ATTACHMENT-1 - Answers to Questions received from Prospective Bidders

Yours sincerely,

UNDP Türkiye Country Office
Question 1: Will a company which is established and operational for less than three years but meeting the average annual turnover of USD 300,000 be considered eligible?

Answer 1: If a company is established and operational for less than three years but meeting the average annual turnover of USD 300,000, this means that it satisfies Financial Standing Criteria of ITB which stipulates minimum average annual turnover of USD 300,000.00 for the last 3 years (i.e. 2019, 2020, 2021).

Notwithstanding the above, as per Section 4. Evaluation Criteria, Legal Status Clause of ITB given at page 24, vendor shall be a legally registered entity established in or before September 2020. The eligibility of such a company in relation to this requirement will be assessed by the evaluation committee in case a bid is submitted (i.e. UNDP is not in a position to provide information on the eligibility of such a company at the moment).

Question 2: Is it possible to extend the delivery time of the life tents?

Answer 2: Unfortunately, it is not possible to extend the delivery time due to project exigencies.

Question 3: Is installation required within the scope of the Contract?

Answer 3: As already stipulated in the ITB, installation is not required. Please refer to ITB Section 5a. Spec No. 1.19, 1.20, 1.21, 1.22 and 1.23 for packaging and delivery requirements.

Question 4: Is it possible to provide a sketch design for the required tents?

Answer 4: Please be informed that UNDP does not have the sketch design of the tents. Bidders shall refer to the detailed technical specifications given in Section 5a of the ITB for preparing their bids.
