/* This document contains the TERMS OF REFERENCE for a position that requires a Survey Quality Expert in Myanmar to provide quality assurance services for surveys carried out as part of UNDP Myanmar's data and analytical work. The background section highlights the current context in Myanmar, characterized by political and security instability compounded by the Covid-19 pandemic, leading to severe economic constraints and increased poverty. Published official data is limited and insufficient to meet the urgent need for information about the transmission effects of both the pandemic and political crisis onto the country's stability, cohesion, socioeconomic fabric and development pathway. UNDP will conduct a range of research, data and analytical activities under the Myanmar Development Observatory. In support of the survey work, UNDP Myanmar requires the services of a national Survey Quality Expert, with experience in designing, implementing and quality assurance of nation-wide surveys in Myanmar. The aim of the assignment is to provide survey quality assurance services for the design, implementation and reporting of surveys carried out as part of UNDP Myanmar’s data and analytical work. The scope of work includes the main areas of work that will be carried out during the Garment Survey (5 working days), which involves reviewing data cleaning and reporting, data analysis, and survey findings. */
United Nations Development Programme

2. Gender Survey (12 working days)
   • Quality assurance of questionnaire and translation, survey program and coding, and enumerator training, and report all issues to UNDP and survey vendor;
   • Review of all recorded interviews of pilot survey to ensure accuracy, and flag to UNDP and the survey vendor any issues in data recording or opportunities for quantitative follow up;
   • Review of sample of recorded interviews of main survey to ensure accuracy, and flag to UNDP and the survey vendor any issues in data coding;
   • Targeted quantitative interviews with identified respondents as agreed with UNDP;
   • Review of data cleaning and data reporting, including accuracy of translation, and report all issues to UNDP;
   • Review of survey findings and input to formulation of recommendations in survey report.

3. Socio-economic Survey (12 working days)
   • Quality assurance of questionnaire and translation, survey program and coding, and enumerator training, and report all issues to UNDP and survey vendor;
   • Review of all recorded interviews of pilot survey to ensure accuracy, and flag to UNDP and the survey vendor any issues in data recording or opportunities for quantitative follow up;
   • Review of sample of recorded interviews of main survey to ensure accuracy, and flag to UNDP and the survey vendor any issues in data recording or opportunities for quantitative follow up;
   • Targeted quantitative interviews with identified respondents as agreed with UNDP;
   • Review of data cleaning and data reporting, including accuracy of translation, and report all issues to UNDP;
   • Review of survey findings and input to formulation of recommendations in survey report.

4) Duration of Assignment and Duty Station

The assignment will be undertaken between 15 April and 30 September 2022. The payments will be based on deliverables. The duty station is Yangon.

5) Administrative and Logistical Arrangements

   • The contractor will report to the Project Manager, Observatory.
   • It is expected that some or much of the work below will need to be delivered through remote and online methods owing to the current Covid-19 pandemic.
   • The contractor is expected to arrange and cover the costs of data analysis software, and other logistics associated with the assignment, and to use their own computers for the assignment;
   • The contractor is expected to provide for their own internet connectivity to attend assignment-related meetings, calls, webinars etc., as needed.
   • UNDP will provide all necessary copies of survey and training material;

6) Deliverables

Based on the details mentioned in Section 3) Scope of Work, the deliverables are:
### United Nations Development Programme

1. **Garment Survey**
   - Produce Quality Assurance report, including detailed coverage of:
     - Summary of key quality issues identified, and steps taken to remedy them;
     - Recommendations for UNDP relating to future programming, based on the issues identified above.

2. **Gender Survey**
   - Produce Quality Assurance report, including detailed coverage of:
     - Quality assurance activities undertaken
     - Summary of key quality issues identified and steps taken to remedy them;
     - Summary of interview call reviews, including coding accuracy issues and follow-up themes identified
     - Call notes from qualitative interviews.
     - Summary of inputs to survey key findings and recommendations
     - Recommendations for UNDP relating to future programming, based on the issues identified above.

3. **Socio-economic Survey**
   - Produce Quality Assurance report, including detailed coverage of:
     - Quality assurance activities undertaken
     - Summary of key quality issues identified and steps taken to remedy them;
     - Summary of interview call reviews, including coding accuracy issues and follow-up themes identified
     - Call notes from qualitative interviews;
     - Summary of inputs to survey key findings and recommendations
     - Recommendations for UNDP relating to future programming, based on the issues identified above.

7) Qualifications
- Master’s Degree in political science, economics, law, mathematics, statistics, or related field
- Experience supporting national-level quantitative surveys in Myanmar
- Demonstrated experience of conducting training or capacity development activities related to quantitative surveying and data collection and analysis
- Proven knowledge of advanced applied statistics
**United Nations Development Programme**

- High quality of technical report writing, demonstrating use of data in different formats for varied audiences
- Familiarity and experience with use of Microsoft Excel and other statistical-related programmes.

**8) Presentation of Offer**

Proposals must be based on an all-inclusive lump sum amount, as contract prices are fixed regardless of changes in the cost components.

The consultant should present an offer including the following documents:

a) Duly accomplished **Letter of Confirmation of Availability and Financial Proposal** using the template provided by UNDP;

b) **Personal CV or P11**, indicating all past experience from similar projects, as well as the contact details (email and telephone number) of the Candidate and at least three (3) professional references;

c) **Short cover letter** outlining suitability of the consultant for the assignment.

Note - Financial Proposal should indicate the all-inclusive fixed total contract price, supported by a breakdown of costs. If an Offeror is employed by an organization/company/institution, and he/she expects his/her employer to charge a management fee in the process of releasing him/her to UNDP under Reimbursable Loan Agreement (RLA), the Offeror must indicate at this point, and ensure that all such costs are duly incorporated in the financial proposal submitted to UNDP.

**9) Criteria for Selection of the Best Offer**

UNDP will use a combined scoring method, in which the technical proposal (CV) will be weighted at 70% and the financial proposal at 30%.
