Section 5. Terms of Reference

Description of Assignment:	Preparation of Tourism Profiles and Development Strategies and Plans for selected areas in Uganda
Location:	Uganda
Duration:	115 working days (July – December 2022)
Type of Contract:	Contract for Goods and Services
Start Date:	1 st July 2022

Background

Uganda is endowed with a wide range of tourism resources, including rich biodiversity, varied landscapes, and a diverse cultural and religious heritage. It is home to over 53.9 per cent of the world’s mountain gorilla population, 7.8 per cent of the world’s mammal species, 11 per cent of the world’s bird species, spectacular mountain ranges including the snow-capped Rwenzori Mountain ranges; and pristine crater lakes and water bodies including Lake Victoria – the second largest freshwater lake in the world, as well as the source of the River Nile, the world’s longest river.

Before the advent of the Corona Virus Disease (COVID-19) pandemic in December 2019, tourism was one of the fastest-growing industries in Uganda and the leading foreign exchange earner driving socio-economic development and job creation. In 2019, the sector accounted for 6.2 per cent of the country’s Gross Domestic Product (GDP), employed 589,300 people (3.6 per cent of total employment) many of whom were youth, women, and vulnerable communities working in the informal economy, and generated over USD 1.7 billion in foreign exchange and contributed an equivalent of 16.6 per cent of total exports.

The COVID-19 pandemic disproportionately affected the tourism industry, increased poverty, widened inequality; slowed down progress towards attainment of the Sustainable Development Goals (SDGs), and reversed some of the gains of nature and cultural conservation efforts. From March to June 2020, tourism suffered a decline of approximately 55%, while other sectors suffered only moderate drops. By December 2020, the country had lost up to one million lost foreign tourist arrivals, almost USD 1.06 billion in foreign exchange, and a significant number of jobs estimated to be in the hundreds of thousands.

Historically, tourism has shown a strong ability to adapt, innovate and recover from adversity. However, the sector’s post-COVID recovery and growth will heavily depend on the country’s capacity to adopt new approaches to planning, management, and development of her tourism resources, diversify her tourism product offering and strengthen tourism marketing and promotion efforts among others. United Nations Development Programme (UNDP) is supporting the efforts of the Government of Uganda, and Private Sector to overcome the disruptions occasioned by the COVID-19 pandemic.

UNDP has partnered with the Ministry of Tourism, Wildlife and Antiquities (MTWA), Uganda Tourism Board (UTB), the private sector, and several Cultural Institutions to mitigate the socio-economic impacts of the pandemic on businesses, jobs, and livelihoods through catalytic actions intended to stimulate recovery and build a resilient tourism industry in Uganda. These include the co-creation of integrated and localized solutions, approaches, and tools to accelerate efforts to enable youth/women-owned micro, small and medium enterprises to recover from the impact of COVID-19; and promote innovation as a catalyst for inclusive growth and transformation.

Rationale

The Tourism Development Master Plan 20214 – 2024 recognizes the exceptional range and enormous potential of Uganda’s natural and cultural tourism assets spread in the six Tourism Development Areas (TDAs). However, the majority of these potential attractions have not been identified, mapped, or even developed in terms of tourist infrastructure. This state of affairs compromises the ability of the country to harness the tourism potential of these unique attractions in attracting tourist traffic and economically benefiting the citizenry. The Master Plan recommends the preparation of integrated TDA development plans to provide a strategic roadmap to unlock the tourism potential of these attractions. The Plans will map out opportunities; identify interrelations and define interventions that need to be undertaken to guide systematic public and private investment, development, and promotion of these tourism resources. They will also enhance the effective involvement of local governments in the planning and development of these tourism resources.

As part of the efforts to stimulate recovery and build the resilience of Uganda's tourism industry, UNDP is seeking the services of a competent firm to support the Ministry of Tourism, Wildlife, and Antiquities in preparing tourism profiles and development strategies for the following areas:

- (i) North-Eastern Tourism Development Area **which** lays along the borders of South Sudan and Kenya and embraces Mt. Moroto, the Kidepo Valley National Park, and extends southwards to the Matheniko and Bokora Wildlife Reserves. It includes districts of Amudat, Kaabong, Karenga, Kotido, Moroto and Napak.
- (ii) South-Eastern Tourism Development Areas cover the districts of Tororo, Manafwa, Mbale, Sironko, Kapchorwa, Kween, Nakapiripirit, Bulambuli, Bukwa, Butaleja, Busia, Namayingo, Bugiri, and Mayuge. This TDA also incorporates Mount Elgon National Park, a section of the Victoria Nile as well as the Pian Upe Wildlife Reserve and RAMSAR sites on Lakes Nakawa, Opet, and Bisina.
- (iii) Western Tourism Development Area composed of Rubirizi, Kasese, Kabarole, Bundibugyo, Ntoroko and Rukungiri districts. It focuses on Queen Elizabeth, the Rwenzori Mountains, and Semuliki National Parks. It also incorporates the Katonga, Kigezi, Kyambura, and Toro Semuliki Wildlife Reserves.
- (iv) West Nile Tourism Development Area is composed of Adjumani, Arua, Koboko, Madi Okollo, Maracha, Moyo, Nebbi, Obongi, Yumbe, Pakwach, Terego, and Zombo districts.
- (v) Fort Portal City Tourism Profile and Development Plan.
- (vi) Arua City Tourism Profile and Development Plan
