A. Project Description:

The United Nations Development Programme (UNDP) is the UN's global development network, advocating for change and connecting countries to knowledge, experience and resources to help people build a better life, as envisaged by 2030 Agenda for Sustainable Development. We are on the ground in more than 170 countries and territories, working with governments and people on their own solutions to global and national development challenges. As they develop local capacity, they draw on the people of UNDP and our wide range of partners that can bring about results.

The Bureau for Policy and Programme Support (BPPS) has the responsibility for developing all relevant policy and guidance to support the results of UNDP's Strategic Plan and help countries to achieve the Sustainable Development Goals. BPPS's staff provides technical advice to Country Offices; advocates for UNDP corporate messages, represents UNDP at multi-stakeholder fora including public-private dialogues, government and civil society dialogues, South-South and Triangular cooperation initiatives, and engages in UN inter-agency coordination in specific thematic areas.

BPPS supports UNDP's 2014-2017 Strategic Plan, focusing on 7 outcomes including strengthening institutions to progressively deliver universal access to basic services (outcome 3). The HIV, Health and Development Group (HHD), within BPPS, is helping to contribute towards this outcome.

UNDP has been identified by the GF as the interim PR for the Pakistan HIV grant for the implementation period 1 July 2021 to 31 December 2023. For effective implementation of the Global Fund resources, UNDP Pakistan has established a Program Management Unit (PMU), which is responsible for the day-to-day overall programme management, risk management, policy guidance, financial accountability, procurement of goods, including health products and services, strengthening of the national systems. The GF resources are implemented in accordance with UNDP rules, policies and procedures, the grant confirmation, corporate agreements with the GF and in close coordination with the national and provincial stakeholders, Common Management Unit, Sub-recipients (SRs) and Sub-sub-Recipients (SSRs), NGOs, CSOs, communities, technical partners, UN entities and the Global Fund (Local Fund Agent) and Country Coordinating Mechanism.

As interim Principal Recipient (PR) under the Global Fund grant (2021-23), UNDP Pakistan will be rolling out a comprehensive prevention and treatment HIV/AIDS program across the country in collaboration with government and civil society partners. The treatment component of this grant seeks to address, through targeted and evidence-based interventions, the lack of retention of HIV patients on anti-retroviral therapy (ART).

Previous research shows that more than one-third of patients initiated on ART in Month 1 did not return for Month 2. The significant drop-off in the early months of ART is a major problem at the national and provincial levels, and the early loss of patients has a significant negative effect on retention over time. UNDP Pakistan, together with Global Fund, has identified loss to follow up as a priority area at the intersection of health, HIV, human rights in the current grant.

B. Scope of Work

In this vein, UNDP Pakistan intends to undertake research and consultations with key stakeholders and PLHIV through recruitment of an expert to identify good practices and recommendations on how to address the loss to follow up. Retaining patients starting antiretroviral therapy (ART) and ensuring good adherence remain cornerstone of long-term viral suppression. In this era of test and treat (T&T) policy, ensuring that patients starting ART remain connected to HIV clinics is key to achieve the UNAIDS 90-90-90 targets.

The expert will carry out desk review including the situation analysis along with interviews and consultations with relevant stakeholders (Government, UN and civil society) and PLHIV in Pakistan, identifying measures to address loss to follow up and recommendations to encourage retention (including any possible digital measures) for immediate, mid-, and long term for the key population and their partners.

Background:

UNDP HIV, Health and Development Strategy 2016-2021

UNDP's commitment to HIV and other major health challenges is based on the principles that health is both a driver and outcome of development, and that actions across a wide range of development sectors have a significant impact on health outcomes.

UNDP's work in HIV and health contributes to the [Sustainable Development Goals](#) by addressing the social, economic and environmental determinants of health, health-related inequalities and governance for health. UNDP's work in these areas is outlined in its [HIV, Health and Development Strategy 2016-2021](#)

The strategy encompasses three inter-related action areas, each of which includes three priorities:

Action Area 1: Reducing inequalities and social exclusion that drive HIV and poor health.

Action Area 2: Promoting effective and inclusive governance for health.

Action Area 3: Building resilient and sustainable systems for health.

HIV, Health and Development Approach

UNDP is a founding co-sponsor of the Joint UN Programme on HIV/AIDS (UNAIDS), a partner of the Global Fund to Fight AIDS, Tuberculosis and Malaria, and a co-sponsor of several other international health partnerships. UNDP's work on HIV, health and development leverages the organisation's core

strengths and mandates in human development, governance and capacity development to complement the efforts of specialist health-focused UN agencies.

UNDP's Partnership with the Global Fund

The Global Fund achieves its goals through a broad range of partnerships, including with the United Nations family. UNDP partners with the Global Fund to support and strengthen national responses to HIV, Tuberculosis and malaria. The objective is to ensure access to quality health services for all, and enable all those living or affected by the diseases to live healthy, productive lives. The partnership leverages UNDP's mandate to strengthened institutions to deliver universal access to basic services and rebuilding resilient health services in crisis and post-crisis settings:

- UNDP supports the implementation of Global Fund programmes on an interim basis in countries facing significant capacity constraints, complex emergencies, donor sanctions, or other difficult circumstances;
- Develops national capacity and strengthens national systems to gradually reduce the need for UNDP implementation support and to transfer the role of Principal Recipient to national entities when circumstances permit;
- Transforms national responses to the 3 diseases by providing policy and technical support in areas of UNDP expertise and mandate, such as human rights, gender, sustainable financing and environmental sustainability, and reaching key populations at higher risk

UNDP is requested to serve as the Global Fund's Interim Principal Recipient (PR) in countries facing a wide variety of special challenges, including serious capacity constraints, post-crisis or complex emergencies, weak governance and accountability, grant implementation difficulties and financial irregularities, donor restrictions, or other exceptional circumstances. UNDP only serves as an Interim PR from July 2021 to December 2023, as determined by the [Country Coordinating Mechanism](#) and/or the Global Fund, including in countries under the Global Fund's [Additional Safeguards Policy](#) (ASP).

UNDP Results

UNDP has [contributed to saving 2.5 Million lives](#) through the UNDP-GF Partnership. As of July 2016, UNDP is managing 39 grants in 22 countries, as well as 3 regional grants in South Asia, Asia Pacific and Africa. The current total value of the portfolio in signed grant agreements is \$1.7 billion. Total portfolio expenditure in 2015 was US \$423 million.

UNDP consistently outperforms other implementers of Global Fund grants. Fifty four percent of UNDP grants are currently rated A1 or A2 ('exceed' or 'meet expectations') by the Global Fund, compared to thirty-nine percent for grants managed by other partners, despite the fact that UNDP is operating in some of the most difficult country contexts.

UNDP's Global Fund portfolio has saved **2.5 million lives** in its support to countries, including children and young adults in their most productive years who would have otherwise succumbed to the three diseases, sparing countries the devastating socio-economic impact at both community and national levels of such massive mortality.

Beyond this programme implementation role, the past few years have seen a further deepening in UNDP's engagement with the Global Fund on [human rights](#), key populations, gender, [capacity development of systems for health](#), sustainable financing, and other key strategic issues

As interim Principal Recipient (PR) under the Global Fund grant (2021-23), UNDP Pakistan will be rolling out a comprehensive prevention and treatment HIV/AIDS program across the country in collaboration with government and civil society partners. The treatment component of this grant seeks to address, through targeted and evidence-based interventions, the lack of retention of HIV patients on anti-retroviral therapy (ART).

Previous research and the ART Outcome study conducted in 2019 shows that more than one-third of patients initiated on ART in Month 1 did not return for Month 2. The significant drop-off in the early months of ART is a major problem at the national and provincial levels, and the early loss of patients has a significant negative effect on retention over time. UNDP Pakistan, together with Global Fund, has identified loss to follow up as a priority area at the intersection of health, HIV, human rights in the current grant.

Scope of Work

In this vein, UNDP Pakistan intends to undertake research and consultations with key stakeholders and PLHIV through recruitment of an expert to identify good practices and recommendations on how to address the loss to follow up. Retaining patients starting antiretroviral therapy (ART) and ensuring good adherence remain cornerstone of long-term viral suppression. In this era of test and treat (T&T) policy, ensuring that patients starting ART remain connected to HIV clinics is key to achieve the UNAIDS 90-90-90 targets.

The expert will carry out desk review including the situation analysis along with interviews and consultations with relevant stakeholders (Government, UN and civil society) and PLHIV in Pakistan, identifying measures to address loss to follow up and recommendations to encourage retention (including any possible digital measures) for immediate, mid-, and long term for the key population and their partners.

9. INDEMNIFICATION: The Individual contractor shall indemnify, defend, and hold and save harmless UNDP, and its officials, agents and employees, from and against all suits, proceedings, claims, demands,

losses and liability of any kind or nature, including, but not limited to, all litigation costs and expenses, attorney's fees, settlement payments and damages, based on, arising from, or relating to: (a) allegations or claims that the use by UNDP of any patented device, any copyrighted material or any other goods or services provided to UNDP for its use under the terms of the Contract, in whole or in part, separately or in combination, constitutes an infringement of any patent, copyright, trademark or other intellectual property right of any third party; or (b) any acts or omissions of the Individual contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers' compensation.

10. INSURANCE: The Individual contractor shall pay UNDP promptly for all loss, destruction or damage to the property of UNDP caused by the Individual contractor, or of any subcontractor, or anyone directly or indirectly employed by them in the performance of the Contract. The Individual contractor shall be solely responsible for taking out and for maintaining adequate insurance required to meet any of its obligations under the Contract, as well as for arranging, at the Individual contractor's sole expense, such life, health and other forms of insurance as the Individual contractor may consider to be appropriate to cover the period during which the Individual contractor provides services under the Contract. The Individual contractor acknowledges and agrees that none of the insurance arrangements the Individual contractor may make shall, in any way, be construed to limit the Individual contractor's liability arising under or relating to the Contract.

11. ENCUMBRANCES AND LIENS: The Individual contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with UNDP against any monies due to the Individual contractor or to become due for any work done or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Individual contractor.

12. FORCE MAJEURE; OTHER CHANGES IN CONDITIONS: In the event of and as soon as possible after the occurrence of any cause constituting *force majeure*, the Individual contractor shall give notice and full particulars in writing to UNDP of such occurrence or cause if the Individual contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of *force majeure* or other changes in conditions or occurrence, the Individual contractor shall also submit a statement to UNDP of estimated expenditures that will likely be incurred for the duration of the change in conditions or the event. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract.

The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with its performance of the Contract. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract.

Force majeure as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, or any other acts of a similar nature or force, *provided that* such acts arise from causes beyond the control and without the fault or negligence of the Individual contractor. The Individual contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Individual contractor must perform in or for any areas in which UNDP is engaged in, preparing to engage in, or disengaging from any peacekeeping, humanitarian or similar operations, any delay or failure to perform such obligations arising from or relating to harsh conditions within such areas or to any incidents of civil unrest occurring in such areas shall not, in and of itself, constitute *force majeure* under the Contract

13. TERMINATION: Either party may terminate the Contract, in whole or in part, upon giving written notice to the other party. The period of notice shall be five (5) days in the case of Contracts for a total period of less than two (2) months and fourteen (14) days in the case of contracts for a longer period. The initiation of conciliation or arbitral proceedings, as provided below, shall not be deemed to be a "cause" for or otherwise to be in itself a termination of the Contract. UNDP may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that: (a) the Individual contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, applies for moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent; (b) the Individual contractor is granted a moratorium or a stay or is declared insolvent; the Individual contractor makes an assignment for the benefit of one or more of its creditors; (c) a Receiver is appointed on account of the insolvency of the Individual contractor ; (d) the Individual contractor offers a settlement in lieu of bankruptcy or receivership; or (e) UNDP reasonably determines that the Individual contractor has become subject to a materially adverse change in its financial condition that threatens to endanger or otherwise substantially affect the ability of the Individual contractor to perform any of its obligations under the Contract.

In the event of any termination of the Contract, upon receipt of notice of termination by UNDP, the Individual contractor shall, except as may be directed by UNDP in the notice of termination or otherwise in writing: (a) take immediate steps to bring the performance of any obligations under the Contract to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum; (b) refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice; (c) deliver all completed or partially completed plans, drawings, information and other property that, if the Contract had been completed, would be required to be furnished to UNDP thereunder; (d) complete performance of the work not terminated; and (e) take any other action that may be necessary, or that UNDP may direct in writing, for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Individual contractor and in which UNDP has or may be reasonably expected to acquire an interest.

In the event of any termination of the Contract, UNDP shall only be liable to pay the Individual contractor compensation on a pro rata basis for no more than the actual amount of work performed to the satisfaction of UNDP in accordance with the requirements of the Contract. Additional costs incurred by UNDP resulting from the termination of the Contract by the Individual contractor may be withheld from any amount otherwise due to the Individual contractor from UNDP..

14. NON-EXCLUSIVITY: UNDP shall have no obligation respecting, and no limitations on, its right to obtain goods of the same kind, quality and quantity, or to obtain any services of the kind described in the Contract, from any other source at any time.

15. TAXATION: Article II, section 7, of the Convention on the Privileges and Immunities of the United Nations provides, *inter alia*, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of the United Nations from such taxes,

restrictions, duties or charges, the Individual contractor shall immediately consult with UNDP to determine a mutually acceptable procedure. UNDP shall have no liability for taxes, duties or other similar charges payable by the Individual contractor in respect of any amounts paid to the Individual contractor under this Contract, and the Individual contractor acknowledges that UNDP will not issue any statements of earnings to the Individual contractor in respect of any such payments.

16. AUDITS AND INVESTIGATIONS: Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or by other authorized and qualified agents of UNDP at any time during the term of the Contract and for a period of two (2) years following the expiration or prior termination of the Contract. UNDP shall be entitled to a refund from the Individual contractor for any amounts shown by such audits to have been paid by UNDP other than in accordance with the terms and conditions of the Contract.

The Individual contractor acknowledges and agrees that, from time to time, UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, the obligations performed under the Contract, and the operations of the Individual contractor generally relating to performance of the Contract. The right of UNDP to conduct an investigation and the Individual contractor's obligation to comply with such an investigation shall not lapse upon expiration or prior termination of the Contract. The Individual contractor shall provide its full and timely cooperation with any such inspections, post-payment audits or investigations. Such cooperation shall include, but shall not be limited to, the Individual contractor's obligation to make available its personnel and any relevant documentation for such purposes at reasonable times and on reasonable conditions and to grant to UNDP access to the Individual contractor's premises at reasonable times and on reasonable conditions in connection with such access to the Individual contractor's personnel and relevant documentation. The Individual contractor shall require its agents, including, but not limited to, the Individual contractor's attorneys, accountants or other advisers, to reasonably cooperate with any inspections, post-payment audits or investigations carried out by UNDP hereunder.

17. SETTLEMENT OF DISPUTES:

AMICABLE SETTLEMENT: UNDP and the Individual contractor shall use their best efforts to amicably settle any dispute, controversy or claim arising out of the Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law ("UNCITRAL"), or according to such other procedure as may be agreed between the parties in writing.

ARBITRATION: Any dispute, controversy or claim between the parties arising out of the Contract, or the breach, termination, or invalidity thereof, unless settled amicably, as provided above, shall be referred by either of the parties to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. For all evidentiary questions, the arbitral tribunal shall be guided by the Supplementary Rules Governing the Presentation and Reception of Evidence in International Commercial Arbitration of the International Bar Association, 28 May 1983 edition. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 ("Interim Measures of Protection") and Article 32 ("Form and Effect of the Award") of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate ("LIBOR") then prevailing, and any such interest shall be

simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.

18. LIMITATION ON ACTIONS: Except with respect to any indemnification obligations in Article 9, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 17, above, arising out of the Contract must be commenced within three (3) years after the cause of action has accrued.

The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins,

19. PRIVILEGES AND IMMUNITIES: Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.
