

INVITATION TO BID

Procurement of Roof Materials for “Addressing Conflict and Fragility in the Highlands” Project in Hela Province in Papua New Guinea (ITB/PNG/001-2022)

Amdnedment 2 to ITB

Extension of Deadline and Clarification to Bidders’ Queries

Below are some clarifications to queries received from potential bidders:

No	Queries	Responses
1	What if all the raw materials are not readily available? Can the delivery time be extended?	At this point, UNDP would like to keep the delivery requirements unchanged. The bid submission deadline is being extended until 29 August 2022, 05 pm PNG time , for the bidders to make necessary arrangements with the suppliers of the raw materials so that they are able to supply them on time as needed if the contract is awarded in their favour.
2	A 20-year warranty may require the user to do some periodical maintenance, such as cleaning the roofs with soap, water, and rags.	An unconditional warranty of 20 years is required without putting any responsibility on the users of the buildings.
3	For the Bid Security Bond, is there any alternate option, such as cash payment?	An alternate option could be a certified bank draft. Security in form of cash is not acceptable.
4	Can the Bid Security Bond be created in a currency other than US Dollars?	Yes, an equivalent amount in Papua New Guinea Kina (according to the ongoing bank rate) shall also be acceptable.
5	For delivery, the ITB has mentioned Incoterms 2020 ‘Delivery at Place Unloaded’. Will any other Incoterms be accepted?	No, ONLY ‘Deliver at Place Unloaded’ (DPU) shall be accepted. Use of any other Incoterms shall be considered non-compliant.

Note: Above Clarifications in response to queries received via email and amendments (if any) shall be an integral part of the ITB document and supersede all provisions as applicable.
