# Section 2. Instruction to Bidders

## GENERAL PROVISIONS

### 1. Introduction

1.1 Bidders shall adhere to all the requirements of this ITB, including any amendments made in writing by UNDP. This ITB is conducted in accordance with the UNDP Programme and Operations Policies and Procedures (POPP) on Contracts and Procurement which can be accessed at [https://popp.undp.org/SitePages/POPPBSUnit.aspx?TermID=254a9f96-b883-476a-8ef8-e81f93a2b38d](https://popp.undp.org/SitePages/POPPBSUnit.aspx?TermID=254a9f96-b883-476a-8ef8-e81f93a2b38d).

1.2 Any Bid submitted will be regarded as an offer by the Bidder and does not constitute or imply the acceptance of the Bid by UNDP. UNDP is under no obligation to award a contract to any Bidder as a result of this ITB.

1.3 UNDP reserves the right to cancel the procurement process at any stage without any liability of any kind for UNDP, upon notice to the bidders or publication of cancellation notice on UNDP website.

1.4 As part of the bid, it is desired that the Bidder registers at the United Nations Global Marketplace (UNGM) website (www.ungm.org). The Bidder may still submit a bid even if not registered with the UNGM. However, if the Bidder is selected for contract award, the Bidder must register on the UNGM prior to contract signature.

### 2. Fraud & Corruption, Gifts and Hospitality

2.1 UNDP strictly enforces a policy of zero tolerance on proscribed practices, including fraud, corruption, collusion, unethical or unprofessional practices, and obstruction of UNDP vendors and requires all bidders/vendors observe the highest standard of ethics during the procurement process and contract implementation. UNDP’s Anti-Fraud Policy can be found at [http://www.undp.org/content/undp/en/home/operations/accountability/auditoffice_ofaudit_andinvestigation.html#anti](http://www.undp.org/content/undp/en/home/operations/accountability/auditoffice_ofaudit_andinvestigation.html#anti).

2.2 Bidders/vendors shall not offer gifts or hospitality of any kind to UNDP staff members including recreational trips to sporting or cultural events, theme parks or offers of holidays, transportation, or invitations to extravagant lunches or dinners.

2.3 In pursuance of this policy, UNDP:

   (a) Shall reject a bid if it determines that the selected bidder has engaged in any corrupt or fraudulent practices in competing for the contract in question;

   (b) Shall declare a vendor ineligible, either indefinitely or for a stated period, to be awarded a contract if at any time it determines that the vendor has engaged in any corrupt or fraudulent practices in competing for, or in executing a UNDP contract.

2.4 All Bidders must adhere to the UN Supplier Code of Conduct, which may be found at [http://www.un.org/depts/ptd/pdf/conduct_english.pdf](http://www.un.org/depts/ptd/pdf/conduct_english.pdf).
### 3. Eligibility

| 3.1 | A vendor should not be suspended, debarred, or otherwise identified as ineligible by any UN Organization or the World Bank Group or any other international Organization. Vendors are therefore required to disclose to UNDP whether they are subject to any sanction or temporary suspension imposed by these organizations. |

| 3.2 | It is the Bidder’s responsibility to ensure that its employees, joint venture members, sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by UNDP. |

### 4. Conflict of Interests

| 4.1 | Bidders must strictly avoid conflicts with other assignments or their own interests, and act without consideration for future work. Bidders found to have a conflict of interest shall be disqualified. Without limitation on the generality of the above, Bidders, and any of their affiliates, shall be considered to have a conflict of interest with one or more parties in this solicitation process, if they:

   a) Are or have been associated in the past, with a firm or any of its affiliates which have been engaged by UNDP to provide services for the preparation of the design, specifications, Terms of Reference, cost analysis/estimation, and other documents to be used for the procurement of the goods and services in this selection process;

   b) Were involved in the preparation and/or design of the programme/project related to the goods and/or services requested under this ITB; or

   c) Are found to be in conflict for any other reason, as may be established by, or at the discretion of UNDP. |

| 4.2 | In the event of any uncertainty in the interpretation of a potential conflict of interest, Bidders must disclose to UNDP, and seek UNDP’s confirmation on whether or not such conflict exists. |

| 4.3 | Similarly, the Bidders must disclose in their Bid their knowledge of the following:

   a) If the owners, part-owners, officers, directors, controlling shareholders, of the bidding entity or key personnel who are family members of UNDP staff involved in the procurement functions and/or the Government of the country or any Implementing Partner receiving goods and/or services under this ITB; and

   b) All other circumstances that could potentially lead to actual or perceived conflict of interest, collusion or unfair competition practices. |

Failure to disclose such an information may result in the rejection of the Bid or Bids affected by the non-disclosure. The eligibility of Bidders that are wholly or partly owned by the Government shall be subject to UNDP’s further evaluation and review of various factors such as being registered, operated and managed as an independent business entity, the extent of Government
B. PREPARATION OF BIDS

5. General Considerations

5.1 In preparing the Bid, the Bidder is expected to examine the ITB in detail. Material deficiencies in providing the information requested in the ITB may result in rejection of the Bid.

5.2 The Bidder will not be permitted to take advantage of any errors or omissions in the ITB. Should such errors or omissions be discovered, the Bidder must notify the UNDP accordingly.

6. Cost of Preparation of Bid

6.1 The Bidder shall bear all costs related to the preparation and/or submission of the Bid, regardless of whether its Bid is selected or not. UNDP shall not be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

7. Language

7.1 The Bid, as well as any and all related correspondence exchanged by the Bidder and UNDP, shall be written in the language (s) specified in the BDS.

8. Documents Comprising the Bid

The Bid shall comprise of the following documents and related forms which details are provided in the BDS:

- a) Documents Establishing the Eligibility and Qualifications of the Bidder.
- b) Technical Bid.
- c) Price Schedule/priced Bill of Quantities.
- d) Price Analysis
- e) Bid Security, if required by BDS;
- f) Preliminary Time Schedule of Works
- g) Proposed Method of implementation
- h) Major Contractor’s Equipment
- i) Key Personnel (Standard Curriculum Vitae)
- j) Contractor’s Quality Plan
- k) Contractor’s Health and Safety Plan
- l) Works of Similar nature and Value
- m) List of implemented Projects including Ongoing Works
- n) Any attachments and/or appendices required for the Bid.

9. Documents Establishing the Eligibility and Qualifications of the Bidder

9.1 The Bidder shall furnish documentary evidence of its status as an eligible and qualified vendor, using the Forms provided under Section 6 and providing documents required in those forms. In order to award a contract to a Bidder, its qualifications must be documented to UNDP’s satisfaction.

10. Technical Bid Format and Content

10.1 The Bidder is required to submit a Technical Bid using the Standard Forms and templates provided in Section 6 of the ITB.

10.2 Samples of items, when required as per Section 5, shall be provided within the time specified and unless otherwise specified by the Purchaser, at no expense to the UNDP. If not destroyed by testing, samples will be returned at Bidder’s request and expense, unless...
| **10.3** When applicable and required as per Section 5, the Bidder shall describe the necessary training programme available for the maintenance and operation of the equipment offered as well as the cost to the UNDP. Unless otherwise specified, such training as well as training materials shall be provided in the language of the Bid as specified in the BDS. |
| **10.4** When applicable and required as per Section 5, the Bidder shall certify the availability of spare parts for a period of at least five (5) years from date of delivery, or as otherwise specified in this ITB. |

**11. Price Schedule**

| **11.1** The Price Schedule shall be prepared using the Form provided in Section 6 of the ITB and taking into consideration the requirements in the ITB. |
| **11.2** Any requirement described in the Technical Bid but not priced in the Price Schedule, shall be assumed to be included in the prices of other activities or items, as well as in the final total price. |

**12. Bid Security**

| **12.1** A Bid Security, if required by BDS, shall be provided in the amount and form indicated in the BDS. The Bid Security shall be valid for a minimum of thirty (30) days after the final date of validity of the Bid. |
| **12.2** The Bid Security shall be included along with the Bid. If Bid Security is required by the ITB but is not found in the Bid, the offer shall be rejected. |
| **12.3** If the Bid Security amount or its validity period is found to be less than what is required by UNDP, UNDP shall reject the Bid. |
| **12.4** In the event an electronic submission is allowed in the BDS, Bidders shall include a copy of the Bid Security in their bid and the original of the Bid Security must be sent via courier or hand delivery as per the instructions in BDS. |
| **12.5** The Bid Security may be forfeited by UNDP, and the Bid rejected, in the event of any, or combination, of the following conditions: |
| a) If the Bidder withdraws its offer during the period of the Bid Validity specified in the BDS, or; |
| b) In the event the successful Bidder fails: |
| i. to sign the Contract after UNDP has issued an award; or |
| ii. to furnish the Performance Security, insurances, or other documents that UNDP may require as a condition precedent to the effectivity of the contract that may be awarded to the Bidder. |
### 13. Currencies

13.1 All prices shall be quoted in the currency or currencies indicated in the BDS. Where Bids are quoted in different currencies, for the purposes of comparison of all Bids:

- **a)** UNDP will convert the currency quoted in the Bid into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Bids; and
- **b)** In the event that UNDP selects a Bid for award that is quoted in a currency different from the preferred currency in the BDS, UNDP shall reserve the right to award the contract in the currency of UNDP’s preference, using the conversion method specified above.

### 14. Joint Venture, Consortium or Association

14.1 If the Bidder is a group of legal entities that will form or have formed a Joint Venture (JV), Consortium or Association for the Bid, they shall confirm in their Bid that:

- (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the JV, Consortium or Association jointly and severally, which shall be evidenced by a duly notarized Agreement among the legal entities, and submitted with the Bid; and
- (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

14.2 After the Deadline for Submission of Bid, the lead entity identified to represent the JV, Consortium or Association shall not be altered without the prior written consent of UNDP.

14.3 The lead entity and the member entities of the JV, Consortium or Association shall abide by the provisions of Clause 9 herein in respect of submitting only one Bid.

14.4 The description of the organization of the JV, Consortium or Association must clearly define the expected role of each of the entities in the joint venture in delivering the requirements of the ITB, both in the Bid and the JV, Consortium or Association Agreement. All entities that comprise the JV, Consortium or Association shall be subject to the eligibility and qualification assessment by UNDP.

14.5 A JV, Consortium or Association in presenting its track record and experience should clearly differentiate between:

- **a)** Those that were undertaken together by the JV, Consortium or Association; and
- **b)** Those that were undertaken by the individual entities of the JV, Consortium or Association.

14.6 Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the JV, Consortium or Association or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.
14.7 JV, Consortium or Associations are encouraged for high value, multi-sectoral requirements when the spectrum of expertise and resources required may not be available within one firm.

15. Only One Bid

15.1 The Bidder (including the individual members of any Joint Venture) shall submit only one Bid, either in its own name or as part of a Joint Venture.

15.2 Bids submitted by two (2) or more Bidders shall all be rejected if they are found to have any of the following:
   a) they have at least one controlling partner, director or shareholder in common; or
   b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
   c) they have the same legal representative for purposes of this ITB; or
   d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Bid of another Bidder regarding this ITB process;
   e) they are subcontractors to each other’s Bid, or a subcontractor to one Bid also submits another Bid under its name as lead Bidder; or some key personnel proposed to be in the team of one Bidder participates in more than one Bid received for this ITB process. This condition relating to the personnel, does not apply to subcontractors being included in more than one Bid.

16. Bid Validity Period

16.1 Bids shall remain valid for the period specified in the BDS, commencing on the Deadline for Submission of Bids. A Bid valid for a shorter period may be rejected by UNDP and rendered non-responsive.

16.2 During the Bid validity period, the Bidder shall maintain its original Bid without any change, including the availability of the Key Personnel, the proposed rates and the total price.

17. Extension of Bid Validity Period

17.1 In exceptional circumstances, prior to the expiration of the Bid validity period, UNDP may request Bidders to extend the period of validity of their Bids. The request and the responses shall be made in writing, and shall be considered integral to the Bid.

17.2 If the Bidder agrees to extend the validity of its Bid, it shall be done without any change to the original Bid.

17.3 The Bidder has the right to refuse to extend the validity of its Bid, in which case, the Bid shall not be further evaluated.

18. Clarification of Bid (from the Bidders)

18.1 Bidders may request clarifications on any of the ITB documents no later than the date indicated in the BDS. Any request for clarification must be sent in writing in the manner indicated in the BDS. If inquiries are sent other than specified channel, even if they are sent to a UNDP staff member, UNDP shall have no obligation to respond or confirm that the query was officially received.

18.2 UNDP will provide the responses to clarifications through the method
### 18. Amendment of Bids

18.3 UNDP shall endeavour to provide responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of UNDP to extend the submission date of the Bids, unless UNDP deems that such an extension is justified and necessary.

### 19. Amendment of Bids

19.1 At any time prior to the deadline of Bid submission, UNDP may for any reason, such as in response to a clarification requested by a Bidder, modify the ITB in the form of an amendment to the ITB. Amendments will be made available to all prospective bidders.

19.2 If the amendment is substantial, UNDP may extend the Deadline for submission of Bid to give the Bidders reasonable time to incorporate the amendment into their Bids.

### 20. Alternative Bids

20.1 Unless otherwise specified in the BDS, alternative Bids shall not be considered. If submission of alternative Bid is allowed by BDS, a Bidder may submit an alternative Bid, but only if it also submits a Bid conforming to the ITB requirements. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative Bid.

20.2 If multiple/alternative bids are being submitted, they must be clearly marked as “Main Bid” and “Alternative Bid”.

### 21. Pre-Bid Conference

21.1 When appropriate, a pre-bid conference will be conducted at the date, time and location specified in the BDS. All Bidders are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Bidder. Minutes of the Bidder’s conference will be disseminated on the procurement website and shared by email or on the e-Tendering platform as specified in the BDS. No verbal statement made during the conference shall modify the terms and conditions of the ITB, unless specifically incorporated in the Minutes of the Bidder’s Conference or issued/posted as an amendment to ITB.

### C. SUBMISSION AND OPENING OF BIDS

#### 22. Submission

22.1 The Bidder shall submit a duly signed and complete Bid comprising the documents and forms in accordance with requirements in the BDS. The Price Schedule shall be submitted together with the Technical Bid. Bid can be delivered either personally, by courier, or by electronic method of transmission as specified in the BDS.

22.2 The Bid shall be signed by the Bidder or person(s) duly authorized to commit the Bidder. The authorization shall be communicated through a document evidencing such authorization issued by the legal representative of the bidding entity, or a Power of Attorney, accompanying the Bid.

22.3 Bidders must be aware that the mere act of submission of a Bid, in and of itself, implies that the Bidder fully accepts the UNDP General Contract Terms and Conditions.
### Hard copy (manual) submission

22.4 Hard copy (manual) submission by courier or hand delivery allowed or specified in the BDS shall be governed as follows:

a) The signed Bid shall be marked "Original", and its copies marked "Copy" as appropriate. The number of copies is indicated in the BDS. All copies shall be made from the signed original only. If there are discrepancies between the original and the copies, the original shall prevail.

b) The Technical Bid and Price Schedule must be sealed and submitted together in an envelope, which shall:
   i. Bear the name of the Bidder;
   ii. Be addressed to UNDP as specified in the BDS; and
   iii. Bear a warning not to open before the time and date for Bid opening as specified in the BDS.

If the envelope with the Bid is not sealed and marked as required, UNDP shall assume no responsibility for the misplacement, loss, or premature opening of the Bid.

### Email and eTendering submissions

22.5 Electronic submission through email or eTendering, if allowed as specified in the BDS, shall be governed as follows:

a) Electronic files that form part of the Bid must be in accordance with the format and requirements indicated in BDS;

b) Documents which are required to be in original form (e.g. Bid Security, etc.) must be sent via courier or hand delivered as per the instructions in BDS.

22.6 Detailed instructions on how to submit, modify or cancel a bid in the eTendering system are provided in the eTendering system Bidder User Guide and Instructional videos available on this link: [http://www.undp.org/content/undp/en/home/operations/procurement/business/procurement-notices/resources/](http://www.undp.org/content/undp/en/home/operations/procurement/business/procurement-notices/resources/)

### 23. Deadline for Submission of Bids and Late Bids

23.1 Complete Bids must be received by UNDP in the manner, and no later than the date and time, specified in the BDS. UNDP shall only recognise the actual date and time that the bid was received by UNDP.

23.2 UNDP shall not consider any Bid that is received after the deadline for the submission of Bids.

### 24. Withdrawal, Substitution, and Modification of Bids

24.1 A Bidder may withdraw, substitute or modify its Bid after it has been submitted at any time prior to the deadline for submission.

24.2 Manual and Email submissions: A bidder may withdraw, substitute or modify its Bid by sending a written notice to UNDP, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Bid, if any, must accompany the respective written notice. All notices must be submitted in the same manner as specified for submission of Bids, by clearly marking them as "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION"

24.3 eTendering: A Bidder may withdraw, substitute or modify its Bid by Cancelling, Editing, and re-submitting the Bid directly in the system. It is the responsibility of the Bidder to properly follow the system

### 29. Evaluation of Eligibility and Qualification

**29.1** Eligibility and Qualification of the Bidder will be evaluated against the Minimum Eligibility/Qualification requirements specified in the Section 4 (Evaluation Criteria).

**29.2** In general terms, vendors that meet the following criteria may be considered qualified:

- **a)** They are not included in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP’s ineligible vendors’ list;
- **b)** They have a good financial standing and have access to adequate financial resources to perform the contract and all existing commercial commitments,
- **c)** They have the necessary similar experience, technical expertise, production capacity, quality certifications, quality assurance procedures and other resources applicable to the supply of goods and/or services required;
- **d)** They are able to comply fully with the UNDP General Terms and Conditions of Contract;
- **e)** They do not have a consistent history of court/arbitral award decisions against the Bidder; and
- **f)** They have a record of timely and satisfactory performance with their clients.

### 30. Evaluation of Technical Bid and prices

**30.1** The evaluation team shall review and evaluate the Technical Bids on the basis of their responsiveness to the Schedule of Requirements and Technical Specifications and other documentation provided, applying the procedure indicated in the BDS and other ITB documents. When necessary, and if stated in the BDS, UNDP may invite technically responsive bidders for a presentation related to their technical Bids. The conditions for the presentation shall be provided in the bid document where required.

### 31. Due diligence

**31.1** UNDP reserves the right to undertake a due diligence exercise, aimed at determining to its satisfaction, the validity of the information provided by the Bidder. Such exercise shall be fully documented and may include, but need not be limited to, all or any combination of the following:

- **a)** Verification of accuracy, correctness and authenticity of information provided by the Bidder;
- **b)** Validation of extent of compliance to the ITB requirements and evaluation criteria based on what has so far been found by the evaluation team;
- **c)** Inquiry and reference checking with Government entities with jurisdiction on the Bidder, or with previous clients, or any other entity that may have done business with the Bidder;
- **d)** Inquiry and reference checking with previous clients on the performance on on-going or completed contracts, including physical inspections of previous works, as deemed necessary;
- **e)** Physical inspection of the Bidder’s offices, branches or other
places where business transpires, with or without notice to the Bidder;

f) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

### 32. Clarification of Bids

32.1 To assist in the examination, evaluation and comparison of Bids, UNDP may, at its discretion, request any Bidder for a clarification of its Bid.

32.2 UNDP’s request for clarification and the response shall be in writing and no change in the prices or substance of the Bid shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Bids, in accordance with the ITB.

32.3 Any unsolicited clarification submitted by a Bidder in respect to its Bid, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Bids.

### 33. Responsiveness of Bid

33.1 UNDP’s determination of a Bid’s responsiveness will be based on the contents of the bid itself. A substantially responsive Bid is one that conforms to all the terms, conditions, specifications and other requirements of the ITB without material deviation, reservation, or omission.

33.2 If a bid is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.

### 34. Nonconformities, Reparable Errors and Omissions

34.1 Provided that a Bid is substantially responsive, UNDP may waive any non-conformities or omissions in the Bid that, in the opinion of UNDP, do not constitute a material deviation.

34.2 UNDP may request the Bidder to submit the necessary information or documentation, within a reasonable period, to rectify nonmaterial nonconformities or omissions in the Bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.

34.3 For the bids that have passed the preliminary examination, UNDP shall check and correct arithmetical errors as follows:

a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price; in which case, the line item total as quoted shall govern and the unit price shall be corrected;

b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and

c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is...
related to an arithmetic error, in which case the amount in figures shall prevail.

34.4 If the Bidder does not accept the correction of errors made by UNDP, its Bid shall be rejected.

### E. AWARD OF CONTRACT

#### 35. Right to Accept, Reject, Any or All Bids

35.1 UNDP reserves the right to accept or reject any bid, to render any or all of the bids as non-responsive, and to reject all Bids at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Bidder(s) of the grounds for UNDP's action. UNDP shall not be obliged to award the contract to the lowest priced offer.

#### 36. Award Criteria

36.1 Prior to expiration of the period of Bid validity, UNDP shall award the contract to the qualified and eligible Bidder that is found to be responsive to the requirements of the Schedule of Requirements and Technical Specification, and has offered the lowest price.

#### 37. Debriefing

37.1 In the event that a Bidder is unsuccessful, the Bidder may request for a debriefing from UNDP. The purpose of the debriefing is to discuss the strengths and weaknesses of the Bidder's submission, in order to assist the Bidder in improving its future Bids for UNDP procurement opportunities. The content of other Bids and how they compare to the Bidder's submission shall not be discussed.

#### 38. Right to Vary Requirements at the Time of Award

38.1 At the time of award of Contract, UNDP reserves the right to vary the quantity of goods and/or services, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

#### 39. Contract Signature

39.1 Within fifteen (15) days from the date of receipt of the Contract, the successful Bidder shall sign and date the Contract and return it to UNDP. Failure to do so may constitute sufficient grounds for the annulment of the award, and forfeiture of the Bid Security, if any, and on which event, UNDP may award the Contract to the Second highest rated or call for new Bids.

#### 40. Contract Type and General Terms and Conditions

40.1 The types of Contract to be signed and the applicable UNDP Contract General Terms and Conditions, as specified in BDS, can be accessed at [http://www.undp.org/content/undp/en/home/procurement/business/how-we-buy.html](http://www.undp.org/content/undp/en/home/procurement/business/how-we-buy.html)

#### 41. Performance Security

41.1 A performance security, if required in the BDS, shall be provided in the amount specified in BDS and form available at [https://popp.undp.org/_layouts/15/WopiFrame.aspx?sourcedoc=/UNDP_POPP_DOCUMENT_LIBRARY/Public/PSU_Solicitation_Performance%20Guarantee%20Form.docx&action=default](https://popp.undp.org/_layouts/15/WopiFrame.aspx?sourcedoc=/UNDP_POPP_DOCUMENT_LIBRARY/Public/PSU_Solicitation_Performance%20Guarantee%20Form.docx&action=default) within a maximum of fifteen (15) days of the contract signature by both parties. Where a performance security is required, the receipt of the performance security by UNDP shall be a condition for rendering the contract effective.
### 42. Bank Guarantee for Advanced Payment

42.1 Except when the interests of UNDP so require, it is UNDP’s standard practice to not make advance payment(s) (i.e., payments without having received any outputs). If an advance payment is allowed as per the BDS, and exceeds 20% of the total contract price, or USD 30,000, whichever is less, the Bidder shall submit a Bank Guarantee in the full amount of the advance payment in the form available at [https://popp.undp.org/_layouts/15/WopiFrame.aspx?sourcedoc=/UNDP_POPP_DOCUMENT_LIBRARY/Public/PSU_Contract%20Management%20Payment%20and%20Taxes_Advanced%20Payment%20Guarantee%20Form.docx&action=default](https://popp.undp.org/_layouts/15/WopiFrame.aspx?sourcedoc=/UNDP_POPP_DOCUMENT_LIBRARY/Public/PSU_Contract%20Management%20Payment%20and%20Taxes_Advanced%20Payment%20Guarantee%20Form.docx&action=default)

### 43. Liquidated Damages

43.1 If specified in the BDS, UNDP shall apply Liquidated Damages for the damages and/or risks caused to UNDP resulting from the Contractor’s delays or breach of its obligations as per Contract.

### 44. Payment Provisions

44.1 Payment will be made only upon UNDP’s acceptance of the goods and/or services performed. The terms of payment shall be within thirty (30) days, after receipt of invoice and certification of acceptance of goods and/or services issued by the proper authority in UNDP with direct supervision of the Contractor. Payment will be effected by bank transfer in the currency of the contract.

### 45. Vendor Protest

45.1 UNDP’s vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a contract through a competitive procurement process. In the event that a Bidder believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures: [http://www.undp.org/content/undp/en/home/procurement/business/protest-and-sanctions.html](http://www.undp.org/content/undp/en/home/procurement/business/protest-and-sanctions.html)

### 46. Other Provisions

46.1 In the event that the Bidder offers a lower price to the host Government (e.g. General Services Administration (GSA) of the federal government of the United States of America) for similar goods and/or services, UNDP shall be entitled to the same lower price. The UNDP General Terms and Conditions shall have precedence.

46.2 UNDP is entitled to receive the same pricing offered by the same Contractor in contracts with the United Nations and/or its Agencies. The UNDP General Terms and Conditions shall have precedence.

## Section 3. Bid Data Sheet

The following data for the goods and/or services to be procured shall complement, supplement, or amend the provisions in the Invitation to Bid. In the case of a conflict between the Instructions to Bidders, the Bid Data Sheet, and other annexes or references attached to the Bid Data Sheet, the provisions in the Bid Data Sheet shall prevail.

### QUALIFICATION

#### History of Non-Performing Contracts

Non-performance of a contract did not occur as a result of contractor default for the last 3 years.  
Form D: Qualification Form

#### Litigation History

No consistent history of court/arbitral award decisions against the Bidder for the last 3 years.  
Form D: Qualification Form

#### Technical Evaluation

The technical bids shall be evaluated on a pass/fail basis for compliance or non-compliance with the technical specifications identified in the bid document.  
Form E: Technical Bid Form

#### Financial Evaluation

Detailed analysis of the price schedule based on requirements listed in Section 5 and quoted for by the bidders in Form F.  
Form F: Price Schedule Form

Quick Ratio (QR) of not less than 1.0; bidders may use the form of Balance Sheet to calculate QR; If QR is less

---

1 Non-performance, as decided by UNDP, shall include all contracts where (a) non-performance was not challenged by the contractor, including through referral to the dispute resolution mechanism under the respective contract, and (b) contracts that were so challenged but fully settled against the contractor. Non-performance shall not include contracts where Employers decision was overruled by the dispute resolution mechanism. Non-performance must be based on all information on fully settled disputes or litigation, i.e. dispute or litigation that has been resolved in accordance with the dispute resolution mechanism under the respective contract and where all appeal instances available to the Bidder have been exhausted.
than 1, UNDP shall verify financial capacity of the bidder and has the authority to seek references from concerned parties & banks on the bidder’ financial standing. UNDP reserves the right to reject any bid if submitted by a contractor whom the investigation leads to a result that he/she is not financially capable and/or had serious financial problems.

UNDP may additionally request a copy of the bank account statements including a summary of the financial transactions which have occurred over the past two years period on a bank account/accounts held by the business reflecting the account balance at the beginning and end of the period, total withdrawals, and total deposits.

Technical Evaluation

The technical bids shall be evaluated on a pass / fail basis for compliance or non-compliance with the following:

1) Full compliance of qualifications and experience of the key personnel to be assigned to the contract;

2) Appropriateness of the method statement - including details of the arrangements and methods which the bidders proposes to adopt for the execution of the works (Approach/methodology on how to implement the Project (i.e. detailed method statement or implementation methodology). This should include how the contractor proposes to sequence multiple tasks/installations in an efficient and complementary fashion)

3) Full compliance of the technical specifications of the equipment/goods/systems proposed to the project.

4) Adequacy of the contractors’ equipment and machinery proposed for carrying out the contract including details of ownership

5) Adequacy of the Proposal for Occupational Health and Safety Plan, and description how it would be implemented on the project site;

6) Adequacy of the Proposal for Quality Assurance/ Control plan (QA/QC), tailored specifically to this project;

7) Adequacy of the Proposal for Accredited/ Recognized material testing lab;

8) Appropriateness of the Implementation Timetable to Project Schedule;

For the Tentative Work plan/ schedule – it is required that a Commercial Grade Project Management Software be used to establish the critical path and project milestones. NB: This same
software will be required for the duration of the project for managing the project, including reporting on progress and adherence to budget; (Both Primavera and MS Project are acceptable)

9) Maximum percentage of supply/work that may be sub-contracted by the prime contractor: not to exceed 30%

(Where the contractor is proposing to subcontract in excess of 10% of the total value of the contract, the following details should be submitted by the contractor in the bid submission:
- BOQ item number to be subcontracted
- Value to be subcontracted
- Name of subcontractor(s)
- Qualifications of subcontractor(s) who should be specialized in the required field of works and has successfully implemented similar works

Additional information may be requested by UNDP to verify the capacity of the subcontractor(s) to undertake the works.

UNDP reserves the right to accept or reject proposed subcontractors based on their qualifications and track record).

### Key personnel:

**Minimum required key personnel proposed for the supervision and management of this project who should be provided for the whole contract duration.**

**Notes:**

1) The owner(s) and/or General Managers of the contracting company are not allowed to fill in any of the above listed key positions, unless a written approval is granted for that purpose by UNDP.

2) Bidders shall take into account all the costs associated with hiring and assigning all the staff/personnel mentioned herein/above for/on
the project according to what is required. CVs for all proposed staff must be submitted.

3) Copies of “confirmation of availability” and CVs should be added to demonstrate that each specialist or engineer is qualified and ready to perform in his/her relevant area of competency. The above listed key personnel are subject to UNDP Approval.

4) Failure of the potential selected contractor to propose suitable and qualified personnel/staff, will lead to rejection of his/her bid and render his/her offer technically not acceptable.

1) The contractor’s technical staff shall be engaged on site on full time basis, or as required in the table above and have the sufficient experience and capabilities of carrying out their duties.

2) The Contractor is also requested to Hire a security guard (for guarding and securing the site and ensuring storage is being monitored) and office boy (responsible for daily housekeeping, cleaning site offices, preparing refreshments for the site attendees). Both employees shall be on a full-time basis.

Absence of any of the required staff from the project site (during construction works duration: ‘the period of time between the date of the construction contract start on site and the date of substantial completion’) will entitle and cause UNDP/PAPP to impose financial penalties on the contractor corresponding to the “monthly” pay rates of the hired staff but in no case less than the applicable rates as directed and required/governed by the local governmental authorities and/or local Engineers Association. UNDP will deduct financial penalties in the interim payments to the contractor and these discounts are non-refundable. Also, deduction shall be made if any of the provided staff are not approved by UNDP;

The Contractor is encouraged to consider Gender Equality when recruiting/assigning its staff on the project.

### Implementation Timetable

| The bidder shall submit with its bid a tentative implementation work plan, covering the project duration from contract signature to project completion and handover. The work plan shall take into consideration that all material submittals and shop drawings shall be submitted to the Engineer for approval no later than 14 calendar days from the date of signing the Contract |
| The work plan shall be presented on MS project or Primavera |

Section 5a: Technical Specifications & Drawings

(Attached)

Contractor should not submit a copy of the Technical Specifications and Drawings along with his offer. Only Successful bidder, however, shall print & provide UNDP with a hardcopy of the Technical Specifications and Drawings, duly acknowledged by him (signed/stamped) upon contract signature.
Section 5b: Statement/Scope of Works and other requirements

The Scope of the proposed works shall be as delineated on the Drawings and set-out in the Particular Conditions and Specifications together with any Drawings which may be issued by the Engineer during the implementation period of the contract.

The location of the work is Wadi Gaza and its sides, from Salah El-Din Street in the west to Central sewage treatment plant in the east. The work area was divided into 7 segments (segment 10 to segment 16).

The scope of work activities shall include the GIS works to reflect what was implemented and linked with the as built drawings, surveying works including GPS in close coordination with the municipalities that document the works implemented.

All identified utilities that are buried need to be also mapped and properly documented through the process.

Prior to or during the excavation, the Contractor, at this sole option and expense, may elect to perform exploratory borings or test pits in order to assess the availability of suitable structural fill materials within the limits of mass excavation in order to do the proper work.

The Contractor should abide with safety regulation and to follow up the requested safety requirements during the project’s life and all safety precautions and measures for safeguarding labor as well as securing surrounding areas.

The work including:

- Removing of all types of materials that may be classified as solid waste such as municipal wastes, industrial wastes, construction and demolition wastes, agriculture wastes, soil that produced from the excavation of treated wastewater open channel, concrete blocks generated from Israeli bombing and all materials may be classified as solid wastes.
- cleaning of all segments from any types of solid wastes that may be found within the wadi area, in addition to any appeared wastes within the surrounding areas of the wadi.
- The Removal includes both mechanical and manual methods.
- Landfill fees and any other fees that may be encountered.
- Leveling works that may be needed after cleaning and repair.
- Fix any damage for any services that may be caused during the execution of the works.

### Special Requirements

#### 1) Miscellaneous

**a) Time Schedule:**

The contractor has to submit a time schedule for the different activities of the project and the sequence of work activities using MS-Project software. This time schedule should be revised and approved by the engineer before the initiation of work activities. The contractor has to update it and do all modifications deemed necessary to work activities as per the instructions of the engineer.

The contractor shall carry out quantity verification to be carried out before the start-up of work activities. Written approval on the scope of works shall be obtained prior to implementation process.

**b) Schedule of material supply**

No delays are accepted due to delay in or insufficient material supply for works in the local market. Hence a schedule for material supply is needed before starting up activities.

The schedule of works should include the dates and quantities of material supply as well as the equipment supply to assure proper planning of work activities.

**c) Work plan**

The contractor has to submit a written work plan that illustrates the methodology to be followed in implementation of the work activities.

**d) Samples and catalogues:**
The contractor has to submit all samples and/or catalogues for all materials to be used on the project to verify their compliance with the technical specifications as follows:

* The samples will be handed along with the request of material approval as per the schedule of material supply such that one week is allowed to obtain approval before order of material supply is placed.

* The sample and catalogue should show the data of technical specification. In case there is no possibility to obtain a sample, the catalogue might be accepted after the engineer approval.

e) Cash – Flow:

The contractor has to submit a cumulative cash flow chart (S-curve) expected during implementation. Updates should be carried out on regular basis to adapt the actual expenditure on the project.

f) Daily and Monthly reports and photographs.

The contractor has to submit Daily reports for the Engineer’s review and Approval, those reports shall report the daily progress, contractor’s employees, workers disciplines, materials, visitors and other daily project requirements. Monthly reports in three copies reflecting the actual progress of works in percentage, executed work activities, difficulties faced and photos showing such progress.

g) Contract documents:

All tender documents stipulated in the ITB should be submitted, signed and stamped. It is deemed that all mentioned in the technical specification (General and Specific), drawings, bill of quantity, pre-bid meeting notes and/or any addendum thereof are included in the unit prices of the items and no extra charges will be paid in that respect.

2) WORKMANSHIP:

The contractor has to engage competent workers to achieve the workmanship stated in the tender documents. It is expected that best local practices be utilized in case no specific workmanship is identified.

The Contractor has to submit Inspection Requests (IR) for the Works that are completed and obtain the approval of the Engineer for the Works. Only if the Engineer Accepts and Approves the works then the Contractor will be entitled for payment in line with the conditions of contract. If the Works are
rejected by the Engineer, then it shall not be paid for until they are compliant with the project specifications.

The inspection request should be submitted to the UNDP Engineers 24 hours before the planned inspection date.

3) DRAWINGS:
   a) The contractor has to abide to any additional detail or general drawings issued by the engineer and will be considered as part of the contract.
   b) The contractor shall carry out onsite survey works and develop detailed shop drawings for all works and submit for the Engineer’s approval. No activity can be started unless engineer approves relevant shop drawing.
   c) The contractor should submit three copies of the shop drawings a week ahead of required approval. In case of changes required, the contractor will resubmit the drawings with changes and obtain approval before execution of works.

4) As-Built Drawings:

   The contractor is responsible to submit as-built drawings before the preliminary handing over in four (4) hard copies A1 size and four (4) CDs. They should show all details (architectural, structural, mechanical, and electrical along with services routes, trenches, manholes, levels, etc)

   In case the contractor fails to deliver the As-built drawings and/or technical reports (including all rates for undelivered reports as quoted in the original bill) as required and to the satisfaction of the UNDP engineer, then UNDP shall deduct the sum of USD 5,000 from the dues of the contractor.

5) (if needed) The contractor shall construct all mock-ups and provide samples as specified and as required in the contract documents at his own cost and expense.

6) Discrepancies and mistakes in tender documents:
   a) In case there is discrepancy in the tender documents, the UNDP Engineer will verify the correct specification of any item in the tendering stage.
   b) In case there is missing information in the contract documents or discrepancy or review and approval of the engineer, improper description of details of the items, it doesn’t relieve the contractor from carrying out the item in the most correct manner as if identified and properly described in the original tender documents.
   c) The contractor has to acknowledge the engineer in case of omission, discrepancy or mistakes in the tender documents in

the tendering stage and price according to the engineer’s answer.

d) In the case of an inconsistency between Drawings and Specifications or within either Document, not clarified by addendum, the better quality or greater quantity of Work shall be provided in accordance with the UNDP Engineer’s interpretation.
The tender documents are complementary and self-explanatory and what is deemed necessary in one is deemed necessary in all. Accordingly, the item specification is not limited to item description in the bill of quantity but rather to the tender documents as a whole.

b) Quantities
   i) Net measurements of quantities as executed or erected in place will be used in the project ignoring losses and overlapping parts.
   ii) Quantities are based on actual measurements on site.
   iii) The contractor shall reveal attachments and supporting documents for all finished quantities with each payment to the Engineer for review.
   iv) The quantities in the Bill of Quantity are only an estimate. Actual quantities will be measured on site and approved by the engineer.
   v) The contractor should inform the owner or his representative about any increase in quantities prior to implementation in a written form. In case of extra quantities are executed without informing the owner or the Engineer and obtaining approval on the implementation it will not be accounted in the quantities.

c) Pricing:
   i) Description of items: The contractor is deemed that he understood all items within the bill of quantities and that he included all required expenses for permanent or temporary activities and components inclusive but not limited to overhead, profit, fees for services, materials, samples, losses in materials, equipment,...etc, to achieve and maintain the works in first grade quality and in the correct form. No claims will be accepted for any claimed lack of comprehensiveness in pricing.
   ii) The contractor shall not include price of item in another one. All prices of items should be adequate to execute the relevant task individually.
   iii) The cost of any item in the B.O.Q. shall include all prices of raw material, shipping and transporting, tests, workmanship cost, overheads, profits, and all direct and indirect implicated costs of the implementation of the project.
   iv) Any un-priced item in the B.O.Q. is eventually included in the other items and the contractor has not the right neither to price it later nor to cancel it.
   v) The contractor is deemed to base his price according to proper breakdown of cost. Hence, he is expected to
submit such price analysis within his offer upon UNDP request.

vi) The unit rates shouldn't include VAT. All payments will be processed according to Zero VAT invoices all according to PA rules and regulations in that respect. The contractor has to include all expenses that might occur in his overhead expenses and no claims will be accepted regarding this issue.

vii) Price shall include fees of testing according to specification and engineer's instruction. UNDP has the right to change the testing laboratory from time to time.

viii) The contractor has to submit valid income and VAT tax clearance issued by the Ministry of finance along with the tender.

d) Electrical and mechanical manufacturing lists are an integral part of the tender documentation and are directly related to civil, mechanical and electrical works' bills.

14) Fuel and electricity for testing and commissioning shall be provided as required in the construction contract documents. Cost of electricity, water, fuel and the like, specifically needed and to the extent necessary during an uninterruptable testing and commissioning period, shall be paid by the contractor without reservation.

15) Assistance to The Engineer's Representative

a) The Contractor shall give such assistance and supply such labor as may be required by the Engineer in connection with the contract when required.

b) Such labour to be hired and employed by the Contractor but shall operate and perform their duties under the direction of the Engineer's Representative.

16) Temporary installations during implementation

In case of any delay by the contractor in establishing such temporary installations or any part thereof and removal of thereof (at the expense of the contractor and by fall of the construction total cost), the Engineer's Representative and Employer have the right to establish the remainder and removal thereof at the end of the project and reduce the amounts disbursed from the account of the contractor without any objection to the action or cost.

17) warehouses

The contractor shall establish stores and warehouses at his own expenses to store all pipes, valves and construction materials, and ensure the conditions necessary for the protection of stored materials from damage caused by exposure to influences.
### Project Sign

a) The contractor has to supply and install two project sign boards. The signs shall be made up of painted steel sheet 250cm x 150cm including two painted steel pipes 3" in diameter and steel frames to hold the sign and shall be fixed in place by concrete footings 50cm x 50cm x 50cm before the start-up of work activities. All information and logos that have to be included on the board will be handed by the engineer during the mobilization period.

b) The contractor shall supply and fix copper solid sheet 80cm x 100cm x 2-4mm. All information and logos that have to be included on the board will be handed by the engineer before the initial handing over of the project.

**Offices of the contractor**

The contractor office shall be set at his own cost and responsibility; The form and dimensions that is appropriate with the contractor’s Requirements. The offices shall be setup before starting of work on the project.
SECTION 5D: SPECIAL CONDITIONS

The following Special Conditions shall complement, supplement, or amend the General Conditions. Whenever there is a conflict, the provisions herein shall prevail over those in the General Conditions.

Taxes

Value Added Tax (VAT)

UNDP is a tax-exempt entity. All pricing shall be net of any direct taxes or customs duties. This contract is exempted from Value Added Tax (VAT) and all other taxes; as such taxes, customs duties and VAT will not be paid under this contract.

In the event that the Contractor fails to acquire the necessary tax clearances from the Tax Department after signing the Contract, UNDP retains the right to encash the full amount of the Contractor’s advance payment guarantee and performance guarantee without prior notice, and if necessary terminate the Contract.

Contractor’s consumables including fuel, petrol, diesel, lubricants are not exempted from taxes.

Contractor’s equipment for Temporary Works for its own use, not priced in the schedules, are not exempted from taxes.

Any element of taxes, duties and fees applicable to the price of locally produced and/or supplied goods shall be deemed to be included in the rates and prices stated in the Contract and no claim shall be entertained in respect thereof.

Currency exchange risks & fluctuations in material, equipment and labor costs

The winning contractor is not entitled to get compensated by UNDP on the decline/fluctuations in exchange rate of the contracted currency (currency devaluation) or on the fluctuations in material/equipment cost (this condition applies during the original duration of the contract and during any time extension, if granted, until final completion of the project). Accordingly, the contractor will only be entitled for the costs of executed works and supplied material and/or equipment, all based on the unit prices submitted in its original tender submission. In this regard, we encourage the contractor (whom will be awarded the contract) to have a “Forward Agreement” with their bank to cushion the impact of the currency exchange risks and in fluctuations in material, equipment and labor costs.

Kick off requirements

The winning contractor shall submit to UNDP Engineer, within two weeks upon signature of the contract, the following requirements:

- Approach/methodology on how to implement the Project (i.e. detailed method statement or implementation methodology). This should include how the contractor proposes to sequence multiple tasks/installations in an efficient and complementary fashion;
- Proposal for Occupational Health and Safety Plan, and description how it would be implemented on the project site;
- Proposal for Quality Assurance/Control plan (QA/QC), tailored specifically to this project;
- Proposal for Accredited/Recognized material testing lab;
- For the Tentative Work plan/schedule – it is required that a Commercial Grade Project Management Software be used to establish the critical path and project milestones. NB: This same software will be required for the duration of the project for managing the project, including reporting on progress and adherence to budget;
- Site Mobilization/Organization Plan that covers all the components mentioned in UNDP Health and Safety Requirements (including but no limited, Site offices, sanitary facilities, welfare areas, warehouses, assembly points, parking, signage, first aid and extinguishers...etc.)
The Contractor shall be responsible for the maintenance of the subject works for a period of **(1) one calendar year** effective from the day of issuance of the Certificate of Substantial Completion of the Works.

The liability insurance referred to in Clause 23 of the General Conditions shall be taken out by the Contractor for an amount not less than two times the resulting contract value of the price of the Contract per occurrence, with number of occurrences unlimited. The liability insurance shall be submitted by the Contractor before issuance of the notice to proceed and site handover by UNDP (before starting any works on project site including mobilization works), and shall be valid until end of defects liability period (i.e. twelve months after the intended completion date).

**Contractors’ All Risks insurance policy should cover public liability insurance** (third parties property damage and bodily injury) and **contract works** (materials/ items, construction plant/ equipment, machineries, etc.), **in addition to Workers’ compensation insurance** should be issued by the successful bidder subject to the general conditions, terms and conditions of the contract, and in compliance with the applicable local laws in the Country.

Before the notice to proceed and site handover, the successful bidder shall provide UNDP/PAPP with the draft insurance policies for review and clearance before official issuance. UNDP reserves the right to ask the successful bidder (and the successful bidder has to comply) for any modifications or additions to the policies terms and conditions that are deemed necessary to provide proper & comprehensive coverage (in terms of Risks and values Covered) to the project. That said, it is essential that the bidder factor in his bid price the cost of issuance of comprehensive insurance policies.

The drafting of insurance clauses requires the contractor to “warrant” (or, in other words, guarantee) that it has satisfied all the requirements imposed by the construction contract and local labor law.

Notes:

For Workers’ compensation insurance policy: Labor wages / staff salaries estimation should not be less than 30% of resulting contract value.

For Contractors’ All Risks insurance policy: Minimum limit for liability should not be less than two times the resulting contract value.

  • Bodily injury  
  • Machinery and equipment and damages over and under the ground visitors, UNDP staff  
  • Sum insured for each event within the period of the project and maintenance period a minimum of US $1m for big projects and US $0.5m for small and medium projects (to determine definition of the big, small, or two times three times of contract value).  
  • Depends on the contract value, associated risks and nature of project.  
  • The policy should cover explosion, flood, panic, lifting devices, unloading, and charging,  
  • accidental pollution, food and / or beverage poisoning, strike, use of weapons  
  • CAR - Sum insured include:  
    - Full contract value.  
    - In case of conducting construction works over an existing building, the full value of the building should be covered.  
    - Equipment and machineries (including tower crane or movable cranes, they don't need a separate insurance policy, such cranes can be added in the same policy).  
    - Removing rubble.  
    - Contract works (materials/ items, construction plant) Includes Maintenance Period for 12 months - defects liability period and final completion certificate.  
    - Contractor should carry a valid insurance policy to cover their workers while performing any duties during the defects liability period. |

**Defects Liability**

Any damage resulted from defect in Implementation by the Contractor on the executed works during the defects liability period should be repaired by the contractor and at his own expense and during a week after receiving a notice in writing from the Employer; and if the contractor does not repair these damages during the above specified period, then UNDP does these repairs at the expense of the contractor, which shall be deducted from due sums against the Maintenance Guarantee.

**Advance Payment and payment terms**

(1) In the case of requesting an advance payment by the Contractor; the UNDP/PAPP shall pay the Contractor an advance payment up to **10%** of the contract value upon signature of the contract between UNDP/PAPP and the Contractor and submission of the following documents by the Contractor:

- An irrevocable and unconditional bank guarantee for the same value of the advance payment valid for the whole contract duration plus 30 days after the intended completion date; and,
- The required Performance Security as stipulated in this tender.
- Proof of payment for the ordered goods
(2) The amount of the advance payment, if paid to the contractor, shall be subject to a deduction of a **10% (ten percent)** of the amount accepted for payment until the cumulative amount of the deductions so effected shall equal the amount of the advance payment when **90%** of the works are completed. Should the cumulative amount of the deductions so made be lower than the amount of the advance payment after the date of completion of **90%** the works, UNDP may deduct the amount equal to the difference between the advance payment and the cumulative deductions from the payments due after completion or may recover such amount from the bank guarantee.

(3) Payments to the contractors will be according to the submitted cash flow diagram based on actual measurements of executed works.

Safety, Health & Welfare requirements

Upon contract award, the contractor should provide, as part of his contractual commitments, a detailed Safety, Health & Welfare plan, (including, if applicable, scaffolding/support systems plan based on Safety requirements for scaffolding) being part of the overall program of works, subject to the UNDP Engineer for review and approval during the mobilization period and before actual work starts. The Contractor shall bear all the costs associated with the implementation of the said Safety, Health & Welfare plan. The said safety plans and related measures shall be in full compliance with UNDP Health and Safety Requirements, the ILO safety code and manual, the safety and other related regulations issued by the related authorities, and the relevant parts of the project specifications and tender documents:

UNDP Health and Safety Requirements (in Construction and Infrastructure Projects) – Which provides the minimum requirements that the Contractor shall fully comply with.

&
Safety, health and welfare on construction sites: A training manual - International Labour Office Geneva (1999 version)”

The ILO documents, in addition to other Occupational Safety and Health documents, can be found and are available online at the ILO designated web site at: https://www.ilo.org

Bidders are to refer to the “Safety Manual” which can be accessed from the International Labour Organization (ILO) website http://www.ilo.org/safework/info/instr/WCMS_110237/lang--en/index.htm

and the “Codes of practice” which can be accessed from at:

- Safety and health in construction

- Safety and health in building and civil engineering work

- Safe operation of tractors

The above-mentioned Safety codes & Safety manuals shall be an integral part of the tender and contract documents and the contractor is obligated to fully comply with the guidelines, instructions & provisions contained in the said documents, all to the satisfaction of the UNDP Engineer.

Important: The contractor shall also implement fully the applicable Safety measures contained in the approved Safety plan during mobilization stage before actual work starts.
The detailed Safety, Health & Welfare plan, (including Safety requirements for Scaffolding/support systems plan. If applicable), shall be prepared and presented by the contractor to the UNDP Engineer for his review and approval before start of the works. The said safety plans and related measures shall be in full compliance with the **UNDP Health and Safety Requirements**, ILO safety manual, the safety and other related regulations issued by the related authorities, and the relevant parts of the project specifications and tender documents. Please refer to the relevant parts in the subject tender documents for the instructions and conditions related to the safety & security plans and the applicable safety manual and guidelines.

The Safety code & manual are also available online at the UNDP/PAPP designated web site at:

http://www.ps.undp.org/content/papp/en/home/operations/procurement.html

**Note:**

**UNDP Health and Safety Requirements** are not to be considered as "all inclusive." Where any portion of this plan is in conflict with, or less stringent than, any applicable international or local safety regulations, the more stringent regulation shall take precedence.

In case of changes to the hyperlinks shown above that make downloading the respective documents not possible, it is the contractor responsibility to search for and obtain the documents from the ILO official website, or via/by contacting ILO or UNDP directly.

Form E: Format of Technical Bid

Name of Bidder: [Insert Name of Bidder]  Date: Select date

ITB reference: [Insert ITB Reference Number]

The Bidder’s Bid should be organized to follow this format of the Technical Bid. Where the bidder is presented with a requirement or asked to use a specific approach, the bidder must not only state its acceptance, but also describe how it intends to comply with the requirements. Where a descriptive response is requested, failure to provide the same will be viewed as non-responsive.

SECTION 1: Bidder’s qualification, capacity, and expertise

1.1 General organizational capability which is likely to affect implementation: management structure, financial stability and project financing capacity, project management controls, extent to which any work would be subcontracted (if so, provide details).
1.2 Relevance of specialized knowledge and experience on similar engagements done in the region/country.
1.3 Quality assurance procedures and risk mitigation measures.
1.4 Organization’s commitment to sustainability.

SECTION 2: Scope of Supply, Technical Specifications, and Related Services

This section should demonstrate the Bidder’s responsiveness to the specification by identifying the specific components proposed, addressing the requirements, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; and demonstrating how the proposed bid meets or exceeds the requirements/specifications. All important aspects should be addressed in sufficient detail.

2.1 A detailed description of how the Bidder will deliver the required goods and services, keeping in mind the appropriateness to local conditions and project environment. Details how the different service elements shall be organized, controlled and delivered.
2.2 Explain whether any work would be subcontracted, to whom, how much percentage of the requirements, the rationale for such, and the roles of the proposed sub-contractors and how everyone will function as a team.
2.3 The bid shall also include details of the Bidder’s internal technical and quality assurance review mechanisms.
2.4 Implementation plan including a Gantt Chart or Project Schedule indicating the detailed sequence of activities that will be undertaken and their corresponding timing.
2.5 Demonstrate how you plan to integrate sustainability measures in the execution of the contract.
SECTION 3: Management Structure and Key Personnel

3.1 Describe the overall management approach toward planning and implementing the project. Include an organization chart for the management of the project describing the relationship of key positions and designations. Provide a spreadsheet to show the activities of each personnel and the time allocated for his/her involvement.

3.2 Provide CVs for key personnel that will be provided to support the implementation of this project using the format below. CVs should demonstrate qualifications in areas relevant to the scope of goods and/or services.

Bidder shall submit the priced Bills in PDF electronic format (scanned copy of the priced & signed BoQ), by uploading it with his offer via the UNDP eTendering system. Bidders shall also submit/upload the priced BoQ in Excel format/electronic format. If there is any discrepancy between the Excel copy and the scanned & signed PDF format of the BoQ, then the PDF signed format shall prevail.

UNDP/PAPP, during evaluation stage, shall ensure that the content of said bills of quantities is unaltered and that it remains identical to that of the original bills of quantities. In case of any discrepancy between the priced BoQ submitted by the bidder and the original bills of quantities, as posted on the UNDP eTendering system, then UNDP version shall prevail. In case of any alteration (change, addition, modification or deletion) in the original BoQ, then this shall cause rejection of the bid.

Bidders shall quote reasonable bid prices with an acceptable margin of deviation in comparison to the real local market prices at the time of bids preparation. In case of unbalanced pricing (i.e. despite an acceptable total evaluated price, the price of one or more BoQ line items is significantly over or understated), UNDP had the right to reject the unbalanced bid if it determines that the lack of balance does pose an unacceptable Risk to UNDP.
