## ANNEX 1: SCHEDULE OF REQUIREMENTS

### **SPECIFICATION for Washing equipment for social services institutions in Lviv oblast**

#### **1. Description of the project**

The war in Ukraine has already resulted in significant loss of life, unprecedented displacement, internally and towards neighbouring countries, and devastating destruction of infrastructure. Early projections by the United Nations Development Programme (UNDP) suggest that if the war deepens and expands, up to 90 per cent of the population of Ukraine could be facing poverty and vulnerability to poverty by the end of 2022, and 30 per cent of the population are likely to require life-saving humanitarian assistance. Eighteen years of socio-economic achievements in Ukraine are at risk. UNDP's core interest is to preserve development gains as fully as possible and to return Ukraine to pathways to achieving the Sustainable Development Goals (SDGs) as quickly as possible.

As of 25 April 2022, the number of individuals forcibly displaced within the country or abroad due to the war in Ukraine is 12.9 million people, which represents 29% of Ukraine's total population. Of these, about 7.7 million people have been displaced inside Ukraine, and 5.2 million have crossed an international border becoming refugees. More than 1 million have already returned to Ukraine, intending to settle at least temporarily in western oblasts of Ukraine. According to UNICEF's estimates, nearly two-thirds of all Ukrainian children (4.8 out of 7.5 million) are forcibly displaced. Among the entire displaced population, 70% are of working age, and 56% of IDP respondents indicated they are currently in need of financial support.

Persons with disabilities remain one of the most vulnerable categories of IDPs. With a lack of accessible accommodation, economic opportunities in the host communities, equipment for physical rehabilitation IDPs with disabilities often experience hardships meeting minimum living standards. Moreover, IDPs with disabilities who were relocated to the boarding facilities in Western oblasts put an additional strain on local administrations which have to overspend the budgets allocated for social protection.

To address the increasing needs of the social protection departments of Lviv oblast, UNDP is seeking to procure a number of professional equipment for boarding facilities which host IDPs with disabilities.
