Peace Innovation Platform- Peacebuilding and Psychosocial Curriculum Development for Online Learning under the Prevention of Violent Extremism-Youth Empowerment and Strengthening (YES).

Clarification Questions Received via procurement.tt@undp.org Part 1

S. No.	Reference to clause in RFP / ToR	Clause as per RFP / ToR	Clarification requested	Responses
1	Peacebuilding Curriculum Development	This component will include at least 14 separate modules	• What is the expected duration, in minutes, for each of the 14 separate modules • The language fore the online modules will be English, please confirm.	• Each module should be up to approximately 3 hours long • The language to be used is English
2	Psychosocial Training	This component will include at least 10 separate modules	• What is the expected duration, in minutes, for each of the 10 separate modules • he language fore the online modules will be English, please confirm.	• Each module should be up to approximately 3 hours long. • The language to be used is English
3	Establishment of online space	Establishment of online space where youth can come together virtually to co-create and work on projects in a fun and interactive environment.	We are not clear on the deliverable for this. Elsewhere in the ToR it is mentioned that "The curriculum will be built on an existing education platform to be determined in collaboration with the UNDP." Please elaborate on the requirement "Establishment of online space"	• The online space where youth will come together to co-create and work on projects is separate from the formal classroom. • The online space should be an interactive environment. The consultant should present ideas for what this should look like and entail.
