

**3<sup>rd</sup> Round of Questions and Answers (received through Email)**  
**Pre-Bid Minutes of the Meeting**  
**Among: UNDP and SPs**

The following queries were raised by the participating representatives from the prospective bidders, and the following respective responses are provided:

	Queries	Responses
1	he two question and answer tables and the website talk about LOT1 and LOT2 while the RFP talks about LOT1, LOT2 and LOT3. It is not clear whether LOT3 is still part of the RFP or not. LOT3 is the only one we can provide services.	YES, Lot #3 is very much part of the RFP. It was added afterwards so in the initial set of questions, only Lot1 and Lot2 were the focus.
2	The addendum #2 clarifies that the bid currency is AFN unless specifically mentioned in the RFP. The RFP currency is USD and addendum is issued after the RFP. What is the currency of the RFP?	The currency of disbursement to beneficiaries will be AFN in Lot 2. For Lot 3, the currency of disbursement may be AFN or USD. The currency of payment to vendor/Service Provider for all lots is USD.
3	How to finally deliver the proposal to UNDP, one of the options is XML format which is questionable. Ramin will contact you separately on this.	The proposals shall be submitted using the e-tendering platform only. They may be in Excel for data and in word for details on approach and methodology and the Team proposed
4	Will addendum -2 disqualify NGOs without the license as mobile phone network operator from bidding for the CBI project? IF yes, why does this addendum come very late at the tendering stage	This applies for Lot2. NGO can apply for Lot 1.

End of Questions and Answers.  
Thank you.
