SOLID WASTE REMOVAL - Phase II

Development of a Detailed Design for Wadi Gaza Natural Park and Greenway Core Areas (3,4 and 5) in Line with the Wadi Comprehensive Master Plan

RFP: PAL-0000146302
Scope of Works:

The Scope of the proposed works shall be as delineated on the Drawings and set-out in the Particular Conditions and Specifications together with any Drawings which may be issued by the Engineer during the implementation period of the contract.

The location of the work is Wadi Gaza and its sides, from Salah El-Din Street in the west to Central Sewage Treatment Plant in the east. The work area was divided into 7 segments (segment 10 to segment 16).

Note: The cleaning includes all the segments areas besides the main locations highlighted in this drawings.
Main Locations of solid waste
Main Locations of excavated soil
Main Locations of agriculture waste

Segment - 13
Fence Details

All fixation points should be implement by welding wire and steel elements together.
