Project title: Peace & Community Cohesion (PaCC)

Activity: Solar system & Cooler's installation.

Expected duration: 90 Calendar days

All the works shall be according to standard codes of practice and to the satisfaction and approval of UNDP representative on site.

LOCATION

The solar system installation is in Malou Aweer Women's center in Aweil central and the coolers are to be installed in Nyamlel meat shop, Aweil North County.

MOBILIZATION/DEMOBILISATION

The contractor must mobilize required equipment, personnel, and materials to the site and demobilize out of site after completion of the works in accordance with UNDP Engineer's approval.

LABOR

The contractor shall at most times employ and engage the local labor especially in executing works requiring unskilled whilst ensuring use of proper skills for technical works and avoid compromising quality of works.

CLEANING OF THE SITE

When all works are completed, the Contractor must remove any construction debris, remove, reinstate as shall be instructed by the Engineer and make the whole area of the site clean and ready for use.

SOLAR SYSTEM INSTALLATION

The installation of the system will be on an existing permanent/stable roof structure comprising steel sheets covering on a timber roof structure supported by burnt brick masonry walls. There will be demolition of damaged ceiling boards and sealing of steel roofing sheets to prevent leakages. Installation of new ceiling boards and painting.

There shall be wiring of the entire building as no wiring was done during the construction thus need for surface wiring using heavy duty conduits and electrical fittings including switches, sockets, LED lamps. Solar Panels shall be carefully assembled on frames firmly fixing on roof to with stand wind loads and avoid leakages.

Supply of solar panels, inverters, batteries, and controllers is guided by the technical requirements listed in the specifications.

There shall be enhancement of the security by introducing razor wire on top of the existing chain-link fence.
