UNDP reserves the right to reject any Proposal at this stage.</p>
<p>29. <i>Evaluation of Eligibility and Qualification</i></p>	<p>29.1 Eligibility and Qualification of the Bidder will be evaluated against the Minimum Eligibility/Qualification requirements specified in the Section 4 (Evaluation Criteria).</p> <p>29.2 In general terms, vendors that meet the following criteria may be considered qualified:</p>

	<ul style="list-style-type: none"> <li>e) They are not included in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's ineligible vendors' list;</li> <li>f) They have a good financial standing and have access to adequate financial resources to perform the contract and all existing commercial commitments,</li> <li>g) They have the necessary similar experience, technical expertise, production capacity where applicable, quality certifications, quality assurance procedures and other resources applicable to the provision of the services required;</li> <li>h) They are able to comply fully with UNDP General Terms and Conditions of Contract;</li> <li>i) They do not have a consistent history of court/arbitral award decisions against the Bidder; and</li> <li>j) They have a record of timely and satisfactory performance with their clients.</li> </ul>
<p><b>30. Evaluation of Technical and Financial Proposals</b></p>	<p>30.1 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other RFP documents, applying the evaluation criteria, sub-criteria, and point system specified in the Section 4 (Evaluation Criteria). A Proposal shall be rendered non-responsive at the technical evaluation stage if it fails to achieve the minimum technical score indicated in the BDS. When necessary and if stated in the BDS, UNDP may invite technically responsive bidders for a presentation related to their technical proposals. The conditions for the presentation shall be provided in the bid document where required.</p> <p>30.2 In the second stage, only the Financial Proposals of those Bidders who achieve the minimum technical score will be opened for evaluation. The Financial Proposals corresponding to Technical Proposals that were rendered non-responsive shall remain unopened, and, in the case of manual submission, be returned to the Bidder unopened. For emailed Proposals and e-tendering submissions, UNDP will not request for the password of the Financial Proposals of bidders whose Technical Proposal were found not responsive.</p> <p>30.3 The evaluation method that applies for this RFP shall be as indicated in the BDS, which may be either of two (2) possible methods, as follows: (a) the lowest priced method which selects the lowest evaluated financial proposal of the technically responsive Bidders; or (b) the combined scoring method which will be based on a combination of the technical and financial score.</p> <p>30.4 When the BDS specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:</p> <div style="border: 1px solid black; padding: 10px; margin-top: 10px;"> <p><u>Rating the Technical Proposal (TP):</u></p> <p style="text-align: center;"><b>TP Rating</b> = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100</p> <p><u>Rating the Financial Proposal (FP):</u></p> <p style="text-align: center;"><b>FP Rating</b> = (Lowest Priced Offer / Price of the Offer Being Reviewed) x 100</p> <p><u>Total Combined Score:</u></p> <p style="text-align: center;"><b>Combined Score</b> = (TP Rating) x (Weight of TP, e.g. 70%) + (FP Rating) x (Weight of FP, e.g., 30%)</p> </div>

<p>31. <i>Due Diligence</i></p>	<p>31.1 UNDP reserves the right to undertake a due diligence exercise, also called post qualification, aimed at determining to its satisfaction, the validity of the information provided by the Bidder. Such exercise shall be fully documented and may include, but need not be limited to, all or any combination of the following:</p> <ul style="list-style-type: none"> <li>• Verification of accuracy, correctness and authenticity of information provided by the Bidder;</li> <li>• Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;</li> <li>• Inquiry and reference checking with Government entities with jurisdiction on the Bidder, or with previous clients, or any other entity that may have done business with the Bidder;</li> <li>• Inquiry and reference checking with previous clients on the performance on on-going or contracts completed, including physical inspections of previous works, as necessary;</li> <li>• Physical inspection of the Bidder's offices, branches or other places where business transpires, with or without notice to the Bidder;</li> <li>• Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.</li> </ul>
<p>32. <i>Clarification of Proposals</i></p>	<p>32.1 To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Bidder for a clarification of its Proposal.</p> <p>32.2 UNDP's request for clarification and the response shall be in writing and no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP.</p> <p>32.3 Any unsolicited clarification submitted by a Bidder in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.</p>
<p>33. <i>Responsiveness of Proposal</i></p>	<p>33.1 UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself. A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.</p> <p>33.2 If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.</p>
<p>34. <i>Nonconformities, Reparable Errors and Omissions</i></p>	<p>34.1 Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.</p> <p>34.2 UNDP may request the Bidder to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Bidder to comply with the request may result in the rejection of its Proposal.</p> <p>34.3 For Financial Proposal that has been opened, UNDP shall check and correct arithmetical errors as follows:</p> <p>a) if there is a discrepancy between the unit price and the line item total that</p>

	<p>is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price; in which case the line item total as quoted shall govern and the unit price shall be corrected;</p> <p>b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and</p> <p>c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail.</p> <p>34.4 If the Bidder does not accept the correction of errors made by UNDP, its Proposal shall be rejected.</p>
<b>E. AWARD OF CONTRACT</b>	
35. <i>Right to Accept, Reject, Any or All Proposals</i>	35.1 UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Bidder(s) of the grounds for UNDP's action. UNDP shall not be obliged to award the contract to the lowest priced offer.
36. <i>Award Criteria</i>	36.1 Prior to expiration of the proposal validity, UNDP shall award the contract to the qualified Bidder based on the award criteria indicated in the BDS.
37. <i>Debriefing</i>	37.1 In the event that a Bidder is unsuccessful, the Bidder may request a debriefing from UNDP. The purpose of the debriefing is to discuss the strengths and weaknesses of the Bidder's submission, in order to assist the Bidder in improving its future proposals for UNDP procurement opportunities. The content of other proposals and how they compare to the Bidder's submission shall not be discussed.
38. <i>Right to Vary Requirements at the Time of Award</i>	38.1 At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.
39. <i>Contract Signature</i>	39.1 Within fifteen (15) days from the date of receipt of the Contract, the successful Bidder shall sign and date the Contract and return it to UNDP. Failure to do so may constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security, if any, and on which event, UNDP may award the Contract to the Second Ranked Bidder or call for new Proposals.
40. <i>Contract Type and General Terms and Conditions</i>	40.1 The types of Contract to be signed and the applicable UNDP Contract General Terms and Conditions, as specified in BDS, can be accessed at <a href="http://www.undp.org/content/undp/en/home/procurement/business/how-we-buy.html">http://www.undp.org/content/undp/en/home/procurement/business/how-we-buy.html</a>

Where a performance security is required, the receipt of the

	performance security by UNDP shall be a condition for rendering the contract effective.
42. <i>Bank Guarantee for Advanced Payment</i>	42.1 Except when the interests of UNDP so require, it is UNDP's preference to make no advance payment(s) (i.e., payments without having received any outputs). If an advance payment is allowed as per BDS, and exceeds 20% of the total contract price, or USD 30,000, whichever is less, the Bidder shall submit a Bank Guarantee in the full amount of the advance payment in the form available at <a href="https://popp.undp.org/layouts/15/WopiFrame.aspx?sourcedoc=/UNDP_POPP_DOCUMENT_LIBRARY/Public/PSU_Contract%20Management%20Payment%20and%20Taxes_Advanced%20Payment%20Guarantee%20Form.docx&amp;action=default">https://popp.undp.org/layouts/15/WopiFrame.aspx?sourcedoc=/UNDP_POPP_DOCUMENT_LIBRARY/Public/PSU_Contract%20Management%20Payment%20and%20Taxes_Advanced%20Payment%20Guarantee%20Form.docx&amp;action=default</a>

44. <i>Payment Provisions</i>	44.1 Payment will be made only upon UNDP's acceptance of the work performed. The terms of payment shall be within thirty (30) days, after receipt of invoice and certification of acceptance of work issued by the proper authority in UNDP with direct supervision of the Contractor. Payment will be effected by bank transfer in the currency of contract. 44.2 All deliverables must be approved and validated by MFED and the relevant government structures, prior to release of payments through the UNDP Resident Representative
45. <i>Vendor Protest</i>	45.1 UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a contract through a competitive procurement process. In the event that a Bidder believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures: <a href="http://www.undp.org/content/undp/en/home/operations/procurement/business/protest-and-sanctions.html">http://www.undp.org/content/undp/en/home/operations/procurement/business/protest-and-sanctions.html</a>
46. <i>Other Provisions</i>	46.1 In the event that the Bidder offers a lower price to the host Government (e.g. General Services Administration (GSA) of the federal government of the United States of America) for similar services, UNDP shall be entitled to same lower price. The UNDP General Terms and Conditions shall have precedence. 46.2 UNDP is entitled to receive the same pricing offered by the same Contractor in contracts with the United Nations and/or its Agencies. The UNDP General Terms and Conditions shall have precedence. 46.3 The United Nations has established restrictions on employment of (former) UN staff who have been involved in the procurement process as per bulletin ST/SGB/2006/15 <a href="http://www.un.org/en/ga/search/view_doc.asp?symbol=ST/SGB/2006/15&amp;referer">http://www.un.org/en/ga/search/view_doc.asp?symbol=ST/SGB/2006/15&amp;referer</a>

## SECTION 5. TERMS OF REFERENCE

---

### 1. Introduction

The overall objective of the Consultancy is to assist MFED to prepare the National Development Plan 12, which will run for a five-year period from April 2023 to March 2028. The Consultancy Team will work closely with Senior Officers of the Ministry and liaise with key stakeholders, including other Ministries, Departments, Agencies and Thematic Working Groups, to put in place a medium-term Plan with the ultimate objective of accelerating socio-economic development and transitioning the country to the next level of development, as espoused by Vision 2036.

### Context

The National Development Plan (NDP), is a major policy statement of the Government of Botswana, outlining the development path the country wishes to pursue within a specified period of time, and encompasses policies, strategies, programmes and projects to be developed or implemented to achieve the sustainable development goals and priorities of the country. The Plan is informed by macroeconomic forecasts and projections on the performance of the economy as well as quantitative financial and manpower requirements for the achievement of the country's development aspirations and set priorities.

National Development Planning in Botswana is based on the principle of sustainable development, which advocates those resources (financial, manpower and natural), must be used effectively and efficiently to achieve national development goals and objectives, now and in future. The process follows a "bottom-up" approach where local level planning is paramount and feeds into national development planning through District and Urban Development Plans. The decentralization of planning is important to ensure that local level priorities, projects and programmes are factored into National Development Plans. COVID-19 has also shown that national development plans must be increasingly anticipatory and agile to enable governments and its partners to remain relevant in a context where risks and shocks emerge at increasing and unpredictable speeds.

NDP 12 is the second in a series of medium-term development plans which will build up towards the country's Vision 2036 adopted in 2016. The Vision, which goes by the Theme, "Achieving Prosperity for All", is a transformational agenda with the aim to transform Botswana from an upper middle-income country to a high-income country by 2036. The country has also made a strong commitment to the achievement of the Sustainable Development Goals by 2030 and has worked to integrated domesticated SDG targets and indicators into government budgets and implementation plans.

Anchored on four pillars, namely, i) Sustainable Economic Development; ii) Human and Social Development; iii) Sustainable Environment; and iv) Governance, Peace and Security; Vision 2036 envisages that, in order for the country to move to high-income status by 2036, the annual average rate of real GDP growth must be sustained at 6 percent; the unemployment rate must be brought down to a minimum of 5 percent; and that the share of population living under the Poverty Datum Line must be well below 6 percent.

The current NDP 11 is the first plan to implement Vision 2036. The plan is premised on ensuring inclusive growth for all, realization of sustainable employment creation and poverty eradication. It is still to be determined what progress has been made as preparation of NDP 12 takes off, suffice

to say that growth in the first half of the plan was reasonably robust, averaging 4 percent per annum, in line with projections; however, this was insufficient to generate sufficient job opportunities. COVID – 19 had a dramatic impact on GDP growth in the second half of the implementation period, with a negative growth rate of -8.5 percent in 2020. Unemployment grew from 17.5 percent in 2015/16 to 26 percent in the fourth quarter of 2021. Foreign reserves, including the Government Investment Account plummeted; inflation skyrocketed to its first-time level in a decade reaching 10.6% as at February 2022 due to increases in prices of fuel and other measures that government had to put in place to restore fiscal sustainability. However, signs of recovery from the impact of COVID – 19 are evident, with GDP growth rates of 9.7 percent and 4.3 percent projected for 2021 and 2022 respectively. Inflation is also expected to revert to its objective range of 3-6 percent during 2022.

Government, in September 2020, approved the Economic Recovery and Transformation Plan (ERTP) as part of the Mid Term Review of NDP 11. The Plan, amongst others, was intended to mitigate the effects of COVID – 19 on businesses and set the economy on an accelerated recovery and transformation path. In May 2021, Government also adopted Reset and Reclaim Agenda, which focuses on: i) Saving Batswana from COVID -19; ii) Aligning Botswana Government's machinery to the Presidential Agenda; iii) Digitization; iv) Value Chain development; and v) Mindset Change. However, challenges still remain, and it is acknowledged that the economy needs deep structural reforms in order to increase the growth rate, boost job creation, improve productivity and reduce unemployment, poverty and inequality. To date, the economy remains largely undiversified with a limited range of exports despite the Industrial Development Policy of 1998 which strongly advocated for export-oriented development and economic diversification in order to reduce dependency on minerals, especially diamonds, as the main driver for economic development.

The circumstances outlined above call for renewed thinking coupled with deep reforms to take the economy to the next level of development. NDP 12 is therefore expected to be different and to bring the necessary push and transformation. It must be immediately followed by a comprehensive and robust Implementation Plan with clear return on investment indicators in relation to, for example, employment and poverty reduction.

In this context, the Ministry of Finance and Economic Development (MFED), with the support of UNDP, seeks to engage the services of a team of consultants to support the development of National Development Plan 12 which will strive to address the challenges faced by the country, and consolidate efforts aimed at transitioning the economy from upper middle-income country to a high-income country. The Consultancy Team will take into account that as an intermediate plan, NDP 12 is of critical importance and should serve as a conduit providing passage to the next and last phase towards Vision 2036.

## **Scope**

UNDP seeks to engage a team of consultants which will work under the overall policy guidance of the NDP 12 Reference Group, chaired by the Secretary for Economic and Financial Policy, and with the support of the Senior Policy Advisor in the Ministry of Finance and Economic Development and the Macroeconomic Policy Section which acts as a Secretariat to the Committee, the team of consultants will review key policy documents, reports, strategies and programmes, including Vision 2036, NDP 11, its Midterm Review and the ERTP; the Reset and Reclaim Agenda, the draft National

Transformation Strategy and the 2030 Agenda for Sustainable Development and assess the performance of the economy during NDP 11, identify challenges and constraints encountered, identify new strategies to address the challenges and outline policy reforms, programmes, policies and projects to be implemented during the Plan period so as to drive the economy forward; map and analyse a variety of risks and binding constraints that may impede attainment of the goals and objectives of NDP 12; engage in extensive consultations with various stakeholders to get their views and inputs into the Plan to be approved by Parliament in accordance with the set time schedule.
