

ADDITIONAL INFORMATION:

How many sets SWIMMING GEARS and size?

1. Swimming gears, they would prefer two (2) sets per each boat i.e. 20 sets for the 10 boats.
2. The Size of the gears is “normal” except for the track suits it is suggested they range from 36-42... i.e. we can have few for 36, 37,38,39,40,41,42.
