<b>RFP Reference</b>	<b>Question by bidder</b>	<b>UNDP response</b>
ToR- Key staff	Would you kindly be able to confirm if the expectation is that all team members are physically located in Afghanistan for the entire duration of the contract, or whether the work may be conducted remotely, with limited travel?	UNDP does not expect the entire team member to be present in Afghanistan for the entire contract period. Relevant key personnel shall visit Afghanistan for specific time period and for specific tasks e.g. Survey/data collection as per its technical approach and work schedule. Bidders can also have an option to find a qualified local partner for the work that requires physical presence in Afghanistan.'

Yours sincerely,  
Head of Procurement
