

Date: 22 August 2022

Request for Proposal (RFP)

Reference No.: Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) -005/DCRL/2022

Dear Proposers,

You are requested to submit a proposal for undertaking:

Review and Assessment of Institutional Capacity for Integrated Watershed Management (IWM), as per the enclosed Terms of Reference (TOR).

1. To enable you to submit a proposal, attached are:

- | | |
|--|-------------|
| i. Instructions to Proposers | (Annex I) |
| ii. Terms of References (TORs) | (Annex II) |
| iii. Proposal Submission Form | (Annex III) |
| iv. Technical Proposal Format | (Annex IV) |
| v. Price Schedule | (Annex V) |
| vi. General Condition | (Annex VI) |
| vii. Statement of Compliance with terms and conditions | (Annex VII) |

2. Your offer comprising of technical and financial proposals for task, in two **separate sealed envelopes**, should reach the following address no later than **03:00 PM NST on 7th September 2022** to the Project Management Unit.

**National Project Director
Developing Climate Resilient Livelihoods in the Vulnerable
Watershed in Nepal (DCRL)
Forestry Complex, Babarmahal, Kathmandu
Tel: 977-1-5320828, 5320857**

3. The consulting firms/ Companies who have submitted proposal earlier will be counted for evaluation and hence need not re-apply.

Proposals that are received by Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) after the deadline indicated above, for whatever reason, shall not be considered for evaluation.

Should you require further clarifications, kindly communicate with the contact person identified in the RFP document as the focal point for queries on this RFP.

Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) looks forward to receiving your proposal and thanks to you in advance for your interest in Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) procurement opportunities.

Yours sincerely,

.....

.....
Uddhaw Bahadur Ghimire
National Project Director

Annex I

INSTRUCTIONS TO PROPOSERS

A. Introduction

Definitions

- a. "Contract" refers to the agreement that will be signed by and between the Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) and the successful proposer, all the attached documents thereto, including the General Terms and conditions and the appendices.
- b. "Day" refers to calendar day.
- c. "Government" refers to the Government of Nepal that will be receiving the services provided/rendered specified under the contract.
- d. "Instructions to Proposers" (Annex I of the RFP) refers to the complete set of documents that provides Proposers with all information needed and procedures to be followed in the course of preparing their Proposals.
- e. "Proposal" refers to the Proposer's response to the Request for Proposal, including the Proposal Submission Form, Technical and Financial Proposal and all other documentation attached thereto as required by the RFP.
- f. "Proposer" refers to any legal entity that may submit, or has submitted, a Proposal for the provision of services requested by Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) through this RFP.
- g. "RFP" refers to the Request for Proposals consisting of instructions and references prepared by Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) for purposes of selecting the best service provider to perform the services described in the Terms of Reference.
- h. "Services" refers to the entire scope of tasks and deliverables requested by Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) under the RFP.
- i. "Supplemental Information to the RFP" refers to a written communication issued by Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) to prospective Proposers containing clarifications, responses to queries received from prospective Proposers, or changes to be made in the RFP, at any time after the release of the RFP but before the deadline for the submission of Proposals.
- j. "Terms of Reference" (ToR) refers to the document included in this RFP as Annex II which describes the objectives, scope of services, activities, tasks to be performed, respective responsibilities of the proposer, expected results and deliverables and

other data pertinent to the performance of the range of duties and service expected of the successful proposer.

1. General

Among all physiographic regions of Nepal, the mountain regions are the most vulnerable, because warming trends are growing, and impacts are magnified by the extreme changes due to variation in altitude. The high mountain catchments of Nepal are particularly prone to drought, landslides and floods, due to coincidence of seasonal snow melt with the summer monsoon season. Climate change is intensifying the monsoon rainfall and increasing snow and glacial melt rates, which is contributing to increased frequency and severity of flood and landslide disasters which result in extensive economic, life and livelihood losses annually. At the other extreme, water scarcity and droughts also pose a threat to the agriculture-reliant livelihoods of these regions. Climate change is increasing the temporal and spatial variability of rainfall and runoff, thus intensifying the problem of excess water during the monsoon and water scarcity during the dry season, increasing economic damages to agriculture, property, and the environment, disrupting lives and livelihoods and threatening food security.

A long-term solution to this climate change problem is to rehabilitate and maintain the functional integrity of watersheds that have critical functions of water storage and release, infiltration, drainage control and soil moisture retention. Using watersheds as organizing units for planning and implementation of natural resource management and resilient livelihood development is an approach to effectively tackle an immediate and long-term climate risk reduction issues, in relation to floods and droughts. Taking watershed management concerns into consideration GON/UNDP is implementing "Developing climate resilient livelihoods in the vulnerable watershed in Nepal" in Dudhkoshi watershed (area 844 Sq. Km, beneficiaries 121,606 people) covering total 8 local government units (Palikas) of Khotang and Okhaldhunga. The project mainly aims to address climate change induce hazards, introducing and scaling up integrated adaptive watershed management practices. The project has two outcomes:

1. Integrated Watershed Management Framework has been established to address climate change induced floods and draughts, and
2. Integrated Watershed Management Practices introduced and scaled up in Lower Dudhkoshi watershed area.

Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) is soliciting proposals from interested firms/companies to provide the service of: **Review and Assessment of Institutional Capacity for Integrated Watershed Management (IWM)**.

2. Cost of proposal

The Proposer shall bear all costs associated with the preparation and submission of the proposal and, Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the solicitation.

B. Solicitation Documents

3. Contents of solicitation documents

Proposal must offer services for each requirement. Proposal offering only part of the requirement will be accepted. The Proposer is expected to examine all corresponding instructions, forms, terms and specifications contained in the Solicitation Documents. Failure to comply with these documents will be at the Proposer's risk and may affect the evaluation of the Proposal.

4. Clarification of solicitation documents

A prospective Proposer requiring any clarification of the Solicitation Documents may notify the procuring Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) entity in writing at the organisation's mailing address indicated in the RFP.

Contact details for inquiries (written inquiries only):

Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)
Procurement Unit, info.dcr1@dofsc.gov.np

Subject line of Email: **Review and Assessment of Institutional Capacity for Integrated Watershed Management (IWM)**

Written inquiries must be submitted on or before 5:00 PM Nepal Standard Time on 31st August 2022. Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) shall respond to the response of inquiries through email on 2nd September 2022.

Inquiries received after the above date and time shall not be entertained.

Any delay in *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* response shall be not used as a reason for extending the deadline for submission, unless *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* determines that such an extension is necessary and communicates a new deadline to the Proposers.

Note: This email address is officially designated by *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*. The subject line of the email for query should be same as mentioned above.

Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) shall have no obligation to respond nor can *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* confirm that the query was officially received;

- When inquiries are sent with the different subject line even to the designated email address.
- When inquiries are sent to other person/s or address/es, even if they are *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* staff.
- For queries for which information is already available in the bidding document.

5. Amendments of solicitation documents

At any time prior to the deadline for submission of Proposals, the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective Proposer, modify the Solicitation Documents by amendment.

In order to afford prospective Proposers reasonable time in which to take the amendments into account in preparing their offers, the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity may, at its discretion, extend the deadline for the submission of Proposals.

All amendments to the Solicitation Documents, if any will be uploaded in the website mentioned above.

C. Preparation of Proposals

6. Language of the proposal

The Proposal prepared by the Proposer and all correspondence and documents relating to the Proposal exchanged by the Proposer and the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity shall be written in English language, in case and otherwise prescribed in the ToR. Any printed literature furnished by the Proposer may be written in another language so long as accompanied by an English translation of its pertinent passages in which case, for purposes of interpretation of the Proposal, the English translation shall govern.

7. Documents comprising the proposal

The Proposal shall comprise of the following components:

- a) Proposal submission form
- b) Profile of the organization, including organizational relevant experiences, structure and policies
- c) Submission of at least one evidence on similar assignment
- d) Submission of at least one sample document of previous similar assignment
- e) Valid registration certificate
- f) VAT certificate
- g) Latest Tax Clearance Certificate
- h) Submission of latest Two year's audit report
- i) Signed CVs of the proposed team
- j) Operational and technical part of the Proposal, including documentation to demonstrate that the Proposer meets all requirements
- k) Price schedule, completed in accordance with clauses 8 and 9,

8. Proposal form

The Proposer shall structure the operational and technical part of its Proposal as follows:

(a) Management plan

This section should provide corporate orientation to include the year and state/country of incorporation and a brief description of the Proposer's present activities. It should focus on services related to the Proposal.

This section should also describe the organisational unit(s) that will become responsible for the contract, and the general management approach towards a project of this kind. The Proposer should comment on its experience in similar projects and identify the person(s) representing the Proposer in any future dealing with the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity.

(b) Resource plan

This should fully explain the Proposer's resources in terms of personnel (Institutional Capacity Assessment and Capacity Development Plan Preparation Expert) and facilities necessary for the performance of this requirement. It should describe the Proposer's current capabilities/facilities and any plans for their expansion.

(c) Proposed methodology

This section should demonstrate the Proposer's responsiveness to the specification by identifying the specific components proposed, addressing the requirements, as specified, point by point; providing a detailed description of the essential performance characteristics proposed warranty; and demonstrating how the proposed methodology meets or exceeds the specifications.

The operational and technical part of the Proposal should not contain any financial pricing information whatsoever on the services offered. Financial information shall be separated and only contained in the appropriate Price Schedules.

It is mandatory that the Proposer's Proposal numbering system corresponds with the numbering system used in the body of this RFP. All references to descriptive material and brochures should be included in the appropriate response paragraph, though material/documents themselves may be provided as annexes to the Proposal/response.

Information that the Proposer considers proprietary if any, should be clearly marked "proprietary" next to the relevant part of the text and it will then be treated as such accordingly.

9. Proposal prices

The Proposer shall indicate on an appropriate Price Schedule, an example of which is contained in these Solicitation Documents, the prices of services it proposes to supply under the contract.

10. Proposal currencies

All prices shall be quoted in **NPR** (Nepalese Rupee).

11. Period of validity of proposal

Proposals shall remain valid for **ninety (90) days** after the date of Proposal submission prescribed by the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity, pursuant to the deadline clause. A Proposal valid for a shorter period may be rejected by the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity on the grounds that it is non-responsive.

In exceptional circumstances, the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity may solicit the Proposer's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing. A Proposer granting the request will not be required nor permitted to modify its Proposal.

12. Format and signing of proposal

Proposal shall be typed or written in indelible ink and shall be signed by the Proposer or a person or persons duly authorized to bind the Proposer to the contract.

A Proposal shall contain no interlineations, erasures, or overwriting except, as necessary to correct errors made by the Proposer, in which case such corrections shall be initiated by the person or persons signing the Proposal.

13. Payment

Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) shall make payments to the Contractor after acceptance by *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* of the invoices submitted by the contractor, upon achievement of the corresponding milestones.

D. Submission of Proposal

14. Sealing and marking of proposal

(a) The outer envelope shall be:

Addressed to:

National Project Director

Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL),

Forestry Complex, Babarmahal, Kathmandu, Nepal

Marked with Task:

Review and Assessment of Institutional Capacity for Integrated Watershed Management (IWM)

- (b) The proposal shall contain the information specified in Clause 8 (*Proposal form*) above. The inner envelope shall include the price schedule duly identified as such.

15. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that:

- (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and
- (ii) if they are awarded the contract, the contract shall be entered into, by and between *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*.

Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor
- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entities in the joint venture in delivering the requirements of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification

assessment by *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

In the joint venture, consortium or association, the organization strengths and or eligibility criteria shall be counted from the lead organization only. Failure to present eligibility criteria by the lead organization will subject to disqualification of the proposal.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* as the most responsive Proposal that offers the best value for money, *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* shall award the contract to the joint venture, in the name of its designated lead entity. The lead entity shall sign the contract for and on behalf of all other member entities.

16. Deadline for submission of proposal

Proposals must be received by the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity at the address specified under clause *Sealing and marking of Proposals* no later than 7th September 2022, 3:00 PM Nepal Standard Time (NST). If the deadline for proposal submission falls under a public holiday, then the next working day will be added up.

The procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity may, at its own discretion extend this deadline for the submission of Proposals by amending the solicitation documents in accordance with clause *Amendments of Solicitation Documents*, in which case all rights and obligations of the procuring *Developing*

Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL) entity and Proposers previously subject to the deadline will thereafter be subject to the deadline as extended.

17. Late Proposal

Any Proposal received by the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity after the deadline for submission of proposals, pursuant to clause *Deadline for the submission of proposals*, will be rejected.

18. Modification and withdrawal of Proposal

The Proposer may withdraw its Proposal after the Proposal's submission, provided that written notice of the withdrawal is received by the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity prior to the deadline prescribed for submission of the Proposal.

No Proposal may be modified subsequent to the deadline for submission of proposals.

No Proposal may be withdrawn in the Interval between the deadline for submission of the proposal and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form.

E. Opening and Evaluation of Proposal

19. Opening of proposal

The procuring entity will open the Proposal in the presence of a committee formed by the Head of the procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity.

20. Clarification of proposal

To assist in the examination, evaluation, and comparison of the Proposal, the Purchaser may at its discretion, ask the Proposer for clarification of its Proposal. The request for clarification and the response shall be in writing and no change in price or substance of the Proposal shall be sought, offered, or permitted.

21. Preliminary examination

The Purchaser will examine the Proposal to determine whether they are complete, whether any computational errors have been made, whether the documents have been properly signed, and whether the Proposals are generally in order.

Arithmetical errors will be rectified on the following basis: If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If the Proposer does not accept the correction of errors, its Proposal will be rejected. If there is a discrepancy between words and figures the amount in words will prevail.

Prior to the detailed evaluation, the Purchaser will determine the substantial responsiveness of each Proposal to the Request for Proposals (RFP). For purposes of these Clauses, a substantially responsive Proposal is one which conforms to all the terms and conditions of the RFP without material deviations. The Purchaser's determination of a Proposal's responsiveness is based on the contents of the Proposal itself without recourse to extrinsic evidence.

A Proposal determined as not substantially responsive will be rejected by the Purchaser and may not subsequently be made responsive by the Proposer by correction of the non-conformity.

22. Evaluation and comparison of proposal

A two-stage procedure is utilised in evaluating the proposals, with evaluation of the technical proposal being completed prior to any financial proposal being opened and compared. The financial proposal of the Proposal will be opened only for submissions that passed the minimum technical score of 70% (98 points) of the obtainable score of 140 points in the evaluation of the technical proposals.

The technical proposal is evaluated on the basis of its responsiveness to the Term of Reference (TOR) and RFP.

In the Second Stage, the price proposal of all Proposers that have attained minimum 70% score in the technical evaluation will be compared. The proposals will be evaluated on the basis of the "Combined Scoring Method". The points for the Financial Proposal will be allocated as per the following formula:

$$\frac{\text{Lowest Bid Offered*}}{\text{Bid of the Firm/Proposer}} \times 60$$

* "Lowest Bid Offered" refers to the lowest price offered by Proposers scoring at least 70% points in technical evaluation.

Technical Evaluation Criteria

Summary of Technical Proposal Evaluation Forms		Score Weight	Points Obtainable
1.	Overall concord between ToR requirements, Understanding of the assignment, and the overall Quality of the Proposal	42.33%	60
2.	Relevant experience of a firm/NGO in Institutional Capacity Assessment and Capacity Development Plan Preparation and other relevant activities	14.34%	20
3.	Qualifications, experiences, and competencies of Institutional Capacity Assessment and Capacity Development Plan Preparation expert/s as per required experiences and qualifications	42.33%	60
Total			140

Evaluation forms for technical proposals follow on the next two pages. The obtainable number of points specified for each evaluation criterion indicates the relative significance or weight of the item in the overall evaluation process. The Technical Proposal Evaluation Forms are:

Form 1: Expertise of Firm / Organisation Submitting Proposal

The minimum experience of the firm/expert should be as described in the detail ToR.

Form 2: Proposed methodology, approach and implementation

Please provide a detailed description of the methodology for how the organisation/firm/expert will achieve the Terms of Reference of the project, keeping in mind the appropriateness to local conditions and project environment.

The methodology shall also include details of the Proposer's data gap analysis, data collection tools, techniques, thematic areas, assumptions, limitations, internal technical and quality assurance review mechanisms etc.

The Proposer shall submit Project Schedule indicating the detailed sequence of activities that will be undertaken and their corresponding timings.

Form 3: Management structure and key personnel

Describe the overall management approach and structure toward planning and implementing this activity.

Provide a spreadsheet to show the activities of each staff member and the time allocated for his/her involvement.

Provide the CVs for key personnel (Institutional Capacity Assessment and Capacity Development Plan Preparation Expert) that will be provided to support the implementation of this work. CVs should demonstrate qualifications in areas relevant to the Scope of Services.

Key position of technical personnel for package and the expected qualifications are described in the detail ToR.

Form 4: Scoring System of Technical Proposal:

4.1 Scoring for overall concord between ToR requirements, Understanding of the assignment, and the overall Quality of the Proposal: (60)

S.No	Description	Maximum Obtainable Marks
1	A clear understanding of the task reflected in the proposal	15
2	Coherence of objectives, methodology, and deliverables (Logical coherence between objectives, results, activities, and resources)	25
3	Quality of the writing and formatting/documentation of the submitted proposals including other required documents	10
4	Linkages of proposed timeline, and required deliverables	10
Total		60

4.2 Scoring for Relevant experience of a firm/NGO in Institutional Capacity Assessment and Capacity Development Plan Preparation and other relevant activities: (20)

S. No.	Description	Maximum Obtainable Marks
1	Prior relevant experience (institutional capacity assessment and capacity development plan preparation) of the firm (Maximum 10 points), <ul style="list-style-type: none"> • No relevant experiences:0, • 1-2 experiences:5, • above 2:10 	10
2	Working experience with the Government of Nepal and UN agencies/INGOs <ul style="list-style-type: none"> • No relevant experiences:0, • 1-2 experiences:5, • above 2:10 	10
Total		20

4.3 Scoring for qualifications, experiences, and competencies of Institutional Capacity Assessment and Capacity Development Plan Preparation expert/s as per required experiences and qualifications: (60)

S.N.	Description	Maximum Obtainable Marks
1	<p>Master's degree (Ph.D. preferred) in Watershed Management, Forestry, Environmental Engineering/Management/Science, Forestry, or another related field.</p> <ul style="list-style-type: none"> • Ph.D. in Watershed Management, Forestry, Environmental Engineering/Management/Science, Forestry (15) • Master's degree in Watershed Management, Forestry, Environmental Engineering/Management/Science, Forestry and NRM (10) • Ph.D./Master's Degree in any other disciplines (5) 	15
2	<p>Below 5 years of experience (0) 5-10 years of relevant experience (10) 10-15 years of relevant experiences (15) 15 years and above (20)</p>	20
3	<p>Relevant experience in working on institutional capacity assessment and capacity development plan preparation or any other similar assignments with UN agencies, World Bank, Governments, and INGOs.</p> <ul style="list-style-type: none"> • No Experiences: 0 • 1-2 experiences: 5 • 2 and above experiences: 10 	10
4	<p>Writing skills related to the assigned task based on ToR (scoring will be done based on provided sample document and technical proposal)</p>	15
	Total	60

23. Award criteria, award of contract

The procuring *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* entity reserves the right to accept or reject any Proposal, and to annul the solicitation process and reject all Proposals at any time prior to award of contract, without thereby incurring any liability to the affected Proposer or any obligation to inform the affected Proposer or Proposers of the grounds for the Purchaser's action.

24. Signing of the contract

Within 7 days of receipt of the contract, the successful Proposer shall sign and date the contract and return it to the Purchaser.

Annex II

Terms of Reference

Review and Assessment of Institutional Capacity for Integrated Watershed Management (IWM)

Developing Climate Resilient Livelihoods in Vulnerable watersheds in Nepal (DCRL)

Type:	Consulting Firm
Location:	Kathmandu with travel to field
Additional Category:	Resilience and Climate Change
Starting Date:	1 September 2022
Duration:	45 Days till end of October 2022

Background

The Mid Mountain watersheds of Nepal are prone to multi-hazards (drought, landslides, and floods) and the impacts are magnifying due to its topographic settings, inappropriate anthropogenic activities, and adverse impacts of climate change. Climate change is intensifying the monsoon rainfall and contributing to accelerating snow and glacial melt rates. The disastrous trends are increasing and contributing to more multi-hazard problems causing damages to agricultural land, physical assets, economic properties, and ecosystem services.

At the other extreme, water scarcity and climate-induced drought hazards have been emerging as one of the major challenges in the mid-hill watersheds in Nepal. The drought stresses in combination with other hazards and socio-economic conditions of local communities, the problem is exacerbating and making society more vulnerable, and sometimes becoming environmental causes of displacement. The temporal and spatial variability of rainfall and runoff is intensifying the problem of excess water during the monsoon and water scarcity during the dry season creating a serious threat to the farming system, and food security.

A long-term solution to this climate change problem is to rehabilitate and maintain the functional integrity of watersheds that have critical functions of water storage and release, infiltration, drainage control with due emphasis on resilient livelihood development. Nepal is transferred into the federal system and the constitution of Nepal is giving the roles and responsibilities among three spheres of government for managing the natural resources, disaster risk, and climate change issues. The coordination and harmonization of policy and institutional frame, adoption of adaptive innovative technology, and building community stewardship are becoming critically important to address these multifaceted problems. To address this, a pioneering initiative is taken through Global Environment Facility (GEF)-Least Developed Country Fund (LDCF) project "Developing climate-resilient livelihoods in the vulnerable watershed in Nepal". The project is being implemented at the pilot scale in the Lower Dudhkoshi watershed, a major tributary of the Sunkoshi sub-basin, located in the eastern part of Nepal.

Project Objective: This project focuses on safeguarding vulnerable communities and their assets from climate change-induced disasters by applying a long-term, multi-hazard approach – with a particular stewardship role for women and marginalized communities. The project also aims to address the functional integrity of the pilot watershed through capturing the policy, institutional knowledge gaps, adoption of new tools and techniques, and interventions of multiple activities at the pilot scale.

Project Working Area: The project area is the confluence of Dudhkoshi and Sunkoshi at the boundary between Khotang and Okhadhunga districts in the eastern part of the country in province 1. The project will focus on activities in the Lower Dudhkoshi watershed that comprises 844 km², 8 local governments units “Palikas” (5 at Khotang and 3 at Okhaldhunga), and 51 wards. The other adjoining watersheds Molung, Likhu, Sunkoshi canyon are being considered for watershed assessment.

Institutions and capacity development on IWM: The Department of Soil and Water Conservation was established in 1974 and since then it is changing its working strategies/modalities in different courses of time to address the emerging problems of soil conservation and integrated watershed management. For instance, the name of the department was changed from Soil and Water Conservation to Department of Soil Conservation and Watershed Management in 1980, introduced different management options like people’s participation, and a contractor-based system. Similarly adopted sub-watershed scale to River Basin scale to manage the effective service delivery, and to cope with the emerging problems. After the commencement of Federalism 2015, the Department of Soil Conservation and Watershed Management and the Department of Forests were merged to form a new entity, the Department of Forests and Soil Conservation. Similarly, District Soil Conservation offices (DSCOs) have been adjusted to the corresponding provinces. During the course of time, the soil conservation and watershed management organization has realized that its roles and responsibilities have been growing significantly, but the existing capacity, appropriate skills/knowledge, and future strategies to cope with the problems are not addressed sufficiently. In addition, the baseline information about the existing skill/knowledge, gap, and other detailed plans/policies and strategies are yet to develop in changing context.

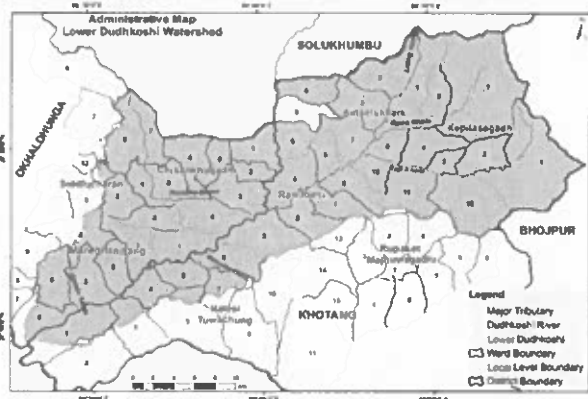

Figure: The project area (Lower Dudhkoshi watershed)

Thus, to address the changing roles and functional delivery, periodic assessments, review, and development of capacity development plans are important to enhance the ability of working officials, and organizations to cope with the emerging challenges. It is an important initiative to catalyze an individual as well as an organization through the identification, processing, and implementation of a series of capacity development (institutional and individual scale) plans such as training, and logistic support which altogether are interdependent and mutually reinforcing.

Keeping the above-mentioned scenario, DCRL project is taking initiation to undertake the capacity development plan of the IWM-related organizations at the federal and provincial level that is expected to support the functional delivery of institutions and an individual.

Rationale of the Assignment

The governance system of Nepal changed from a central to a federal system and accordingly, the functions and functionalities of the IWM-related organizations are also changed accordingly. During the course of time, diverse roles and responsibilities have been growing significantly, and corresponding skills/knowledge and coping strategies are also required to adjust accordingly. So as to address such coping strategies, there is inadequate baseline information on 1) existing strength, capacity, skills/knowledge of the working officials in line with their functional roles and responsibilities; 2) the capacity development plan of the institutions and an individual to enhance the effective service delivery.

Objective

The overall objective is to assess the existing institutional capacities of institutions at the federal and provincial levels, analyze the gap, and develop a long-term institutional technical, functional, and resources plan for Continuous Professional Development (CPD). The specific objectives are;

- To assess the functional roles, responsibilities, and knowledge/skills of federal and provincial IWM institutions (DoFSC, its IWM-related offices/officials, and province 1 IWM offices/officials), including strengths, gaps in knowledge/skills in relation to their functions,
- Develop the capacity development plan of institutions, and individuals to cope with the emerging responsibilities of the institutions and individuals on immediate and long term.

Scope of Work

The scope of work for this assignment is as follows;

- I. Inception and Stocktake report:
- II. **Initial Analysis of functional Roles, responsibilities, and challenges:** Analyse the functional roles of the DoFSC and its divisions/sections and its related organizations, and assess the individual level competencies of the working officials related to IWM at all three spheres of government.
- III. **Analyse Policy provisions:** Based on major Ministry of Forests and Environment policies, strategies, and guidelines; examine the human resource development plan, and gaps that are intended to implement in the present and future.
- IV. **GAP Analysis:** Analyse the gap based on deliverables to be performed by the institutions and individuals and the existing capacities to deliver the functions. Gap analysis on plans, policies, strategies, and practice in relation to the institutional and individual capacity development on IWM.
- V. **Stock taking of capacity-related resources:** examine the logistic facilities, ongoing human resources plan, training planning, resourcing plan, resources sharing/management plan, co-working procedure and its execution status
- VI. **Develop the Continuing Professional Development (CPD) Plan:** Based on institutional roles, responsibilities, strengths, weaknesses, and opportunities available develop the long-term institutional technical, functional, and resource plan for continuous professional development, propose the capacity transfer mechanisms among 3 tiers of government systems, province 1 related strengths, opportunities, gaps, and plan. The CPD includes a periodic capacity development plan that includes immediate, intermediate, and long-term plans among three tiers of government separately. The plans must include a training plan, resourcing plan, resource sharing/management plan, and co-working procedure based on a review and assessment of institutional capacity for IWM across all institutions involved.

Working Approaches and Methodology

The assignment should be approached in such a way that targeted institutions can take ownership of the capacity development plan. The working method should be consultative and participatory. The various organizational capacity assessment and capacity development plan preparation methods and tools could be incorporated into the assignment not only to improve the range of information gathered but also to improve ownership and drive for the implementation plan. The

following are the suggested methods to conduct this assignment, however, a consulting firm can propose any relevant methodology that fits the scope of work.

Desk Review: Proper desk studies need to be conducted to collect secondary information on the institutional capacity of related stakeholders and line agencies in the sector of IWM. The team of experts shall go through a detailed review of all relevant ministry of forests and environment, DoFSC and other government policies, and documents related to IWM and the institutional capacity development plan. The desk review also consists of a review of the relevant project documents.

Stakeholders Consultations: The team of experts shall have adequate consultations with the stakeholders/agencies including the Ministry of Forests and Environment, Department of Forest and Soil Conservation (DoFSC) and Basin Management Center-Koshi (BMC-Koshi), provincial Soil and Watershed Management Office (SWMO), and other concerned offices working in the field of watershed management, climate change, drought management, and agriculture promotion. Besides, the consulting firm must coordinate and consult frequently with DCRL team members. A team of experts visits the field to meet and consult with the relevant stakeholders. The maximum number of field visits will be determined in collaboration with the project team (tentative field visit days will be 15), a team of experts, and concerned authorities.

SWOT Analysis: The Strength, Weaknesses, Opportunities, and Threats (SWOT) analysis of concerned institutions is suggested to conduct that helps to examine the capacity development plan. The SWOT analysis shall be conducted with, the Department of Forest and Soil Conservation (DoFSC) and Basin Management Center-Koshi (BMC-Koshi), provincial Soil and Watershed Management Office (SWMO), and other concerned offices working in the field of Integrated Watershed Management (IWM).

OCA/OCDA Tools: The various Organizational Capacity Assessment (OCA) matrices/tools, and Organizational Capacity Development Action (OCDA) tools are suggested to adopt for this assignment.

Formulation of Long-term Institutional Capacity Development Plan: Preparation and submission of a capacity development plan for long-term institutional technical, functional, and resource plan and continuous professional development plan based on the information gathered and suggestions, inputs received from concerned authorities including the DCRL team.

Deliverables and Delivery Dates:

Deliverables	The target deadline for all deliverables
✓ Inception Report including details of the methodology, tools, questionnaire, work plan, and timeline including a template of the final report	Within day 7 days from the day of the contract (by mid of September 2022)
✓ A draft long-term institutional technical, functional, and resource plan and	Within 35 days from the day of the contract (mid of October 2022)

continuous professional development plan	
✓ Final Report incorporating feedback from concerned agencies/authorities	Within 45 days from the day of the contract (by end of October 2022)

Reporting Requirements

The consulting firm will report to the National Project Manager and Senior Technical Advisor of the DCRL project under the overall guidance of the National Project Director. In addition, the consultant/consulting firm will also work closely with the UNDP's Portfolio Manager. However, the consultants will coordinate with other concerned team members and stakeholders as required. All planned activities and deliverables will be undertaken in close collaboration with the DCRL project team. All deliverables are expected to be delivered electronically and physically as needed by the project.

Required Qualification of Human Resources

EXPERTS	QUALIFICATIONS & Work Experience	ROLES & RESPONSIBILITIES
Institutional Capacity Assessment and Capacity Development Plan Preparation Expert	<ul style="list-style-type: none"> ✓ Master's degree (Ph.D. preferred) in Watershed Management, Forestry, Environmental Engineering/Management/Science, Forestry, or another related field. ✓ At least 10 years of relevant experience in the relevant field as per the scope and objective of the assignment. ✓ Experience in organizational capacity assessment, and capacity development plan for the agencies of the Government of Nepal, UN agencies, WB, and INGOs. ✓ Proven experience in OCA and OCDA of at least 3 institutions ✓ Strong leadership, technical competence, and professional skills for timely implementation, coordination, and management of activities; ✓ A demonstrated ability to simplify technical and complicated material in a creative manner is necessary. ✓ Strong interpersonal skills and an ability to work effectively with internal/external partners are essential. ✓ Excellent English and Nepali-language report writing skills 	<ul style="list-style-type: none"> ✓ Plan and execute the assignment from beginning to the end of the assignment ✓ Coordinate and liaison with the project team, relevant stakeholders, etc. ✓ Field/organization visits and conduct capacity assessments for the proposed task. ✓ Ensure the quality of the assignment, track the progress, and accomplish it on time ✓ Develop a long-term institutional capacity development plan ✓ Reporting as per deliverables

Technical and Financial Proposal

Interested firms will submit a Technical and Financial Proposal, with a description of their experience, as well as a portfolio of previous works.

The Technical Proposal should include, but not be limited to, the following:

- Background, Context, Methodology, and tools to be adopted for the assignment, work plan, and timeline of the assignment
- Proposed Institutional Capacity Assessment and Capacity Development Plan Preparation Experts Resume
- Demonstrated experience in Institutional Capacity Assessment and Capacity Development Plan Preparation and other relevant issues;

The financial proposal should include, but not be limited to, the following:

- The financial proposal shall specify an all-inclusive fee for the assignment
- The Financial Proposal should be in local currency (Nepalese Rupees)
- The field expenses including travel and accommodation need to be included in the proposal.
- VAT document is mandatory

SUBMISSION OF PROPOSAL

A consultancy firm/NGO needs to submit the following documents while applying for the assignment:

- I. Technical and Financial Proposal (in a separate sealed envelope)
- II. Firm/NGO Registration Certificate
- III. VAT Certificate
- IV. Latest tax clearance certificate
- V. Firm/NGO Renew Certificate
- VI. Brief profile of the firm/NGO including evidence of similar past experiences
- VII. Signed CV of Institutional Capacity Assessment and Capacity Development Plan Preparation Experts and other proposed team.

Duration of the Assignment and Remuneration

The contract duration will be a maximum of 45 days over 2 months period after the signing of the contract effective from 1 September 2022 to 30 October 2022. The consulting firm will submit a complete work plan with a description of activities, periodic deliverables, and time frame in close consultation with the project team along with the inception report. The remuneration of the consultant will be paid based on the prevailing norms of the project. The project will cover the costs of meetings and workshops. However, the expert team will cover all field trip expenses, including travel and lodging.

Cost Estimate

The cost of human resources and other associated costs to undertake the scope of the assignment are as follows;

Financial Proposal

SN	Particular	Unit	Quantity	Rate	Amount (NRs.)	Remarks
A	HR Remuneration					
1	Institutional Capacity Assessment and Capacity Development Plan Preparation Expert	Days	45			
	Sub-total (A)					
B	Field Visit					
1	DSA / Subsistence Allowance for experts	Days	15			
2	Vehicle rental /Local travel	Lump-sum				
	Sub-total (B)					
C	Others (Specify if any)					
	Sub-total (C)					
D	Total (A+B+ C)					
E	VAT (13%)					
F	Grand TOTAL					

Schedule of Payment

The payments will be delivered monthly based on progress submitted by a consultant as follows:

Installment	Milestone	Payments	Dates
1 st	Inception Report including details of the methodology, tools, questionnaire, work plan, and timeline including a template of the final report	20%	By mid of September 2022
2 nd	A draft long-term institutional technical, functional, and resource plan and continuous professional development plan	60%	By mid of October 2022
3 rd	Final Report incorporating feedback from concerned agencies/authorities	20%	By end of October 2022

Working Arrangement

The expert from the consulting firm will work under the overall direction of the National Project Director and National Project Manager and the concerned DCRL team. Similarly, the consultant will further receive technical guidance from UNDP's Portfolio Manager to complete the assignment. The experts will be responsible for managing /her own working station (i.e. laptop, internet, phone, printer/scanner, etc.) and must have access to a reliable internet connection. The consultant should make contact with the relevant officials for consultation in order to obtain the necessary information for this assignment in close coordination.

Evaluation Method

Applicants will be evaluated on the basis of the 'Combined Scoring method' that will give due consideration where the technical proposal i.e. work experience in a relevant field related to Institutional Capacity Assessment and Capacity Development Plan Preparation at the national level will be weighted a maximum of 70% and combined with the financial proposal offer which will be weighted a maximum of 30%. Technical proposals will be evaluated based on a desk review. DCRL evaluators will read technical proposals and assess the quality of proposals, portfolios, and submitted profiles. Out of 200 total scores, the score for the technical proposal will be 140, and the financial proposal will be 60. Scores from the desk review will be allocated according to the table below:

Technical Evaluation Criteria	Max. Points
Overall concord between ToR requirements, Understanding of the assignment, and the overall Quality of the Proposal	60
Relevant experience of a firm/NGO in Institutional Capacity Assessment and Capacity Development Plan Preparation and other relevant activities	20
Qualifications, experiences, and competencies of Institutional Capacity Assessment and Capacity Development Plan Preparation expert/s as per required experiences and qualifications	60

Annex IV

TECHNICAL PROPOSAL FORMAT

i) RFP Information

RFP Title:

(insert assignment name),

Basic Organization Information

Name of the organization:

Contact person's name:

Contact details :

Telephone:

E-mail:

Address:

ii) Organizational Profile:

Provide brief information on the structure of your organization and the field(s) and location(s) in which your organization operates. (Maximum of one pages)

iii) Organization's Experience

Provide a detailed information on organizational expertise and previous work your organization has undertaken in the field of similar baseline survey. (Maximum of two pages)

iv) Technical Proposal

Provide a detailed description of how your organization proposes to implement the above ToR. (Maximum of five pages) Please include the following:

- A) A detailed implementation schedule (work plan), manpower schedule, and narrative on how you would approach/ intend to meet the deliverables mentioned in the TOR.*
- B) A detailed outline of the approach taken to supervise and monitor the project to ensure all components can be delivered on time and to a high quality.*

C) Identification of any risks and/or obstacles your organization may encounter while undertaking this project, how they may impact your ability to meet the deliverables, and how you might address these to ensure successful delivery.

v) Human Resources

Provide details of the human resources of your organization that will be employed to undertake this task. Submission of CVs of all members of the proposed team is highly recommended. (Including signed CVs of expert)

Annex V

PRICE SCHEDULE

The Proposer is asked to prepare the Price Schedule as a separate envelope from the rest of the RFP response as indicated in Section D paragraph 14(b) of the Instruction to Proposers.

The Price Schedule must provide a detailed cost breakdown. Provide separate figures for each functional grouping or category.

The specification has been developed for different packages. The name and number of package shall be clearly mentioned in the proposal cover page, cover letter and inside proposal.

(insert assignment name),

The format shown on the following pages should be used in preparing the price schedule. The format includes specific expenditures, which may or may not be required or applicable but are indicated to serve as examples.

A. Cost Breakdown per Deliverables

Refer to the scope of works and deliverables in detail ToRs.

Price Schedule for: Review and Assessment of Institutional capacity for IWM Request for Proposals for Services					
	Description of Activity/Item (Based on Scope of Works or deliverables described in different ToR)	Number of persons needed to deliver (A)	Number of days needed to deliver (B)	Unit Price/ Daily rate (C)	Total Amount (AXBXC)
1	Professional Service charges				
	a) Institutional Capacity Assessment and Capacity Development Plan Preparation Expert	1	45		
2	Field Expenses				
	a) DSA	1	15		
	b) Travel Cost (including local travel) (Lump sum)				
3	Other Cost (Specify if any)				

	TOTAL COST				
	VAT 13%				
	GRAND TOTAL				

(Amount in Word:
.....)

N.B. Administrative and all other associated costs need to be built into the respective line items proportionately. Number of lines may be added as per the requirement.

Acceptance of the proposed schedule of work and the timelines is a must and no deviation in the timeline is allowed.

Annex VI

GENERAL TERMS AND CONDITIONS IN EXECUTION OF THE TASK

1. Force Majeure

Without prejudice to their rights the *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* and the party shall not be held responsible nor suffer any financial loss should the performance of the party be delayed or prevented by an event of Force Majeure, which shall include, but not limited to strikes, riots, civil commotion, fire accident or any other incident beyond the control of either party hereto which neither party was aware of or could have foreseen at the time of the signing of this contract. In event of an occurrence of the Force Majeure, either party shall notify the other of the event and during such event the rights and obligations of either party shall automatically be suspended.

2. Arbitration

Any dispute arising out of or in connection with this task not settled by mutual understanding shall be submitted to arbitration to three arbitrators. Each party shall appoint one arbitrator and the two arbitrators thus appointed shall agree on the third one. The arbitrators shall rule on the costs which may be divided between the parties. The decision rendered in the arbitration shall constitute final adjudication of the dispute.

3. Termination

Either party may terminate this contract at any time by giving the other party fourteen (14) days notice in writing of the intention to do so. In the event of such termination, the party shall be compensated for the actual amount of work performed, upon valid justification for termination, by *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* on a pro rata basis.

4. Law Applicable

This contract shall be governed by the law of Government of Nepal and project guidelines.

5. Independent Relationship

Nothing contained in the contract shall be construed as establishing or creating between *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* and the party relationship of master and servant or principal and agent, it being understood that the party is an independent person vis-a-vis *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*.

6. Party's General Responsibilities

- a. The party shall carry out work under the contract with due diligence and efficiency and in conformity with the highest standards of professional and ethical competence and integrity.

- b. The party shall be responsible for the professional and technical work carried out by him/her in the implementation of this task.

7. Workmen's compensation and other insurance

The party shall make his/her own arrangements regarding insurance for medical expenses and for accident, death and permanent disability for the period of the task. All costs involved will be borne by the party.

8. Source of Instruction

The party shall neither seek nor accept instructions from any authority other than *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* and UNDP's authorized agent in connection with the work under the contract.

9. Prohibition on conflicting activities

The party shall ensure that he/she will not directly/indirectly engage in any activity that would conflict with those of *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* in respect of this project.

10. Officials not to benefit

The party warrants that no UNDP or *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* official has been or will be admitted by him/her to any direct/indirect benefit arising from this task or award thereof.

11. Assignment

The party shall not assign, transfer, pledge or make other disposition of the task or any other parts thereof or rights, claims or obligations under this task, without prior written approval of *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*.

12. Records, Accounts, Information and Audit

- a. The party shall maintain accurate and systematic records and accounts in respect of the work to be performed under this task.
- b. The party shall furnish, compile or make available at all times to *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* and UNDP any records or information, oral or written, which *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* may reasonably request for in respect of the work to be performed under this task.

- c. The party shall allow *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* and UNDP or its authorized agents to inspect and audit such records or information upon reasonable notice.

13. Language

Unless otherwise specified in the task, English language shall be used by the party in all written communications to *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* with respect to the services rendered and with respect to all documents procured or prepared pertaining to such services.

14. Confidential Nature of Documents

All maps, drawings, photographs, mosaics, plans, reports, recommendations, estimates, documents and all other data compiled by or received by the party under this task be the property of *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*, shall be treated by him/her as confidential and shall be delivered only to the duly authorized officials on completion of work under this grant. Under no circumstances shall the contents of such documents or data be made known to any unauthorized person without written approval of *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* and UNDP. Subject to the provision of this article, the party may retain a copy of the document (s) produced by him/her for his and universities record.

15. Amendments

The terms and conditions of this task may be amended only in writing and signed by both parties to this task or their duly authorized representatives.

16. Obligation to inform *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* of changes in conditions

The party shall promptly and fully notify *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* in writing of any conditions which interfere, or threatens to interfere, with successful carrying out of the services under this task. Such notice shall not however relieve the party of his/her obligations to continue to provide services under this task. On receipt of such notice, *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* shall take such action as in the sole discretion it considers to be appropriate or necessary under the circumstances.

17. Taxation

The party shall be liable for any tax levied on the fee paid as per this task. Income tax on the remuneration and allowances paid to the party will be deducted at the source.

18. Right of *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*

In case of failure by the party to fulfil its obligations under the terms and conditions of execution of task, including but not limited to failure to obtain necessary or to make delivery of all or part of the services by the agreed delivery date or dates, *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* may, after giving the party reasonable notice to perform and without prejudice to any other rights or remedies, exercise one or more of the following rights:

- a. Procure all or part of the services from other sources, in which event *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* may hold the party responsible for any excess cost occasioned thereby.
- b. Refuse to accept delivery of all or part of the services.
- c. Cancel the contract without any liability for termination charges or any other liability of any kind of *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*.

19. Late Delivery

Without limiting any other rights or obligations of the party hereunder, if the party will be unable to deliver the services by the delivery date(s) stipulated in the ToR, the party shall (i) immediately consult with *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)* to determine the most expeditious means for delivering the services and (ii) use an expedited means of delivery, at the party's cost (unless the delay is due to Force Majeure), if reasonably so requested by *Developing Climate Resilient Livelihoods in the Vulnerable Watershed in Nepal (DCRL)*.

20. Settlement of Disputes

Amicable Settlement

The Parties shall use their best efforts to settle amicably any dispute, controversy or claim arising out of, the task or the breach, termination or invalidity thereof.
