabilization, peacebuilding, economic and governance priority needs in the east of Ukraine following the conflict's start. It considers the opportunities that have arisen from the Minsk Protocol of September 2014 and the renewal of its cease-fire provisions (the latest cease-fire having been agreed in March 2018) and fully adjusted to the humanitarian-development nexus.

The Programme's interventions are grouped under the following key Programme components, which reflect the region's priority needs:

Component I: Economic Recovery and Restoration of Critical Infrastructure

Component II: Local Governance and Decentralization Reform

Component III: Community Security and Social Cohesion (CSSC).

The Programme, which operates based on a pooled funding arrangement, follows a multi-sectoral programme-based approach and is implemented using an area-based methodology. The current project is a unifying interventions framework for 13 projects funded by 12 international partners. The management of the following assignment is entrusted to the UNDP (within the UN RPP). The Netherlands finances this particular assignment.

There are nearly 370,000 demobilized men and women (those who received ATO/JFO certificate), who require support in their return to civilian life. Reintegration is the process by which ex-combatants acquire civilian status and gain sustainable employment and income. It is essentially a social and economical process with an open time frame, primarily taking place in communities at a local level. Reintegration of ex-combatants into society is difficult because ex-combatants and their families are frequently left without livelihoods or support networks during the challenging transition to civilian identity.

Component III of the UN RPP Community Security and Social Cohesion (CSSC) aims to reach some of its goals by supporting the reintegration of ex-combatants of ATO and JFO and their families. In broader terms, the Component III activities directed at enhancing community security, civic mobilization and empowerment of communities, reconciliation, and social cohesion restoration.

There are around 400 000 ATO and JFO ex-combatants in Ukraine, not including veterans' families. Together with ex-combatants, their families are actively adapting to the return of their family member to civilian life. Physical and psychological rehabilitation efforts should ideally include the family of ex-combatant to ensure an effective transition to civilian life. a Sanatorium of physical and psychological rehabilitation of ATO and JFO veterans and their families in Zhytomyr oblast, Berdychiv raion has adapted this approach. The UN RPP, as part of the 2021 activities plan, will purchase sports equipment for the sanatorium of physical and psychological rehabilitation of ATO and JFO veterans and their families in Zhytomyr oblast, Berdychiv raion.

### **3. SCOPE OF WORK**

- 1) To provide required goods according to the Specifications.
- 2) To deliver the goods to the designated address 160, Chudnivska str., village Skrahlivka, Berdychiv raion, Zhytomyr oblast, 13343.

Dear Partners!

The UN Office in Ukraine kindly informs you, that the purchase of goods and services, announced in the UN Office Tenders, is conducted within the framework of international technical assistance project.

Provisions of the Tax Code of Ukraine (paragraph 197.11) foresee the VAT tax exemption for operations, financed by material and technical assistance.

The procedure for obtaining the tax exemption right for operations, performed in the framework of international technical assistance projects, is regulated by the Decree #153 of the Cabinet of Ministers of Ukraine dated February 15, 2002.

In case you already have the right to apply this VAT allowance, on the date of UNDP prepayment receipt you should prepare and register a tax invoice (hereinafter - TI) in the United Register of Tax Invoices (URTI), filled in as follows:

- the column "Comprised on the operation, exempted from taxation" on the upper left part - with the mark "Without VAT";
- Section A of the TI table section (lines I-X) should contain the summarizing data on TI transactions, namely: line I - the total amount to be paid, including VAT; line IX - the total volume of goods and services delivered. Lines II-VIII of section A are not filled;
- in column 2 of section B – supplier's (seller's) services nomenclature;
- in section 3.3 of section B - service code according to the SCPS. Box 3.3 should be filled in at all stages of the services delivery;
- in columns 4 and 5 - unit of services measurement;
- in column 6 - quantity (volume) of services delivery;
- in column 7 - the price of the service unit supply, excluding VAT;
- in column 8 - VAT rate code 903;
- in column 9 – tax allowance code according to the Handbook of other tax benefits, approved by the SFS as of the date of TI submission - "14060523".
- in column 10 - supply volume, excluding VAT (prepayment amount). Detailed instructions to be found in the materials "Tax invoice - 2017: instruction on filling out" and "New tax invoice in the samples."

Credit against VAT tax, applied on the materials purchase for the relevant construction works performance, cannot be compensated as per the paragraph #198.5 of Tax Code of Ukraine. According to the Tax Code paragraph #198.5, goods and services supply operations, exempted from VAT based on the Tax Code paragraph #197.11, the rules for calculating tax liabilities do not apply.

Using the materials bought with VAT, there is no need to compensate the credit against VAT, as well as no need to accrue tax liabilities.

Considering all mentioned above, you are kindly asked to submit your tender applications / invoices for payment without VAT, referring to the Ukrainian legislation provisions, stated in the mentioned regulatory acts.

Should you have any additional questions, please contact the offices of the State Fiscal Service of Ukraine at the place of your enterprise registration for additional clarifications of Article 52 of the Tax Code of Ukraine.
