A. General background information relevant to the assignment:

Saudi Arabia has realised and sustained, for the last four decades, remarkable progress along the socio-economic development path. As a result of this, the Kingdom has been able to move to a high-income country. The GDP, for instance, increased from SR 156 billion in 1969 to SR 2,631 billion in 2018, putting the economy among the top 20 global economies in terms of size. Based on the annual ranking of the Human Development Index (HDI) of the Human Development Report, Saudi Arabia has steadily moved from the medium human development category in the 1990s to the very high human development category in 2018 at 0.857 value of HDI.

The Saudi Vision 2030 represents an ambitious resolve with long-term goals and expectations founded on the strengths and capabilities of the Kingdom. It covers the three themes of a vibrant society, a thriving economy and an ambitious nation. A thorough review of the three themes and their underlying issues of national concern would reveal a holistic approach to development that encompasses the three dimensions of Sustainable Development Goals (SDGs): the social, the economic and the environmental. Saudi Arabia recognises that achieving the SDGs requires rigorous, real-time and continuous monitoring for which quality statistics is a must. The General Authority for Statistics (GaStat) has gone through a major revision of its corporate strategy and vision in alignment with the Saudi Vision 2030 and the SDGs. The revised strategy revolves around five pillars:

- Usage of statistics and information
- Production of statistics and information
- Application of advanced technologies in collecting and analyzing datasets
Communications and awareness towards statistical knowledge
Governance of statistical sector

Under the framework of the Institutional Support to Statistics project, UNDP provides technical support to the GaStat to strengthen the institutional and human capacities of the national statistical system to support evidence-based development planning and policy-making.

Within this context, UNDP is seeking to recruit an Economist to provide technical and advisory support to GaStat to enhance the management of financial accounts and support the improvement of the statistical business registers in compliance with SNA 2008.

### Step II: Financial Assessment:

**Financial Proposal – Maximum 30 points**
- Duly accomplished Confirmation of Interest and Submission of Financial Proposal Template using the template provided by UNDP (Annex II)

**PRICE PROPOSAL AND SCHEDULE OF PAYMENTS**

The contractor shall submit a price proposal as below: The total professional fee shall be converted into a lump-sum contract and payments under the contract shall be made on submission and acceptance of deliverables under the contract in accordance with the schedule of payment linked with deliverables. The financial Proposal should include all relevant costs (consultancy fees, all envisaged travel costs, living allowances, etc.).

UNDP applies the **“Best value for money approach”** – the final selection will be based on the combination of the applicants’ qualification and financial proposal.

**Financial proposal – Maximum 30 points**
- Duly accomplished Confirmation of Interest and Submission of Financial Proposal Template using the template provided by UNDP (Annex II)

**PRICE PROPOSAL AND SCHEDULE OF PAYMENTS**

The contractor shall submit a price proposal as below: The total professional fee shall be converted into a lump-sum contract and payments under the contract shall be made on submission and acceptance of deliverables under the contract in accordance with the schedule of payment linked with deliverables. Financial proposal should include all relevant cost (consultancy fees, all envisaged travel costs, living allowances, etc.).

**Financial evaluation - Total 30% (30 points)**
The following formula will be used to evaluate the financial proposal:

\[ p = y \left( \frac{\mu}{z} \right) \]

where

- \( p \) = points for the financial proposal being evaluated
\[ y = \text{maximum number of points for the financial proposal} \]
\[ \mu = \text{price of the lowest-priced proposal} \]
\[ z = \text{price of the proposal being evaluated} \]

**A. Instructions for on-line submissions**

Step 1: Please prepare all required documents electronically;
Step 2: Combine all documents in **ONE SINGLE FILE** (preferably in PDF; however, Word format can also be accepted) and upload to the UNDP Jobs links
