**Note to UNDP [MUST BE DELETED BEFORE POSTING]:**

The format shown on the following pages is suggested for use as a guide in preparing the Price Schedule for supply of goods. The format includes specific expenditures, which may or may not be required or applicable but are indicated to serve as examples. It should be revised with suitably itemized breakdown to reflect goods and related services to suit the specific requirements to ensure equal comparison of bids. For civil works, a Bill of Quantities should be used as a price Schedule.

The Bidder is required to prepare the Price Schedule following the below format. The Price Schedule must include a detailed cost breakdown of all goods and related services to be provided. Separate figures must be provided for each functional grouping or category, if any.

Any estimates for cost-reimbursable items, such as travel of experts and out-of-pocket expenses, should be listed separately.

**Currency of the Bid:** [Insert Currency]
