INDIVIDUAL CONSULTANT PROCUREMENT NOTICE

INDIVIDUAL CONSULTANT-

to Conduct Technical Assessments, Capacity Building, and
Develop a Draft Renewable Energy Policy for Trinidad and Tobago

Country: Trinidad & Tobago

Description of the assignment: The selected Individual Consultant, with guidance from the Global Climate Change Alliance Plus (GCCA+) Project Team and Ministry of Energy and Energy Industries (MEEI) personnel, will be responsible for conducting Technical Assessments, Capacity Building, and Developing a Draft Renewable Energy Policy for Trinidad and Tobago.

Project name: Global Climate Change Alliance Plus (GCCA+) “Support to the Implementation of Trinidad and Tobago’s Nationally Determined Contribution” – Technical Assistance to the Ministry of Energy and Energy Industries (MEEI), Trinidad and Tobago

Period of assignment/services: 12 months

Proposal should be submitted at the below mentioned email address no later than: Wednesday 24\textsuperscript{th} November 2021 at 4pm AST with the subject e-mail “Individual Consultant- Renewable Energy Technical Assessments Consultancy”

Name of Office: UNDP – Trinidad and Tobago

Email for submission: procurement.tt@undp.org

Subject: INDIVIDUAL CONSULTANT: Renewable Energy Technical Assessments Consultancy
1. BACKGROUND

The United Nations Development Programme (UNDP), the Government of the Republic of Trinidad and Tobago (GoRTT) and the European Union (EU) Delegation to Trinidad and Tobago are partnering under the Global Climate Change Alliance Plus (GCCA+) Initiative to implement a project entitled “Support to the Implementation of Trinidad and Tobago’s Nationally Determined Contribution (NDC)”. The overall objective of this GCCA+ Project is to support Trinidad and Tobago in achieving its commitments under the United Nations Framework Convention on Climate Change (UNFCCC) and its Paris Agreement as outlined in its NDC target. Specifically, the project aims to (1) strengthen the country’s capacity to produce and maintain electric energy through solar systems, (2) develop operational systems for the effective implementation of the new renewable energy (RE)/energy efficiency (EE)-conducive policy, legislative and regulatory framework, and (3) raise public awareness on EE, appropriate pricing of energy and on the benefits of using RE.

These actions and their desired outcomes will be achieved through the following key project outputs:

- **Output 1**: Installation of solar energy systems in public utilities and remote communities with the increased capacity to maintain solar power systems.
- **Output 2**: Support to the implementation of the new RE/EE-conducive policy and legislative framework.
- **Output 3**: Public awareness raising on EE, correct pricing and RE.
- **Output 4**: Donor communications and visibility.

For detailed information, please refer to Annex 1

2. SCOPE OF WORK, RESPONSIBILITIES AND DESCRIPTION OF THE PROPOSED ANALYTICAL WORK

1. Objectives of the Assignment/Consultancy

The GoRTT is working towards greater energy efficiency and an optimized energy mix that includes a larger share of renewables, which is evidenced in key policy instruments including the National Development Strategy (VISION 2030), national targets of 10% RE supply by 2021 and 30% of electricity demand from RE by 2030, National Climate Change Policy (NCCP) and Nationally Determined Contribution (NDC). While economic trends and greenhouse gas (GHG) emissions reduction targets are driving the shift from a heavily fossil fuel-based economy towards a low carbon economy, the following challenges must be overcome in order to meet

---

1 Trinidad and Tobago has committed to (1) an overall reduction in cumulative greenhouse (GHG) emissions from its three main emitting sectors (power generation, transport and industry) by 15% by 2030 from business as usual (BAU), equivalent to 103 MtCO2e, conditional on international financing; (2) unconditional reduction in public transportation emissions by 30% or 1.7 MtCO2e compared to 2013 levels by December 31, 2030.
the goals outlined in these policies with respect to RE/EE: low and subsidised electricity rates, lack of implementation of conducive policies and legislative framework, limited technical expertise for solar energy generation and maintenance, and a lack of awareness of appropriate energy pricing and advantages of RE/EE.

In light of the GoRTT’s ongoing work of adjusting the current policies and legislation to make them more conducive to power generation by RE and to encourage energy efficiency (EE), technical assistance will be provided to the Ministry of Energy and Energy Industries (MEEI) to address barriers and challenges with the enabling environment. As part of the GCCA+ Project, this consultancy seeks to ‘Conduct Technical Assessments, Capacity Building, and Develop a Draft Renewable Energy Policy for Trinidad and Tobago’. On behalf of the GoRTT, the UNDP is seeking a suitable professional to work with the MEEI and the GCCA+ Project Team to carry out this activity under Output 2 of the Project.

2. Scope of Consultancy Assignment

The assignment must be completed within twelve (12) months of the start date.

The selected Consultant, with guidance from the GCCA+ Project Team and MEEI personnel, will be responsible for providing technical backstopping towards the development of the Draft RE Policy. Stakeholder involvement is critical to this process and consultations will be held throughout the consultancy with representatives from relevant Ministry divisions and other related entities.

Specifically, the Consultant will have the following principal responsibilities and deliverables, as well as other related tasks that the Project Team may identify as necessary to the success of the Project in attaining its objectives:

- Inception Report with a Detailed Methodology and Work Plan
- Develop a Baseline for RE and EE Implementation
- Determine Options, Issues, and Recommendations Related to the Establishment of an Incentive Programme for RE Deployment and EE
- Develop a Public-Private Partnership Model for Funding RE and EE Projects
- Develop a Draft Renewable Energy Policy for Trinidad and Tobago
- Develop Action Plans to Support the Implementation of Strategies Identified in the Draft National RE Policy
- Conduct Capacity Building for Public Sector Policymakers on the Impact of the RE Policy

For detailed information, please refer to Annex 1
3. REQUIREMENTS FOR EXPERIENCE AND QUALIFICATIONS

The Consultant should be highly motivated and capable of working independently. The ability to work with a wide variety of stakeholders from governments, agencies, private companies, NGOs, and research institutions is essential. In addition, he/she should possess the following qualifications and experience:

Education:
- A minimum of a Master’s level qualification in Engineering, Energy, Sustainable / Renewable Energy, Economics, Law, Environmental Studies, or any other related field. A combination of qualifications relevant to the assignment will be considered.

Experience:
- At least 5 to 7 years of experience in renewable energy or energy policy development.
- Technical knowledge of international best practice for energy incentive programmes, including public-private-partnerships.
- Experience with small island power systems, legislation, and policies that revolve around renewable energy is desirable.
- Experience in training on renewable energy policy concepts.
- Experience in dealing with international and national experts and institutions.
- Sound understanding of key software packages (MS Office).

Language:
- Excellent oral and written communication skills in English.

Competencies:
- Strong analytical, writing and communication skills.
- Ability to prepare technical publications, reports, and presentations.
- Ability to work with a multidisciplinary and multicultural team.
- Strong motivation and ability to work and deliver under short deadlines.
- Focus on impacts and results for the client and has the ability to respond positively to critical feedback.
- Ability to work independently.
- Familiarity with government processes is strongly desired.

4. DOCUMENTS TO BE INCLUDED WHEN SUBMITTING THE PROPOSALS.

Interested individual consultants must submit the following documents/information to demonstrate their qualifications:

(1) Offeror’s letter to UNDP (See ANNEX II);
(2) Resume/CV. Resume/CV shall include Contact Information, Education/Qualification, Employment Records/Experience and contact information and email addresses for three referees.

(3) Provide a methodology on how they will approach and conduct the work; Provide a suitable timeline proposed for undertaking the assignment;

(4) FINANCIAL PROPOSAL:

Please complete the Price Submission Form (ANNEX III) attached, to express your price offer for the services required. Your price proposal would include costs such as your remuneration plus the per diem expense for each day in Trinidad & Tobago, if applicable. All prices shall be quoted in United States Dollars (USD). UNDP will not process Visas for the consultant. Note*: Local Consultants will be paid in Trinidad and Tobago Dollars (TTD) and at the UN Rates for November 2021 (6.753TTD to 1USD)

A. FINANCIAL PROPOSAL

Lump sum contract
The financial proposal shall specify a total lump sum amount, and payment terms around specific and measurable (qualitative and quantitative) deliverables. Payments are based upon deliverables, (i.e., upon delivery of the services specified in the TOR).

In order to assist the requesting unit in the comparison of financial proposals, the financial proposal will include a breakdown of this lump sum amount (including professional fees, travel, per diems, accommodation, and number of anticipated working days). Costs associated with hosting the training session (venue, catering and other logistics) will be covered by the GCCA+ Project and do not need to be included in the financial proposal.

Travel
All envisaged travel costs must be included in the financial proposal. This includes all travel to join duty station/repatriation travel. For this assignment, should the consultant be based outside Trinidad and Tobago, the majority of the work will be performed remotely. Most of the communication will be done via email and/or video conferencing. The consultant will only be required to travel to the duty station for field data collection, training of stakeholders and presentation of final reports. All envisaged travel will comply with COVID-19 restrictions and all travel costs should be itemized in the financial proposal.

6. EVALUATION

Method: Highest total score of weighted technical (proposed work plan and interview) and financial criteria. The price proposals of all consultants, who have attained a minimum 70% score in the technical evaluation (proposed work plan and interviewed), will be considered. UNDP will award contract to the individual that receives the highest score out of a predetermined weighted technical and financial criterion as follows: 70% Technical criteria, 30% Financial criteria. The technical criteria are described in the following table:
### Shortlisting Criteria

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Maximum points*</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1. Qualifications (academic &amp; technical, minimum Masters)</strong></td>
<td>10</td>
</tr>
<tr>
<td><strong>2. Relevant Professional/Work Experience</strong></td>
<td>30</td>
</tr>
<tr>
<td>- Demonstrated relevant work experience with RE policy development</td>
<td>10</td>
</tr>
<tr>
<td>- Demonstrated work experience in Small Island Development States</td>
<td></td>
</tr>
<tr>
<td><strong>3. Methodology/Approach</strong></td>
<td>30</td>
</tr>
<tr>
<td>- Clear methodology of how the assignment will be undertaken with reasonable timelines. Approach to conducting training/capacity building</td>
<td>10</td>
</tr>
<tr>
<td><strong>4. Presentation &amp; Packaging</strong></td>
<td>10</td>
</tr>
<tr>
<td>- Good writing, interpretation, and communication skills</td>
<td></td>
</tr>
</tbody>
</table>

**Total Maximum Obtainable Points** 100

Once candidates have been shortlisted, i.e. they have attained a technical score of at least 70% on their technical proposal (proposed work plan), only then, would they be interviewed for the position.

At the interview stage, candidates must attain a score of 70% for their financial proposals to be evaluated.

The final evaluation process is based on a 70:30 weighting, with 30 points being allocated to the financial component.

The following formula (cumulative analysis) is used to determine the financial scoring: $p = y \left( \frac{\mu}{z} \right)$, Where:

- $p = \text{points for the financial proposal being evaluated}$
- $y = \text{maximum number of points for the financial proposal}$
- $\mu = \text{price of the lowest priced proposal}$
- $z = \text{price of the proposal being evaluated}$

TERMS OF REFERENCE

INDIVIDUAL CONSULTANT

Project: Global Climate Change Alliance Plus (GCCA+) “Support to the Implementation of Trinidad and Tobago’s Nationally Determined Contribution” – Technical Assistance to the Ministry of Energy and Energy Industries, Trinidad and Tobago

Consultancy: Conduct Technical Assessments, Capacity Building, and Develop a Draft Renewable Energy Policy for Trinidad and Tobago

Duty Station: Port of Spain, Trinidad and Tobago

Duration of Project: Twelve (12) months

Type of Contract: Individual Contract

1. Background

The United Nations Development Programme (UNDP), the Government of the Republic of Trinidad and Tobago (GoRTT) and the European Union (EU) Delegation to Trinidad and Tobago are partnering under the Global Climate Change Alliance Plus (GCCA+) Initiative to implement a project entitled “Support to the Implementation of Trinidad and Tobago’s Nationally Determined Contribution (NDC)”. The overall objective of this GCCA+ Project is to support Trinidad and Tobago in achieving its commitments under the United Nations Framework Convention on Climate Change (UNFCCC) and its Paris Agreement as outlined in its NDC target.2 Specifically, the project aims to (1) strengthen the country’s capacity to produce and maintain electric energy through solar systems, (2) develop operational systems for the effective implementation of the new renewable energy (RE)/energy efficiency (EE)-conducive policy, legislative and regulatory framework, and (3) raise public awareness on EE, appropriate pricing of energy and on the benefits of using RE.

---

2 Trinidad and Tobago has committed to (1) an overall reduction in cumulative greenhouse (GHG) emissions from its three main emitting sectors (power generation, transport and industry) by 15% by 2030 from business as usual (BAU), equivalent to 103 MtCO2e, conditional on international financing; (2) unconditional reduction in public transportation emissions by 30% or 1.7 MtCO2e compared to 2013 levels by December 31, 2030.
These actions and their desired outcomes will be achieved through the following key project outputs:

Output 1: Installation of solar energy systems in public utilities and remote communities with the increased capacity to maintain solar power systems.

Output 2: Support to the implementation of the new RE/EE-conducive policy and legislative framework.

Output 3: Public awareness raising on EE, correct pricing and RE.

Output 4: Donor communications and visibility.

2. Request for Consultancy

The GoRTT is working towards greater energy efficiency and an optimized energy mix that includes a larger share of renewables, which is evidenced in key policy instruments including the National Development Strategy (VISION 2030), national targets of 10% RE supply by 2021 and 30% of electricity demand from RE by 2030, National Climate Change Policy (NCCP) and Nationally Determined Contribution (NDC). While economic trends and greenhouse gas (GHG) emissions reduction targets are driving the shift from a heavily fossil fuel-based economy towards a low carbon economy, the following challenges must be overcome in order to meet the goals outlined in these policies with respect to RE/EE: low and subsidised electricity rates, lack of implementation of conducive policies and legislative framework, limited technical expertise for solar energy generation and maintenance, and a lack of awareness of appropriate energy pricing and advantages of RE/EE.

In light of the GoRTT’s ongoing work of adjusting the current policies and legislation to make them more conducive to power generation by RE and to encourage energy efficiency (EE), technical assistance will be provided to the Ministry of Energy and Energy Industries (MEEI) to address barriers and challenges with the enabling environment. As part of the GCCA+ Project, this consultancy seeks to ‘Conduct Technical Assessments, Capacity Building, and Develop a Draft Renewable Energy Policy for Trinidad and Tobago’. On behalf of the GoRTT, the UNDP is seeking a suitable professional to work with the MEEI and the GCCA+ Project Team to carry out this activity under Output 2 of the Project.

3. Expected Results

The selected Consultant, with guidance from the GCCA+ Project Team and MEEI personnel, will be responsible for providing technical backstopping towards the development of the Draft RE Policy. Stakeholder involvement is critical to this process and consultations will be held throughout the consultancy with representatives from relevant Ministry divisions and other related entities.

Specifically, the Consultant will have the following principal responsibilities and deliverables, as well as other related tasks that the Project Team may identify as necessary to the success of the Project in attaining its objectives:

* Inception Report with a Detailed Methodology and Work Plan
i. Develop consultancy schedule, approach, strategies, required stakeholder consultations and other related activities.

• Develop a Baseline for RE and EE Implementation

ii. Conduct a desktop review and describe the RE resource potential for Trinidad and Tobago and comment on the applicability and challenges associated with different RE technologies.

iii. Determine the baseline for RE and EE Implementation through the identification and review of Trinidad and Tobago’s policy and legislative instruments related to RE and EE and initiatives (both public and private) related to RE and EE deployment.

Conduct a gap analysis to assess the implementation of the policy and legislative instruments and initiatives and provide recommendations on how to address them, inclusive of the skills required for the deployment of RE technologies.

Compile the results of the baseline and technical assessment into a knowledge paper.

• Determine Options, Issues, and Recommendations Related to the Establishment of an Incentive Programme for RE Deployment and EE

iv. Identify and review the existing incentives that promote RE and EE in Trinidad and Tobago including import duty exemptions, tax credits, wear and tear allowances, etc.

v. Determine an appropriate methodology and evaluate the degree to which the current incentives are effective at encouraging the installation and deployment of RE systems and EE practices.

vi. Based on the assessment of effectiveness, identify the issues and barriers associated with the implementation and uptake of the current incentives for RE deployment and EE and propose options for addressing them.

vii. Research best practices and guiding principles that should be considered for successful incentive programmes and recommend a cohesive incentive programme for promoting the deployment of RE and EE in Trinidad and Tobago.

viii. Compile the results of assessing the existing incentives and recommended incentive programme into a knowledge paper.

• Develop a Public-Private Partnership Model for Funding RE and EE Projects

---

3 Effectiveness can be measured based on the number of RE businesses established as a result of an incentive, capacity installed, amount of energy produced from projects that benefited from the incentive, reduction in the cost of technologies over time, etc.
i. Research best practices for instituting public-private partnerships (PPP) for RE/EE projects.

ii. Recommend a PPP model that would increase and sustain RE deployment. Include profit sharing models for local communities and suggest financing instruments that would support affordability of RE technologies for low-income households.

iii. Compile findings and proposed PPP model into a knowledge paper.

• Develop a Draft Renewable Energy Policy for Trinidad and Tobago

With technical support and relevant guidance from representatives of the MEEI and the Project Manager, develop a draft Renewable Energy Policy for Trinidad and Tobago that identifies strategies and recommends approaches to introducing RE and promoting EE. This deliverable should include, but is not limited to the following:

iv. A description of the context, vision, objectives, and guiding principles that apply to the policy, along with identified targets for the deployment of RE and EE initiatives. The identified targets should cover short, medium, and long term. The targets should be inclusive and cross-sectorial. The sectors which the targets should include are electricity, industrial heating, domestic and commercial cooling, and transportation. The targets should be clear, measurable and align with regional RE policies where relevant.

v. Strategies for implementing the policy such as establishing capacity building and awareness raising programmes; enhancing the enabling environment through an incentive programme and amendments to the legislative and regulatory environment; promoting energy efficiency and conservation initiatives; proposing an institutional framework outlining critical roles and responsibilities; and identification of suitable RE technologies.

vi. Identified monitoring and evaluation framework, criteria, and indicators to determine if the RE/EE strategies are effective at achieving the vision and objectives, which can be measured against the baseline study above.

• Develop Action Plans to Support the Implementation of Strategies Identified in the Draft National RE Policy

In order to support the implementation of the Draft National RE Policy, develop one Action Plan for each of the identified strategies. These Action Plans should:

i. Align with the strategies and be formulated for long term scenarios that provide a clear pathway towards achieving the targets identified in Part V(i).

ii. Identify barriers and offer recommendations to overcome them and linked to existing and planned national and regional policies.
iii. Include all levels of governance (regional, national, and local government) and ensure that RE and EE policies in the sectors identified in Part V(i) are well-aligned.

• Conduct Capacity Building for Public Sector Policymakers on the Impact of the RE Policy

iv. Conduct two (2) training sessions with relevant stakeholders such as the MEEI, Ministry of Planning and Development (MPD), Ministry of Public Utilities (MPU), Regulated Industries Commission (RIC), Trinidad and Tobago Electricity Commission (T&TEC) on the impact of the RE Policy on their respective policies.

v. This capacity building exercise should include a pre- and post-assessment of the stakeholders’ capacity as well as supporting training materials such as reports and presentations.

vi. Prepare a Capacity Building Report on the training conducted that includes a description of the training objectives, results of stakeholder assessments, training programme and materials, and list of participants.

5. Qualifications and Experience
The Consultant should be highly motivated and capable of working independently. The ability to work with a wide variety of stakeholders from governments, agencies, private companies, NGOs, and research institutions is essential. In addition, he/she should possess the following qualifications and experience:

I. Education:

A minimum of a Master’s level qualification in Engineering, Energy, Sustainable / Renewable Energy, Economics, Law, Environmental Studies, or any other related field. A combination of qualifications relevant to the assignment will be considered.

• Competencies:

Strong analytical, writing and communication skills.

Ability to prepare technical publications, reports, and presentations.

Ability to work with a multidisciplinary and multicultural team.

Strong motivation and ability to work and deliver under short deadlines.

Focus on impacts and results for the client and has the ability to respond positively to critical feedback.

Ability to work independently.

Familiarity with government processes is strongly desired.

• Experience:

At least 5 to 7 years of experience in renewable energy or energy policy development.

Technical knowledge of international best practice for energy incentive programmes, including public-private-partnerships.

Experience with small island power systems, legislation, and policies that revolve around renewable energy is desirable.

Experience in training on renewable energy policy concepts.

Experience in dealing with international and national experts and institutions.

Sound understanding of key software packages (MS Office).

Excellent oral and written communication skills in English.

6. Reporting Requirements

The Consultant will report directly to the GCCA+ Project Manager. In addition, he/she is expected to meet as necessary with the Project Team and Personnel of the Ministry of Energy and Energy Industries.
(MEEI), and relevant stakeholders. The Consultant should be prepared to conduct the majority of meetings, consultations, and training sessions remotely due to COVID-19 restrictions. At the end of the contracted time period, the Consultant shall submit all project outputs to the Project Team, which will be assessed for validity and completeness of required information and should be in the desired format identified by the client. Once approved, all outputs become the property of the client to utilise and disseminate as deemed necessary.

7. Proposal SUBMISSION Requirements

Interested individual consultants must submit the following documents/information to demonstrate their suitability for the assignment:

I. Technical Proposal:

The consultant should explain why they are the most suitable for the work, and demonstrate an understanding of renewable energy policy issues internationally, and in the context of Trinidad and Tobago and Small Island Developing States:

vii. Provide a methodology on how they will approach and conduct the work;

Provide a suitable timeline proposed for undertaking the assignment;

Personal CV including experience in similar projects and at least three (3) referees with their contacts.

* Financial Proposal:

The financial proposal shall specify a total lump sum amount, and payment terms around specific and measurable (qualitative and quantitative) deliverables. Payments are based upon deliverables, (i.e., upon delivery of the services specified in the TOR).

In order to assist the requesting unit in the comparison of financial proposals, the financial proposal will include a breakdown of this lump sum amount (including professional fees, travel, per diems, accommodation, and number of anticipated working days). Costs associated with hosting the training sessions (venue, catering and other logistics) will be covered by the GCCA+ Project and do not need to be included in the financial proposal.

* Travel:

For this assignment, should the consultant be based outside Trinidad and Tobago, the majority of the work will be performed remotely. Most of the communication will be done via email and/or video conferencing. The consultant will only be required to travel to the duty station for field data collection, training of stakeholders, and presentation of final reports. All envisaged travel will comply with COVID-19 restrictions and all travel costs should be itemized in the financial proposal.

8. Evaluation
Only candidates who have obtained at least 70% in the technical evaluation process will be considered for financial proposal evaluation.

Method: Highest total score of weighted technical (proposed work plan and interview) and financial criteria. The price proposals of all consultants, who have attained a minimum 70% score in the technical evaluation (proposed work plan and interviewed), will be considered. UNDP will award contract to the individual that receives the highest score out of a predetermined weighted technical and financial criterion as follows: 70% Technical criteria, 30% Financial criteria. The technical criteria are described in the following table:

<table>
<thead>
<tr>
<th>Shortlisting Criteria</th>
<th>Max. Obtainable Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Qualifications (academic &amp; technical, minimum Masters)</td>
<td>10</td>
</tr>
<tr>
<td>2 Relevant Professional/Work Experience –</td>
<td></td>
</tr>
<tr>
<td>- Demonstrated relevant work experience with RE policy development</td>
<td>30</td>
</tr>
<tr>
<td>- Demonstrated work experience in Small Island Development States</td>
<td>10</td>
</tr>
<tr>
<td>3 Methodology/Approach –</td>
<td></td>
</tr>
<tr>
<td>- Clear methodology of how the assignment will be undertaken with reasonable timelines.</td>
<td>30</td>
</tr>
<tr>
<td>- Approach to conducting training/capacity building</td>
<td>10</td>
</tr>
<tr>
<td>4 Presentation &amp; Packaging – Good writing, interpretation, and communication skills</td>
<td>10</td>
</tr>
<tr>
<td><strong>Total Maximum Obtainable Points</strong></td>
<td><strong>100</strong></td>
</tr>
</tbody>
</table>

Once candidates have been shortlisted, i.e., they have attained a technical score of at least 70% on their technical proposal (proposed work plan), only then, would they be interviewed for the position.

At the interview stage, candidates must attain a score of 70% for their financial proposals to be evaluated.
The final evaluation process is based on a 70:30 weighting, with 30 points being allocated to the financial component.

The following formula (cumulative analysis) is used to determine the financial scoring: $p = \frac{y}{\mu/z}$, Where:

$p =$ points for the financial proposal being evaluated

$y =$ maximum number of points for the financial proposal

$\mu =$ price of the lowest priced proposal

$z =$ price of the proposal being evaluated

9. Terms of Payment

10% upon acceptance and approval of the Inception Report with Methodology and Work Plan.

10% upon acceptance and approval of the Knowledge Paper on Baseline and Recommendations for RE and EE Implementation (legislation and incentives).

10% upon acceptance and approval of the Knowledge Paper on Assessment and Recommendation for an Incentive Programme for RE Deployment and EE.

10% upon acceptance and approval of the Knowledge Paper on PPP Model for Funding RE/EE Projects.

20% upon acceptance and approval of the Draft Renewable Energy Policy for Trinidad and Tobago.

20% upon acceptance and approval of the Action Plans to Support the Implementation of Strategies Identified in the Draft National RE Policy (one per strategy).

20% upon acceptance and approval of the Capacity Building Report.

10. ADDITIONAL REQUIREMENTS FOR THE RECOMMENDED CONTRACTOR

The recommended Individual contractor below age 65 is required to submit a statement of good health and a copy of his/her medical insurance prior to commencement of services in any offices or premises of UNDP, or before engaging in any travel required by UNDP or connected with the performance of the contract. Medical examination is not required.

The recommended Individual contractor aged 65 and older is required to submit a statement of good health signed by a recognized physician and a copy of his/her medical insurance prior to commencement of services in any offices or premises of UNDP, or before engaging in any travel required by UNDP, or connected with the performance of the contract. The medical examination shall be paid by the consultant.
ANNEX II

OFFEROR’S LETTER TO UNDP
CONFIRMING INTEREST AND AVAILABILITY
FOR THE INDIVIDUAL CONTRACTOR (IC) ASSIGNMENT

Date __________________________

Ms. Randi Davis
Resident Representative
United Nations Development Programme
UN House
3A Chancery Lane
Port of Spain

Dear Sir/Madam:

I hereby declare that:

A) I have read, understood and hereby accept the Terms of Reference describing the duties and responsibilities of Individual Consultant: to Conduct Technical Assessments, Capacity Building, and Develop a Draft Renewable Energy Policy for Trinidad and Tobago.

B) I have also read, understood and hereby accept UNDP’s General Conditions of Contract for the Services of the Individual Contractors;

C) I hereby propose my services and I confirm my interest in performing the assignment through the submission of my CV which I have duly signed and attached hereto as Annex 1;

D) I hereby propose to complete the services based on the following payment rate: [please check the box corresponding to the preferred option]:

☐ A total lump sum of [state amount in words and in numbers, indicating exact currency], payable in the manner described in the Terms of Reference.

E) For your evaluation, the breakdown of the abovementioned all-inclusive amount is attached hereto as Annex III;

F) I recognize that the payment of the abovementioned amounts due to me shall be based on my delivery of outputs within the timeframe specified in the TOR, which shall be subject to UNDP’s review, acceptance and payment certification procedures;
G) This offer shall remain valid for a total period of ___________ days [minimum of 90 days] after the submission deadline;

H) I confirm that I have no first degree relative (mother, father, son, daughter, spouse/partner, brother or sister) currently employed with any UN agency or office [disclose the name of the relative, the UN office employing the relative, and the relationship if, any such relationship exists];

I) If I am selected for this assignment, I shall [please check the appropriate box]:

- Sign an Individual Contract with UNDP;
- Request my employer [state name of company/organization/institution] to sign with UNDP a Reimbursable Loan Agreement (RLA), for and on my behalf. The contact person and details of my employer for this purpose are as follows:

J) I hereby confirm that [check all that applies]:

- At the time of this submission, I have no active Individual Contract or any form of engagement with any Business Unit of UNDP;
- I am currently engaged with UNDP and/or other entities for the following work:

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Contract Type</th>
<th>UNDP Business Unit / Name of Institution/Company</th>
<th>Contract Duration</th>
<th>Contract Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>

<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

K) I fully understand and recognize that UNDP is not bound to accept this proposal, and I also understand and accept that I shall bear all costs associated with its preparation and submission and that UNDP will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the selection process.
L) **If you are a former staff member of the United Nations recently separated, please add this section to your letter:** I hereby confirm that I have complied with the minimum break in service required before I can be eligible for an Individual Contract.

M) I also fully understand that, if I am engaged as an Individual Contractor, I have no expectations nor entitlements whatsoever to be re-instated or re-employed as a staff member.

N) Are any of your relatives employed by UNDP, any other UN organization or any other public international organization?

<table>
<thead>

Name and signature:
ANNEX IV

UNITED NATIONS DEVELOPMENT PROGRAMME
GENERAL CONDITIONS FOR THE SERVICES OF INDIVIDUAL CONTRACTORS

1. LEGAL STATUS
The Individual contractor shall have the legal status of an independent contractor vis-à-vis the United Nations Development Programme (UNDP), and shall not be regarded, for any purposes, as being either a “staff member” of UNDP, under the UN Staff Regulations and Rules, or an “official” of UNDP, for purposes of the Convention on the Privileges and Immunities of the United Nations, adopted by the General Assembly of the United Nations on 13 February 1946. Accordingly, nothing within or relating to the Contract shall establish the relationship of employer and employee, or of principal and agent, between UNDP and the Individual contractor. The officials, representatives, employees or subcontractors of UNDP and of the Individual contractor, if any, shall not be considered in any respect as being the employees or agents of the other, and UNDP and the Individual contractor shall be solely responsible for all claims arising out of or relating to their engagement of such persons or entities.

2. STANDARDS OF CONDUCT
In General: The Individual contractor shall neither seek nor accept instructions from any authority external to UNDP in connection with the performance of his or her obligations under the Contract. Should any authority external to UNDP seek to impose any instructions regarding the Individual contractor’s performance under the Contract, the Individual contractor shall promptly notify UNDP and shall provide all reasonable assistance required by UNDP. The Individual contractor shall not take any action in respect of his or her performance of the Contract or otherwise related to his or her obligations under the Contract that may adversely affect the interests of UNDP. The Individual contractor shall perform his or her obligations under the Contract with the fullest regard to the interests of UNDP. The Individual contractor warrants that she or he has not and shall not offer any direct or indirect benefit arising from or related to the performance of the Contract or the award thereof to any representative, official, employee or other agent of UNDP. The Individual contractor shall comply with all laws, ordinances, rules and regulations bearing upon the performance of his or her obligations under the Contract. In the performance of the Contract the Individual contractor shall comply with the standards of conduct set in the Secretary General’s Bulletin ST/SGB/2002/9 of 18 June 2002, entitled “Regulations Governing the Status, Basic Rights and Duties of Officials other than Secretariat Officials, and Expert on Mission”. The Individual contractor must comply with all security directives issued by UNDP.

Prohibition of Sexual Exploitation and Abuse: In the performance of the Contract, the Individual contractor shall comply with the standards of conduct set forth in the Secretary-General’s bulletin ST/SGB/2003/13 of 9 October 2003, concerning “Special measures for protection from sexual exploitation and sexual abuse”. In particular, the Individual contractor shall not engage in any conduct that would constitute sexual exploitation or sexual abuse, as defined in that bulletin.

The Individual contractor acknowledges and agrees that any breach of any of the provisions hereof shall constitute a breach of an essential term of the Contract, and, in addition to any other legal rights or remedies available to any person, shall give rise to grounds for suspension or termination of the Contract. In addition, nothing herein shall limit the right of UNDP to refer any alleged breach of the foregoing
standards of conduct or any other terms of the Contract to the relevant national authorities for appropriate legal action.

3. TITLE RIGHTS, COPYRIGHTS, PATENTS AND OTHER PROPRIETARY RIGHTS

Title to any equipment and supplies that may be furnished by UNDP to the Individual contractor for the performance of any obligations under the Contract shall rest with UNDP, and any such equipment and supplies shall be returned to UNDP at the conclusion of the Contract or when no longer needed by the Individual contractor. Such equipment and supplies, when returned to UNDP, shall be in the same condition as when delivered to the Individual contractor, subject to normal wear and tear, and the Individual contractor shall be liable to compensate UNDP for any damage or degradation of the equipment and supplies that is beyond normal wear and tear.

UNDP shall be entitled to all intellectual property and other proprietary rights, including, but not limited to, patents, copyrights and trademarks, with regard to products, processes, inventions, ideas, know-how or documents and other materials which the Individual contractor has developed for UNDP under the Contract and which bear a direct relation to, or are produced or prepared or collected in consequence of, or during the course of, the performance of the Contract, and the Individual contractor acknowledges and agrees that such products, documents and other materials constitute works made for hire for UNDP. However, to the extent that any such intellectual property or other proprietary rights consist of any intellectual property or other proprietary rights of the Individual contractor: (a) that pre-existed the performance by the Individual contractor of his or her obligations under the Contract, or (b) that the Individual contractor may develop or acquire, or may have developed or acquired, independently of the performance of his or her obligations under the Contract, UNDP does not and shall not claim any ownership interest thereto, and the Individual contractor grants to UNDP a perpetual license to use such intellectual property or other proprietary right solely for the purposes of and in accordance with the requirements of the Contract.

At the request of UNDP, the Individual contractor shall take all necessary steps, execute all necessary documents and generally assist in securing such proprietary rights and transferring or licensing them to UNDP in compliance with the requirements of the applicable law and of the Contract. Subject to the foregoing provisions, all maps, drawings, photographs, mosaics, plans, reports, estimates, recommendations, documents and all other data compiled by or received by the Individual contractor under the Contract shall be the property of UNDP, shall be made available for use or inspection by UNDP at reasonable times and in reasonable places, shall be treated as confidential and shall be delivered only to UNDP authorized officials on completion of services under the Contract.
4. CONFIDENTIAL NATURE OF DOCUMENTS AND INFORMATION

Information and data that are considered proprietary by either UNDP or the Individual contractor or that are delivered or disclosed by one of them (“Discloser”) to the other (“Recipient”) during the course of performance of the Contract, and that are designated as confidential (“Information”), shall be held in confidence and shall be handled as follows. The Recipient of such Information shall use the same care and discretion to avoid disclosure, publication or dissemination of the Discloser’s Information as it uses with its own similar information that it does not wish to disclose, publish or disseminate, and the Recipient may otherwise use the Discloser’s Information solely for the purpose for which it was disclosed. The Recipient may disclose confidential Information to any other party with the Discloser’s prior written consent, as well as to the Recipient’s officials, representatives, employees, subcontractors and agents who have a need to know such confidential Information solely for purposes of performing obligations under the Contract.

Subject to and without any waiver of the privileges and immunities of UNDP, the Individual contractor may disclose Information to the extent required by law, provided that the Individual contractor will give UNDP sufficient prior notice of a request for the disclosure of Information in order to allow UNDP to have a reasonable opportunity to take protective measures or such other action as may be appropriate before any such disclosure is made. UNDP may disclose Information to the extent required pursuant to the Charter of the United Nations, resolutions or regulations of the General Assembly or its other governing bodies, or rules promulgated by the Secretary-General. The Recipient shall not be precluded from disclosing Information that is obtained by the Recipient from a third party without restriction, is disclosed by the Discloser to a third party without any obligation of confidentiality, is previously known by the Recipient, or at any time is developed by the Recipient completely independently of any disclosures hereunder. These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract. Notwithstanding the foregoing, the Individual contractor acknowledges that UNDP may, in its sole discretion, disclose the purpose, type, scope, duration and value of the Contract, the name of the Individual contractor, and any relevant information related to the award of the Contract.

5. TRAVEL, MEDICAL CLEARANCE AND SERVICE INCURRED DEATH, INJURY OR ILLNESS

If the Individual contractor is required by UNDP to travel beyond commuting distance from the Individual contractor’s usual place of residence, and upon prior written agreement, such travel shall be at the expense of UNDP. Such travel shall be at economy fare when by air.

UNDP may require the Individual contractor to submit a “statement of good health” from a recognized physician prior to commencement of services in any offices or premises of UNDP, or before engaging in any travel required by UNDP, or connected with the performance of the Contract. The Individual contractor shall provide such a statement as soon as practicable following such request, and prior to engaging in any such travel, and the Individual contractor warrants the accuracy of any such statement, including, but not limited to, confirmation that the Individual contractor has been fully informed regarding the requirements for inoculations for the country or countries to which travel may be authorized.

In the event of death, injury or illness of the Individual contractor which is attributable to the performance of services on behalf of UNDP under the terms of the Contract while the Individual contractor is traveling at UNDP expense or is performing any services under the Contract in any offices or premises of UNDP, the Individual contractor or the Individual contractor’s dependents, as appropriate, shall be entitled to compensation equivalent to that provided under the UNDP insurance policy, available upon request.
6. **PROHIBITION ON ASSIGNMENT; MODIFICATIONS**

The Individual contractor may not assign, delegate, transfer, pledge or make any other disposition of the Contract, of any part thereof, or of any of the rights, claims or obligations under the Contract except with the prior written authorization of UNDP, and any attempt to do so shall be null and void. The terms or conditions of any supplemental undertakings, licenses or other forms of Contract concerning any goods or services to be provided under the Contract shall not be valid and enforceable against UNDP nor in any way shall constitute a contract by UNDP thereto, unless any such undertakings, licenses or other forms of contract are the subject of a valid written undertaking by UNDP. No modification or change in the Contract shall be valid and enforceable against UNDP unless provided by means of a valid written amendment to the Contract signed by the Individual contractor and an authorized official or appropriate contracting authority of UNDP.

7. **SUBCONTRACTORS**

In the event that the Individual contractor requires the services of subcontractors to perform any obligations under the Contract, the Individual contractor shall obtain the prior written approval of UNDP for any such subcontractors. UNDP may, in its sole discretion, reject any proposed subcontractor or require such subcontractor’s removal without having to give any justification therefor, and such rejection shall not entitle the Individual contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of his or her obligations under the Contract. The Individual contractor shall be solely responsible for all services and obligations performed by his or her subcontractors. The terms of any subcontract shall be subject to, and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.

8. **USE OF NAME, EMBLEM OR OFFICIAL SEAL OF THE UNITED NATIONS**

The Individual contractor shall not advertise or otherwise make public for purposes of commercial advantage or goodwill that it has a contractual relationship with UNDP, nor shall the Individual contractor, in any manner whatsoever, use the name, emblem or official seal of UNDP, or any abbreviation of the name of UNDP, in connection with his or her business or otherwise without the written permission of UNDP.

9. **INDEMNIFICATION**

The Individual contractor shall indemnify, defend, and hold and save harmless UNDP, and its officials, agents and employees, from and against all suits, proceedings, claims, demands, losses and liability of any kind or nature, including, but not limited to, all litigation costs and expenses, attorney’s fees, settlement payments and damages, based on, arising from, or relating to: (a) allegations or claims that the use by UNDP of any patented device, any copyrighted material or any other goods or services provided to UNDP for its use under the terms of the Contract, in whole or in part, separately or in combination, constitutes an infringement of any patent, copyright, trademark or other intellectual property right of any third party; or (b) any acts or omissions of the Individual contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers’ compensation.
10. **INSURANCE:**

The Individual contractor shall pay UNDP promptly for all loss, destruction or damage to the property of UNDP caused by the Individual contractor, or of any subcontractor, or anyone directly or indirectly employed by them in the performance of the Contract.

The Individual contractor shall be solely responsible for taking out and for maintaining adequate insurance required to meet any of his or her obligations under the Contract, as well as for arranging, at the Individual contractor’s sole expense, such life, health and other forms of insurance as the Individual contractor may consider to be appropriate to cover the period during which the Individual contractor provides services under the Contract.

The Individual contractor acknowledges and agrees that none of the insurance arrangements the Individual contractor shall, in any way, be construed to limit the Individual contractor’s liability arising under or relating to the Contract.

11. **ENCUMBRANCES AND LIENS**

The Individual contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with UNDP against any monies due to the Individual contractor or to become due for any work done or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Individual contractor.

12. **FORCE MAJEURE; OTHER CHANGES IN CONDITIONS**

In the event of and as soon as possible after the occurrence of any cause constituting *force majeure*, the Individual contractor shall give notice and full particulars in writing to UNDP of such occurrence or cause if the Individual contractor is thereby rendered unable, wholly or in part, to perform his or her obligations and meet his or her responsibilities under the Contract. The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with the performance of the Contract. Not more than fifteen (15) days following the provision of such notice of *force majeure* or other changes in conditions or occurrence, the Individual contractor shall also submit a statement to UNDP of estimated expenditures that will likely be incurred for the duration of the change in conditions or the event. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract or suspension thereof.

*Force majeure* as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, or any other acts of a similar nature or force, *provided that* such acts arise from causes beyond the control and without the fault or negligence of the Individual contractor. The Individual contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Individual contractor must perform in or for any areas in which UNDP is engaged in, preparing to engage in, or disengaging from any peacekeeping, humanitarian or similar operations, any delay or failure to perform such obligations arising from or relating to harsh conditions within such areas or to any incidents of civil unrest occurring in such areas shall not, in and of itself, constitute *force majeure* under the Contract.
13. TERMINATION

Either party may terminate the Contract, in whole or in part, upon giving written notice to the other party. The period of notice shall be five (5) days in the case of contracts for a total period of less than two (2) months and fourteen (14) days in the case of contracts for a longer period. The initiation of conciliation or arbitral proceedings, as provided below, shall not be deemed to be a “cause” for or otherwise to be in itself a termination of the Contract. UNDP may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that: (a) the Individual contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, applies for moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent; (b) the Individual contractor is granted a moratorium or a stay or is declared insolvent; (c) the Individual contractor makes an assignment for the benefit of one or more of his or her creditors; (d) a Receiver is appointed on account of the insolvency of the Individual contractor; (e) the Individual contractor offers a settlement in lieu of bankruptcy or receivership; or (f) UNDP reasonably determines that the Individual contractor has become subject to a materially adverse change in financial condition that threatens to endanger or otherwise substantially affect the ability of the Individual contractor to perform any of the obligations under the Contract.

In the event of any termination of the Contract, upon receipt of notice of termination by UNDP, the Individual contractor shall, except as may be directed by UNDP in the notice of termination or otherwise in writing: (a) take immediate steps to bring the performance of any obligations under the Contract to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum; (b) refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice; (c) deliver all completed or partially completed plans, drawings, information and other property that, if the Contract had been completed, would be required to be furnished to UNDP thereunder; (d) complete performance of the services not terminated; and (e) take any other action that may be necessary, or that UNDP may direct in writing, for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Individual contractor and in which UNDP has or may be reasonably expected to acquire an interest.

In the event of any termination of the Contract, UNDP shall only be liable to pay the Individual contractor compensation on a pro rata basis for no more than the actual amount of work performed to the satisfaction of UNDP in accordance with the requirements of the Contract. Additional costs incurred by UNDP as a result of termination of the Contract by the Individual contractor may be withheld from any amount otherwise due to the Individual contractor by UNDP.

14. NON-EXCLUSIVITY

UNDP shall have no obligation respecting, and no limitations on, its right to obtain goods of the same kind, quality and quantity, or to obtain any services of the kind described in the Contract, from any other source at any time.

15. TAXATION:

Article II, section 7, of the Convention on the Privileges and Immunities of the United Nations provides, inter alia, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of the United Nations from such taxes, restrictions, duties or charges, the Individual contractor shall immediately consult with UNDP to determine a mutually acceptable procedure. UNDP shall have no liability for taxes, duties or other similar
charges payable by the Individual contractor in respect of any amounts paid to the Individual contractor under this Contract, and the Individual contractor acknowledges that UNDP will not issue any statements of earnings to the Individual contractor in respect of any such payments.

16. **AUDITS AND INVESTIGATIONS**

Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or by other authorized and qualified agents of UNDP. The Individual contractor acknowledges and agrees that UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, and the obligations performed thereunder.

The Individual contractor shall provide full and timely cooperation with any post-payment audits or investigations hereunder. Such cooperation shall include, but shall not be limited to, the Individual contractor’s obligation to make available any relevant documentation and information for the purposes of a post-payment audit or an investigation at reasonable times and on reasonable conditions. The Individual contractor shall require his or her employees, subcontractors and agents, if any, including, but not limited to, the Individual contractor’s attorneys, accountants or other advisers, to reasonably cooperate with any post-payment audits or investigations carried out by UNDP hereunder.

If the findings or circumstances of a post-payment audit or investigation so warrant, UNDP may, in its sole discretion, take any measures that may be appropriate or necessary, including, but not limited to, suspension of the Contract, with no liability whatsoever to UNDP. The Individual contractor shall refund to UNDP any amounts shown by a post-payment audit or investigation to have been paid by UNDP other than in accordance with the terms and conditions of the Contract. Such amount may be deducted by UNDP from any payment due to the Individual contractor under the Contract.

The right of UNDP to conduct a post-payment audit or an investigation and the Individual contractor’s obligation to comply with such shall not lapse upon expiration or prior termination of the Contract.

17. **SETTLEMENT OF DISPUTES:**

*Amicable Settlement:* UNDP and the Individual contractor shall use their best efforts to amicably settle any dispute, controversy or claim arising out of the Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law (“UNCITRAL”), or according to such other procedure as may be agreed between the parties in writing.

*Arbitration:* Any dispute, controversy or claim between the parties arising out of the Contract, or the breach, termination, or invalidity thereof, unless settled amicably, as provided above, shall be referred by either of the parties to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. For all evidentiary questions, the arbitral tribunal shall be guided by the Supplementary Rules Governing the Presentation and Reception of Evidence in International Commercial Arbitration of the International Bar Association, 28 May 1983 edition. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 ("Interim Measures of
Protection”) and Article 32 (“Form and Effect of the Award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.

18. LIMITATION ON ACTIONS
   Except with respect to any indemnification obligations in Article 9, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 17, above, arising out of the Contract must be commenced within three (3) years after the cause of action has accrued.
   The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins.

19. PRIVILEGES AND IMMUNITIES
   Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.
This Contract is entered into on [insert date] between the United Nations Development Programme (hereinafter referred to as “UNDP”) and ______________________________ (hereinafter referred to as “the Individual Contractor”) whose address is ______________________________.

WHEREAS UNDP desires to engage the services of the Individual Contractor on the terms and conditions hereinafter set forth, and:

WHEREAS the Individual Contractor is ready and willing to accept this Contract with UNDP on the said terms and conditions,

NOW, THEREFORE, the Parties hereby agree as follows:

1. Nature of services
The Individual Contractor shall perform the services as described in the Terms of References which form an integral part of this Contract and are attached hereto as Annex I in the following Duty Station(s): ______________________________.

2. Duration
This Individual Contract shall commence on [insert date] and shall expire upon satisfactory completion of the services described in the Terms of Reference mentioned above, but not later than [insert date], unless sooner terminated in accordance with the terms of this Contract. This Contract is subject to the General Conditions of Contract for Individual contractors which are available on UNDP website at www.undp.org/procurement and are attached hereto as Annex II.

3. Consideration
As full consideration for the services performed by the Individual Contractor under the terms of this Contract, including, unless otherwise specified, his/her travel to and from the Duty Station(s), any other travel required in the fulfillment of the Terms of Reference in Annex I, and living expenses in the Duty Station(s), UNDP shall pay the Individual Contractor a total of [currency] __________ in accordance with the table set forth below. Payments shall be made following certification by UNDP that the services related to each Deliverable, as described below, have been satisfactorily performed and the Deliverables have been achieved by or before the due dates specified below, if any.

---

5 For payments which are not output-based lump sum, indicate the maximum number of working days/hours/units, any out of pocket expense (travel, per diem...) and the corresponding fee/cost in the Deliverable(s) table.
If unforeseen travel outside the Duty Station not required by the Terms of Reference is requested by UNDP, and upon prior written agreement, such travel shall be at UNDP’s expense and the Individual Contractor shall receive a *per diem* not to exceed United Nations daily subsistence allowance rate in such other location(s).

Where two currencies are involved, the rate of exchange shall be the official rate applied by the United Nations on the day the UNDP instructs its bank to effect the payment(s).

1. **Rights and Obligations of the Individual contractor**

The rights and obligations of the Individual Contractor are strictly limited to the terms and conditions of this Contract, including its Annexes. Accordingly, the Individual Contractor shall not be entitled to any benefit, payment, subsidy, compensation or entitlement, except as expressly provided in this Contract. The Individual Contractor shall be solely liable for claims by third parties arising from the Individual Contractor’s own acts or omissions in the course of performing this Contract, and under no circumstances shall UNDP be held liable for such claims by third parties.

2. **Beneficiary**

The Individual Contractor selects ___________________ as beneficiary of any amounts owed under this Contract in the event of death of the Individual Contractor while performing services hereunder. This includes the payment of any service-incurred liability insurance attributable to the performance of the services for UNDP.

Mailing address, email address and phone number of beneficiary:

____________________________________________________________________________________

Mailing address, email address and phone number of emergency contact (if different from beneficiary):

____________________________________________________________________________________

IN WITNESS WHEREOF, the Parties hereto have executed this Contract.

By signing below, I, the Individual Contractor, acknowledge and agree that I have read and accept the terms of this Contract, including the General Conditions of Contracts for Individual contractors available on UNDP website at www.undp.org/procurement and attached hereto in Annex II which form an integral part of this Contract, and that I have read and understood, and agree to abide by the standards of conduct set forth in the Secretary-General’s bulletins ST/SGB/2003/13 of 9 October 2003, entitled
“Special Measures for Protection from Sexual Exploitation and Sexual Abuse” and ST/SGB/2002/9 of 18 June 2002, entitled “Regulations Governing the Status, Basic Rights and Duties of Officials other than Secretariat Officials, and Experts on Mission”.

☐ The Individual Contractor has submitted a Statement of Good Health and confirmation of immunization.
