

Clarification No. 1 to Bidders

RFP Ref: UNDP/SOM/POQA/RFP/2021/156803 - (Re-Advertisement):
ICT for Development (ICT4D) Training (GIS for M&E and Mobile Based Data Collection)

Query No.	Clarification Requested by Proposers	UNDPs Response to the Request for Clarification
1	We would like to know, through this training program, whether you are seeking (1) how to utilize the mobile-based data collection tools for collecting GIS data with basic concepts of GIS or (2) how to implement a specific M&E methodology using GIS data collected through a mobile app.	<p>The training has two components:</p> <ol style="list-style-type: none">1. Use of mobile based data collection in field monitoring e.g., ODK.2. The use of GIS based technology in M&E e.g., Arc GIS <p>We expect participants to be trained on the above so that they are able to apply it in their work.</p>

Proposers are advised to frequently check the UNDP procurement notices website at https://procurement-notices.undp.org/view_notice.cfm?notice_id=87144 for any addenda/clarifications that may be posted.
