

SUPPLEMENTARY DOCUMENT NO 2

Title: Supply & Delivery of Materials for the Upgrade of Rainwater Harvesting Systems & Groundwater Wells in the Marshall Islands.

ITB No.: ITB/FJI10/022/2021

Event ID: 00000010700

1. Page 27 of the ITB now reads as:

It is expected that bidders will have the ability to deliver items **preferably** not to exceed maximum of 3 months to Majuro from issuance of purchase order upon each call-off from the LTA. This timeline will be re-visited during the time-of call-off and will not be used for LTA evaluation purposes. However, bidders shall indicate their ability to deliver within the shortest timeframe possible.

LOT 1: A warranty from the manufacturer of at least 3 years from the original date of purchase must be provided for rainwater harvesting systems, against defects in materials and manufacture.

2. Page 36 of ITB on Incoterms is changed from DAP to CIF
