

REQUEST FOR PROPOSAL: RFP-UNDP-PNG-002-2022 - For provision of Education and training services to support Innovation Hubs in Autonomous Region of Bougainville (AROB) under Sustaining Peace through Economic Empowerment Project in Bougainville Project in Papua New Guinea

Questions and answers (2nd round)

Date of the Meeting: 1 February, 2022

	Questions	Answers
1	<p>The final bullet point of Activity 4 of the Duties and Responsibilities section in the Terms of Reference states:</p> <p><i>"Logistics and event costs, related to preparing for the trainings, venue hire (prior to the construction of Hubs), as well as travel related costs for placement programme will be covered by UNDP"</i></p> <ol style="list-style-type: none"> 1. Could you please specifically clarify whether these 'logistics, event and travel for placement programme' costs are for all project activities in the Terms of Reference i.e Activities 1-5. 2. Do they refer only to the 'logistics, event and travel for placement programme costs' for Activity 4, i.e. training and placement programme activities, but not: i) training needs assessment and stakeholder consultation (Activity 1); and/or ii) stakeholder engagement and awareness raising (Activity 3); and/or iii) TOT sessions (Activity 5). 	<ol style="list-style-type: none"> 1. This will only apply to the training and placement activities of the program. This does not apply to the rest of the ToR. As the placement and training program is much different from the rest of the program, we have excluded the related logistics, events and other associated activities from main program. 2. The bidder is expected to price and quote the work related to the activities in 1, 2, 3 and 5 and related activities.
