Supply and Delivery of Fiber Reinforced Plastic Outrigger Boats

Dear Bidders,

Please be informed that we received inquiries from interested bidders, please see table below for UNDP's responses.

Inquiries		UNDP Responses
1	<p>Delivery time extension:</p> <p>We need a minimum of 7 months to complete the 25 units, would a delivery extension be possible?</p>	<p>Earliest delivery lead time is a key criterion in the evaluation of bids. Bidders are expected to propose the earliest delivery lead time, but not more than 120 days after issuance of Purchase Order.</p>
2	<p>Engine:</p> <p>Engines offered only 15HP and not 16HP, would this be ok?</p>	<p>We set the engine specification at the minimum; specifications offered below the minimum requirement will not be accepted.</p>
3	<p>Outrigger:</p> <p>What is the size of the outrigger and offset distance of the outrigger?</p>	<p>Offset of outrigger average of 5ft. from side of boat and Length of outrigger average of 20ft long.</p>

Please be guided accordingly.

Thank you.
