Introduction

UNDP is evolving. Naturally, its brand must evolve with it. As we reshape our organization for the future, we need to update how we communicate our core brand positioning, both visually and verbally.

This document represents the first step in this process; a revision of the current brand guidelines to address immediate needs.

The main alteration is the phasing out of the previous tagline. In addition, the revised guidelines demonstrate the various ways the logo is applied, presents new typefaces (fonts) for print and digital executions, and introduces the 17 SDG colours as secondary “accent colours” used in conjunction with the UNDP Blue.

The UNDP logo is the combination, in one fixed-size relationship, of the United Nations emblem and the letters “UNDP/PNUD”. The UNDP logo is the keystone element of the identity programme and should be used to represent the entire organization.

In practical terms, the deep blue colour and solid rectangular shape make the logo strong and distinctive. It is designed for easy application to the variety of print and online materials that represent UNDP and its world of development experience.

Note that the UN emblem and the UNDP letters appear in white in almost all uses.

Whatever the application of the logo, the UNDP logo should always be reproduced from official artwork. DO NOT RE-DRAW THE LOGO.

All language versions are available on the UNDP Brand Portal.
1. The Logo

1.1 MAIN VERSION

1.2 FRENCH/SPANISH VERSION
1.3 ALTERNATE VERSIONS

All black version, for applications where colour is not available, such as photocopying and in newspapers.

All white version to be used against a dark background.

1.4 CLEAR SPACE

To achieve maximum recognition of the logo, it is important that it is never obscured or crowded by other elements. Leave an area of isolation around it, or clear space, as is indicated below with the grey rectangle. Only where space is very limited should the clear space be reduced.

1.5 PREFERRED SIZE

The preferred logo size for placing on A4/Letter paper is 15mm width. To ensure visibility, and the clarity of the UN emblem, the logo should be reproduced with a minimum width of 8mm. On exceptionally small or large applications, size to fit as appropriate.
1.6 INCORRECT USAGE

A well-established and consistently presented identity is a very valuable asset. In order to protect and strengthen the trademark status of the logo, the approved versions must not be altered, modified, changed or added to in any way.

The examples on this page illustrate some common errors that should be avoided. Such misuses will undermine UNDP’s efforts to project a unified image.

- Do not distort the shape of the logo
- Do not change the style or colour of the elements
- Do not add an outline to the logo
- Do not rearrange the elements
1.7 POLICY ON UNDP LOGO USE

1. There are **only two versions of the UNDP logo**: UNDP (English) and PNUD (French/Spanish).

2. Each UNDP Country Office will decide for itself which language version of the logo (UNDP or PNUD) to use, based on the country specific circumstances.

3. UNDP Country Offices should no longer place the name of the individual country under the logo.

4. All Headquarters, bureaux, and units will use the UNDP logo as their only logo. There should not be any separate or stand-alone logos used. There are no exceptions to this rule.

**APPLICATIONS:**

5. On print publications, including brochures and flyers, the UNDP logo should be placed at the **top right-hand corner** on the front cover of the publication. (In the case of Arabic language publications, the logo would be placed on the upper left corner). **The name of the organization must be spelled out in full** in the appropriate languages (for e.g. United Nations Development Programme) and placed on the front cover of the publication/product.

6. UNDP Country Offices must write out the full name, “United Nations Development Programme,” in any appropriate local language, on publications, stationery, signs or elsewhere, regardless of whether they use the “PNUD” or “UNDP” logo.

7. **All logos should be visually equal** when used with other partners. All logos must be placed on the same line. No one logo should take precedence over the other logos of partnering agencies or organizations. There are no exceptions to this rule.

8. Logos of commercial publishing houses should be placed discreetly on the back cover of a publication, on the spine or on the inside pages of the publication e.g. the global Human Development Report. The use of commercial publishing houses is normally related to publications for sale.

9. For partnerships such as the Global Environment Facility and the Montreal Protocol, the UNDP logo must be used with partner logos.

10. Any UNDP field project must carry the UNDP logo as its only logo; use of any other logo will dilute the UNDP brand. If required, the name of the project should be spelled out in full and placed next to the logo. If the project is managed with a partner, which needs to be acknowledged visually, the UNDP logo should be used in conjunction with the logo of the other partner(s) only.
2. Color

2.1 MAIN COLOURS

Please refer to the colour specifications below when reproducing the logo.

Final printed colours can vary considerably depending upon paper stock, the amount of ink applied, and the printing process used. While the formulas on this page serve as an important guide, whenever possible the printer should be given a colour sample to match.

**UNDP BLUE**
- PMS 300 C
- CYMK 91/60/1/0
- RGB 4/104/177
- Hex #0468B1

**WHITE**
- CYMK 0/0/0/0
- RGB 255/255/255
- Hex #FFFFFF
2.2 ACCENT COLOURS

Accent colours may be used to complement, but never overpower, the logo design. Below are some colour suggestions, based on the Sustainable Development Goals (SDGs), that have been used in conjunction with the UNDP logo. 100% tint colors give the UNDP brand a bold and daring aesthetic, and are preferred.
3. Typography

Starting with the redesign of the UNDP website in 2017, a combination of two typeface families are being used. “Proxima Nova” has been selected as the main font for all body text, while “Lora Bold” is to be used for titles or accent text only. Consistency in the use of typeface enhances and strengthens the UNDP identity and is an integral part of the corporate visual system.

* When the typeface does not have the characters required for your local language please use either Arial or Helvetica.

5. Applying the Logo

When possible, the UNDP logo should be placed in the upper-right corner. Consistent placement gives visibility to the logo. Products will be easily identified as belonging to UNDP. It will also be in keeping with the format adopted for press releases, media advisories and letterheads.

5.1 PUBLICATIONS

On magazines, reports, books, brochures and other publications, the UNDP logo should be placed at the **top right-hand corner of the front cover**. In the case of Arabic language publications, logos would be placed on the upper left corner.

5.2 SIGNAGE

Using the UNDP logo in an attractive way at building and office entrances is important. The solid version of the logo should be used for signs and banners. Signs should reflect the exact logo design, but can be made in materials appropriate to the architectural setting.
5.3 VISIBILITY ITEMS

Using the UNDP logo in the field reinforces UNDP identification. Items should reflect the exact logo design, but can be made in materials appropriate to the setting.

5.4 PROMOTIONAL ITEMS

The logo should be displayed tastefully, yet prominently, on all promotional items. Visibility and legibility are crucial.

Minimum printing sizes will vary by surface. Check with your local vendor as to size limits, as small details in the UN emblem may not be possible, especially for embroidery.

For ready to use promotional items, please visit shop.undp.org or contact shop@undp.org.

5.6 STATIONERY

UNDP stationery items were carefully developed into a system. The preset format is an integral part of the design and, when followed, complements and completes the image of the organization as a whole.
6. Media Needs

The boilerplate text to describe UNDP must be included at the bottom of all media advisories and press releases, in addition to the contact information of the respective office(s). As a general rule, media advisories should be different from press releases.

6.1 MEDIA ADVISORY

Join the Online Press Briefing on the 2011 African Economic Conference: Towards a Green Economy

The annual African Economic Conference (AEC) is a major annual forum where high level officials, development actors, scholars and experts in economics and related subjects exchange knowledge and seek solutions for the challenges facing the African continent.

This year, the Conference takes place in Addis Ababa, Ethiopia, during 25-28 October, in the run up to next month's UN climate change talks in Durban, South Africa and the 2012 Rio+20 Conference on sustainable development.

When: Friday 14 October 2011, 10:00am EST
Who: Mthuli Ncube, Chief Economist, African Development Bank (ADB)
Pedro Conceiçao, Chief Economist, Regional Bureau for Africa, United Nations Development Programme (UNDP)
Emmanuel Nnadozie, Director, Economic Development and NEPAD Division, United Nations Economic Commission for Africa (UNECA)

During the online press briefing the hosts will discuss the aims of the conference, specifically the continent’s prospects for advancing sustainable development and boosting economic productivity by adopting greener growth paths.
