Cost of preparation of quotation	UNDP shall not be responsible for any costs associated with a Supplier's preparation and submission of a quotation, regardless of the outcome or the manner of conducting the selection process.
Supplier Code of Conduct, Fraud, Corruption,	<p>All prospective suppliers must read the United Nations Supplier Code of Conduct and acknowledge that it provides the minimum standards expected of suppliers to the UN. The Code of Conduct, which includes principles on labour, human rights, environment and ethical conduct may be found at: https://www.un.org/Depts/ptd/about-us/un-supplier-code-conduct</p> <p>Moreover, UNDP strictly enforces a policy of zero tolerance on proscribed practices, including fraud, corruption, collusion, unethical or unprofessional practices, and obstruction of UNDP vendors and requires all bidders/vendors to observe the highest standard of ethics during the procurement process and contract implementation. UNDP's Anti-Fraud Policy can be found at http://www.undp.org/content/undp/en/home/operations/accountability/audit/office_of_audit_an_dinvestigation.html#anti</p>

Gifts and Hospitality	Bidders/vendors shall not offer gifts or hospitality of any kind to UNDP staff members including recreational trips to sporting or cultural events, theme parks or offers of holidays, transportation, or invitations to extravagant lunches, dinners or similar. In pursuance of this policy, UNDP: (a) Shall reject a bid if it determines that the selected bidder has engaged in any corrupt or fraudulent practices in competing for the contract in question; (b) Shall declare a vendor ineligible, either indefinitely or for a stated period, to be awarded a contract if at any time it determines that the vendor has engaged in any corrupt or fraudulent practices in competing for, or in executing a UNDP contract.
Conflict of Interest	<p>UNDP requires every prospective Supplier to avoid and prevent conflicts of interest, by disclosing to UNDP if you, or any of your affiliates or personnel, were involved in the preparation of the requirements, design, specifications, cost estimates, and other information used in this RFQ. Bidders shall strictly avoid conflicts with other assignments or their own interests, and act without consideration for future work. Bidders found to have a conflict of interest shall be disqualified.</p> <p>Bidders must disclose in their Bid their knowledge of the following: a) If the owners, part-owners, officers, directors, controlling shareholders, of the bidding entity or key personnel who are family members of UNDP staff involved in the procurement functions and/or the Government of the country or any Implementing Partner receiving goods and/or services under this RFQ.</p> <p>The eligibility of Bidders that are wholly or partly owned by the Government shall be subject to UNDP's further evaluation and review of various factors such as being registered, operated and managed as an independent business entity, the extent of Government ownership/share, receipt of subsidies, mandate and access to information in relation to this RFQ, among others. Conditions that may lead to undue advantage against other Bidders may result in the eventual rejection of the Bid.</p>
General Conditions of Contract	<p>Any Purchase Order or contract that will be issued as a result of this RFQ shall be subject to the General Conditions of Contract</p> <p>Select the applicable GTC:</p> <p><input type="checkbox"/> General Terms and Conditions / Special Conditions for Contract.</p> <p><input type="checkbox"/> General Terms and Conditions for de minimis contracts (services only, less than \$50,000)</p> <p><input checked="" type="checkbox"/> General Terms and Conditions for Works</p> <p>Applicable Terms and Conditions and other provisions are available at UNDP/How-we-buy</p>
Special Conditions of Contract	<p><input type="checkbox"/> Cancellation of PO/Contract if the delivery/completion is delayed by [indicate number of days]</p> <p><input checked="" type="checkbox"/> Others</p> <p>The Performance Guarantee referred to in Clause 10 of the General Conditions shall be deducted from each invoice of the Contractor for an amount of 10 (ten) percent of the invoice amount until it reaches 10 (ten) percent of the total estimated price of the Contract. Performance guarantee of 10% of the estimated price of the contract will be returned to the contractor, upon completion of 06 (six) months Defect Liability Period and issuance of Certificate of Final Completion. During the 06 (six) months of Defect Liability Period, the contractor is obligated to correct, repair and / or reconstruct any faults as may arise or any items listed in the Certificate of Substantial Completion by UNDP, at the Contractors own cost and within 14 (fourteen) calendar days of notification by UNDP.</p> <p>According to Clause 45 of the General Conditions, the liquidated damages for delay shall be 0.5 (zero-point five percent) % of the price of the Contract per day of delay, up to a maximum of 10% of the final price of the Contract.</p>
Eligibility	A vendor who will be engaged by UNDP may not be suspended, debarred, or otherwise identified as ineligible by any UN Organization or the World Bank Group or any other international Organization. Vendors are therefore required to disclose to UNDP whether they are subject to any sanction or temporary suspension imposed by these organizations. Failure to do so may result in termination of any contract or PO subsequently issued to the vendor by UNDP.

	<p>It is the Bidder's responsibility to ensure that its employees, joint venture members, sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by UNDP.</p> <p>Bidders must have the legal capacity to enter a binding contract with UNDP and to deliver in the country, or through an authorized representative.</p>
Currency of Quotation	Quotations shall be quoted in United States Dollars (USD)
Joint Venture, Consortium or Association	<p>If the Bidder is a group of legal entities that will form or have formed a Joint Venture (JV), Consortium or Association for the Bid, they shall confirm in their Bid that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the JV, Consortium or Association jointly and severally, which shall be evidenced by a duly notarized Agreement among the legal entities, and submitted with the Bid; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture, Consortium or Association.</p> <p>Refer to Clauses 19 – 24 under Solicitation policy for details on the applicable provisions on Joint Ventures, Consortium or Association.</p>
Only one Bid	<p>The Bidder (including the Lead Entity on behalf of the individual members of any Joint Venture, Consortium or Association) shall submit only one Bid, either in its own name or, if a joint venture, Consortium or Association, as the lead entity of such Joint Venture, Consortium or Association.</p> <p>Bids submitted by two (2) or more Bidders shall all be rejected if they are found to have any of the following:</p> <ul style="list-style-type: none"> a) they have at least one controlling partner, director or shareholder in common; or b) any one of them receive or have received any direct or indirect subsidy from the other/s; or b) they have the same legal representative for purposes of this RFQ; or c) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Bid of, another Bidder regarding this RFQ process. d) they are subcontractors to each other's Bid, or a subcontractor to one Bid also submits another Bid under its name as lead Bidder: or e) some key personnel proposed to be in the team of one Bidder participates in more than one Bid received for this RFQ process. This condition relating to the personnel, does not apply to subcontractors being included in more than one Bid.
Duties and taxes	<p>Article II, Section 7, of the Convention on the Privileges and Immunities provides, inter alia, that the United Nations, including UNDP as a subsidiary organ of the General Assembly of the United Nations, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties, and charges of a similar nature in respect of articles imported or exported for its official use. All quotations shall be submitted net of any direct taxes and any other taxes and duties, unless otherwise specified below:</p> <p>All prices must:</p> <ul style="list-style-type: none"> <input type="checkbox"/> be inclusive of VAT and other applicable indirect taxes <input checked="" type="checkbox"/> be exclusive of VAT and other applicable indirect taxes
Language of quotation	<p>English</p> <p>Including documentation including catalogues, instructions, and operating manuals.</p>

Documents to be submitted	<p>Bidders shall include the following documents in their quotation:</p> <ul style="list-style-type: none"> <input checked="" type="checkbox"/> Annex 2: Quotation Submission Form duly completed and signed <input checked="" type="checkbox"/> Annex 2A: Priced BOQ duly completed and signed. <input checked="" type="checkbox"/> Annex 3: Technical and Financial Offer duly completed and signed and in accordance with the Schedule of Requirements in Annex 1 <input checked="" type="checkbox"/> Company Profile and a detailed profile of the local/regional service provider including documentary evidence of similar services performed by the company. <input checked="" type="checkbox"/> Business Licenses: Valid business license in general construction works. Including a layer of 30mm of mortar bed; all in accordance with technical specifications and Engineer's instructions and approval.	SQ.M	23.46		
F3	Supply and install wall ceramic tiles grade A of size 250mm x 500mm x 4mm thick, including cement mortar bed according to specifications and the Engineer instructions.	SQ.M	118.38		
F4	Counter marble: Supply of materials, tools and manpower for installing marble for the kitchen, Granit or Galaxy type with , color, Italy made (or equivalent). Including grouting and polishing; all in accordance with specifications and as per Engineer's instructions and approval.	SQ.M	7.00		
F5	Marble frames: Supply of materials, tools and manpower for installing marble for windows/doors frames and seating's, Karara type, of 3cm thickness, white color, Italy made (or equivalent). Including grouting and polishing; all in accordance with technical specifications and Engineer's instructions and approval.	SQ.M	16.02		
F6	Marble stairs: Supply of materials, tools and manpower for installing marble, karara type, for the stairs, 3 cm thicknesses for tread and 2 cm thickness for rise with the required dimensions and curved/chamfer edges of the lintels; all according to technical specifications and the Engineer's instructions and approval.	SQ.M	1.35		

F7	Marble flooring: Supply of materials, tools and manpower for installing Italian (or equivalent) marble tiles for flooring, Karara type, of dimensions 40 × 40 × 2 cm, with cement mortar; all according to technical specifications and the Engineer's instruction and approval of samples.	SQ.M	1.00		
F8	Marble skirting: Supply of materials, tools and manpower for installing Italian (or equivalent) marble skirting, with 10 cm width and 1cm thickness, the same of ceramic tile approved in item # G1 type and removal old one and you have to prepare the surface for new work, all in accordance with technical specifications and the Engineer's instructions and approval.	LM	173.00		
G	Doors, Windows, Suspended Ceiling, and Metals Works				
	a. clear float glass/ wired glass /tinted glass /translucent glass as appropriate to suit the respective doors and windows, similar to the existing doors and windows.				
	b. frames, door sash / window casement brass fixing screws, lock sets with 3 keys manufactured in Europe.				
	c. hardware and accessories shall be of high quality of approved brands.				
	Painting / Final Finish:-				
	a. Unless otherwise stated all surface of timber doors & windows and casements and door sashes shall be applied with two coat of wood preservative, two coats of primer, two coats of approved paint, paint type and finishing shall be similar to the paint finishing of the existing doors and windows.				
	b. Existing doors and windows, where required in the BoQ, shall be repaired with matching parts and hardware to restore weather integrity, soundness and smooth operation of the doors or windows.				

G1	Supply and fix interior mahogany wood door, all sizes X 45 mm thick with frame, architectural drawing need to be approved by engineer before manufacturing , architrave should be made from the same materials, works including door lock with handle, approved paints, and removal of damaged doors and all required works.	SQ.M	11.00		
G2	PS doors and windows: Supply of materials, tools and manpower for installing complete P.S doors and windows colored including 4 mm thickness all accessories to complete the work for doors and windows, All in accordance to technical specifications, approved colors and the Engineer's instructions and approval.	SQ.M	28.13		
G3	Steel protection windows and doors: Supply of materials, tools and manpower for installation of steel protection for doors and windows, as per approved design and including hardware, locks and painting. All in accordance with technical specifications and as per the Engineer's instructions and approval of samples.	SQ.M	20.17		
G4	Supply and fix exterior steel door, for the Entrances , constructed of 2 mm double galvanized steel plates, including decorations, door lock, all ironmongery and hardware, painting with approved paints, and all required works.	SQ.M	5.28		
G5	Supply and fix exterior steel sliding door, for Main Gate , constructed of 2 mm double galvanized steel plates, including decorations, door lock, all ironmongery and hardware, painting with approved paints, including casting ground beam for the door and all required works.	SQ.M	9.60		
G6	Supply and fix plastic curtains for windows, including all required works according to specifications and Engineer instructions.	SQ.M	18.40		
	Total for Civil Works				
H	Plumbing, Sanitary, Rain Drainage Works				

	a. The work shall include supplying and installation of all fittings such as elbows, bends, tees, junctions, plugs, reducers and similar pipe fittings.				
	b. Connecting pipes to sanitary fixtures and appliances.				
	c. Testing and disinfection after completion.				
	d. Excavation, backfilling, disposal of surplus soil for items which were specifically mentioned.				
	e. Assembling, jointing together fixing components parts, and jointing to pipes including necessary coupling and for leaving perfectly clean and in perfect working order on completion.				
	f. Submitting samples for the approval of the Engineer.				
	Rates for drainage work shall include for :-				
	a. Excavation, backfilling, disposal of surplus soil				
H1	PPR water piping Ø 3/4" : Supply of materials, tools and manpower to install P.P.R water pipes of Ø 3/4" inch. Including all required connections and fittings. All according to technical specifications and the Engineer's instructions.	L.M	85.00		
H2	PPR water piping Ø 1" : Supply of materials, tools and manpower to install P.P.R water pipes of Ø 1" inch. Including all required connections and fittings. All according to technical specifications and the Engineer's instructions.	L.M	60.00		
H3	Supply and fix white glazed fire clay standing hand wash basin with overflow and single hole faucet, size 480 x 580 mm, made of vitreous china to BS 3402 (grade A), complete with all water supply pipes 16mm, chromium plated mixer and waste trap. The work include all related work accessories and fittings.	No	4.00		
H4	Supply and fix white glazed fire clay double sink with overflow and single hole faucet, size 800 x 500 mm, made of vitreous china to BS 3402 (grade A),	No	1		

	complete with all water supply pipes 16mm, chromium plated mixer and waste trap. The work includes with 1.2 m high quality marble and all related work accessories and fittings.				
H5	Waste trap (15x15 cm): Supply of materials, tools, and manpower to install ground chromium plated waste trap, with the cover of dimensions 15x15 cm for W.C. Including removal of old waste trap, all the requirements to complete the job, and as per approval of sample and the Engineer's instructions.	No	5.00		
H6	Western W.C.: Supply of materials, tools and manpower to install Western stand W.C. suite, with 10 litter plastic flushing cistern. Including all required fittings and accessories, complete and in accordance to technical specification and the Engineer's instructions.	No	4.00		
H7	P.P.R water valves: Supply of materials, tools and manpower to install P.P.R water valves of 1/2, 3/4, and 1" inch. Including all required connections and fittings. All according to technical specifications and the Engineer's instructions.	No	8.00		
H8	Electrical water heater: Supply of materials, tools and manpower to install fix electrical water heater, Ariston or equivalent. Capacity 50 liters, 0.8 Mpa pressure, provided with temperature gauges, including water supply pipes 16mm, chromium plated control valve, non-return valve, electrical connections and fittings. All in accordance to technical specifications and as per the Engineer's instructions and approval.	No	5.00		
H9	Water wash faucet: Supply of materials, tools and manpower to install water wash faucet with hose for W.C's. Including removal of existing one, and in accordance to technical specifications and as per the Engineer's instructions and approval.	No	4.00		

H10	Water tank: Supply of materials, tools and manpower to install water tank of 2 cubic meter (m ³) and PVC material. Including electrical buoy metal stand with 1.25 High with bars to hold the tank and all related work accessories and fittings and all required to complete the work according to the technical specifications and the Engineer's instructions and approval.	No	2.00		
H11	PVC pipes Ø 1 1/2": Supply of materials, tools and manpower to install PVC pipes of diameter Ø 1 1/2" inch and pressure of 10 bar for sewage water discharge. All in accordance to technical specifications and as per the Engineer's instructions and approval.	LM	15.00		
H12	PVC pipes Ø 4": Supply of materials, tools and manpower to install PVC pipes of diameter Ø 4" inch and pressure of 10 bar for sewage water discharge. All in accordance to technical specifications and as per the Engineer's instructions and approval.	LM	12.00		
H13	Drainage trap: Supply of materials, tools and manpower to install chromium plated trap on roof, for water rain drainage. All according to technical specifications and as per the Engineer's approval and instructions.	No	6.00		
H14	P.V.C. rain drainage pipes: Supply of materials, tools and manpower to install P.V.C pipes, diameter Ø 4 inch and 10-bar pressure for rain drainage network pipelines. Including all fittings and accessories needed to complete the work in accordance to technical specifications and as per the Engineer's instructions.	LM	30.00		
H15	Submersible pump 1HP: Supply and install submersible pump of Ø 1" inch and 1 HP, European manufacture or equivalent. The work includes protection box, connection to the electric power supply and all related work accessories and fittings. All in accordance to the technical	No	1.00		

	specifications and as per the Engineer's approval and instructions.				
	Total for Plumbing, Sanitary, Rain Drainage Works				
I	External Works				
	a. The work shall include preparation of surfaces under curbs, inter-lucks tiles, and lean concrete, special tile/curbs pieces for edges, grouting and cleaning; all as per specifications and Engineer's approval, and all necessary provisions required to complete the work in good quality.				
	b. Careful cleaning of the existing adjusting structures, including grouting and polishing as directed by Engineer.				
I1	<p>Supply and construct concrete underground water tank of dimensions 4 m * 3 m* and 2.5 m deep, complete as per the attached drawing. The work shall include supply all needed materials and works for construction and finishing of safe and watertight underground water tank; all in accordance with the drawings, specifications and the Engineer's instructions. The work shall include, but not limited, of the following works:</p> <p>Earthworks including, excavation, leveling, backfilling and compaction.</p> <p>Supply and cast C20 lean concrete 10 cm thick for water tank base slab.</p> <p>Supply and cast C30 reinforced concrete for 30 cm thick base slab, the walls and the ceiling slab including steel reinforcement.</p> <p>Supply and apply 2 coats of bitumen protection coating on the external walls; construction of cleanout manhole.</p> <p>Supply and apply 2 coats of cement based sealant of approved product similar to Sitka or equally approved, on the internal walls and flooring of the water tank.</p> <p>Stainless steel steps;</p>	LS	1		

	Galvanized steel inspection cover with frame, 60 X 60 cm. floating valve. 1" PPR inlet pipe with 1" copper gate valve. 1" PPR outlet pipe with 1" copper non-return valve. 1" PPR vent pipe with 180 degree elbow. 1" PPR overflow and discharge pipes. Testing of the water tank for water tightness; All associated works including mechanical fittings and accessories according to the specifications, and Engineer instructions.				
	TOTAL FOR EXTERNAL WORKS				
J	ELECTRICAL WORKS				
	a. Unless otherwise stated in Bill of Quantities the work shall include all supply and installation of all necessary materials cables, conduits, PVC sunk box, bulbs, switches etc.) and labor required to complete the electrical installation to good working order.				
	b. Except where specifically stated, all costs associated with provision of all holes, openings, chases, ducts and other builders' work required for installation and make them good, shall be included in the rates.				
	c. All types of fittings, materials, painting and finishes shall be high quality combatable and match the existing and comply with relevant standards approved by the Engineer.				
J1	Supply and install and commission, flexible electrical copper wires of 220V grade and comply with BS 6500 Table 12, insulated with PVC of 6 mm ² size, including wiring through PVC tubes. works include conduit and it's chipping on the walls . according to the specifications, and Engineer instructions	LM	100		
J2	Ditto, but 4 mm ² size.	LM	140		
J3	Ditto, but 2.5 mm ² size.	LM	120		

J4	Supply and install internal single pole 16 A, 220V lighting switch. The work includes removal of old/existing ones. All in accordance to the technical specifications and as per the Engineer's approval and instructions.	No	10.00		
J5	Supply and install of internal double pole 16 A, 220V lighting switch. The work includes removal of old/existing ones. All in accordance with the technical specifications and as per the Engineer's approval and instructions.	No	5.00		
J6	Supply and install single pole 16 A, 220V, socket outlet. The work includes removal of old/existing ones, earthing cable and the requirements to complete the work. All in accordance with the technical specifications and as per the Engineer's approval and instructions.	No	12.00		
J7	Supply and installation of a power box P.V.C for switches and electrical outlets with the cover of electrical boxes of all kinds. Including all the requirements to complete the work. All in accordance to the technical specifications and as per the Engineer's approval and instructions.	No.	15.00		
J8	Supply and install 60 x 60 cm LED lighting fixture 40 watt with plastic cover input (85 to 250) volt for suspended ceiling , including conduits, chock coils, clamps, bolts, one spare chock coil and all needed accessories.	No	30		
J9	Supply and fix A/C 12 BTU with inverter, cooling & heating including all the accessories needed for the installation and the condensate drainpipe as directed by site engineer.	No	7		
J10	Supply and fix sub-main distribution boards comply with BS 5486: Part 1 (IEC 60439-1 Form 4), fabricated from sheet steel having a minimum thickness of 1.5 mm. The steel shall be electro zinc plated, (Zintec), with 100 A main 2 poles switch breaker (Schneider or similar), and it can accommodate 24 air circuit breakers, wiring, and all needed accessories.	No	1		
J11	Supply and fix electrical single air circuit breakers (Schneider or similar), 2 phase	No	24		

	voltage, of 2 pole and (6 - 32 A) rating and shall conform to IEC 60947-2.

ANNEX 3: TECHNICAL AND FINANCIAL OFFER – WORKS

Bidders are requested to complete this form, sign it and return it as part of their quotation along with Annex 2 Quotation Submission Form. The Bidder shall fill in this form in accordance with the instructions indicated. No alterations to its format shall be permitted and no substitutions shall be accepted.

Name of Bidder:	Click or tap here to enter text.	
RFQ reference:	RFQ/LBY/SLCRR/2022/0000013649	Date: Click or tap to enter a date.

Technical Offer

Provide the following:

- a brief description of your qualification and capacity that is relevant to the Scope of Works.
- a brief method statement and implementation plan.
- team composition and CVs of key personnel

Description of Works		Unit	Quantity	Unit rate in USD	Total amount in USD
1-	Total for Civil Works from A to J				
2-	Total for Plumbing, Sanitary, Rain Drainage Works				
3-	Total for External Works				
4-	Total for Electrical Works				
Grand Total in USD					

Financial Offer
