REQUEST FOR PROPOSAL (RFP)

National Open Bidding

DATE: December 02, 2021

REFERENCE: RFP-151-IND-2021

Dear Sir / Madam:

We, on behalf of United Nations Development Programme, kindly request to submit your proposal for “Technical support for Biometric Attendance capture App, Training Center Inspection App and the creation of an integrated MIS portal for Uttarakhand Skill Development Mission under the SANKALP project”.

Please be guided by the form attached hereto as Annex 2, in preparing your Proposal.

Annexure 1 – Description of Requirements
Annexure 2 – Terms of Reference
Annexure 3 – Form for submitting service provider’s Technical proposal
Annexure 4 – Form for submitting service provider’s Financial proposal
Annexure 5 – General Terms and Conditions of the Contract

Proposals may be submitted on or before the deadline indicated by UNDP in the e-tendering system. Proposals must be submitted in the online e-tendering system in the following link: https://etendering.partneragencies.org using your username and password. If you have not registered in the system before, you can register now by logging in using:

Username: event.guest
Password: why2change

and follow the registration steps as specified in the system user guide.

Your Proposal must be expressed in English language, and valid for a minimum period of Ninety (90) days.

You are kindly requested to indicate whether your company intends to submit a Proposal by clicking on “Accept Invitation”.

In the course of preparing and submitting your Proposal, it shall remain your responsibility to ensure that it submitted into the system by the deadline. The system will automatically block and not accept any bid after the deadline. Kindly ensure that supporting documents required are signed and in the .pdf format, and free from any virus or corrupted files.

The Financial Proposal and the Technical Proposal files MUST BE COMPLETELY SEPARATE and uploaded separately in the system and clearly named as either “TECHNICAL PROPOSAL” or “FINANCIAL PROPOSAL”, as appropriate. Each document shall include the Proposer’s name and address. The file with the “FINANCIAL PROPOSAL” must be encrypted with a password so that it cannot be opened nor viewed until the Proposal has been found to pass the technical evaluation stage. Once a Proposal has been found to be responsive by passing the technical evaluation stage, UNDP shall request
the Proposer to submit the password to open the Financial Proposal. The Proposer shall assume the responsibility for not encrypting the financial proposal.

The Proposal that complies with all of the requirements, meets all the evaluation criteria and offers the best value for money shall be selected and awarded the contract. Any offer that does not meet the requirements shall be rejected.

Any discrepancy between the unit price and the total price shall be re-computed by UNDP, and the unit price shall prevail and the total price shall be corrected. If the Service Provider does not accept the final price based on UNDP’s re-computation and correction of errors, its Proposal will be rejected.

No price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted by UNDP after it has received the Proposal. At the time of Award of Contract or Purchase Order, UNDP reserves the right to vary (increase or decrease) the quantity of services and/or goods, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

Any Contract or Purchase Order that will be issued as a result of this RFP shall be subject to the General Terms and Conditions attached hereto. The mere act of submission of a Proposal implies that the Service Provider accepts without question the General Terms and Conditions of UNDP, herein attached as Annex 3.

Please be advised that UNDP is not bound to accept any Proposal, nor award a contract or Purchase Order, nor be responsible for any costs associated with a Service Providers preparation and submission of a Proposal, regardless of the outcome or the manner of conducting the selection process.

UNDP’s vendor protest procedure is intended to afford an opportunity to appeal for persons or firms not awarded a Purchase Order or Contract in a competitive procurement process. In the event that you believe you have not been fairly treated, you can find detailed information about vendor protest procedures in the following link: 
http://www.undp.org/content/undp/en/home/operations/procurement/protestandsanctions/

UNDP encourages every prospective Service Provider to prevent and avoid conflicts of interest, by disclosing to UNDP if you, or any of your affiliates or personnel, were involved in the preparation of the requirements, design, cost estimates, and other information used in this RFP.

UNDP implements a zero tolerance on fraud and other proscribed practices, and is committed to preventing, identifying and addressing all such acts and practices against UNDP, as well as third parties involved in UNDP activities. UNDP expects its Service Providers to adhere to the UN Supplier Code of Conduct found in this link : http://www.un.org/depts/ptd/pdf/conduct_english.pdf

Thank you and we look forward to receiving your Proposal.

Yours sincerely,

Arun Arumughan
Procurement Unit
UNDP India
**Annex 1**

**Description of Requirements**

<table>
<thead>
<tr>
<th>Context of the Requirement</th>
<th>UNDP is soliciting the services of a service provider to assist and support UNDP and Uttarakhand Skill Development Mission (UKSDM) in:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>✓ Development of a Biometric Attendance Data Capture App; procurement &amp; deployment of suitable high-quality and robust USB biometric/fingerprint readers (upto 60 nos.) with suitable adaptors for registration of users or authentications.</td>
</tr>
<tr>
<td></td>
<td>✓ Development of a Center Inspection App for monitoring the skilling activities undertaken by TPs (Training Partners) as per MSDE/NSDC/UKSDM guidelines.</td>
</tr>
<tr>
<td></td>
<td>✓ Further development/enhancement of existing MIS portal or creation of new MIS portal to facilitate a comprehensive &amp; unified MIS dashboard maintaining the integration from multiple existing/upcoming skill development related portals. The expectation is to have APIs for data access and integration into and from (bi-directional) third-party service provider portals or Governmental agencies;</td>
</tr>
<tr>
<td></td>
<td>✓ Ensure all above applications are hosted on dedicated server provided/required including Google PlayStore hosting if required.</td>
</tr>
<tr>
<td></td>
<td>✓ Ensure proper understanding of the developed technology platform and solutions of the project by stakeholders from UNDP and Government and select users of the app during capacity building sessions and handholding exercises.</td>
</tr>
<tr>
<td></td>
<td>✓ Maintain &amp; ensure security of data as per the requirement of the project and stakeholders involved such as that from appointed agencies of the state and central government and UNDP.</td>
</tr>
<tr>
<td></td>
<td>✓ Maintain good relations with primary stakeholders for sustainable implementation of activities. It is desirable to have experience with IT solutions development for Governmental agencies, their processes and systems.</td>
</tr>
<tr>
<td></td>
<td>✓ Provide support for and facilitate implementation and supervision of the deployment activities as required.</td>
</tr>
</tbody>
</table>

| Brief Description of the Required Services | Engagement of Agency for the creation of/enhancement of existing Uttarakhand Skill Development Mission MIS portal and development of Apps for Biometric Data capture and Center Inspection Apps as described in ToR – Annexure -2. |

| List and Description of Expected Outputs to be Delivered | Refer Annex-2, Terms of Reference |

| Person to Supervise the Work/Performance of the Service Provider | Policy Specialist (SDGs), UNDP, Project Coordinator – SANKALP, UNDP & assigned Uttarakhand Skill Development Mission Nodal Contact(s) for this activity. |

| Frequency of Reporting | Following of each stage of implementation, in a brief report format |

| Progress Reporting Requirements | Electronic Reports - Short narrative report, with indication of progress of product/platform develop and other capacity building support extended. |

| Location of work | Remote IT solution Development and Dehradun-based single focal point/resource |

| Pre-bid Conference | A pre-bid Conference will be held virtually on **09 December 2021 at 1100hrs**. |

This will be a virtual “Zoom” meeting with only one participant from each of the participating agencies. Name, designation and contact details of participating individuals should be shared along with their
query(s), if any, to procurement unit - manikandan.srinivasan@undp.org latest by 08 December 2021.

Minutes of the meeting will be disseminated on the UNDP procurement website. No verbal statement made during the conference shall modify the terms and conditions of the RFP, unless specifically incorporated in the Minutes of the Bidder’s Conference or issued/posted as an amendment to RFP.

<table>
<thead>
<tr>
<th>Expected duration of work</th>
<th>12 months</th>
</tr>
</thead>
<tbody>
<tr>
<td>Target start date</td>
<td>20th December, 2021</td>
</tr>
<tr>
<td>Latest completion date</td>
<td>4 Months from starting date, support for next 8 months</td>
</tr>
<tr>
<td>Travels Expected</td>
<td>Travel as per the requirements detailed in ToR.</td>
</tr>
<tr>
<td>Special Security Requirements</td>
<td>☒ Others [Not Applicable]</td>
</tr>
<tr>
<td>Facilities to be Provided by UNDP (i.e., must be excluded from Price Proposal)</td>
<td>☒ Others [Not Applicable]</td>

| Criteria for Contract Award | ☒ Compliance on Preliminary Examination of Proposals  
|                        | ☒ Compliance on Essential Eligibility/Qualification requirements |
Highest Combined Score (based on the 70% technical offer and 30% price weight distribution). Minimum score to pass in technical evaluation is 70%.

Full acceptance of the UNDP Contract General Terms and Conditions (GTC). This is a mandatory criterion and cannot be deleted regardless of the nature of services required. Non-acceptance of the GTC may be grounds for the rejection of the Proposal.

Criteria for Preliminary Examination of Proposals

1. Technical proposal is submitted separately from Financial Proposal
2. Financial proposal must be password protected. Further do not disclose price anywhere on the technical proposal / e-tendering portal. Otherwise, proposal will get disqualified.
3. Latest Certificate of Registration of Business submitted
4. Is the Offeror, or any of its joint venture member, included in UN Security Council 1267 List and List of Suspended and Removed Vendors

Criteria for Essential Eligibility/Qualification

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Supporting Document/s</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum 05 years of experience as an IT solutions provider involved in Software/Application Development and Maintenance (ADM).</td>
<td>Contracts/supporting documentation citing the timeline and duration of projects involving development of IT solutions.</td>
</tr>
<tr>
<td>Engagement in capacity building and training facilitation needs of TPs/Capacity Building Agencies/Companies/ULBs or other Governmental Agencies in development/social sector.</td>
<td>Reports, acknowledgement/appreciation letters from concerned agencies.</td>
</tr>
</tbody>
</table>

Notes:
1. If bidders do not meet any of the above listed criteria, their proposals will not be considered for further evaluation.
2. Bidders meeting above listed criteria are required to submit evidences (details/documents) in support – otherwise proposal may be disqualified.

Criteria for the Assessment of Proposal. (Please provide documentary proof against each requirement.

Technical Proposal (70%)

- Proven experience in development and support of IT solutions (web and mobile apps [native, hybrid]) for attendance capture, site-inspection, MIS portals. (Total: 50 marks).
  - Minimum 05 years of experience in building IT solutions. (20+10 marks)
    - 20 marks for minimum 05 years of experience.
    - Additional 2 marks for each year of experience beyond 05 years up to a maximum of 10 marks.
  - Experience of projects involving development of atleast 2 MIS portals. (20 marks)
    - 10 marks for minimum 2 projects/assignments.
    - Additional 5 marks for each project beyond 2nd project up to a maximum of 10 marks.
- Appropriateness of proposed methodology, approach and implementation plan covering the below aspects (Total: 20 marks)
Sound technical proposal that includes innovative pitches related to inclusion of skill-development related MIS capture. (7 Marks)

High-impact design and interventions directly targeting and responding to the needs established in the ToR. (7 Marks).

Plan for design of simplified user-friendly interactive interfaces of feature-rich algorithms, OTP-based logins, transparency in transactions that will build confidence of security, privacy and contribute to buy-in/building a sense of ownership among the beneficiaries to promote the sustainability of the digital interventions. (6 Marks).

**Financial Proposal (30%)**

To be computed as a ratio of the Proposal’s offer to the lowest price among the proposals received by UNDP.

**Financial proposal must be submitted separately, and password protected.**

| UNDP will award the contract to: | ☒ One and only one Service Provider |
| Deadline of Bid Submission | Date and Time: As specified in the system (note that time zone indicated in the system is New York Time zone). |

**PLEASE NOTE:-**

1. Date and time visible on the main screen of event (on e-tendering portal) will be final and prevail over any other closing time indicated elsewhere, in case they are different. Please also note that the bid closing time shown in the PDF file generated by the system is not accurate due to a technical glitch that we will resolve soon. The correct bid closing time is as indicated in the e-tendering portal and system will not accept any bid after that time. It is the responsibility of the bidder to make sure bids are submitted within this deadline. UNDP will not accept any bid that is not submitted directly in the system.

2. Try to submit your bid a day prior or well before the closing time. Do not wait until last minute. If you face any issue submitting your bid at the last minute, UNDP may not be able to assist.

**Conditions and Procedures for electronic submission and opening, if allowed**

☒ One file, containing Technical proposal (including CVs, registration certificate and all supporting documents).
☒ One file, containing Financial Proposal (password encrypted). Password must not be provided to UNDP until it is formally requested by UNDP focal point.

Note: We prefer uploading of pdf version of files on the eTendering portal. If one file is too bulky, may split into 4-5 files.

**Contact Person for Inquiries (Written inquiries only)**

Manikandan Srinivasan, Procurement Unit
manikandan.srinivasan@undp.org

Any delay in UNDP’s response shall be not used as a reason for extending the deadline for submission, unless UNDP determines that such an extension is necessary and communicates a new deadline to the Proposers.

**Who can apply**

Proposals are invited from the institutions/organizations only. Proposal submitted by Individuals will not be accepted.
Annex 2

Terms of Reference (ToR)

To digitally enable and accelerate the outcome-oriented skill-development interventions in the state of Uttarakhand under the SANKALP initiative of Ministry of Skill Development & Entrepreneurship, Govt. of India

Brief background on the project

Uttarakhand has emerged as one of the fastest growing states in India with an average annual growth rate of 7% between 2012-13 and 2016-17. At present, it ranks as the sixth richest Indian state in terms of per capita state domestic product. Poverty reduction in the state has been among the fastest in the country after 2005. As per State government data, in 2011-12 only 11% of Uttarakhand’s population was below the poverty line – well below the national average of 22%; however, the state faces several roadblocks, especially in terms of bridging inequalities, ensuring social inclusion, creating jobs, and fulfilling the aspirations of young people.

One of the biggest challenges, which has also contributed to Uttarakhand’s fast-economic growth, is its high mobility. Migration in the working-age population usually occurs from rural to urban areas in the backdrop of a negative overall job growth since 2005. A comparison between 2001 and 2011 census data shows a slow decadal growth of population in most of the mountain districts of the state. Most economic opportunities tend to concentrate in three plains districts resulting in high disparities in per capita income. The share of workers with salaried jobs remains quite low; the nonfarm sectors of Uttarakhand’s economy are not creating enough jobs to absorb the growing size of its population that is not in school. This is especially so for the state’s women, whose participation in the labour force has been declining since 1994. Lack of livelihood and aspiration fulfilment opportunities being a major factor contributing towards this trend, skill-based training seems to be the most robust and viable option to generate employment and develop the local economy in a sustained manner.

These include both skills for local sustenance and growth in the mountains, as well as for better job opportunities in the destination of migration.

The development of the skills and training sector in terms of access, quality, and relevance is one of the country’s top priorities and the Government of Uttarakhand (GoUK) is equally committed to these goals. Backed by robust economic growth, the favourable location of the state within the dynamic Northern India economy, and the state’s investor-friendly industrial policy since 2003, the demand for skilled labour by the industrial and service sectors has been rapidly growing in Uttarakhand. In manufacturing alone, 230 large-scale industries and 42,000 micro, small, and medium enterprises employed 85,000 and 190,000 workers, respectively, in 2011, and the demand is expected to grow to 700,000 workers by 2022 according to the National Skill Development Corporation. The GoUK aims to increase the pool of skilled workers by 650,000 over the next five years, to catch up with the growing industry demands. This will be facilitated through the implementation of several centrally and state sponsored schemes and programmes like SANKALP besides World Bank funded Uttarakhand Workforce Development Project.

The main objective of this project is to provide technical support to the Directorate of Training & Employment, Government of Uttarakhand in planning, development, monitoring and coordination of skill development activities, improving its scale and quality of skilling efforts in order to reduce poverty and strengthen the livelihoods ecosystem by increasing access to quality and market-relevant training for the youth through the SANKALP programme.

The SANKALP programme is aimed at strategically reforming the skill development landscape in India by strengthening institutions at the central, state and district levels. MSDE has been implementing many skilling programmes that can be broadly classified into long-term and short-term trainings. SANKALP will focus on strengthening short-term training programmes (usually with a duration of 3 to 6 months) through greater decentralization of skill development governance (strengthening of district ecosystem) and
improving quality and market-relevance of skill development programmes. It has the following three components:

Component 1: Institutional Strengthening at the National and State Levels for Planning. Delivering and Monitoring High – Quality Market Relevant Training

Component 2: Improve Quality and Market Relevance of Skill Development Programmes

Component 3: Improved Access and completion of Skill Training for Female Trainees and Other Disadvantaged Groups

As a part of the above strategy, the state government in technical partnership with UNDP plans to developed a comprehensive MIS portal for all skill-development initiatives in the state and also strategically devise biometric-enabled robust internal data capture, traceability and audit mechanisms for enhancing the quality of these services by the Government.

In this context, UNDP State Office of Uttarakhand is in the process of hiring an agency for designing and development of Apps, a full-fledged MIS portal and IT related activities. This request for proposal (RFP) is to select one service provider for the same.

**Objectives of the Assignment**

The selected service provider is expected to:

1. Development of a **Biometric Attendance Data Capture App**; procurement & deployment of suitable high-quality and robust USB biometric/fingerprint readers (upto 60 nos.) with suitable adaptors for registration of users or authentications.

2. Development of a **Center Inspection App** for monitoring the skilling activities undertaken by TPs (Training Partners) as per MSDE/NSDC/ UKSDM guidelines.

3. Further development/enhancement of existing MIS portal or creation of new MIS portal to facilitate a **comprehensive & unified MIS dashboard** maintaining the integration from multiple existing/upcoming skill development related portals. The expectation is to have APIs for data access and integration into and from (bi-directional) third-party service provider portals or Governmental agencies;

4. Ensure all above applications are hosted on dedicated server provided/required including Google PlayStore hosting if required.

5. Ensure proper understanding of the developed technology platform and solutions of the project by stakeholders from UNDP and Government and select users of the app during capacity building sessions and handholding exercises.

6. Maintain & ensure security of data as per the requirement of the project and stakeholders involved such as that from appointed agencies of the state and central government and UNDP.

7. Maintain good relations with primary stakeholders for sustainable implementation of activities. It is desirable to have experience with IT solutions development for Governmental agencies, their processes and systems.

8. Provide support for and facilitate implementation and supervision of the deployment activities as required.

**Scope of Work**

The scope of work for the selected service provider will be in three major categories:

a. Technology Platform Development (in terms of new apps/modules) and enhancement (if existing solutions are being enhanced)
   i. Biometric Attendance Data Capture App.
   ii. Training Center Inspection & Audit App.
   iii. Comprehensive MIS Platform.

b. Capacity building support and deployment including distribution and roll out of biometric devices.

The identified service provider shall appoint/depute a focal point resource who will be based out of the Uttarakhand Skill Development Mission (UKSDM) office in Dehradun and report to UNDP State Head, Uttarakhand for a minimum period of 4 months during the contract period. S/he will work in close collaboration with the Government officials at UKSDM, Project Coordinator – SANKALP, UNDP and Programme Associate, UNDP for coordinating various development, deployment-related and capacity-building support activities of UNDP as detailed in further sections.
Minimum qualifications & experience of the focal point resource are as follows:

- Graduate/post-graduate with B.E/B.Tech in Computer Science/Information Science/BCA/MCA/MBA.
- Work experience of 4-5 years is essential.
- Should have experience in interaction with Government officials on requirements gathering, business analysis; experience in front-ending the organization as single point of contact for various business activities would be ideal.
- Agile and adapts to the dynamic working conditions prevalent in Government Agencies.
- Is preferred to have experience in skill development/rural marketing/management.
- Front-ending and interactions with high-profile clientele should have been part of earlier work profile.
- Good presentation and IT solution/product demonstration skills.
- Good working knowledge of English and Hindi.
- Can travel if required extensively for roll-out and demonstration of solutions in remote locations as a part of capacity building.

Detailed scope of the two pillars mentioned above is given below:

a. **Technology Platform Development (in terms of new apps/modules) and enhancement (if existing solutions are being enhanced)**

i. **Biometric Attendance Data Capture App.**
   
   The requirement is for the development of an app-based system of biometric attendance for State funded training programmes and centres to monitor the attendance of trainees and trainers comprising of the following features:
   
   - Onboarding of users preferably using UIDAI’s Aadhaar Authentication API integration would be preferred. Integration and development costs to be included as a separate line item in financial proposal with bare minimum costs for test transactions. App to also be designed considering inclusivity and support for onboarding of users who are differently abled.
   - Regular attendance capture of attendees, trainers and other staff using finger-print readers connected to android devices with the application installed.
   - Data capture to be enabled only upon high-accuracy GPS enabled in the mobile device. Recurring prompt to be configured until the high-accuracy positioning is available.
   - The app must function and be able to record attendance offline (as issues with internet connectivity might occur in hilly regions of the state). Data (on attendance) to be stored and lazy-pushed based on availability of internet connectivity.
   - A cap/ceiling is to be set on the number of times a student can punch for recording attendance per day/session.
   - Procure, distribute and deploy USB-based fingerprint readers compatible with the app for capturing relevant data.

ii. **Training Center Inspection & Audit App.**
   
   Development of a mobile inspection app for monitoring the activities of the training centres and institutions comprising of the following features:
   
   - The inspection app must provide the details of the date, time, venue and geographical location (longitude and latitude) of the training centre/institute where the inspection is to be/was held.
   - The inspection app must provide an exhaustive list of criteria and parameters used to judge/monitor/inspect the performance of the training facilities/institutions. The parameters of monitoring will vary with job roles as per Ministry of Skill Development and Entrepreneurship (MSDE) / National Skill Development Corporation (NSDC) / Uttarakhand Skill Development Mission (UKSDM) guidelines. However, an indicative list of criteria could be the following:
     - No. of students attending the training session(s).
     - Qualification and experience of the trainers.
     - No. of classrooms, chairs, projectors, blackboards, windows and ventilators in the training facility.
     - No. of washrooms in the training facility.
     - Availability of electricity and internet connection.
- Availability of tool and equipment according to job role.
- Imparting of soft skill knowledge and training in addition to job-based trainings.
- Availability and size of laboratories (according to job role)

- Biometric recognition of trainer to track his/her activities in the training centre.
- Attendance of students (with checkbox) will be recorded on app in order to verify and ensure continuous presence during training sessions. (Attendance data will be auto-populated for verification based on Biometric logins)
- There must be an option for capturing short videos or photographs for the purpose of monitoring and inspecting the facility. (Pictures with latitude-longitude, date and time stamps)
- Capturing of digital signatures of assessor and staff member.
- The synthesized data must be automatically and periodically sent to the concerned monitoring and inspecting bodies (preferably through the MIS portal).
- The data could be recorded offline with auto sync/lazy push feature.
- Designation, name, mobile no., photograph and verification of the assessor/inspector must be recorded along with the location, time, date of the inspection (biometric validation along with login-based MFA would be preferred).
- Trainers credentials (job role, batches taught, timings of batches etc.) must be available on the app.
- Any change(s) in the final inspection report needs to be supplemented by supporting documents like photographs and other proofs – option to upload various file formats to be made available.
- Set a cap/ceiling for the number of times a report can be changed (up to one time) and ensure the recording of the original and changed report for reference. Change log to be recorded user wise within the system.

iii. Comprehensive MIS Platform.

- The requirements if for either upgradation of existing MIS portal or development of a detailed and comprehensive MIS platform as a web application integrating data from both the above apps and data/visualizations from multiple other internal government portals of 15-20 schemes/departments and platforms such as but not limited to https://hope.uk.gov.in/, http://ddugky.gov.in/, https://kaushalpanjee.nic.in/, etc.
- The MIS portal shall be used for in-house data analytics, sense-making of data, detailed drill-down and digital governance. This would be the preferred touchpoint for all data-related activities in the project.
- A similar MIS platform that has being developed should be able to receive similar data through APIs if a new MIS portal is being developed. Hence, the platform needs to enable open data APIs to enable integration with third parties spanning but not limited to the following categories:
  - Other platforms such as Command centers or SDG dashboards.
  - Authorized personnel from Government, public and private sector for analytics and decision making.
  - Other innovators, app developers and collaborators who would value add to the rural ecosystem and supply chain/skill development and livelihood sector.
- Necessary formats for details from multiple departments may be designed in consultation with relevant stakeholders.
- MIS Portal to also have provision for push of training data from other departments in Excel format.
- Aadhaar and/or mobile number-based duplicity validation to be a feature in the reporting of the data in comparison to data from across all the portals integrated. A dashboard showcasing the compliance of various departments to identity verification as a process at the time of providing services/trainings shall be required.
- Provide a method for other government agencies/institutions to synthesize and extract data according to need (APIs from server containing the data to be provided if necessary).

Broad scope of the technology platform & key deliverables

- The apps are to be a cloud-based solution – both web version and app (Android); based on the category of user and nature of field activity (i.e., mobile app for inspectors, attendance capture, etc and desktop
The apps should also be available in local language (Hindi) for easier field adoption in addition to a version in English. The app should preferably be symbolic, icon/picture-based, colour-coded for easier usage, adoption and enhanced user experience of the training partners (TPs), trainers, auditors, etc.

The apps to have features to record all personnel movement and transactions in and around the training centers such as attendance, training duration, quality of training, etc.

The platform shall help monitor and optimize training delivery on skilling programmes by TPs to beneficiaries and aid in assessment of adherence to mandated quality and compliance such as certifications for infrastructure, staff/trainers and training partners on the whole.

GIS mapping of the training centers and Geo-fencing of training center/location boundaries in close collaboration with government agencies for inclusion in the platform is a requirement.

Provide remote assistance in trouble-shooting and fast-tracked resolution of minor bugs as part of the application development and maintenance (ADM) best practices.

Include SMS APIs to facilitate OTP-based transactions as per the requirement authentications on the platform.

**The timeline for development and deployment of the fully-functional application is within the first 3 months with support for the next 9 months.**

**Brief Specifications of the existing MIS portal and links to Biometric Reporting Portal, and other Platforms requiring integration:**

Below are the technical specifications of the existing MIS portal (http://mis.uksdm.org/app/web/index.php?r=site%2Flogin):

<table>
<thead>
<tr>
<th>Tech Specifications – UKSDM MIS portal</th>
</tr>
</thead>
<tbody>
<tr>
<td>Server/Cloud OS</td>
</tr>
<tr>
<td>Front-end Language</td>
</tr>
<tr>
<td>Front-end Framework</td>
</tr>
<tr>
<td>Back end Language</td>
</tr>
<tr>
<td>Back-end Framework</td>
</tr>
<tr>
<td>Database System</td>
</tr>
<tr>
<td>Hosted on ITDA Server?</td>
</tr>
</tbody>
</table>

These specifications have only been mentioned for reference of the existing product. Overall developmental costs are to be considered for migration and enhancement of the solution based on above specifications or to entirely different/better specifications with suitable justifications for technology upgradation in the difference in the costs.

Current Biometric Reporting Portal - [http://app.uksdm.org/AMIS/](http://app.uksdm.org/AMIS/)

Other sample portals from where data needs to be pulled for reporting: [https://hope.uk.gov.in/](https://hope.uk.gov.in/), [http://ddugky.gov.in/](http://ddugky.gov.in/), [https://kaushalpanjee.nic.in/](https://kaushalpanjee.nic.in/)

**b. Capacity building support and deployment including distribution and roll out of biometric devices.**

Biometric devices (fingerprint readers) are to be procured as indicated above and in person trainings could be conducted centrally or in various clusters in coordination with UNDP and UKSDM. The training and capacity building is predominantly the role of the focal point resource deputed by the service provider and is detailed in the relevant section ahead.
The service provider will be responsible for co-ordinating with UNDP and concerned government departments on various issues related to the product developed and it’s implementation.

The service provider will also be responsible for conducting consultation meetings and making progress presentations with UNDP and concerned government departments.

The service provider will also be required to submit insights on skill training trends and gaps to the agency responsible for ‘Digital Enablement’ in order to ensure seamless transfer of data for the creation of several mobile applications and portals dedicated towards skilling the youth in the state.

**Customization and Configuration**

A software requirements specification document shall be developed by the service provider in consultation with UNDP and UKSDM prior to commencement of development. In case the solution available with/proposed by the service provider does not meet all the above-mentioned functional requirements, the platform should be customized on the same lines and other need-based requirements that are requested by the users and stakeholders from time-to-time although customization should be done considering the broader target audience/user base. Data customization should be easily configurable through admin panels (Ex: Updating lists of training partners, centers, schemes and services of Government, etc on the Android app and web app). UX and wireframes for UI will need to be developed by the service provider at par with latest UX/UI standards for android and web applications.

**Software Maintenance and Issue Resolution**

The service provider will be required to provide operation support once the application is live on production till the contract end period of 1 year. The indicative scope of application development, maintenance and issue resolution and staffing would be as follows:

1) Dedicated technical team to manage the IT infrastructure and software solution comprising of developers, testers, leads and project/product managers.

2) Manage all requirements related to major/minor changes to the software, configuration changes, user management, server management, etc.

3) Documentation support will be required. System Requirement Specification, Design document, Technical Operational manual, User manuals for all roles etc. will be developed by the agency. User Manuals and relevant documents which shall be updated periodically (ideally monthly or bi-weekly) with the roll out of the newer features/reports shall be sent to all users/stakeholders monthly.

4) Hosting and deployment support will be required as detailed in further sections.

5) Support for above and other activities in scope through manpower deployment in case remote resolution of issues if not feasible.

**Training**

The focal point resource provided by the service provider shall provide support activities related to application training to all application users (TPs), hire trainers, conduct training-of trainers (TOT) and deploy trainers for handholding and capacity building of users/UNDP/governmental personnel working on the project. The trainings should have a prescribed syllabus of features to be demonstrated to the user, formatted as an excel/presentation/videos (updated monthly with new features/reports). The resource is to also support for regular refresher trainings need to be conducted periodically from the stabilizing adoption of the platform by the end-users. All trainings should be accompanied by a sign-off from the trainee(s) on the features demonstrated through the Android app itself/other medium.

**Hosting and Deployment Support (including audit certifications)**

- Hosting the application on the staging server for UAT (User Acceptance Testing).
- Hosting the application of agency’s server till the time application is moved to government server/any other server provided by UNDP/Govt.
- The agency should get the Security audit (paid as per actuals) done by NIC empaneled agency.
Scope of Warranty and System Maintenance

The service provider will be required to provide operation support once the application is live on production till the contract end period of 1 year. The indicative scope of application development, maintenance and issue resolution and staffing would be as follows:

- Manage all requirements related to major/minor changes to the software, configuration changes, user management, server management, etc.
- Support for above and other activities in scope through manpower deployment in case remote resolution of issues if not feasible.
- Support for in-depth system and product training as per scope.

The service provider shall take into consideration that during the warranty period both hardware (if any) and software component function seamlessly in addition to the quality control of the product.

- During the warranty period, if there is any problem in use of the applications, any necessary changes in consultation with UNDP, shall be developed and applied to the test server and moved to production (live instance) by the selected service provider, free of charge.

Note: For any major enhancement, cost amendment to the contract /new contract can be initiated.

System Lifetime

The selected platform from this RFP shall have a lifetime of at least 2-5 years. The service provider should demonstrate its commitment to ensure that its solution will have this lifetime.

Intellectual Property (IP) rights and Supply of Source Code

The platform procured through this RFP is for UNDP. UNDP retains ownership and Intellectual Property (IP) rights to use the software globally. UNDP shall have all the rights and to install/deploy/use this application for similar projects in any State/Union territory of India without any additional payment to the selected service provider. However, additional support and changes beyond the contract period shall be performed through modalities of contracting deemed appropriate at the time of evaluation of service provider towards contract extension/closure.

The working copy of the “Source Code” should be provided to UNDP by the vendor contracted for the task. Source code shall mean a sealed package containing the source code form of the Product and related documentation on reliable media. Included therein shall be a fully commented and documented copy of the source code form of the Product, all relevant commentary, including explanation, flow charts, algorithms and subroutine descriptions, memory and overlay maps, and other documentation of the source code. Necessary instructions for incorporating any modification in the software and its compilation into an executable/installable product should be explained clearly.

The Complete transfer of the Source Code via physical storage or FTP of the “latest version of the code” to be done on NIC server or similar server mandated by State Governments. Upon transfer, the agency will setup the system and test the application. The transfer shall be deemed complete upon confirmation via email to the agency by UNDP that a) it is a working copy and b) it is complete. The agency shall not directly or indirectly, sublicense, relicense, distribute, disclose, use, rent or lease the Software or any portion thereof, for third party use, training, facilities management, time-sharing, use as an application service provider, or for the purpose of operating a service bureau.

Dashboard, MIS reporting and Analytics:

The platform is expected to generate and maintain periodic (daily, weekly, and monthly) monitoring reports in PDF formats (as well as on need basis) including ones containing information on transactions on attendance and training sessions. Further reports to be defined as part of the requirements gathering exercise.
Capacity Building Support:

The focal point resource provided by the service provider for capacity building support is expected to undertake the following functions:

1) Training need assessment:
   The resource is expected to assess understanding and capacity of stakeholders and end users at all levels for the project and plan the support in capacity building activities in accordance with that. The training needs assessment will have to be undertaken to assess the current capacity and what would be required to implement the platform at various levels. Activities performed during scoping visits if conducted needs to be detailed and the data gathered needs to be reviewed by Project Coordinator-SANKALP and signed-off on regarding the understanding.

2) Provide training on the platform:
   Trainings will be organized at block/district level after finalization of trainer’s and user’s manuals, Standard Operating Procedures (SOP’s), training kits and curriculum and the resource from service provider shall jointly perform this with the UNDP team and Government officials as required.

3) Support for Refresher Trainings:
   The resource is expected to provide support for refresher trainings to be organized at block/district level or online trainings every month for new features or new sellers/SHG members/buyers. Sign-off from the users on the features demonstrated via the app is essential to ensure no gaps and caveats in training vs user understanding.

The selected service provider will cater to above listed deliverables and is also encouraged to identify additional project deliverables, as applicable, beyond the minimum set identified above. It is envisaged that the service provider will ensure implementation of the same through required activities. But due to the dynamic situation of COVID and the volatile Governmental setup, few additional deliverables can also be included in the contract as deemed essential and agreed upon mutually between the service provider and UNDP.

The deliverables above is for first year; some deliverables may be on-going during future years, along with deliverables added in the subsequent years if there is scope for long-term engagement beyond the first year upon satisfactory performance of the application and the engagement in entirety. New budget lines will be agreed for the activities yearly and a year plan will be approved.

Overall Engagement Overheads & Management:

Besides the deliverables listed above, the service provider is required to manage their other business activities and report to UNDP designated officials on regular basis. This may include travel of appointed resources to UNDP Uttarakhand and/or New Delhi office for regular discussion/updates and to specific blocks/districts the cities of implementation. Other miscellaneous deliverables might include administration, printing and stationery, report preparation, etc. The payments for the same will be based on actuals. The tentative cost for travel and any other overheads need to be included in the proposal.

Duration of Assignment, Deliverables, Payment Terms & Place of Work

1. The contract duration will be for one year initially. It is extendable depending upon availability of budget and satisfactory performance of the selected service provider.
2. Payment will be made as per achievement of milestones agreed upon deliverables listed in the table below.

| 4      | • Incorporation of feedback based on User Acceptance testing on the staging server of the agency.  
• Providing Security audit clearance certificate  
• Proving the relevant Documentation  
• Deployment of Apps (on Google play store and App store) and deployment of web application on production environment on the server provided by the agency.  
• End of 9 months troubleshooting & support for training and handing over | 20% of the contract amount     | T*+12 months                    |

Where T* indicates the commencement of contract.

3. Once a contract is awarded to the selected service provider, first payment will be based on submission of detailed workplan of application development with timelines for the above proposed solution along with revised proposal and it’s acceptance by UNDP.

4. Subsequent payments will be based upon the financial break-up provided above after deliverables are complete and signed-off by UNDP during the implementation time.

5. Place of work will be in Uttarakhand State and its districts.

6. Payments related to security audit, accounts on Google PlayStore, App store will be done on actuals.

**Reporting & Management**

The service provider and resources will work closely with the designated officials (UNDP State Head, Uttarakhand, Programme Associate, Project Coordinator – SANKALP). And keep them updated on regular basis as mentioned in the scope of the TOR. The service provider will also share reports as required to UNDP and other Governmental agencies as needed. A separate report on the technology deliverables of the project, the status of development and enhancement of various features should be submitted as a monthly report along with release notes of the product updates periodically (preferably bi-weekly or monthly).

**Expectations from the Bidders for this RFP:**

The bidders are expected to have experience (with evidence) in the following:

• Technology platform and apps (native, hybrid and web) development and support for HR MIS, biometric attendance capture, etc. More projects shall carry additional scores in technical evaluation.

• Build and implement technology solutions and related apps for reputed clientele. Sample/working demonstrations to support the same shall be essential for the technical presentation if shortlisted during the technical evaluation.

• Capacity building and training engagements of SHGs/NGOs/CBOs/Companies/ULBs or other Governmental Agencies in development/social sector (mandatory).

• Experience of working with Municipal Corporations, Urban/Rural Governments shall be an added advantage during the evaluation.

• Experience in development of similar Attendance and Audit MIS platforms or solutions for Skilling and livelihoods shall be considered for the presentation stage subject to satisfying and qualifying the technical evaluation as per the criteria mentioned.
Bidders may propose their own team as per their understanding of the requirement, however following minimum resources are expected:

- Team leader / programme manager having at least 5 years of experience in the field of technology management and implementation. 2 years in projects for the developmental/social/environmental sectors shall be an added advantage during the evaluation.
- Focal point resource as detailed in section “Scope of Work” as per this ToR; At least 1 year with informal sector and grassroot-level training shall be an added advantage during the evaluation.
- Dedicated resources for technology development and testing such as android developers, database architects, full-stack web developers, QA specialists, testing, etc.
- No propriety tool to be used for development and enhancement.
- Any other resources as envisaged by the service provider from the understanding of the requirements as per this TOR.

Note: The source code for the current version of the application (web and android app) will be provided. iOS app is not available.

**Expected Content in the Technical Proposal**

The full proposal (max. 10 pages, excluding CVs) covering the following aspects:

- Background of the service provider and experience developing HR MIS, biometric attendance capture and facility audit solutions are to be briefed with links to relevant websites/online citations/documentation.
- Cite examples and understanding of the project and activities as per this TOR. Details of project experiences working with Governments, NGOs, grassroot-level workers, etc are to be quoted.
- Outline of the proposed platform; if a prototype is available, link to be shared.
- A separate workplan, architecture, specifications and methodology for the technology platform (as per requirements in this TOR)
- Requirements of the licensing (for SMS APIs, third-party plugins, etc).
- Details of the backend frameworks, cloud service to be used and technologies involved are to be elucidated.
- Minimum hardware requirements for use of the Android and web-applications.
- Any other requirements/dependencies for the use and adoption of the technology platform.
- Work plan and methodology with implementation of the main activities and milestones.
- Define technology-based monitoring and evaluation plans through the MIS portal.
- Define exit strategy and handover terms after completion of project in terms of effort required.
- Detailed CVs of project team leader and other key team members to work on the project.
- Details of the assets or hardware (if any) that will be deployed in implementation of the project.
Annex 3

FORM FOR SUBMITTING SERVICE PROVIDER’S TECHNICAL PROPOSAL

(This Form must be submitted only using the Service Provider’s Official Letterhead/Stationery1)

[insert: Location].
[insert: Date]

To: [insert: Name and Address of UNDP focal point]

Dear Sir/Madam:

We, the undersigned, hereby offer to render the following services to UNDP in conformity with the requirements defined in the RFP dated [specify date], and all of its attachments, as well as the provisions of the UNDP General Contract Terms and Conditions:

A. Qualifications of the Service Provider

The Service Provider must describe and explain how and why they are the best entity that can deliver the requirements of UNDP by indicating the following:

a) Profile – describing the nature of business, field of expertise, licenses, certifications, accreditations;
b) Business Licenses – Registration Papers, Tax Payment Certification, etc.
c) Track Record – list of clients for similar services as those required by UNDP, indicating description of contract scope, contract duration, contract value, contact references;
d) Certificates and Accreditation – including Quality Certificates, Patent Registrations, Environmental Sustainability Certificates, etc.
e) Written Self-Declaration that the company is not in the UN Security Council 1267/1989 List, UN Procurement Division List or Other UN Ineligibility List.

B. Qualifications of Key Personnel

The Service Provider must provide:

a) Names and qualifications of the key personnel that will perform the services indicating who is team leader, key personnel, who are supporting, etc.;
b) CVs demonstrating qualifications must be submitted if required by the RFP; and
c) Written confirmation from each personnel that they are available for the entire duration of the contract.

[Designation][Date]
GENERAL TERMS AND CONDITIONS FOR CONTRACTS

This Contract is between the United Nations Development Programme, a subsidiary organ of the United Nations established by the General Assembly of the United Nations (hereinafter “UNDP”), on the one hand, and a company or organization indicated in the Face Sheet of this Contract (hereinafter the “Contractor”), on the other hand.

1. LEGAL STATUS OF THE PARTIES: UNDP and the Contractor shall be referred to as a “Party” or, collectively, “Parties” hereunder, and:

1.1 Pursuant, *inter alia*, to the Charter of the United Nations and the Convention on the Privileges and Immunities of the United Nations, the United Nations, including its subsidiary organs, has full juridical personality and enjoys such privileges and immunities as are necessary for the independent fulfillment of its purposes.

1.2 The Contractor shall have the legal status of an independent contractor *vis-à-vis* UNDP, and nothing contained in or relating to the Contract shall be construed as establishing or creating between the Parties the relationship of employer and employee or of principal and agent. The officials, representatives, employees, or subcontractors of each of the Parties shall not be considered in any respect as being the employees or agents of the other Party, and each Party shall be solely responsible for all claims arising out of or relating to its engagement of such persons or entities.

2. OBLIGATIONS OF THE CONTRACTOR:

2.1 The Contractor shall deliver the goods described in the Technical Specifications for Goods (hereinafter the “Goods”) and/or perform and complete the services described in the Terms of Reference and Schedule of Payments (hereinafter the “Services”), with due diligence and efficiency, and in accordance with this Contract. The Contractor shall also provide all technical and administrative support needed in order to ensure the timely and satisfactory delivery of the Goods and/or performance of the Services.

2.2 To the extent that the Contract involves any purchase of the Goods, the Contractor shall provide UNDP with written evidence of the delivery of the Goods. Such evidence of delivery shall, at the minimum, consist of an invoice, a certification of conformity, and other supporting shipment documentation as may otherwise be specified in the Technical Specifications for Goods.

2.3 The Contractor represents and warrants the accuracy of any information or data provided to UNDP for the purpose of entering into this Contract, as well as the quality of the deliverables and reports foreseen under this Contract, in accordance with the highest industry and professional standards.

2.4 All time limits contained in this Contract shall be deemed to be of the essence in respect of the performance of the delivery of the Goods and/or performance of the Services.

3. LONG TERM AGREEMENT: If the Contractor is engaged by UNDP on the basis of a long-term agreement (“LTA”) as indicated in the Face Sheet of this Contract, the following conditions shall apply:

3.1 UNDP does not warrant that any quantity of Goods and/or Services shall be ordered during the term of the LTA.

3.2 Any UNDP business unit, including, but not limited to, a Headquarters unit, a Country Office or a Regional Centre, as well as any United Nations entity, may benefit from the retainer and order Goods and/or Services from the Contractor hereunder.

3.3 The Contractor shall provide the Services and/or deliver the Goods, as and when requested by UNDP and reflected in a Purchase Order, which shall be subject to the terms and conditions stipulated in this Contract. For the avoidance of doubt, UNDP shall acquire no legal obligations towards the Contractor unless and until a Purchase Order is issued.

3.4 The Goods and/or Services shall be at the Discount Prices annexed hereto. The prices shall remain in effect for a period of three years from the Starting Date stated in the Face Sheet of this Contract.

3.5 In the event of any advantageous technical changes and/or downward pricing of the Goods and/or Services during the term of the retainer, the Contractor shall notify UNDP immediately. UNDP shall consider the impact of any such event and may request an amendment to the retainer.
The Contractor shall report semi-annually to UNDP on the Goods delivered and/or Services provided, unless otherwise specified in the Contract. Each report should be submitted to the UNDP Contact Person indicated in as indicated in the Face Sheet hereto, as well as to a UNDP business unit that has placed a Purchase Order for the Goods and/or Services during the reporting period.

The LTA shall remain in force for the maximum period of two years and may be extended by UNDP for one additional year by mutual agreement of the Parties.

4. PRICE AND PAYMENT:

4.1 FIXED PRICE: If Fixed Price is chosen as a payment method pursuant to the Face Sheet of this Contract, in full consideration for the complete and satisfactory delivery of the Goods and/or provision of the Services, UNDP shall pay the Contractor a fixed amount indicated in the Face Sheet of this Contract. The amount stated in the Face Sheet of this Contract is not subject to any adjustment or revision because of price or currency fluctuations, or the actual costs incurred by the Contractor in the performance of the Contract.

4.1.1 UNDP shall effect payments to the Contractor in the amounts and pursuant to the schedule of payments set forth in the Terms of Reference and Schedule of Payments, upon completion by the Contractor of the corresponding deliverable(s) and upon acceptance by UNDP of the original invoices submitted by the Contractor to the UNDP Contact Person indicated in the Face Sheet of this Contract, together with whatever supporting documentation that may be required by UNDP:

4.1.2 Invoices shall indicate a deliverable completed and the corresponding amount payable.

4.1.3 Payments effected by UNDP to the Contractor shall be deemed neither to relieve the Contractor of its obligations under this Contract nor as acceptance by UNDP of the Contractor’s delivery of the Goods and/or provision of the Services.

4.2 COST REIMBURSEMENT: If Cost Reimbursement is chosen as a payment method pursuant to the Face Sheet of this Contract, in full consideration for the complete and satisfactory delivery of the Goods and/or provision of the Services under this Contract, UNDP shall pay the Contractor an amount not exceeding the total amount stated in the Face Sheet of this Contract. The breakdown of costs contained in the Financial Proposal, referred to in the Face Sheet to this Contract shall specify the maximum amount per each cost category that is reimbursable under this Contract. The Contractor shall specify in its invoices or financial reports (as required by UNDP) the amount of the actual reimbursable costs incurred in the delivery of the Goods and/or the provision of the Services.

4.2.1 The Contractor shall not provide the Services and/or deliver the Goods or equipment, materials and supplies that may result in any costs in excess of the amount stated in the Face Sheet of this Contract, or of the maximum amount per each cost category specified in the breakdown of costs contained in the Financial Proposal, without the prior written agreement of the UNDP Contact Person.

4.2.2 The Contractor shall submit original invoices or financial reports (as required by UNDP) for the Goods delivered in accordance with the Technical Specifications for Goods and/or the Services provided in accordance with the schedule set forth in the Terms of Reference and Schedule of Payments. Such invoices or financial reports shall indicate a deliverable or deliverables completed and the corresponding amount payable. They shall be submitted to the UNDP Contact Person, together with whatever supporting documentation of the actual costs incurred that is required in the Financial Proposal or may be required by UNDP.

4.2.3 UNDP shall effect payments to the Contractor upon completion by the Contractor of the deliverable(s) indicated in the original invoices or financial reports (as required by UNDP) and upon acceptance of these invoices or financial reports by UNDP. Such payments shall be subject to any specific conditions for reimbursement specified in the breakdown of costs contained in the Financial Proposal.

4.2.4 Payments effected by UNDP to the Contractor shall be deemed neither to relieve the Contractor of its obligations under this Contract nor as acceptance by UNDP of the Contractor’s delivery of the Goods and/or performance of the Services.

5. ADVANCE PAYMENT:

5.1 If an advance payment is due to the Contractor pursuant to the Face Sheet of this Contract, the Contractor shall submit an original invoice for the amount of that advance payment upon signature of this Contract by the Parties.

5.2 If an advance payment representing 20% or more of the total contract value, or amounting to US$30,000 or more, is to be made by UNDP upon signature of the Contract by the Parties, such payment
shall be contingent upon receipt and acceptance by UNDP of a bank guarantee or a certified cheque for the full amount of the advance payment, valid for the duration of the Contract, and in a form acceptable to UNDP.

6. SUBMISSION OF INVOICES AND REPORTS:
   6.1 All original invoices, financial reports and any other reports and supporting documentation required under this Contract shall be submitted by mail by the Contractor to UNDP Contact Person. Upon request of the Contractor, and subject to approval by UNDP, invoices and financial reports may be submitted to UNDP by fax or email.
   6.2 All reports and invoices shall be submitted by the Contractor to the UNDP Contact Person specified in the Face Sheet of this Contract.

7. TIME AND MANNER OF PAYMENT:
   7.1 Invoices shall be paid within thirty (30) days of the date of their acceptance by UNDP. UNDP shall make every effort to accept an original invoice or advise the Contractor of its non-acceptance within a reasonable time from receipt.
   7.2 Where the Services are to be provided, in addition to an invoice, the Contractor shall submit to UNDP a report, describing in detail the Services provided under the Contract during the period of time covered in each report.

8. RESPONSIBILITY FOR EMPLOYEES: To the extent that the Contract involves the provision of the Services to UNDP by the Contractor’s officials, employees, agents, servants, subcontractors and other representatives (collectively, the Contractor’s “personnel”), the following provisions shall apply:
   8.1 The Contractor is responsible for and shall assume all risk and liabilities relating to its personnel and property.
   8.2 The Contractor shall be responsible for the professional and technical competence of the personnel it assigns to perform work under the Contract and will select reliable and competent individuals who will be able to effectively perform the obligations under the Contract and who, while doing so, will respect the local laws and customs and conform to a high standard of moral and ethical conduct.
   8.3 Such Contractor personnel shall be professionally qualified and, if required to work with officials or staff of UNDP, shall be able to do so effectively. The qualifications of any personnel whom the Contractor may assign or may propose to assign to perform any obligations under the Contract shall be substantially the same, or better, as the qualifications of any personnel originally proposed by the Contractor.
   8.4 At the option of and in the sole discretion of UNDP:
      8.4.1 the qualifications of personnel proposed by the Contractor (e.g., a curriculum vitae) may be reviewed by UNDP prior to such personnel’s performing any obligations under the Contract;
      8.4.2 any personnel proposed by the Contractor to perform obligations under the Contract may be interviewed by qualified staff or officials of UNDP prior to such personnel’s performing any obligations under the Contract; and,
      8.4.3 in cases in which, pursuant to Article 8.4.1 or 8.4.2, above, UNDP has reviewed the qualifications of such Contractor’s personnel, UNDP may reasonably refuse to accept any such personnel.

17.2 Requirements specified in the Contract regarding the number or qualifications of the Contractor’s personnel may change during the course of performance of the Contract. Any such change shall be made only following written notice of such proposed change and upon written agreement between the Parties regarding such change, subject to the following:
   17.2.1 UNDP may, at any time, request, in writing, the withdrawal or replacement of any of the Contractor’s personnel, and such request shall not be unreasonably refused by the Contractor.
   17.2.2 Any of the Contractor’s personnel assigned to perform obligations under the Contract shall not be withdrawn or replaced without the prior written consent of UNDP, which shall not be unreasonably withheld.
   17.2.3 The withdrawal or replacement of the Contractor’s personnel shall be carried out as quickly as possible and in a manner that will not adversely affect the performance of obligations under the Contract.
   17.2.4 All expenses related to the withdrawal or replacement of the Contractor’s personnel shall, in all cases, be borne exclusively by the Contractor.
   17.2.5 Any request by UNDP for the withdrawal or replacement of the Contractor’s personnel
shall not be considered to be a termination, in whole or in part, of the Contract, and UNDP shall not bear any liability in respect of such withdrawn or replaced personnel.

17.2.6 If a request for the withdrawal or replacement of the Contractor’s personnel is not based upon a default by or failure on the part of the Contractor to perform its obligations in accordance with the Contract, the misconduct of the personnel, or the inability of such personnel to reasonably work together with UNDP officials and staff, then the Contractor shall not be liable by reason of any such request for the withdrawal or replacement of the Contractor’s personnel for any delay in the performance by the Contractor of its obligations under the Contract that is substantially the result of such personnel’s being withdrawn or replaced.

8.6 Nothing in Articles 8.3, 8.4 and 8.5, above, shall be construed to create any obligations on the part of UNDP with respect to the Contractor’s personnel assigned to perform work under the Contract, and such personnel shall remain the sole responsibility of the Contractor.

8.7 The Contractor shall be responsible for requiring that all personnel assigned by it to perform any obligations under the Contract and who may have access to any premises or other property of UNDP shall:

8.7.1 undergo or comply with security screening requirements made known to the Contractor by UNDP, including but not limited to, a review of any criminal history;
8.7.2 when within UNDP premises or on UNDP property, display such identification as may be approved and furnished by UNDP security officials, and that upon the withdrawal or replacement of any such personnel or upon termination or completion of the Contract, such personnel shall immediately return any such identification to UNDP for cancellation.

8.8 Within one working day after learning that any of Contractor’s personnel who have access to any UNDP premises have been charged by law enforcement authorities with an offense other than a minor traffic offense, the Contractor shall provide written notice to inform UNDP about the particulars of the charges then known and shall continue to inform UNDP concerning all substantial developments regarding the disposition of such charges.

8.9 All operations of the Contractor, including without limitation, storage of equipment, materials, supplies and parts, within UNDP premises or on UNDP property shall be confined to areas authorized or approved by UNDP. The Contractor’s personnel shall not enter or pass through and shall not store or dispose of any of its equipment or materials in any areas within UNDP premises or on UNDP property without appropriate authorization from UNDP.

8.10 The Contractor shall (i) put in place an appropriate security plan and maintain the security plan, taking into account the security situation in the country where the Services are being provided; and (ii) assume all risks and liabilities related to the Contractor’s security, and the full implementation of the security plan.

8.11 UNDP reserves the right to verify whether such a plan is in place, and to suggest modifications to the plan when necessary. Failure to maintain and implement an appropriate security plan as required hereunder shall be deemed a breach of this contract. Notwithstanding the foregoing, the Contractor shall remain solely responsible for the security of its personnel and for UNDP’s property in its custody as set forth in paragraph 8.10 above.

9. ASSIGNMENT:

9.1 Except as provided in Article 9.2, below, the Contractor may not assign, transfer, pledge or make any other disposition of the Contract, of any part of the Contract, or of any of the rights, claims or obligations under the Contract except with the prior written authorization of UNDP. Any such unauthorized assignment, transfer, pledge or other disposition, or any attempt to do so, shall not be binding on UNDP. Except as permitted with respect to any approved subcontractors, the Contractor shall not delegate any of its obligations under this Contract, except with the prior written consent of UNDP. Any such unauthorized delegation, or attempt to do so, shall not be binding on UNDP.

9.2 The Contractor may assign or otherwise transfer the Contract to the surviving entity resulting from a reorganization of the Contractor’s operations, provided that:

9.2.1 such reorganization is not the result of any bankruptcy, receivership or other similar proceedings; and,
9.2.2 such reorganization arises from a sale, merger, or acquisition of all or substantially all of the Contractor’s assets or ownership interests; and,
9.2.3 the Contractor promptly notifies UNDP about such assignment or transfer at the earliest opportunity; and,
9.2.4 the assignee or transferee agrees in writing to be bound by all of the terms and conditions of the Contract, and such writing is promptly provided to UNDP following the assignment or transfer.

10. SUBCONTRACTING: In the event that the Contractor requires the services of subcontractors to perform any obligations under the Contract, the Contractor shall obtain the prior written approval of UNDP. UNDP shall be entitled, in its sole discretion, to review the qualifications of any subcontractors and to reject any proposed subcontractor that UNDP reasonably considers is not qualified to perform obligations under the Contract. UNDP shall have the right to require any subcontractor’s removal from UNDP premises without having to give any justification therefor. Any such rejection or request for removal shall not, in and of itself, entitle the Contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of its obligations under the Contract, and the Contractor shall be solely responsible for all services and obligations performed by its subcontractors. The terms of any subcontract shall be subject to, and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.

11. PURCHASE OF GOODS: To the extent that the Contract involves any purchase of the Goods, whether in whole or in part, and unless specifically stated otherwise in the Contract, the following conditions shall apply to such purchases under the Contract:

11.1 DELIVERY OF GOODS: The Contractor shall hand over or make available the Goods, and UNDP shall receive the Goods, at the place for the delivery of the Goods and within the time for delivery of the Goods specified in the Contract. The Contractor shall provide to UNDP such shipment documentation (including, without limitation, bills of lading, airway bills, and commercial invoices) as are specified in the Contract or, otherwise, as are customarily utilized in the trade. All manuals, instructions, displays and any other information relevant to the Goods shall be in the English language unless otherwise specified in the Contract. Unless otherwise stated in the Contract (including, but not limited to, in any “INCOTERM” or similar trade term), the entire risk of loss, damage to, or destruction of the Goods shall be borne exclusively by the Contractor until physical delivery of the Goods to UNDP in accordance with the terms of the Contract. Delivery of the Goods shall not be deemed in itself as constituting acceptance of the Goods by UNDP.

11.2 INSPECTION OF THE GOODS: If the Contract provides that the Goods may be inspected prior to delivery, the Contractor shall notify UNDP when the Goods are ready for pre-delivery inspection. Notwithstanding any pre-delivery inspection, UNDP or its designated inspection agents may also inspect the Goods upon delivery in order to confirm that the Goods conform to applicable specifications or other requirements of the Contract. All reasonable facilities and assistance, including, but not limited to, access to drawings and production data, shall be furnished to UNDP or its designated inspection agents at no charge therefor. Neither the carrying out of any inspections of the Goods nor any failure to undertake any such inspections shall relieve the Contractor of any of its warranties or the performance of any obligations under the Contract.

11.3 PACKAGING OF THE GOODS: The Contractor shall package the Goods for delivery in accordance with the highest standards of export packaging for the type and quantities and modes of transport of the Goods. The Goods shall be packed and marked in a proper manner in accordance with the instructions stipulated in the Contract or, otherwise, as customarily done in the trade, and in accordance with any requirements imposed by applicable law or by the transporters and manufacturers of the Goods. The packing, in particular, shall mark the Contract or Purchase Order number and any other identification information provided by UNDP as well as such other information as is necessary for the correct handling and safe delivery of the Goods. Unless otherwise specified in the Contract, the Contractor shall have no right to any return of the packing materials.

11.4 TRANSPORTATION & FREIGHT: Unless otherwise specified in the Contract (including, but not limited to, in any “INCOTERM” or similar trade term), the Contractor shall be solely liable for making all transport arrangements and for payment of freight and insurance costs for the shipment and delivery of the Goods in accordance with the requirements of the Contract. The Contractor shall ensure that UNDP receives all necessary transport documents in a timely manner so as to enable UNDP to take delivery of the Goods in accordance with the requirements of the Contract.

11.5 WARRANTIES: Unless otherwise specified in the Contract, in addition to and without limiting any other warranties, remedies or rights of UNDP stated in or arising under the Contract, the Contractor warrants and represents that:

11.5.1 The Goods, including all packaging and packing thereof, conform to the technical specifications, are fit for the purposes for which such Goods are ordinarily used and for any purposes expressly made
known in writing in the Contract, and shall be of even quality, free from faults and defects in design, material, manufacturer and workmanship;

11.5.2 If the Contractor is not the original manufacturer of the Goods, the Contractor shall provide UNDP with the benefit of all manufacturers’ warranties in addition to any other warranties required to be provided under the Contract;

11.5.3 The Goods are of the quality, quantity and description required by the Contract, including when subjected to conditions prevailing in the place of final destination;

11.5.4 The Goods are free from any right of claim by any third-party, including claims of infringement of any intellectual property rights, including, but not limited to, patents, copyright and trade secrets;

11.5.5 The Goods are new and unused;

11.5.6 All warranties will remain fully valid following any delivery of the Goods and for a period of not less than one (1) year following acceptance of the Goods by UNDP in accordance with the Contract;

11.5.7 During any period in which the Contractor’s warranties are effective, upon notice by UNDP that the Goods do not conform to the requirements of the Contract, the Contractor shall promptly and at its own expense correct such non-conformities or, in case of its inability to do so, replace the defective Goods with Goods of the same or better quality or, at its own cost, remove the defective Goods and fully reimburse UNDP for the purchase price paid for the defective Goods; and,

11.5.8 The Contractor shall remain responsive to the needs of UNDP for any services that may be required in connection with any of the Contractor’s warranties under the Contract.

11.6 ACCEPTANCE OF GOODS: Under no circumstances shall UNDP be required to accept any Goods that do not conform to the specifications or requirements of the Contract. UNDP may condition its acceptance of the Goods upon the successful completion of acceptance tests as may be specified in the Contract or otherwise agreed in writing by the Parties. In no case shall UNDP be obligated to accept any Goods unless and until UNDP has had a reasonable opportunity to inspect the Goods following delivery. If the Contract specifies that UNDP shall provide a written acceptance of the Goods, the Goods shall not be deemed accepted unless and until UNDP in fact provides such written acceptance. In no case shall payment by UNDP in and of itself constitute acceptance of the Goods.

11.7 REJECTION OF GOODS: Notwithstanding any other rights of, or remedies available to UNDP under the Contract, in case any of the Goods are defective or otherwise do not conform to the specifications or other requirements of the Contract, UNDP, at its sole option, may reject or refuse to accept the Goods, and within thirty (30) days following receipt of notice from UNDP of such rejection or refusal to accept the Goods, the Contractor shall, in sole option of UNDP:

11.7.1 provide a full refund upon return of the Goods, or a partial refund upon a return of a portion of the Goods, by UNDP; or,

11.7.2 repair the Goods in a manner that would enable the Goods to conform to the specifications or other requirements of the Contract; or,

11.7.3 replace the Goods with Goods of equal or better quality; and,

11.7.4 pay all costs relating to the repair or return of the defective Goods as well as the costs relating to the storage of any such defective Goods and for the delivery of any replacement Goods to UNDP.

11.8 In the event that UNDP elects to return any of the Goods for the reasons specified in Article 11.7, above, UNDP may procure the Goods from another source. In addition to any other rights or remedies available to UNDP under the Contract, including, but not limited to, the right to terminate the Contract, the Contractor shall be liable for any additional cost beyond the balance of the Contract price resulting from any such procurement, including, inter alia, the costs of engaging in such procurement, and UNDP shall be entitled to compensation from the Contractor for any reasonable expenses incurred for preserving and storing the Goods for the Contractor’s account.

11.9 TITLE: The Contractor warrants and represents that the Goods delivered under the Contract are unencumbered by any third party’s title or other property rights, including, but not limited to, any liens or security interests. Unless otherwise expressly provided in the Contract, title in and to the Goods shall pass from the Contractor to UNDP upon delivery of the Goods and their acceptance by UNDP in accordance with the requirements of the Contract.

11.10 EXPORT LICENSING: The Contractor shall be responsible for obtaining any export license required with respect to the Goods, products, or technologies, including software, sold, delivered, licensed or otherwise provided to UNDP under the Contract. The Contractor shall procure any such export license in an expeditious manner. Subject to and without any waiver of the privileges and immunities of UNDP, UNDP shall lend the Contractor all reasonable assistance required for obtaining
any such export license. Should any Governmental entity refuse, delay or hinder the Contractor’s ability to obtain any such export license, the Contractor shall promptly consult with UNDP to enable UNDP to take appropriate measures to resolve the matter.

12. INDEMNIFICATION:

12.1 The Contractor shall indemnify, defend, and hold and save harmless, UNDP, and its officials, agents and employees, from and against all suits, proceedings, claims, demands, losses and liability of any kind or nature brought by any third party against UNDP, including, but not limited to, all litigation costs and expenses, attorney’s fees, settlement payments and damages, based on, arising from, or relating to:

12.1.1 allegations or claims that the possession of or use by UNDP of any patented device, any copyrighted material, or any other goods, property or services provided or licensed to UNDP under the terms of the Contract, in whole or in part, separately or in a combination contemplated by the Contractor’s published specifications therefor, or otherwise specifically approved by the Contractor, constitutes an infringement of any patent, copyright, trademark, or other intellectual property right of any third party; or

12.1.2 any acts or omissions of the Contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers’ compensation.

12.2 The indemnity set forth in Article 12.1.1, above, shall not apply to:

12.2.1 A claim of infringement resulting from the Contractor’s compliance with specific written instructions by UNDP directing a change in the specifications for the goods, property, materials, equipment or supplies to be or used, or directing a manner of performance of the Contract or requiring the use of specifications not normally used by the Contractor; or

12.2.2 A claim of infringement resulting from additions to or changes in any goods, property, materials, equipment, supplies or any components thereof furnished under the Contract if UNDP or another party acting under the direction of UNDP made such changes.

12.3 In addition to the indemnity obligations set forth in this Article 12, the Contractor shall be obligated, at its sole expense, to defend UNDP and its officials, agents and employees, pursuant to this Article 12, regardless of whether the suits, proceedings, claims and demands in question actually give rise to or otherwise result in any loss or liability.

12.4 UNDP shall advise the Contractor about any such suits, proceedings, claims, demands, losses or liability within a reasonable period of time after having received actual notice thereof. The Contractor shall have sole control of the defense of any such suit, proceeding, claim or demand and of all negotiations in connection with the settlement or compromise thereof, except with respect to the assertion or defense of the privileges and immunities of UNDP or any matter relating thereto, for which only UNDP itself is authorized to assert and maintain. UNDP shall have the right, at its own expense, to be represented in any such suit, proceeding, claim or demand by independent counsel of its own choosing.

12.5 In the event the use by UNDP of any Goods, property or Services provided or licensed to UNDP by the Contractor, in whole or in part, in any suit or proceeding, is for any reason enjoined, temporarily or permanently, or is found to infringe any patent, copyright, trademark or other intellectual property right, or in the event of a settlement, is enjoined, limited or otherwise interfered with, then the Contractor, at its sole cost and expense, shall, promptly, either:

12.5.1 procure for UNDP the unrestricted right to continue using such Goods or Services provided to UNDP;

12.5.2 replace or modify the Goods and/or Services provided to UNDP, or part thereof, with the equivalent or better Goods and/or Services, or part thereof, that is non-infringing; or,

12.5.3 refund to UNDP the full price paid by UNDP for the right to have or use such Goods, property or Services, or part thereof.

13. INSURANCE AND LIABILITY:

13.1 The Contractor shall pay UNDP promptly for all loss, destruction, or damage to the property of UNDP caused by the Contractor’s personnel or by any of its subcontractors or anyone else directly or indirectly employed by the Contractor or any of its subcontractors in the performance of the Contract.

13.2 Unless otherwise provided in the Contract, prior to commencement of performance of any other obligations under the Contract, and subject to any limits set forth in the Contract, the Contractor shall
take out and shall maintain for the entire term of the Contract, for any extension thereof, and for a period following any termination of the Contract reasonably adequate to deal with losses:

13.2.1 insurance against all risks in respect of its property and any equipment used for the performance of the Contract;

13.2.2 workers’ compensation insurance, or its equivalent, or employer’s liability insurance, or its equivalent, with respect to the Contractor’s personnel sufficient to cover all claims for injury, death and disability, or any other benefits required to be paid by law, in connection with the performance of the Contract;

13.2.3 liability insurance in an adequate amount to cover all claims, including, but not limited to, claims for death and bodily injury, products and completed operations liability, loss of or damage to property, and personal and advertising injury, arising from or in connection with the Contractor’s performance under the Contract, including, but not limited to, liability arising out of or in connection with the acts or omissions of the Contractor, its personnel, agents, or invitees, or the use, during the performance of the Contract, of any vehicles, boats, airplanes or other transportation vehicles and equipment, whether or not owned by the Contractor; and,

13.2.4 such other insurance as may be agreed upon in writing between UNDP and the Contractor.

13.3 The Contractor’s liability policies shall also cover subcontractors and all defense costs and shall contain a standard “cross liability” clause.

13.4 The Contractor acknowledges and agrees that UNDP accepts no responsibility for providing life, health, accident, travel or any other insurance coverage which may be necessary or desirable in respect of any personnel performing services for the Contractor in connection with the Contract.

13.5 Except for the workers’ compensation insurance or any self-insurance program maintained by the Contractor and approved by UNDP, in its sole discretion, for purposes of fulfilling the Contractor’s requirements for providing insurance under the Contract, the insurance policies required under the Contract shall:

13.5.1 name UNDP as an additional insured under the liability policies, including, if required, as a separate endorsement under the policy;

13.5.2 include a waiver of subrogation of the Contractor’s insurance carrier’s rights against UNDP;

13.5.3 provide that UNDP shall receive written notice from the Contractor’s insurance carrier not less than thirty (30) days prior to any cancellation or material change of coverage; and,

13.5.4 include a provision for response on a primary and non-contributing basis with respect to any other insurance that may be available to UNDP.

13.6 The Contractor shall be responsible to fund all amounts within any policy deductible or retention.

13.7 Except for any self-insurance program maintained by the Contractor and approved by UNDP for purposes of fulfilling the Contractor’s requirements for maintaining insurance under the Contract, the Contractor shall maintain the insurance taken out under the Contract with reputable insurers that are in good financial standing and that are acceptable to UNDP. Prior to the commencement of any obligations under the Contract, the Contractor shall provide UNDP with evidence, in the form of certificate of insurance or such other form as UNDP may reasonably require, that demonstrates that the Contractor has taken out insurance in accordance with the requirements of the Contract. UNDP reserves the right, upon written notice to the Contractor, to obtain copies of any insurance policies or insurance program descriptions required to be maintained by the Contractor under the Contract. Notwithstanding the provisions of Article 13.5.3, above, the Contractor shall promptly notify UNDP concerning any cancellation or material change of insurance coverage required under the Contract.

13.8 The Contractor acknowledges and agrees that neither the requirement for taking out and maintaining insurance as set forth in the Contract nor the amount of any such insurance, including, but not limited to, any deductible or retention relating thereto, shall in any way be construed as limiting the Contractor’s liability arising under or relating to the Contract.

14. ENCUMBRANCES AND LIENS: The Contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with UNDP against any monies due to the Contractor or that may become due for any work done or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Contractor or UNDP.

15. EQUIPMENT FURNISHED BY UNDP TO THE CONTRACTOR: Title to any equipment and supplies that may be furnished by UNDP to the Contractor for the performance of any obligations under the Contract shall rest with UNDP, and any such equipment shall be returned to UNDP at the conclusion
of the Contract or when no longer needed by the Contractor. Such equipment, when returned to UNDP, shall be in the same condition as when delivered to the Contractor, subject to normal wear and tear, and the Contractor shall be liable to compensate UNDP for the actual costs of any loss of, damage to, or degradation of the equipment that is beyond normal wear and tear.

16. COPYRIGHT, PATENTS AND OTHER PROPRIETARY RIGHTS:

16.1 Except as is otherwise expressly provided in writing in the Contract, UNDP shall be entitled to all intellectual property and other proprietary rights including, but not limited to, patents, copyrights, trademarks, with regard to products, processes, inventions, ideas, know-how, or documents and other materials which the Contractor has developed for UNDP under the Contract and which bear a direct relation to or are produced or prepared or collected in consequence of, or during the course of, the performance of the Contract. The Contractor acknowledges and agrees that such products, documents and other materials constitute works made for hire for UNDP.

16.2 To the extent that any such intellectual property or other proprietary rights consist of any intellectual property or other proprietary rights of the Contractor: (i) that pre-existed the performance by the Contractor of its obligations under the Contract, or (ii) that the Contractor may develop or acquire, or may have developed or acquired, independently of the performance of its obligations under the Contract, UNDP does not and shall not claim any ownership interest thereto, and the Contractor grants to UNDP a perpetual license to use such intellectual property or other proprietary right solely for the purposes of and in accordance with the requirements of the Contract.

16.3 At the request of UNDP, the Contractor shall take all necessary steps, execute all necessary documents and generally assist in securing such proprietary rights and transferring or licensing them to UNDP in compliance with the requirements of the applicable law and of the Contract.

16.4 Subject to the foregoing provisions, all maps, drawings, photographs, mosaics, plans, reports, estimates, recommendations, documents, and all other data compiled by or received by the Contractor under the Contract shall be the property of UNDP, shall be made available for use or inspection by UNDP at reasonable times and in reasonable places, shall be treated as confidential, and shall be delivered only to UNDP authorized officials on completion of work under the Contract.

17. PUBLICITY, AND USE OF THE NAME, EMBLEM OR OFFICIAL SEAL OF UNDP OR THE UNITED NATIONS: The Contractor shall not advertise or otherwise make public for purposes of commercial advantage or goodwill that it has a contractual relationship with UNDP, nor shall the Contractor, in any manner whatsoever use the name, emblem or official seal of UNDP or the United Nations, or any abbreviation of the name of UNDP or the United Nations in connection with its business or otherwise without the written permission of UNDP.

18. CONFIDENTIAL NATURE OF DOCUMENTS AND INFORMATION: Information and data that is considered proprietary by either Party or that is delivered or disclosed by one Party (“Discloser”) to the other Party (“Recipient”) during the course of performance of the Contract, and that is designated as confidential (“Information”), shall be held in confidence by that Party and shall be handled as follows:

18.1 The Recipient shall:
18.1.1 use the same care and discretion to avoid disclosure, publication or dissemination of the Discloser’s Information as it uses with its own similar Information that it does not wish to disclose, publish or disseminate; and,
18.1.2 use the Discloser’s Information solely for the purpose for which it was disclosed.

18.2 Provided that the Recipient has a written agreement with the following persons or entities requiring them to treat the Information confidential in accordance with the Contract and this Article 18, the Recipient may disclose Information to:
18.2.1 any other party with the Discloser’s prior written consent; and,
18.2.2 the Recipient’s employees, officials, representatives and agents who have a need to know such Information for purposes of performing obligations under the Contract, and employees officials, representatives and agents of any legal entity that it controls, controls it, or with which it is under common control, who have a need to know such Information for purposes of performing obligations under the Contract, provided that, for these purposes a controlled legal entity means:
18.2.2.1 a corporate entity in which the Party owns or otherwise controls, whether directly or indirectly, over fifty percent (50%) of voting shares thereof; or,
18.2.2.2 any entity over which the Party exercises effective managerial control; or,
18.2.2.3 for the United Nations, a principal or subsidiary organ of the United Nations established in accordance with the Charter of the United Nations.
18.3 The Contractor may disclose Information to the extent required by law, provided that, subject to and without any waiver of the privileges and immunities of the United Nations, the Contractor will give UNDP sufficient prior notice of a request for the disclosure of Information in order to allow UNDP to have a reasonable opportunity to take protective measures or such other action as may be appropriate before any such disclosure is made.

18.4 UNDP may disclose Information to the extent as required pursuant to the Charter of the United Nations, or pursuant to resolutions or regulations of the General Assembly or rules promulgated thereunder.

18.5 The Recipient shall not be precluded from disclosing Information that is obtained by the Recipient from a third party without restriction, is disclosed by the Discloser to a third party without any obligation of confidentiality, is previously known by the Recipient, or at any time is developed by the Recipient completely independently of any disclosures hereunder.

18.6 These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract.

19. FORCE MAJEURE; OTHER CHANGES IN CONDITIONS:

19.1 In the event of and as soon as possible after the occurrence of any cause constituting force majeure, the affected Party shall give notice and full particulars in writing to the other Party, of such occurrence or cause if the affected Party is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The affected Party shall also notify the other Party of any other changes in condition or the occurrence of any event which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of force majeure or other changes in condition or occurrence, the affected Party shall also submit a statement to the other Party of estimated expenditures that will likely be incurred for the duration of the change in condition or the event of force majeure. On receipt of the notice or notices required hereunder, the Party not affected by the occurrence of a cause constituting force majeure shall take such action as it reasonably considers to be appropriate or necessary in the circumstances, including the granting to the affected Party of a reasonable extension of time in which to perform any obligations under the Contract.

19.2 If the Contractor is rendered unable, wholly or in part, by reason of force majeure to perform its obligations and meet its responsibilities under the Contract, UNDP shall have the right to suspend or terminate the Contract on the same terms and conditions as are provided for in Article 20, “Termination,” except that the period of notice shall be seven (7) days instead of thirty (30) days. In any case, UNDP shall be entitled to consider the Contractor permanently unable to perform its obligations under the Contract in case the Contractor is unable to perform its obligations, wholly or in part, by reason of force majeure for any period in excess of ninety (90) days.

19.3 Force majeure as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, terrorism, or any other acts of a similar nature or force, provided that such acts arise from causes beyond the control and without the fault or negligence of the Contractor. The Contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Contractor must perform in areas in which UNDP is engaged in, preparing to engage in, or disengaging from any peacekeeping, humanitarian or similar operations, any delays or failure to perform such obligations arising from or relating to harsh conditions within such areas, or to any incidents of civil unrest occurring in such areas, shall not, in and of itself, constitute force majeure under the Contract.

20. TERMINATION:

20.1 Either Party may terminate the Contract for cause, in whole or in part, upon thirty (30) day’s notice, in writing, to the other Party. The initiation of conciliation or arbitral proceedings in accordance with Article 23 “Settlement of Disputes,” below, shall not be deemed to be a “cause” for or otherwise to be in itself a termination of the Contract.

20.2 UNDP may terminate the Contract at any time by providing written notice to the Contractor in any case in which the mandate of UNDP applicable to the performance of the Contract or the funding of UNDP applicable to the Contract is curtailed or terminated, whether in whole or in part. In addition, unless otherwise provided by the Contract, upon sixty (60) day’s advance written notice to the Contractor, UNDP may terminate the Contract without having to provide any justification therefor.

20.3 In the event of any termination of the Contract, upon receipt of notice of termination that has
been issued by UNDP, the Contractor shall, except as may be directed by UNDP in the notice of
termination or otherwise in writing:
20.3.1 take immediate steps to bring the performance of any obligations under the Contract to a close
in a prompt and orderly manner, and in doing so, reduce expenses to a minimum;
20.3.2 refrain from undertaking any further or additional commitments under the Contract as of and
following the date of receipt of such notice;
20.3.3 place no further subcontracts or orders for materials, services, or facilities, except as UNDP
and the Contractor agree in writing are necessary to complete any portion of the Contract that is not
terminated;
20.3.4 terminate all subcontracts or orders to the extent they relate to the portion of the Contract
terminated;
20.3.5 transfer title and deliver to UNDP the fabricated or unfabricated parts, work in process,
completed work, supplies, and other material produced or acquired for the portion of the Contract
terminated;
20.3.6 deliver all completed or partially completed plans, drawings, information, and other property
that, if the Contract had been completed, would be required to be furnished to UNDP thereunder;
20.3.7 complete performance of the work not terminated; and,
20.3.8 take any other action that may be necessary, or that UNDP may direct in writing, for the
minimization of losses and for the protection and preservation of any property, whether tangible or
intangible, related to the Contract that is in the possession of the Contractor and in which UNDP has
or may be reasonably expected to acquire an interest.
20.4 In the event of any termination of the Contract, UNDP shall be entitled to obtain reasonable
written accountings from the Contractor concerning all obligations performed or pending in
accordance with the Contract. In addition, UNDP shall not be liable to pay the Contractor except for
those Goods satisfactorily delivered and/or Services satisfactorily provided to UNDP in accordance
with the requirements of the Contract, but only if such Goods or Services were ordered, requested or
otherwise provided prior to the Contractor’s receipt of notice of termination from UNDP or prior to
the Contractor’s tendering of notice of termination to UNDP.
20.5 UNDP may, without prejudice to any other right or remedy available to it, terminate the Contract
forthwith in the event that:
20.5.1 the Contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, or applies for a
moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent;
20.5.2 the Contractor is granted a moratorium or a stay, or is declared insolvent;
20.5.3 the Contractor makes an assignment for the benefit of one or more of its creditors;
20.5.4 a Receiver is appointed on account of the insolvency of the Contractor;
20.5.5 the Contractor offers a settlement in lieu of bankruptcy or receivership; or,
20.5.6 UNDP reasonably determines that the Contractor has become subject to a materially adverse
change in its financial condition that threatens to substantially affect the ability of the Contractor to
perform any of its obligations under the Contract.
20.6 Except as prohibited by law, the Contractor shall be bound to compensate UNDP for all damages
and costs, including, but not limited to, all costs incurred by UNDP in any legal or non-
legal proceedings, as a result of any of the events specified in Article 20.5, above, and resulting from or
relating to a termination of the Contract, even if the Contractor is adjudged bankrupt, or is granted a
moratorium or stay or is declared insolvent. The Contractor shall immediately inform UNDP of the
occurrence of any of the events specified in Article 20.5, above, and shall provide UNDP with any
information pertinent thereto.
20.7 The provisions of this Article 20 are without prejudice to any other rights or remedies of UNDP
under the Contract or otherwise.

21. NON-WAIVER OF RIGHTS: The failure by either Party to exercise any rights available to it,
whether under the Contract or otherwise, shall not be deemed for any purposes to constitute a waiver by
the other Party of any such right or any remedy associated therewith, and shall not relieve the Parties of
any of their obligations under the Contract.
22. NON-EXCLUSIVITY: Unless otherwise specified in the Contract, UNDP shall have no obligation
to purchase any minimum quantities of goods or services from the Contractor, and UNDP shall have no
limitation on its right to obtain goods or services of the same kind, quality and quantity described in the Contract, from any other source at any time.

23. SETTLEMENT OF DISPUTES:

23.1 AMICABLE SETTLEMENT: The Parties shall use their best efforts to amicably settle any dispute, controversy, or claim arising out of the Contract or the breach, termination, or invalidity thereof. Where the Parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law (“UNCITRAL”), or according to such other procedure as may be agreed between the Parties in writing.

23.2 ARBITRATION: Any dispute, controversy, or claim between the Parties arising out of the Contract or the breach, termination, or invalidity thereof, unless settled amicably under Article 23.1, above, within sixty (60) days after receipt by one Party of the other Party’s written request for such amicable settlement, shall be referred by either Party to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 (“Interim measures”) and Article 34 (“Form and effect of the award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The Parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy, or claim.

24. PRIVILEGES AND IMMUNITIES: Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.

25. TAX EXEMPTION:

25.1 Article II, Section 7, of the Convention on the Privileges and Immunities of the United Nations provides, inter alia, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties, and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of UNDP from such taxes, restrictions, duties, or charges, the Contractor shall immediately consult with UNDP to determine a mutually acceptable procedure.

25.2 The Contractor authorizes UNDP to deduct from the Contractor’s invoices any amount representing such taxes, duties or charges, unless the Contractor has consulted with UNDP before the payment thereof and UNDP has, in each instance, specifically authorized the Contractor to pay such taxes, duties, or charges under written protest. In that event, the Contractor shall provide UNDP with written evidence that payment of such taxes, duties or charges has been made and appropriately authorized, and UNDP shall reimburse the Contractor for any such taxes, duties, or charges so authorized by UNDP and paid by the Contractor under written protest.

26. MODIFICATIONS:

26.1 No modification or change in this Contract shall be valid and enforceable against UNDP unless executed in writing by the duly authorized representatives of the Parties.

26.2 If the Contract shall be extended for additional periods in accordance with the terms and conditions of the Contract, the terms and conditions applicable to any such extended term of the Contract shall be the same terms and conditions as set forth in the Contract, unless the Parties shall have agreed otherwise pursuant to a valid amendment concluded in accordance with Article 26.1, above.

26.3 The terms or conditions of any supplemental undertakings, licenses, or other forms of agreement concerning any Goods or Services provided under the Contract shall not be valid and enforceable against UNDP nor in any way shall constitute an agreement by UNDP thereto unless any such undertakings, licenses or other forms are the subject of a valid amendment concluded in accordance
27. AUDITS AND INVESTIGATIONS:

27.1 Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or by other authorized and qualified agents of UNDP at any time during the term of the Contract and for a period of three (3) years following the expiration or prior termination of the Contract.

27.2 UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, the obligations performed under the Contract, and the operations of the Contractor generally relating to performance of the Contract at any time during the term of the Contract and for a period of three (3) years following the expiration or prior termination of the Contract.

27.3 The Contractor shall provide its full and timely cooperation with any such inspections, post-payment audits or investigations. Such cooperation shall include, but shall not be limited to, the Contractor’s obligation to make available its personnel and any relevant documentation for such purposes at reasonable times and on reasonable conditions and to grant to UNDP access to the Contractor’s premises at reasonable times and on reasonable conditions in connection with such access to the Contractor’s personnel and relevant documentation. The Contractor shall require its agents, including, but not limited to, the Contractor’s attorneys, accountants or other advisers, to reasonably cooperate with any inspections, post-payment audits or investigations carried out by UNDP hereunder.

27.4 UNDP shall be entitled to a refund from the Contractor for any amounts shown by such audits or investigations to have been paid by UNDP other than in accordance with the terms and conditions of the Contract. The Contractor also agrees that, where applicable, donors to UNDP whose funding is the source of, in whole or in part, the funding for the procurement of Goods and/or Services which are the subject of this Contract, shall have direct recourse to the Contractor for the recovery of any funds determined by UNDP to have been used in violation of or inconsistent with this Contract.

28. LIMITATION ON ACTIONS:

28.1 Except with respect to any indemnification obligations in Article 12, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 23.2, above, arising out of the Contract must be commenced within three years after the cause of action has accrued.

28.2 The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins.

29. ESSENTIAL TERMS: The Contractor acknowledges and agrees that each of the provisions in Articles 30 to 36 hereof constitutes an essential term of the Contract and that any breach of any of these provisions shall entitle UNDP to terminate the Contract or any other contract with UNDP immediately upon notice to the Contractor, without any liability for termination charges or any other liability of any kind. In addition, nothing herein shall limit the right of UNDP to refer any alleged breach of the said essential terms to the relevant national authorities for appropriate legal action.

30. SOURCE OF INSTRUCTIONS: The Contractor shall neither seek nor accept instructions from any authority external to UNDP in connection with the performance of its obligations under the Contract. Should any authority external to UNDP seek to impose any instructions concerning or restrictions on the Contractor’s performance under the Contract, the Contractor shall promptly notify UNDP and provide all reasonable assistance required by UNDP. The Contractor shall not take any action in respect of the performance of its obligations under the Contract that may adversely affect the interests of UNDP or the United Nations, and the Contractor shall perform its obligations under the Contract with the fullest regard to the interests of UNDP.

31. STANDARDS OF CONDUCT: The Contractor warrants that it has not and shall not offer any direct or indirect benefit arising from or related to the performance of the Contract, or the award thereof, to any representative, official, employee or other agent of UNDP. The Contractor shall comply with all laws, ordinances, rules and regulations bearing upon the performance of its obligations under the Contract. In addition, in the performance of the Contract, the Contractor shall comply with the Standards of Conduct set forth in the Secretary General’s Bulletin ST/SGB/2002/9 of 18 June 2002, entitled “Regulations Governing the Status, Basic Rights and Duties of Officials other than Secretariat Officials, and Expert on..."
Mission” and ST/SGB/2006/15 of 26 December 2006 on “Post-employment restrictions”, and shall also comply with and be subject to the requirements of the following documents then in force at the time of signature of the Contract:

31.1 The UN Supplier Code of Conduct;
31.2 UNDP Policy on Fraud and other Corrupt Practices (“UNDP Anti-fraud Policy”);
31.3 UNDP Office of Audit and Investigations (OAI) Investigation Guidelines;
31.4 UNDP Social and Environmental Standards (SES), including the related Accountability Mechanism;
31.5 UNDP Vendor Sanctions Policy; and
31.6 All security directives issued by UNDP.

The Contractor acknowledges and agrees that it has read and is familiar with the requirements of the foregoing documents which are available online at www.undp.org or at http://www.undp.org/content/undp/en/home/operations/procurement/business/. In making such acknowledgement, the Contractor represents and warrants that it is in compliance with the requirements of the foregoing, and will remain in compliance throughout the term of this Contract.

32. OBSERVANCE OF THE LAW: The Contractor shall comply with all laws, ordinances, rules, and regulations bearing upon the performance of its obligations under the Contract. In addition, the Contractor shall maintain compliance with all obligations relating to its registration as a qualified vendor of goods or services to UNDP, as such obligations are set forth in UNDP vendor registration procedures.

33. CHILD LABOR: The Contractor represents and warrants that neither it, its parent entities (if any), nor any of the Contractor’s subsidiary or affiliated entities (if any) is engaged in any practice inconsistent with the rights set forth in the Convention on the Rights of the Child, including Article 32 thereof, which, inter alia, requires that a child shall be protected from performing any work that is likely to be hazardous or to interfere with the child’s education, or to be harmful to the child’s health or physical, mental, spiritual, moral, or social development.

34. MINES: The Contractor represents and warrants that neither it, its parent entities (if any), nor any of the Contractor’s subsidiaries or affiliated entities (if any) is engaged in the sale or manufacture of anti-personnel mines or components utilized in the manufacture of anti-personnel mines.

35. SEXUAL EXPLOITATION:

35.1 In the performance of the Contract, the Contractor shall comply with the Standards of Conduct set forth in the Secretary-General’s bulletin ST/SGB/2003/13 of 9 October 2003, concerning “Special measures for protection from sexual exploitation and sexual abuse.” In particular, the Contractor shall not engage in any conduct that would constitute sexual exploitation or sexual abuse, as defined in that bulletin.

35.2 The Contractor shall take all appropriate measures to prevent sexual exploitation or abuse of anyone by its employees or any other persons engaged and controlled by the Contractor to perform any services under the Contract. For these purposes, sexual activity with any person less than eighteen years of age, regardless of any laws relating to consent, shall constitute the sexual exploitation and abuse of such person. In addition, the Contractor shall refrain from, and shall take all reasonable and appropriate measures to prohibit its employees or other persons engaged and controlled by it from exchanging any money, goods, services, or other things of value, for sexual favors or activities, or from engaging any sexual activities that are exploitive or degrading to any person.

35.3 UNDP shall not apply the foregoing standard relating to age in any case in which the Contractor’s personnel or any other person who may be engaged by the Contractor to perform any services under the Contract is married to the person less than the age of eighteen years with whom sexual activity has occurred and in which such marriage is recognized as valid under the laws of the country of citizenship of such Contractor’s personnel or such other person who may be engaged by the Contractor to perform any services under the Contract.

36. ANTI-TERRORISM: The Contractor agrees to undertake all reasonable efforts to ensure that none of the UNDP funds received under the Contract is used to provide support to individuals or entities associated with terrorism and that recipients of any amounts provided by UNDP hereunder do not appear on the list maintained by the Security Council Committee established pursuant to Resolution 1267 (1999). The list can be accessed via https://www.un.org/sc/suborg/en/sanctions/1267/aq_sanctions_list. This provision must be included in all sub-contracts or sub-agreements entered into under the Contract.
