United Nations Development Programme (UNDP)
Accra, Ghana
July 15, 2021
INDIVIDUAL CONSULTANT PROCUREMENT NOTICE

Procurement Notice Ref. No.: UNDP.GHA.2021.183.IC
Date: July 2, 2021

Country: Ghana
Description of the Assignment: Recruitment of Individual Consultant for the Development of strategy and Operational manual for Ghana’s Engagement under Article 6.2 of the Paris Agreement

Project Name/Title:
Post Title: National Consultant

Period of Assignment/Services: 100 working days within a period of 5 months

Proposal should be submitted no later than July 15, 2021, at 4:30 PM in the Afternoon, UTC+00:00 Accra/Monrovia Time Zone via the secure email address: 

bids.gh@undp.org

Your technical and financial proposals shall be sent into two separate files but in one email under Subject Line: UNDP.GHA.2021.183.IC

The File Name for Technical and Financial Proposals MUST BE:
1. For Technical: UNDP.GHA.2021.183.IC- TP - [insert your name]
2. For Financial – UNDP.GHA.2021.183.IC- FP - [insert your name]

Any request for clarification and/or additional information on this Procurement Notice shall be sent in writing to UNDP Ghana Country Office or send standard electronic communication to the Contact Person e-mail at procurement.gh@undp.org (please note that it is only dedicated for enquiry and confirmation for proposal submission. Do not submit both Technical and Financial proposals to this account. If you do so, your proposals will be rejected, and UNDP will not be accountable for it). While the Procurement Unit would endeavour to provide clarification expeditiously, only requests receiving at least 5 days period to the submission deadline will be entertained. The procuring UNDP entity will respond in writing by standard electronic mail, including an explanation of the query without identifying the source of inquiry, to all consultants. Any delay in providing such information will not be considered as a reason for extending the submission deadline.
I. BACKGROUND

Ghana is among the top five GHG emitters in the ECOWAS sub-region. Its 2019 emissions of 58.6 million tonnes represented an 86% rise in the last decade and expected to hit 100 million tonnes by 2030 along the BAU pathway. The rising GHG emission trends correspond to the structural economic changes driven by fossil-dependent electrification and transportation, oil and gas production and land-use change. There are inherent fiscal and technological incentives that continue to instigate reliance on fossil-fuel investments and extractive industry (minerals, oil and gas, commodity tree crops and timber). In addition, some of the existing taxation and subsidy policies still favour fossil fuel use. Mining, logging, and agriculture are the main drivers of GHG emissions associated with land-use change. However, Ghana has adopted a wide range of socio-economic strategies to deliver long-term greenhouse mitigation outcome. Within the NDC, Ghana has a mitigation potential of 84 million tonnes of GHG emissions by 2030.

II. SCOPE OF WORK, RESPONSIBILITIES AND DESCRIPTION

The consultant will be hired to support the preparation of the Article 6.2 strategy and the ITMO manual. While the Article 6.2 strategy focuses on addressing broad policy areas for participating in Article 6.2, the ITMO manual will define issues such as (a) institutional arrangement for Article 6.2 ITMO project implementation; (b) mitigation activity development cycle; (c) approval procedures for ITMO project registration and ITMO issuances and transfers; (d) service fees, charges and payments; (e) criteria for methods and participating auditing entities, (f) standards and complaint redress. In addition, the consultant will work closely with a team of national experts led by the EPA /MESTI and UNDP, who will provide technical support to the consultant.

III. REQUIREMENTS FOR EXPERIENCE AND QUALIFICATIONS

a. Academic Qualifications:
Master degree preferably in economics/natural/engineering/sciences (energy or environmental management or natural resource management).

Experience:
- Minimum of 7 years of relevant working experience in climate change and international financial markets at the national and international levels.
- Knowledge and understanding of Ghana's NDC and UNFCCC processes, the Paris Agreement and International Financial Markets.
- Fluency in written and spoken English.

Important Note:
The Consultant is required to have the above mentioned professional and technical qualifications. Only the applicants who hold these qualifications will be shortlisted and contacted.
IV. DOCUMENTS TO BE INCLUDED WHEN SUBMITTING THE TECHNICAL PROPOSALS

Interested offeror/Individual Consultant (IC) must submit the following documents before the deadline stipulated in the IC Procurement Notice. Such documents are:

- Technical Proposal as per the prescribed format (see template in Annex II), which includes Duly Signed Offeror’s Letter to UNDP Confirming Interest and Availability and Duly Signed Personal CV
- Financial Proposal as per prescribed format (see template in Annex III)

V. FINANCIAL PROPOSAL

LUMP-SUM CONTRACTS

The Financial Proposal shall specify a total lump-sum amount all-inclusive, and payment terms around specific and measurable (qualitative and quantitative) deliverables (i.e. whether payments fall in installments or upon completion of the entire contract). Payments are based upon output, i.e. upon delivery of the services specified in the TOR. In order to assist the requesting unit in the comparison of financial proposals, the financial proposal will include a breakdown of this lump-sum amount (including travel, per diems, and number of anticipated working days).

Travel:

- All envisaged travel costs must be included in the financial proposal. This includes all travel to join duty station/repatriation travel. In general, UNDP should not accept travel costs exceeding those of an economy class ticket. Should the IC wish to travel on a higher class he/she should do so using their own resources.

In the case of unforeseeable travel, payment of travel costs including tickets, lodging and terminal expenses should be agreed upon, between the respective Business Unit (BU) and Individual Consultant, prior to travel and will be reimbursed.

VI. EVALUATION

Upon the advertisement of the Procurement Notice, qualified Individual Consultant is expected to submit both the Technical and Financial Proposals. Accordingly, Individual Consultants will be evaluated based on Cumulative Analysis as per the following scenario:

- Responsive/compliant/acceptable, and
- Having received the highest score out of a pre-determined set of weighted technical and financial criteria specific to the solicitation. In this regard, the respective weight of the proposals are:
  a. Technical Criteria weight is 70%
  b. Financial Criteria weight is 30%
