INDIVIDUAL CONSULTANT PROCUREMENT NOTICE

Date: 05 March 2022
Ref: Pak-HIV-UNDP-IC-2022-010

Country: **Pakistan**

**Description of the assignment:** Individual Contract: National Health Management Information Systems (HMIS) Consultant

**Project name:** Accelerated response to HIV through effective prevention, treatment, care and support interventions for Key Populations and surveillance in high risk areas

**Period of assignment/services (if applicable):** Duration of contract is 10 months, with a total level of effort of 150 working days.

**Important Note:** Final selected IC will be required to provide a statement of health certificate along with proof of health insurance.

**Duty Station:** The Contractor’s duty station for the contract duration is Islamabad.

Please submit your Technical and Financial proposals **via email** to the following address: bids.pk@undp.org no later than **18 March 2022 at 12:30 PM (Pakistan Standard Time)**. Hand Delivery is not acceptable.

**Important note for email submissions:** Please put “Pak-HIV-UNDP-IC-2022-010 “National Health Management Information Systems (HMIS) Consultant” in the subject line. Further, our system will not accept emails those are more than 30 MB size. If required, segregate your emails to accommodate email data restrictions. For segregated emails please use sequence of emails like Email 1, Email 2 …. in the subject line. For attachment purposes please only use MS Word, Excel, Power Point or PDF formats.

If you request additional information, please write to pakistan.procurement.info@undp.org The team will provide necessary information within due date. However, any delay in providing such information will not be considered a reason for extending the submission date of your proposal. All/any query regarding the submission of the proposal may be sent prior to the deadline at the e-mail/address mentioned above.
A. Project Description:

The United Nations Development Programme (UNDP) is the UN’s global development network, advocating for change and connecting countries to knowledge, experience and resources to help people build a better life, as envisaged by 2030 Agenda for Sustainable Development. We are on the ground in more than 170 countries and territories, working with governments and people on their own solutions to global and national development challenges. As they develop local capacity, they draw on the people of UNDP and our wide range of partners that can bring about results.

The Bureau for Policy and Programme Support (BPPS) has the responsibility for developing all relevant policy and guidance to support the results of UNDP’s Strategic Plan and help countries to achieve the Sustainable Development Goals. BPPS’s staff provides technical advice to Country Offices; advocates for UNDP corporate messages, represents UNDP at multi-stakeholder fora including public-private dialogues, government and civil society dialogues, South-South and Triangular cooperation initiatives, and engages in UN inter-agency coordination in specific thematic areas.

BPPS supports UNDP’s 2014-2017 Strategic Plan, focusing on 7 outcomes including strengthening institutions to progressively deliver universal access to basic services (outcome 3). The HIV, Health and Development Group (HHD), within BPPS, is helping to contribute towards this outcome.

UNDP has been identified by the GF as the interim PR for the Pakistan HIV grant for the implementation period 1 July 2021 to 31 December 2023. For effective implementation of the Global Fund resources, UNDP Pakistan has established a Program Management Unit (PMU), which is responsible for the day-to-day overall programme management, risk management, policy guidance, financial accountability, procurement of goods, including health products and services, strengthening of the national systems. The GF resources are implemented in accordance with UNDP rules, policies and procedures, the grant confirmation, corporate agreements with the GF and in close coordination with the national and provincial stakeholders, Common Management Unit, Sub-recipients (SRs) and Sub-sub-Recipients (SSRs), NGOs, CSOs, communities, technical partners, UN entities and the Global Fund (Local Fund Agent) and Country Coordinating Mechanism.

B. Scope of Work

General Responsibilities:

The primary responsibility of the consultant will be to conduct a comprehensive assessment of the current HIV Information System to map current challenges and design way forward with required technical specifications for a fully functional National HIV Management Information System. Consultant must closely work with the National AIDS control programme, Provincial AIDS Control Programmes, SRs, SSRs and other national and international stakeholders and get their buy-in on the way forward and design of the future system. The consultant will develop an implementation map and required training and capacity building plans of national and provincial NACP/PACPs staff and stakeholders for full implementation.

Specific Tasks and Responsibilities:

Task 1: Comprehensive assessment of the current electronic HIV Management Information System (MIS).
- Conduct a comprehensive mapping of current HIV data management systems and available technical and human resource capacities.
- Detailed needs assessment of national and provincial AIDS Control Programs, CBOs and incorporation of their inputs for improvement and expansion of existing electronic management information systems.
- Assessment of other existing paper based and electronic systems of (HIV reporting), and how they will interact with future DHIS2, considering needs for interoperability between electronic systems.
- Capacity assessment of field staff (ART Centers & CBOs) in data collection, entry and analysis
- Detailed assessment of “prevention”, “treatment” and “logistics” portals of existing electronic systems and their integration.
- Review current data flow processes, from where data are generated (health facilities & CBOs) to the management level, and user requirements for the new system.
- Assess the different existing reports available in the electronic systems and review their functionality. Furthermore, to explore need for additional reporting at different levels.
- Map business processes behind data collection at health facility and CBOs level, to identify points for optimization.
- Explore different “unique identifiers” used in different systems/provinces and identify areas for integration to have a universal unique identifier for PLHIVs.
- Assess possibilities and means for integration of existing provincial and national electronic systems.
- Identify gaps within the existing system, analyze optimum methods for improvement and propose recommendations and entry points for transitioning from current system to a DHIS2 based system.
- Assessment of existing provincial M&E mechanism that includes provision of technical assistance or establishment, continuity and consolidation of quality assurance frameworks
- Assessment of data security and confidentiality protocols and mechanisms.
- Assessment of existing use of biometrics based registration and service delivery in HIV prevention and treatment.

Task 2: Design technical specifications and detailed plan of action for HIV Management Information System

- Identify and define the best technical solution for the HIV-MIS platform based on DHIS2 system ensuring all HIV required data at all levels of health care is captured.
- Make sure that system is capable of integration with existing and available electronic data collection systems while maintaining close cooperation with the partners responsible for the mentioned platforms including TB, Malaria and National HMIS
- Develop solutions and modalities for automatic alert/sms/email generation for reducing and managing lost to follow-up
- Ensure that the developed technical specifications deliver all key MoH requirements for an efficient data management system (e.g. ensuring the new system is interoperable with the CRVS (and other electronic monitoring systems) and also allows for the incorporation of automated reporting modules and dashboards)
- Develop customized dashboards of the national HMIS for different stakeholders
- Design key population-based data segregation of PLHIV for better follow-up and trend analysis.
Use of technology for real time mapping, and monitoring of all interventions based on an MIS for HIV
- Develop security, privacy and ethical protocols for programmatic data reporting and monitoring
- Design technical specifications for integration of social media in reporting on stigma & discrimination.

Task 3: Training and Capacity building:
- Drafting a detailed costed training plan to cover all relevant staff at NACP, Provincial AIDS Control Program, CMU, PRs, SRs & CBOs on new HIS information system
- Drafting required SOPs and learning resources packages to make sure proper capacity is in place to implement the new system
- MIS Capacitation of relevant data staff at provincial level on data reporting, cleaning, analysis and interpretation
- Develop SOPs for digital solutions to facilitate HIV data management system and strengthen real time reporting at national and provincial level
- Strengthen evidence generation and digitizing of HIV/AIDS data on exclusion, stigma and discrimination through linking institutional HIV/AIDS prevention and response strategies with HRIMS

C. Expected Outputs and Deliverables

The following are the key deliverables expected of this consultancy and within the specified period:

<table>
<thead>
<tr>
<th>S.No.</th>
<th>Deliverables/ Outputs</th>
<th>Indicative Due date</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td><strong>An inception report</strong> that clearly defines the methodologies for information gathering, analysis, consultation/presentation and report writing. This report should include a proposed schedule of tasks, activities and deliverables.</td>
<td>April, 2022</td>
</tr>
<tr>
<td>2</td>
<td>A comprehensive assessment including of the current HIV information system and mapping out existing challenges and bottlenecks of the HIV information system in public and private sector at national and provincial levels</td>
<td>August, 2022</td>
</tr>
<tr>
<td>3</td>
<td>Debriefing and presentation of draft report – draft report</td>
<td></td>
</tr>
<tr>
<td>4</td>
<td><strong>A final technical report</strong> with annexed plans of action stated above:</td>
<td>December, 2022</td>
</tr>
<tr>
<td></td>
<td>a) Complete situational analysis, background, existing gaps, ways for improvement, conclusions, recommendations, actions to be taken to establish HIV MIS system</td>
<td></td>
</tr>
<tr>
<td></td>
<td>b) the technical specifications for the needed system and</td>
<td></td>
</tr>
<tr>
<td></td>
<td>c) the required SOPs and guidelines</td>
<td></td>
</tr>
<tr>
<td></td>
<td>d) final version of HMIS with customized dashboards, report templates, key population based segregation and structural designs for integration with other MIS(s).</td>
<td></td>
</tr>
</tbody>
</table>

D. Scope of Price Proposal and Schedule of Payments

Payment terms for the Contractor are as under:

i) The amount of contract is fixed regardless of changes in the cost components.
ii) Payment will be paid upon receipt of deliverables as under:

<table>
<thead>
<tr>
<th>Deliverables/Outputs</th>
<th>Payment amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Upon approval of the inception report as detailed in section IV</td>
<td>20%</td>
</tr>
<tr>
<td>Upon completion of the comprehensive assessment of the current HIV management Information System and approval by the UNDP (expected by June 2022)</td>
<td>30%</td>
</tr>
<tr>
<td>Upon submission of final reports/deliverables, and approval by the UNDP (by December 2022)</td>
<td>50%</td>
</tr>
</tbody>
</table>

4. REQUIREMENTS FOR EXPERIENCE AND QUALIFICATIONS

**Institutional Arrangement:**

The Consultant shall report to UNDP Project Coordinator. The work will be facilitated in close coordination with the NACP and provincial ACP managers, WHO, UNAIDS, SR NGOs and other HIV stakeholders

**Required Qualifications**

Interested individuals for National Consultant should meet the following minimum qualification criteria:

a. Master’s Degree in Public Health, Health Economics, Health Informatics, Computer Sciences, Biostatistics, Community Medicine or Epidemiology. A Diploma in IT or computer and statistics is added value.

b. Minimum 5 years progressive experience in Health Informatics

c. Preferably minimum 2 years of work experience of the DHIS2 & analysis and professional experience in the administration of health information and the use of health data for strategic planning and management.

d. Specific experience in open source application, server management, troubleshooting data flow issues, software (EMR/EHR) and database would be desirable.

e. Previous experience conducting training on DHIS2 and EMR.

f. Understanding of the structure and function of the Public Health System in Pakistan

g. Language Abilities: Excellent knowledge of English

h. Knowledge of Urdu and local languages

5. DOCUMENTS TO BE INCLUDED WHEN SUBMITTING THE TECHNICAL AND FINANCIAL PROPOSALS.

Interested individual consultants must submit the following documents/information along with technical and financial proposal(s) to demonstrate their qualifications:

a) Duly accomplished Letter of Confirmation of Interest and Availability using the template provided by UNDP.
b) **Personal CV or P11**, indicating all past experiences from similar projects, as well as the contact details (email and telephone number) and at least three (3) professional references.

c) **Brief description** of why the individual considers him/herself as the most suitable for the assignment, and a methodology, if applicable, on how they will approach and complete the assignment. A methodology is recommended for intellectual services, but may be omitted for support services [Note: this is optional for support services].

c) **Technical Proposal** that indicates the technical approach, methodology, work plan and timelines.

d) **Financial Proposal** that indicates the all-inclusive fixed total contract price, supported by a breakdown of costs, as per template provided. If an Offeror is employed by an organization/company/institution, and he/she expects his/her employer to charge a management fee in the process of releasing him/her to UNDP under Reimbursable Loan Agreement (RLA), the Offeror must indicate at this point, and ensure that all such costs are duly incorporated in the financial proposal submitted to UNDP.

### 6. EXPECTED PERIOD OF CONSULTANCY

**Duration of the Work:**

a) The duration of the contract is 150 working days effective from the date of the signing of the contract spread over a period of 10 months (Feb-Nov 2022).

b) Estimated time for UNDP to review outputs, give comments, certify approval/acceptance of outputs is 5 working days.

**Duty Station**

The Contractor’s duty station for the contract duration is Islamabad.

### 7. FINANCIAL PROPOSAL

**Lump sum contracts**

a) All proposals must be expressed on Per day basis (all inclusive) for the whole assignment stated above. Total contract value will be = Daily rate X total number of days worked

b) Proposals must be in the local currency i.e. PKR

c) Provide evidence/proof of your consultancy rate as well.

d) **Please note that in case of travel outside duty station, the travel cost shall be paid by UNDP on actual basis and may not be incorporated in the financial proposal.**

### 8. EVALUATION

The Individual consultant(s) will be evaluated based on the following methodologies:
Cumulative analysis. The award of the contract should be made to the individual consultant whose offer has been evaluated and determined as:

a) Responsive/compliant/ acceptable, against the qualification criteria (YES/NO)

b) Having received the highest score out of a pre-determined set of weighted technical and financial criteria specific to the felicitation.

- Technical Criteria weight; [70%]
- Financial Criteria weight; [30%]

The candidates who meet the requirements mentioned in Qualification criteria will be considered for technical evaluation. Only candidates obtaining a minimum of 70% (49 out of 70) points would be considered for the financial evaluation.

Terms of Reference

National Health Management Information Systems (HMIS) Consultant

Background:

UNDP partners with the Global Fund to support and strengthen national responses to HIV, Tuberculosis and malaria. The objective is to ensure access to quality health services for all and enable all those living or affected by the diseases to live healthy, productive lives. The partnership leverages UNDP’s mandate to strengthened institutions to deliver universal access to basic services and rebuilding resilient health services in crisis and post-crisis settings.

UNDP has recently been requested by the Global Fund to support the HIV grant, starting July 2021 until December 2023 and is currently serving as the Global Fund’s Interim Principal Recipient (PR) in Pakistan. Under the HIV grant, resources have been earmarked to support Health Management Information System. The MOH and UNDP plan to establish a robust national Health Management Information System (HMIS) to collect different types of health information from service delivery points to be used as evidence for decision making aimed at improving health care delivery.

National AIDS control program is experiencing numerous challenges in data collection, management and analysis. This is mainly due to existence of parallel, mainly vertical, monitoring and reporting system. The federal (NACP), provincial AIDS control program (PACP), non-governmental organizations are collecting data without interconnections. The result is that required information is not available in a timely manner for efficient decisions and programme management. In addition, the ART outcome study showed that data verification is only done in less than 10% of the study sites.

The National AIDS control program’s goal is to strengthenen an integrated digital HMIS nationwide. Currently, most health facilities, including primary health care (PHC) and hospitals largely use paper-based medical records for HIV and other diseases. The cumulative data is collected locally and transmitted or transferred from paper to the electronic online – and or offline system (it varies in different urban and rural settings) and then reported upwards to the MOH at national level. The paper-based medical records limitate appropriate analysis of information, and requires additional time and resources to convert the data into electronic form. In 2016, NACP developed an electronic management information system by the name of ART MIS. Initially it was limited only to treatment, however with time, logistics and prevention modules were also added. Three provincial AIDS Control Programs of Sindh, Balochistan & KP and Islamabad are using the ART MIS and regularly entering data. Punjab which is the largest province and has maximum number of PLHIV has developed its own MIS and is not using the ART MIS. This makes the compiling of national data very challenging and almost makes impossible for NACP to trace & follow-up individual patients.

To effectively handle HIV related data management system, UNDP plans to assist NACP to establish a more robust HMIS with the ability to collect and collate different types of HIV information from service delivery points. As both the UNDP and NACP foresees that a fully operational HIV data management and information system will facilitate proper information exchange and evidence-based decision making at all levels starting from where data are generated (health facilities& CBOs) to the management level. This operationalization will also facilitate carrying out data quality checks using validation rules that can be established and applied regularly to clean the data.

In addition, the use of one national system to collect, analyze and apply M&E data, rather than using multiple parallel systems, reduces the reporting burden for Pakistan. It is also more cost-effective and improves the quality and consistency of information.
In recognition of the importance of a robust HIV information system, UNDP in collaboration with NACP, seeks to recruit a technical expert, with significant experience to conduct a more comprehensive assessment of the situation and, building on the current HIV information system, to assist with the designing of a comprehensive and functional Health Management Information System for HIV and AIDS control program in Pakistan.

Pakistan has a concentrated HIV epidemic, with a prevalence of less than 0.1% in the general population according to the Integrated Biological and Behavioral Surveillance Survey - IBBS 2016-2017. The epidemic is concentrated in key populations, including men who have sex with men (MSM), people who inject drugs (PWID), transgender people (including Hijra), and sex workers (male, transgender, and female). According to the AIDS Epidemic Model (AEM) 2020 estimates, there are 111,330 people who inject drugs, of whom 42,000 are living with HIV (38%); 848,423 men who have sex with men (non-sex-workers) of whom 32,000 are living with HIV (4%) and a population of 296,948 defined as being “higher-risk men who have sex with men”, with 16,629 living with HIV (5.6%). The model also estimates that there are 74,409 male sex workers with an HIV prevalence of 11%, 203,277 female sex workers with a prevalence of 1.5% and 60,924 transgender people with an HIV prevalence of 8%. The relative proportion of key populations and prevalence of HIV vary across the four main provinces of Pakistan. Pakistan has seen a 57% increase in the HIV incidence from 2010-2018, one of the highest in the world (Funding Request to the Global Fund, 2019). In 2019, according to the Pakistan HIV Strategic Plan, new HIV infections were estimated to have predominantly occurred through male-to-male sex (45%), needle sharing among people who inject drugs (26%), and sex work (6%). A further 19% of infections were estimated to be from husband to wife, including from clients of sex workers, spouses of people who inject drugs, and married men who have sex with men. Coverage of HIV prevention activities is very low, with 3% of men who have sex with men and 28% of people who inject drugs accessing prevention services. The incidence-to-prevalence ratio is 13.4, one of the highest globally and indicating an epidemic far from control.

**Objectives**

1- Conduct a comprehensive assessment of the current HIV information system and mapping out existing challenges and bottlenecks of the HIV information system in public, community and private sector at national and provincial levels

2- Develop comprehensive plan of action detailing the necessary steps to design and develop harmonized integration of an automated one HIV MIS at national and provincial level, from both public, community and private sector to capture and report information for timely decision making

3- The new system must be designed based on recent DHIS2 technology and must have the interoperability capacity to absorb and liquify existing parallel and vertical information systems e.g. (Logistics Management Information Systems (LMIS), Lab information, Community Health Information Systems (CHIS) and integration capacity with national Health Management Information Systems (HMIS)

**III. Scope of work**

**General Responsibilities:**

The primary responsibility of the consultant will be to conduct a comprehensive assessment of the current HIV Information System to map current challenges and design way forward with required technical specifications for a fully functional National HIV Management Information System. Consultant must closely work with the National AIDS control programme, Provincial AIDS Control Programmes, SRs, SSRs and other national and international stakeholders and get their buy-in on the way forward and design of the future system. The consultant will develop an implementation map and required training and capacity building plans of national and provincial NACP/PACPs staff and stakeholders for full implementation.
Specific Tasks and Responsibilities:

Task 1: Comprehensive assessment of the current HIV Information System

- Conduct a comprehensive mapping of current HIV data management systems and available technical and human resource capacities.
- Detailed needs assessment of national and provincial AIDS Control Programs, CBOs and incorporation of their inputs for improvement and expansion of existing electronic management information systems.
- Assessment of other existing paper based and electronic systems of (HIV reporting), and how they will interact with future DHIS2, considering needs for interoperability between electronic systems.
- Capacity assessment of field staff (ART Centers & CBOs) in data collection, entry and analysis
- Detailed assessment of “prevention”, “treatment” and “logistics” portals of existing electronic systems and their integration.
- Review current data flow processes, from where data are generated (health facilities & CBOs) to the management level, and user requirements for the new system.
- Assess the different existing reports available in the electronic systems and review their functionality. Furthermore, to explore need for additional reporting at different levels.
- Map business processes behind data collection at health facility and CBOs level, to identify points for optimization.
- Explore different “unique identifiers” used in different systems/provinces and identify areas for integration to have a universal unique identifier for PLHIVs.
- Assess possibilities and means for integration of existing provincial and national electronic systems.
- Identify gaps within the existing system, analyze optimum methods for improvement and propose recommendations and entry points for transitioning from current system to a DHIS2 based system.
- Assessment of existing provincial M&E mechanism that includes provision of technical assistance or establishment, continuity and consolidation of quality assurance frameworks
- Assessment of data security and confidentiality protocols and mechanisms.
- Assessment of existing use of biometrics based registration and service delivery in HIV prevention and treatment.

Task 2: Design technical specifications and detailed plan of action for HIV Management Information System

- Identify and define the best technical solution for the HIV-MIS platform based on DHIS2 system ensuring all HIV required data at all levels of health care is captured.
- Make sure that system is capable of integration with existing and available electronic data collection systems while maintaining close cooperation with the partners responsible for the mentioned platforms including TB, Malaria and National HMIS
- Develop solutions and modalities for automatic alert/sms/email generation for reducing and managing lost to follow-up
- Ensure that the developed technical specifications deliver all key MoH requirements for an efficient data management system (e.g. ensuring the new system is interoperable with the CRVS...
(and other electronic monitoring systems) and also allows for the incorporation of automated reporting modules and dashboards
- Develop customized dashboards of the national HMIS for different stakeholders
- Design key population-based data segregation of PLHIV for better follow-up and trend analysis.
- Use of technology for real time mapping, and monitoring of all interventions based on an MIS for HIV
- Develop security, privacy and ethical protocols for programmatic data reporting and monitoring
- Design technical specifications for integration of social media in reporting on stigma & discrimination.

**Task 3: Training and Capacity building:**
- Drafting a detailed costed training plan to cover all relevant staff at NACP, Provincial AIDS Control Program, CMU, PRs, SRs & CBOs on new HIS information system
- Drafting required SOPs and learning resources packages to make sure proper capacity is in place to implement the new system
- MIS Capacitation of relevant data staff at provincial level on data reporting, cleaning, analysis and interpretation
- Develop SOPs for digital solutions to facilitate HIV data management system and strengthen realtime reporting at national and provincial level
- Strengthen evidence generation and digitizing of HIV/AIDS data on exclusion, stigma and discrimination through linking institutional HIV/AIDS prevention and response strategies with HRIMS

| IV. Key Deliverables Expected (150 calendar days spread over 10 months) |
The following are the key deliverables expected of this consultancy and within the specified period:

**INSTITUTIONAL ARRANGEMENTS**
• The Consultant shall report to UNDP Project Coordinator. The work will be facilitated in close coordination with the NACP and provincial ACP managers, WHO, UNAIDS, SR NGOs and other HIV stakeholders

• For this IC contract the lump sum approach will be used where the payments are made in installments upon provision of the deliverables / outputs specified above;

• The Consultant will be responsible for providing her/his own working station (i.e. laptop, internet, phone, scanner/printer, etc.) and should have access to a reliable internet connection during performance of the assignment;

• The consultant will be required to have in-person sessions with various stakeholders during the assessment. He/she will also be required to visit field activities: ART centers, CBOs and provincial AIDS control program offices.

• The reports should include the detailed information about the activities performed during the assignment, the consultancy action plan along with its timing, any bottlenecks and gaps revealed as well as recommended remedial actions for their solution, the results of the assessment and analytical work performed as per ToR, the required materials and documents to be developed as per ToR;

• The acceptability of reports will be judged by three criteria: (1) fulfillment of the assignment objectives as set forth in the contract/ToR, (2) adequacy of documentation, and (3) clarity of presentation. All reports must be submitted electronically, in MS Word. The language of the reports should be English;

• The reports are to be reviewed and approved within 5 business days by UNDP;

• The Consultant should ensure confidentiality of the information revealed during performance of the contract which is for UNDP use only and should be not disclosed without UNDP written agreement.

• Payments will be made upon submission of the reports in accordance with payment schedule above and certification of the payment form, and acceptance and confirmation by the Supervisor on satisfactory delivery of outputs.

**Travel:**

Some domestic travels to provinces is envisaged under this assignment that the consultant shall provide details and get approval from UNDP HIV Project Coordinator. The need for further recruitments to facilitate (data collection, facilitation at the country level, etc.) to be separately discussed and approved by UNDP Project Coordinator. Any costs of meetings and travel will be borne by UNDP.
INDIVIDUAL CONSULTANT GENERAL TERMS AND CONDITIONS

GENERAL CONDITIONS OF CONTRACT
FOR THE SERVICES OF INDIVIDUAL CONTRACTORS

1. LEGAL STATUS: The Individual contractor shall have the legal status of an independent contractor vis-à-vis the United Nations Development Programme (UNDP), and shall not be regarded, for any purposes, as being either a "staff member" of UNDP, under the UN' Staff Regulations and Rules, or an "official" of UNDP, for purposes of the Convention on the Privileges and Immunities of the United Nations, adopted by the General Assembly of the United Nations on 13 February 1946. Accordingly, nothing within or relating to the Contract shall establish the relationship of employer and employee, or of principal and agent, between UNDP and the Individual contractor. The officials, representatives, employees or subcontractors of UNDP and of the Individual contractor, if any, shall not be considered in any respect as being the employees or agents of the other, and UNDP and the Individual contractor shall be solely responsible for all claims arising out of or relating to its engagement of such persons or entities.

2. STANDARDS OF CONDUCT: In General: The Individual contractor shall neither seek nor accept instructions from any authority external to UNDP in connection with the performance of its obligations under the Contract. Should any authority external to UNDP seek to impose any instructions on the Contract regarding the Individual contractor’s performance under the Contract, the Individual contractor shall promptly notify UNDP and shall provide all reasonable assistance required by UNDP. The Individual contractor shall not take any action in respect of its performance of the Contract or otherwise related to its obligations under the Contract that may adversely affect the interests of UNDP, and the Individual contractor shall perform its obligations under the Contract with the fullest regard to the interests of UNDP. The Individual contractor warrants that it has not and shall not offer any direct or indirect benefit arising from or related to the performance of the Contract or the award thereof to any representative, official, employee or other agent of UNDP. The Individual contractor shall comply with all laws, ordinances, rules and regulations bearing upon the performance of its obligations under the Contract. In the performance of the Contract the Individual contractor shall comply with the standards of conduct set in the Secretary General’s Bulletin ST/SGB/2002/9 of 18 June 2002, entitled “Regulations Governing the Status, Basic Rights and Duties of Officials other than Secretariat Officials, and Expert on Mission”. The individual contractor must comply with all Security Directives issued by UNDP. Failure to comply with such security directives is grounds for termination of the Individual contractor for cause. Prohibition of Sexual Exploitation and Abuse: In the performance of the Contract, the Individual contractor shall comply with the standards of conduct set forth in the Secretary-General’s bulletin ST/SGB/2003/13 of 9 October 2003, concerning “Special measures for protection from sexual exploitation and sexual abuse”. In particular, the Individual contractor shall not engage in any conduct that would constitute sexual exploitation or sexual abuse, as defined in that bulletin. The Individual contractor acknowledges and agrees that any breach of any of the provisions hereof shall constitute a breach of an essential term of the Contract, and, in addition to any other legal rights or remedies available to any person, shall give rise to grounds for termination of the Contract. In addition, nothing herein shall limit the right of UNDP to refer any alleged breach of the foregoing standards of conduct to the relevant national authorities for appropriate legal action.
3. TITLE RIGHTS, COPYRIGHTS, PATENTS AND OTHER PROPRIETARY RIGHTS: Title to any equipment and supplies that may be furnished by UNDP to the Individual contractor for the performance of any obligations under the Contract shall rest with UNDP, and any such equipment shall be returned to UNDP at the conclusion of the Contract or when no longer needed by the Individual contractor. Such equipment, when returned to UNDP, shall be in the same condition as when delivered to the Individual contractor, subject to normal wear and tear, and the Individual contractor shall be liable to compensate UNDP for any damage or degradation of the equipment that is beyond normal wear and tear.

UNDP shall be entitled to all intellectual property and other proprietary rights, including, but not limited to, patents, copyrights and trademarks, with regard to products, processes, inventions, ideas, know-how or documents and other materials which the Individual contractor has developed for UNDP under the Contract and which bear a direct relation to or are produced or prepared or collected in consequence of, or during the course of, the performance of the Contract, and the Individual contractor acknowledges and agrees that such products, documents and other materials constitute works made for hire for UNDP. However, to the extent that any such intellectual property or other proprietary rights consist of any intellectual property or other proprietary rights of the Individual contractor: (a) that pre-existed the performance by the Individual contractor of its obligations under the Contract, or (b) that the Individual contractor may develop or acquire, or may have developed or acquired, independently of the performance of its obligations under the Contract, UNDP does not and shall not claim any ownership interest thereto, and the Individual contractor grants to UNDP a perpetual license to use such intellectual property or other proprietary right solely for the purposes of and in accordance with the requirements of the Contract. At the request of UNDP, the Individual contractor shall take all necessary steps, execute all necessary documents and generally assist in securing such proprietary rights and transferring or licensing them to UNDP in compliance with the requirements of the applicable law and of the Contract. Subject to the foregoing provisions, all maps, drawings, photographs, mosaics, plans, reports, estimates, recommendations, documents and all other data compiled by or received by the Individual contractor under the Contract shall be the property of UNDP, shall be made available for use or inspection by UNDP at reasonable times and in reasonable places, shall be treated as confidential and shall be delivered only to UNDP authorized officials on completion of work under the Contract.

4. CONFIDENTIAL NATURE OF DOCUMENTS AND INFORMATION: Information and data that are considered proprietary by either UNDP or the Individual contractor or that are delivered or disclosed by one of them (“Discloser”) to the other (“Recipient”) during the course of performance of the Contract, and that are designated as confidential (“Information”), shall be held in confidence and shall be handled as follows. The Recipient of such Information shall use the same care and discretion to avoid disclosure, publication or dissemination of the Discloser’s Information as it uses with its own similar information that it does not wish to disclose, publish or disseminate, and the Recipient may otherwise use the Discloser’s Information solely for the purpose for which it was disclosed. The Recipient may disclose confidential Information to any other party with the Discloser’s prior written consent, as well as to the Recipient’s employees, officials, representatives and agents who have a need to know such confidential Information solely for purposes of performing obligations under the Contract. Subject to and without any waiver of the privileges and immunities of UNDP, the Individual contractor may disclose Information to the extent required by law, provided that the Individual contractor will give UNDP sufficient prior notice of a request for the disclosure of Information in order to allow UNDP to have a reasonable opportunity to take protective measures or such other action as may be appropriate before any such disclosure is made. UNDP may disclose Information to the extent as required pursuant to the Charter of the United Nations, resolutions or regulations of the General Assembly or its other governing bodies, or rules promulgated by the Secretary-General. The Recipient shall not be precluded from disclosing Information that is obtained by the Recipient from a third party without restriction, is disclosed by the Discloser to a third party without any obligation of confidentiality, is previously known by the Recipient, or at any time is developed by the Recipient completely independently of any
disclosures hereunder. These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract.

5. TRAVEL, MEDICAL CLEARANCE AND SERVICE INCURRED DEATH, INJURY OR ILLNESS: If the Individual contractor is required by UNDP to travel beyond commuting distance from the Individual contractor’s usual place of residence, and upon prior written agreement, such travel shall be at the expense of UNDP. Such travel shall be at economy care when by air.

UNDP may require the Individual contractor to submit a Statement of Good Health from a recognized physician prior to commencement of work in any offices or premises of UNDP or before engaging in any travel required by UNDP or connected with the performance of the Contract. The Individual contractor shall provide such a Statement of Good Health as soon as practicable following such request, and prior to engaging in any such travel, and the Individual contractor warrants the accuracy of any such Statement, including, but not limited to, confirmation that the Individual contractor has been fully informed regarding the requirements for inoculations for the country or countries to which travel may be authorized.

In the event of the death, injury or illness of the Individual contractor which is attributable to the performance of services on behalf of UNDP under the terms of the Contract while the Individual contractor is traveling at UNDP expense or is performing any services under the Contract in any offices or premises of UNDP, the Individual contractor or the Individual contractor’s dependants, as appropriate, shall be entitled to compensation equivalent to that provided under the UNDP insurance policy, available upon request.

6. PROHIBITION ON ASSIGNMENT; MODIFICATIONS: The Individual contractor may not assign, delegate, transfer, pledge or make any other disposition of the Contract, of any part thereof, or of any of the rights, claims or obligations under the Contract except with the prior written authorization of UNDP, and any attempt to do so shall be null and void. The terms or conditions of any supplemental undertakings, licences or other forms of Contract concerning any goods or services to be provided under the Contract shall not be valid and enforceable against UNDP nor in any way shall constitute an Contract by UNDP thereto, unless any such undertakings, licences or other forms of Contract are the subject of a valid written undertaking by UNDP. No modification or change in the Contract shall be valid and enforceable against UNDP unless provided by means of a valid written amendment to the Contract signed by the Individual contractor and an authorized official or appropriate contracting authority of UNDP.

7. SUBCONTRACTORS: In the event that the Individual contractor requires the services of subcontractors to perform any obligations under the Contract, the Individual contractor shall obtain the prior written approval of UNDP for any such subcontractors. UNDP may, in its sole discretion, reject any proposed subcontractor or require such subcontractor’s removal without having to give any justification therefore, and such rejection shall not entitle the Individual contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of its obligations under the Contract. The Individual contractor shall be solely responsible for all services and obligations performed by its subcontractors. The terms of any subcontract shall be subject to, and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.

8. USE OF NAME, EMBLEM OR OFFICIAL SEAL OF THE UNITED NATIONS: The Individual contractor shall not advertise or otherwise make public for purposes of commercial advantage or goodwill that it has a contractual relationship with UNDP, nor shall the Individual contractor, in any manner whatsoever, use the name, emblem or official seal of UNDP, or any abbreviation of the name of UNDP, in connection with its business or otherwise without the written permission of UNDP.

9. INDEMNIFICATION: The Individual contractor shall indemnify, defend, and hold and save harmless UNDP, and its officials, agents and employees, from and against all suits, proceedings, claims, demands, losses and liability of any kind or nature, including, but not limited to, all litigation costs and expenses, attorney’s fees, settlement payments and damages, based on, arising from, or relating to: (a) allegations
or claims that the use by UNDP of any patented device, any copyrighted material or any other goods or services provided to UNDP for its use under the terms of the Contract, in whole or in part, separately or in combination, constitutes an infringement of any patent, copyright, trademark or other intellectual property right of any third party; or (b) any acts or omissions of the individual contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers’ compensation.

10. INSURANCE: The Individual contractor shall pay UNDP promptly for all loss, destruction or damage to the property of UNDP caused by the Individual contractor, or of any subcontractor, or anyone directly or indirectly employed by them in the performance of the Contract. The Individual contractor shall be solely responsible for taking out and for maintaining adequate insurance required to meet any of its obligations under the Contract, as well as for arranging, at the Individual contractor’s sole expense, such life, health and other forms of insurance as the Individual contractor may consider to be appropriate to cover the period during which the Individual contractor provides services under the Contract. The Individual contractor acknowledges and agrees that none of the insurance arrangements the Individual contractor may make shall, in any way, be construed to limit the Individual contractor’s liability arising under or relating to the Contract.

11. ENCUMBRANCES AND LIENS: The Individual contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with UNDP against any monies due to the Individual contractor or to become due for any work done or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Individual contractor.

12. FORCE MAJEURE; OTHER CHANGES IN CONDITIONS: In the event of and as soon as possible after the occurrence of any cause constituting force majeure, the Individual contractor shall give notice and full particulars in writing to UNDP of such occurrence or cause if the Individual contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of force majeure or other changes in conditions or occurrence, the Individual contractor shall also submit a statement to UNDP of estimated expenditures that will likely be incurred for the duration of the change in conditions or the event. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract.

In the event of and as soon as possible after the occurrence of any cause constituting force majeure, the Individual contractor shall give notice and full particulars in writing to UNDP of such occurrence or cause if the Individual contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of force majeure or other changes in conditions or occurrence, the Individual contractor shall also submit a statement to UNDP of estimated expenditures that will likely be incurred for the duration of the change in conditions or the event. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract.

Force majeure as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, or any other acts of a similar nature or force, provided that such acts arise from causes beyond the control and without the fault or negligence of the
Individual contractor. The Individual contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Individual contractor must perform in or for any areas in which UNDP is engaged in, preparing to engage in, or disengaging from any peacekeeping, humanitarian or similar operations, any delay or failure to perform such obligations arising from or relating to harsh conditions within such areas or to any incidents of civil unrest occurring in such areas shall not, in and of itself, constitute force majeure under the Contract.

13. TERMINATION: Either party may terminate the Contract, in whole or in part, upon giving written notice to the other party. The period of notice shall be five (5) days in the case of Contracts for a total period of less than two (2) months and fourteen (14) days in the case of contracts for a longer period. The initiation of conciliation or arbitral proceedings, as provided below, shall not be deemed to be a “cause” for or otherwise to be in itself a termination of the Contract. UNDP may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that: (a) the Individual contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, applies for moratorium or stays on any payment or repayment obligations, or applies to be declared insolvent; (b) the Individual contractor is granted a moratorium or a stay or is declared insolvent; the Individual contractor makes an assignment for the benefit of one or more of its creditors; (c) a Receiver is appointed on account of the insolvency of the Individual contractor; (d) the Individual contractor offers a settlement in lieu of bankruptcy or receivership; or (e) UNDP reasonably determines that the Individual contractor has become subject to a materially adverse change in its financial condition that threatens to endanger or otherwise substantially affect the ability of the Individual contractor to perform any of its obligations under the Contract.

In the event of any termination of the Contract, upon receipt of notice of termination by UNDP, the Individual contractor shall, except as may be directed by UNDP in the notice of termination or otherwise in writing: (a) take immediate steps to bring the performance of any obligations under the Contract to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum; (b) refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice; (c) deliver all completed or partially completed plans, drawings, information and other property that, if the Contract had been completed, would be required to be furnished to UNDP thereunder; (d) complete performance of the work not terminated; and (e) take any other action that may be necessary, or that UNDP may direct in writing, for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Individual contractor and in which UNDP has or may be reasonably expected to acquire an interest.

In the event of any termination of the Contract, UNDP shall only be liable to pay the Individual contractor compensation on a pro rata basis for no more than the actual amount of work performed to the satisfaction of UNDP in accordance with the requirements of the Contract. Additional costs incurred by UNDP resulting from the termination of the Contract by the Individual contractor may be withheld from any amount otherwise due to the Individual contractor from UNDP.

14. NON-EXCLUSIVITY: UNDP shall have no obligation respecting, and no limitations on, its right to obtain goods of the same kind, quality and quantity, or to obtain any services of the kind described in the Contract, from any other source at any time.

15. TAXATION: Article II, section 7, of the Convention on the Privileges and Immunities of the United Nations provides, inter alia, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of the United Nations from such taxes, restrictions, duties or charges, the Individual contractor shall immediately consult with UNDP to determine a mutually acceptable procedure. UNDP shall have no liability for taxes, duties or other similar charges payable by the Individual contractor in respect of any amounts paid to the Individual contractor.
contractor under this Contract, and the Individual contractor acknowledges that UNDP will not issue any statements of earnings to the Individual contractor in respect of any such payments.

16. **AUDITS AND INVESTIGATIONS:** Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or by other authorized and qualified agents of UNDP at any time during the term of the Contract and for a period of two (2) years following the expiration or prior termination of the Contract. UNDP shall be entitled to a refund from the Individual contractor for any amounts shown by such audits to have been paid by UNDP other than in accordance with the terms and conditions of the Contract.

The Individual contractor acknowledges and agrees that, from time to time, UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, the obligations performed under the Contract, and the operations of the Individual contractor generally relating to performance of the Contract. The right of UNDP to conduct an investigation and the Individual contractor’s obligation to comply with such an investigation shall not lapse upon expiration or prior termination of the Contract. The Individual contractor shall provide its full and timely cooperation with any such inspections, post-payment audits or investigations. Such cooperation shall include, but shall not be limited to, the Individual contractor’s obligation to make available its personnel and any relevant documentation for such purposes at reasonable times and on reasonable conditions and to grant to UNDP access to the Individual contractor’s premises at reasonable times and on reasonable conditions in connection with such access to the Individual contractor’s personnel and relevant documentation. The Individual contractor shall require its agents, including, but not limited to, the Individual contractor’s attorneys, accountants or other advisers, to reasonably cooperate with any inspections, post-payment audits or investigations carried out by UNDP hereunder.

17. **SETTLEMENT OF DISPUTES:**

**AMICABLE SETTLEMENT:** UNDP and the Individual contractor shall use their best efforts to amicably settle any dispute, controversy or claim arising out of the Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law (“UNCITRAL”), or according to such other procedure as may be agreed between the parties in writing.

**ARBITRATION:** Any dispute, controversy or claim between the parties arising out of the Contract, or the breach, termination, or invalidity thereof, unless settled amicably, as provided above, shall be referred by either of the parties to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. For all evidentiary questions, the arbitral tribunal shall be guided by the Supplementary Rules Governing the Presentation and Reception of Evidence in International Commercial Arbitration of the International Bar Association, 28 May 1983 edition. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 (“Interim Measures of Protection”) and Article 32 (“Form and Effect of the Award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.
18. **LIMITATION ON ACTIONS**: Except with respect to any indemnification obligations in Article 9, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 17, above, arising out of the Contract must be commenced within three (3) years after the cause of action has accrued.

The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins.

19. **PRIVILEGES AND IMMUNITIES**: Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.

Annex III

Proposal Submission form

Dear Sir/Madam,

Having examined the Solicitation Documents, the receipt of which is hereby duly acknowledged, I undersigned, offer to provide individual consulting services to UNDP Pakistan in accordance with the Price Schedule and TORs attached herewith and made part of this proposal.

I undertake, if my proposal is accepted, to commence and complete delivery of all services specified in the contract within the time frame stipulated.

I agree to abide by this proposal for a period of 90 days from the date fixed for opening of proposal in the invitation for proposal, and it shall remain binding upon us and may be accepted at any time before the expiration of that period.

I understand that you are not bound to accept any proposal you may receive.

Dated: this------day of ---------2022

OFFEROR’S LETTER TO UNDP
CONFIRMING INTEREST AND AVAILABILITY
FOR THE INDIVIDUAL CONTRACTOR (IC) ASSIGNMENT

Date ____________________________

(Name of Resident Representative/Bureau Director)
United Nations Development Programme
(Specify complete office address)

Dear Sir/Madam:

I hereby declare that:

A) I have read, understood and hereby accept the Terms of Reference describing the duties and responsibilities of [indicate title of assignment] under the [state project title];

B) I have also read, understood and hereby accept UNDP’s General Conditions of Contract for the Services of the Individual Contractors;

C) I hereby propose my services and I confirm my interest in performing the assignment through the submission of my CV which I have duly signed and attached hereto as Annex 1;

D) In compliance with the requirements of the Terms of Reference, I hereby confirm that I am available for the entire duration of the assignment, and I shall perform the services in the manner described in my proposed approach/methodology which I have attached hereto as Annex 3 [delete this item if the TOR does not require submission of this document];

E) I hereby propose to complete the services based on the following payment rate: [please check the box corresponding to the preferred option]:

☐ An all-inclusive daily fee of [state amount in words and in numbers indicating currency]

☐ A total lump sum of [state amount in words and in numbers, indicating exact currency], payable in the manner described in the Terms of Reference.

F) For your evaluation, the breakdown of the abovementioned all-inclusive amount is attached hereto as Annex 2;

G) I recognize that the payment of the abovementioned amounts due to me shall be based on my delivery of outputs within the timeframe specified in the TOR, which shall be subject to UNDP’s review, acceptance and payment certification procedures;

H) This offer shall remain valid for a total period of ____________ days [minimum of 90 days] after the submission deadline;
I) I confirm that I have no first degree relative (mother, father, son, daughter, spouse/partner, brother or sister) currently employed with any UN agency or office [disclose the name of the relative, the UN office employing the relative, and the relationship if, any such relationship exists];

J) If I am selected for this assignment, I shall [please check the appropriate box]:

☐ Sign an Individual Contract with UNDP;

☐ Request my employer [state name of company/organization/institution] to sign with UNDP a Reimbursable Loan Agreement (RLA), for and on my behalf. The contact person and details of my employer for this purpose are as follows:

K) I hereby confirm that [check all that applies]:

☐ At the time of this submission, I have no active Individual Contract or any form of engagement with any Business Unit of UNDP;

☐ I am currently engaged with UNDP and/or other entities for the following work:

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Contract Type</th>
<th>UNDP Business Unit / Name of Institution/Company</th>
<th>Contract Duration</th>
<th>Contract Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

☐ I am also anticipating conclusion of the following work from UNDP and/or other entities for which I have submitted a proposal:

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Contract Type</th>
<th>Name of Institution/ Company</th>
<th>Contract Duration</th>
<th>Contract Amount</th>
</tr>
</thead>
<tbody>

<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

L) I fully understand and recognize that UNDP is not bound to accept this proposal, and I also understand and accept that I shall bear all costs associated with its preparation and submission and that UNDP will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the selection process.

M) If you are a former staff member of the United Nations recently separated, please add this section to your letter: I hereby confirm that I have complied with the minimum break in service required before I can be eligible for an Individual Contract.
N) I also fully understand that, if I am engaged as an Individual Contractor, I have no expectations nor entitlements whatsoever to be re-instated or re-employed as a staff member.
O) Are any of your relatives employed by UNDP, any other UN organization or any other public international organization?
   YES ☐ NO ☐ the answer is "yes", give the following information:

<table>
<thead>
<tr>
<th>Name</th>
<th>Relationship</th>
<th>Name of International Organization</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>

</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

S) Have you been arrested, indicted, or summoned into court as a defendant in a criminal proceeding, or convicted, fined or imprisoned for the violation of any law (excluding minor traffic violations)?
   YES ☐ NO ☐ If "yes", give full particulars of each case in an attached statement.

I certify that the statements made by me in answer to the foregoing questions are true, complete and correct to the best of my knowledge and belief. I understand that any misrepresentation or material omission made on a Personal History form or other document requested by the Organization may result in the termination of the service contract or special services agreement without notice.

   DATE: ___________________________ SIGNATURE: ___________________________

NB. You will be requested to supply documentary evidence which support the statements you have made above. Do not, however, send any documentary evidence until you have been asked to do so and, in any event, do not submit the original texts of references or testimonials unless they have been obtained for the sole use of UNDP.

Annexes [please check all that applies]:
☐ CV shall include Education/Qualification, Processional Certification, Employment Records /Experience
☐ Technical proposal having brief technical approach, methodology, work plan and timelines.
